

Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

Last Monday morning some ten cars of soldiers, westward bound passed through Nehawka.

Grover Hobank was making hay last Monday at the home of Frank M. Masie, and proved an excellent hand at the work.

Master Howel Saint John has been slightly indisposed on account of an attack of indigestion which he has had for the past few days.

George Pollard was a visitor in Omaha on last Monday where he went to look after some business matters connected with the Sheldon store.

Mrs. James Ingwerson and two sons and one daughter and two grandsons, all of Sioux City have been visiting in Nehawka, and were guests at the home of Mrs. Ida Loop.

R. W. Ingwerson and wife departed last Monday for Imperial, where they have some land and where they went to look after some business matters connected with their farm.

M. H. O'Dell shipped two car loads of walnut logs out of Nehawka last Saturday and again on Tuesday of this week, two car loads more to the house which he is working for.

Mrs. T. E. Fulton departed for Wayside, where she will visit for some time at the home of her daughter Mrs. Albert Stoll and the family, and will remain for some time.

C. D. St. John and family were visiting at Morton Park last Sunday and also drove over to Dunbar, where they visited at the home of O. T. Baker and family for a short time.

Medames John Griffin of Nehawka, and E. M. Griffin of Plattsmouth, who are sisters were called to Fair Play, Mo., on account of the very serious illness of their mother Mrs. Eddie Griffin.

George Tate and Albert Alford were guests at the home of Mr. and Mrs. Nels Anderson last Sunday and say that the boys are loud in their praise of Mrs. Anderson as an excellent cook.

Mr. and Mrs. Henry Wessell and their daughter, Miss Velma were visiting at Murray last Sunday and all

so visited at the Murray bathing beach where they enjoyed watching the bathers for a time.

John S. Chappell, who is a farmer for a purpose, knows when it is the best time to get rid of weeds, and has been busy with the mower on the roads these hot days, when to be cut the weeds immediately die.

Mrs. I. M. Davis, who has been visiting at the home of her daughter, Mrs. E. W. Milburn and assisting in the work at the home incident to threshing, returned to her home in Lincoln last Sunday.

M. H. O'Dell, the walnut log merchant, has been having somewhat of a time with a very severe toothache caused by an ulceration, and on last Sunday was taken to Weeping Water, where Mr. O'Dell had the offending molar extracted.

Last Sunday, Nehawka and Cedar Creek played ball and had a most interesting game in which both teams made many brilliant plays and which was intensely interesting for all concerned. The result was: Nehawka, 8; Cedar Creek, 3.

Arnold Mast, who has been in the north for several weeks past where he was working at Nabrara, returned last week and is looking after some business matters at home.

While he was away he was visiting at his brother-in-law's, Emil Peterson.

Mrs. Herman L. Smith and son, Lawrence, departed with their universal car last Monday morning for Bloomfield, where they will visit for some time, and will be guests at the home of Peter and Thomas Smith for the two weeks which they will be there.

The beginning of the coming school year will be on Monday, August 31st, and will be just a little earlier than is generally the case. All the teachers who were employed last year, will be back this year with the exception of two, one who will marry and the other not making application.

Mrs. L. H. Young who has been at Plattsmouth for some time past where she has been near her physician in order that he could more properly care for the hand which she had operated upon is so far recovered that she was able to return home last Saturday and is now doing nicely.

Stewart Rough has been quite busy during the past week with the taking from harvest and also the belated shellers who wanted to be assured that there was going to be a crop before disposing of their last year's crop. He has been shipping both corn and wheat also which has made him a little more busy.

Thomas Troop who has been painting at the home of W. O. Troop and having completed his work in this line, was a visitor for over Sunday at Plattsmouth where he was a guest at the home of Robert Troop, Sr., then going to the home of Robert A. Troop, west of Myard where he is doing some painting.

Morris Polard was a visitor in Omaha for a number of days this week where he went to be with Mr. Polard Jr., who was called to Omaha for a short time and did not have time to get down to Nehawka. Mr. Polard is making his home in New York state. C. D. St. John was over to Union to take Mr. Polard to the train last Monday.

Mrs. L. H. Young was a passenger to Omaha last Tuesday morning where she went to consult with her physician regarding the treatment which she is continuing to take for her hand on which she several weeks since had an operation.

Robert Troop received last Saturday two loads of stock cattle which he had purchased at Grand Island a few days since and had shipped to Plattsmouth and from there driven them to the farm where he will put them on feed for returning to market when they shall have been finished. Mr. Troop is one of the ruling young stock feeders and has made a success of his feeding ventures. This has been the result of careful buying, feeding, good care and watching the proper time for marketing his cattle when they have been fattened.

Mr. and Mrs. R. R. Stander and their son, Raymond of Wisley, Kansas, have been visiting in Nehawka and vicinity with relatives for some days past, they being guests of the home of Louis Ross, Albert and Anderson and on last Sunday all were at the home of Louis Ross for the dinner which was greatly enjoyed by all. The visitors on Monday went to Louisville where they are visiting with relatives in that portion of the county this week. Mr. Anderson says there is good prospects in his portion of Kansas for a good crop of corn about like the prospect here except they have had more rain than here.

Boy Scouts at Cedar Creek.
In charge of their scout master, the division of boy scouts of Nehawka departed last Monday morning for Camp Quivers, which is between Cedar Creek and Louisville, where they will enjoy camp life this week. They were taken over to the camp early Monday morning by that eminent gentleman Leo Switzer. They will be there at the same time as the Union detachment and will enjoy their companionship. There is present at the camp from Nehawka, Nelson and Rondel Switzer, Quinton Palmer, Carl Christweiser, Vilas Sheldon, Robert Berton, Sheldon Giles, Walter Griffin, Charles Rose, Carl Prince and his brother.

Guests at the Sheldon Home.
Last Sunday Mr. and Mrs. Frank P. Sheldon and Mrs. Marion Tucker entertained at the Frank P. Sheldon home a number of their friends and where a most enjoyable time was had. Among those who were present were Mr. and Mrs. Frank J. Sheldon, Marion Tucker and wife, Dr. M. U. Thomas and wife of Weeping Water, Dr. and Mrs. J. W. Thomas who will soon depart for Europe for a stay of a year. Mrs. B. O. Tucker, Mr. and Mrs. George Sheldon and daughter.

Farmers.
I have a car of tankage here now, a car of bran, and shorts to arrive soon. Also a truck load of extra fine motor oil. Call at the mill.—C. D. St. John, Nehawka.

Getting a Grasp on the Corn.
Last Monday morning V. P. Sheldon took a little round out to see how the corn was looking and first went to Cedar Creek, then to Louisville, then to Murdock and back along the highway west of Murray, and thus got an idea of how the coming crop looked. He says there is need of rain all along the way.

Enjoy Sunday Gathering.
Last Sunday the members of the Methodist church in Nehawka were all out for an all day's meeting which was held at the church and at the grounds of the Nehawka schools. Among those who visited Nehawka and made addresses was L. C. Oberlies who is a speaker of much merit. His daughter, Miss Helen, also furnished a number of special numbers for the all day meeting. Mrs. Eugene Nutzman, Paul and Miss May Schlichteneier and Miss Mable Reeves of Elmwood formed a quartet who rendered a few very pretty numbers.

Trust Busters Buy Corn.
The Trust Busters of Nehawka, otherwise known as Verner Lundberg and Thomas Mason, Jr., a short time since purchased a field of corn which they are speculating on, no net trading on the board, but of the real stuff in the field and after the purchase had been made they discovered that someone had sown tares in their field in the shape of cockle-burrs and arming themselves with a pocket knife they went after them, those burrs in a way that had not one in the field when they had finished. They did not "Charge upon a flock of geese, Nor put them all to flight; Except one sturdy gander, Who sought to show his fight," but they would if they had found one.

See Much Country in a Day.
Last Sunday afternoon, Stewart Rough with his car and accompanied by Mrs. Rough and Henry Pollard and wife started over to Iowa and going to Shenandoah visited with their friend, Henry Field, for a while and then went to Clarinda, Glenwood, Malvern, Council Bluffs and Omaha and back via Louisville to

Nehawka. They thus covered some 150 miles of country during the afternoon and evening and saw much country and crops. Mr. Rough says the crops and country look nice but everywhere there is need of rain and that it will have to rain considerably if there is to be any kind of a corn crop. The folks were very much pleased with the fifteen acre bed of beans which they saw at Henry Field's factory.

GOLDEN CALF PRIEST-ESS IS IN "THE TEN COMMANDMENTS"
Yeminite Jews Working at Extras Find Nothing With DeMille's Concept of Torah.

Controversy over making Miriam the chief votary of the Golden Calf in "The Ten Commandments" gives timeliness to the fact that the Yeminite Jews working at extras in the picture found nothing in their rigid ultra-orthodox concept of the Torah to conflict with Cecil B. DeMille's conception of Israel's history. They admired Miss Estelle Taylor in the role most fervently and the biblical itself seemed to them a faithful version of the incident as expounded by their rabbis.

The Yeminites are probably the most primitive branch of the Hebraid stock, being former inhabitants of Yemen or southern Arabia, who have maintained unchanged their ancient rites and observances, unaffected by modern ideas. Many in the last half century have emigrated to Palestine and some of these latter to America. Mr. DeMille had his employing agents pick up several scores of these primitive Yeminites to appear in the Exodus and Golden Calf scenes.

They were valuable not only as figures and figurines, but to correct any slip-ups of Jewish ritual. An interpreter versed in English, Hebrew and Arabic accompanied them. The Yeminite Jews were in contact with Miss Taylor's initial Golden Calf rehearsal as spectators, but later took part in the mass scenes. They would have been quick to note an incongruity.

The Yeminite Jews and Miss Macpherson are noted for their penchant for deriving suggestion from their entourage. "She is, indeed, Miriam," the Yeminites pleaded reaction to their manner of molding the character.

"The Ten Commandments" will be shown at the Parnell theatre for four days starting tonight.

WALTER SIMMONS TOLD TO PREPARE FOR DEATH CHAIR
His Attorney Gives Up Hope in Court, Though Effort to be Continued.

Lincoln, Neb., Aug. 4.—In the death house of the penitentiary tonight, Walter Ray Simmons, condemned to die August 11 for the murder of a Boyd county garage man, was told that all resources to save him had been exhausted.

"We are at the end of the trail," his attorney, Josiah Coombs of Spencer, Neb., told Simmons. "Look to the future and prepare to meet your Maker."

"This was an admission that insofar as the courts are concerned, hope has been abandoned, but it was indicated an appeal would be made to the supreme court tomorrow.

Mrs. Emily Bateman of Pompey's Pillar, Mo., sister of Simmons, who has been here several days in an attempt to save her brother's life, said tonight there seemed no hope unless the public sentiment should be aroused against the execution.

When Coombs carried to the condemned man the word of the court's refusal to grant a writ of habeas corpus, he said he had little faith in an appeal.

"Denial of the supersedeas permits execution of the judgment of the court to be carried out," he explained. "The supreme court is in recess." The only hope remaining, he said, is that pressure of public opinion may cause the governor to postpone the execution.

The attempt of the defense to get a stay of execution collapsed this morning when Judge Mason Wheeler declined to grant Simmons' plea for a writ of habeas corpus.

Bryan Didn't Sign
Judge Wheeler also refused to dismiss the action without prejudice. Judge Wheeler, in refusing the writ, pointed out that Simmons' attorneys had not proved their contention that the reprieve granted by Governor Bryan in 1924 was illegal and stated that he felt the action was initiated as a measure of delay.

"The application for a writ could have been brought a year ago just as well as today," Judge Wheeler said. Contention by defense that Governor Bryan had issued a "pretend" reprieve July 8, 1924, was refuted by Mr. Bryan, when he took the stand and testified he did not remember having signed the reprieve. It was shown during the testimony that the reprieve was signed by Lieutenant Governor Fred G. Johnson in the absence of Governor Bryan.

E. P. Holmes of defense counsel then requested a dismissal without prejudice. This was denied.

NEBRASKANS JOIN WAR ON INCREASED FREIGHT CHARGES

Agriculture Fighting for Existence Say Representatives of 24 Farm Organizations.

Des Moines, Aug. 4.—Resolutions calling upon the interstate commerce commission to refuse the petition of western railroads for an increase in freight rates were passed by the corn-belt committee of farm organizations, which met in session here today for its first conference since its appointment last May.

The committee, which represents 24 of the ranking farm organizations in the corn-belt, said that agriculture is not merely asking for a "square deal," but it is fighting for a chance to exist.

"Not only is agriculture," the statement of resolutions says, "not in a position to assume increased freight burdens, but on the contrary is not able to carry the freight burdens levied on it at this time."

Joint Action Urged.
The committee characterized as "propaganda" statements that farmers are on the high road to prosperity.

They asked that members of congress from the corn-belt states do not introduce bills affecting agriculture until the congressmen have conferred with members of the committee.

"We think the time has come," says the resolution, adopted unanimously, "when the various farm organizations should act jointly in demanding a seat on the Chicago and other boards of trade."

An invitation was extended to organizations in the cotton and tobacco producing states to join in the fight for better farm conditions.

A sub-committee was appointed to employ whatever counsel seems necessary to present the farmers' case before the interstate commerce commission when it holds a preliminary hearing on increased freight rates in Chicago September 18.

Study Farm Costs.
A committee has been appointed consisting of Milo Reno of the Iowa Farmers' union, Des Moines; William Hirth of the Missouri Farmers' association, Columbia, Mo.; and C. B. Steward of the Nebraska Farm Bureau, Lincoln, to make a study of the cost of producing farm commodities in corn-belt states. This committee will make a report at a later meeting.

The members of the committee were: P. Manahan, Equity Co-Operative exchange, St. Paul; Thomas Cashman, American Council of Agriculture, Owatonna, Minn.; Milo Reno, president Iowa Farmers' union, Des Moines; Elmer G. Crawford, representing the Iowa elevators of Iowa, Boone, Ia.; G. F. Bloss, Ottumwa Dairy Marketing association, Ottumwa, Ia.; H. G. Keeney, Nebraska Farmers' union, Omaha; C. B. Steward, Nebraska Farm Bureau federation, Lincoln; A. G. Pickler, Farmers' union, Stanton, Neb.; William Hirth, Missouri Farmers' association, Columbia, Mo.; Charles E. Hearst, president Iowa Farm Bureau federation, Des Moines; and Ralph W. Smith, Iowa State granage, Newton, Ia.

DAMAGING STORM SWEEPS HONOLULU
One Killed, Three Near Death in Hurricane at Hawaiian Islands —Very Heavy Surf.

Honolulu, Aug. 4.—One woman was killed and three men threatened with death Sunday night when unusually high winds swept the Hawaiian islands and churned surrounding waters into foam.

Mrs. Yasu Suyetsugu died of injuries received when her small automobile was blown off the hillside.

David Kahanaokua, brother of the late Kahanaokua, the internationally known swimmer, was adrift at sea with two companions in a disabled launch 13 hours before a seaplane spotted the little craft and sent a naval tug to rescue them.

P. Edgar, Honolulu realtor, was caught by the undertow at Makapu point. Life guards went to his rescue, but Edgar regained the shore after a battle of half an hour with the waves.

The heaviest surf in years did thousands of dollars' damage along the Honolulu beach residential district, wrecking lawns and invading beach homes. It was still running high Monday. Some of the lower ground at Fort Kanehameha was submerged, the water reaching the road leading to the headquarters building.

Some damage from the high winds was reported from the islands of Hawaii.

The departure of the airship carrier Langley to Hilo, island of Hawaii, was postponed Monday for 24 hours at least, because of the storm. The U. S. S. Gannet, advance scout for the Langley, reported a 40-knot wind and heavy swells two miles south of Kenehewa point Monday morning.

It had been planned to give a demonstration of airplane maneuvers with the Langley in the waters off the leper settlement on the island of Molokai, but navy officers were opposed to attempting any such demonstration under existing conditions of wind and wave.

A number of prominent Frenchmen are urging the government to sell the colonies in order to pay the war debt, but where are the purchasers? Who, for instance, would be interested in purchasing the Rif war?

DEMAND FOR KARNAK ALMOST INCREDIBLE

Celebrated Medicine Has Become Talk Of The Town—Vast Numbers Here Are Benefited.

Karnak, the remarkable new medicine, is producing such phenomenal results that it has become a sensation here.

Never before has any medicine brought forth such overwhelming outbursts of praise from happy people made well and strong through its use as Karnak. Vast numbers of local people are every day reporting phenomenal returns of their old-time strength and energy and quick relief from their suffering after taking it.

Men and women of all ages, in all walks of life afflicted with stomach, liver or kidney disorders, reports dealing with local, state and apparently on the verge of collapse, have testified that Karnak

has fully restored them to their normal healthy condition; they have regained their weight and strength and feel like their old selves again.

Still others, who seemed fairly well, yet who suffered with indigestion, constipation, sluggish liver and sour, gassy stomach; as well as those who complained of waking up dull and tired—eyes heavy—head aching and dizzy—tongue coated—bad taste and offensive breath, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness through the use of Karnak.

Karnak is unquestionably the greatest medicine of all times. It is fast coming into universal use and recognized by authorities as the greatest boon to suffering humanity the world has ever known.

Over 500,000 bottles of Karnak sold in four states in ten months. Karnak is sold in Plattsmouth exclusively by F. G. Fricke & Co., and by the leading druggist in every town.

URGES ITALY TO STOP SENDING DREGS TO U. S.
Professor Declares Nation Reproduces Much Too Rapidly for Its Own Welfare.

Williamstown, Mass., Aug. 2.—Advice to Italy to cease from "spawning" children on the world with hazardous recklessness" was given by Professor Edward M. East at the Institute of Politics today. He was answering a complaint voiced by Count Antonia Cippico of the Italian senate in a lecture here last Saturday, that his country could not support its population and must resort to emigration.

"No nation wants the dregs drained from the bottom of the vat," said a statement issued by Mr. West, who is professor of plant morphology at Harvard university, and is conducting a round table at the institute on agriculture and population increase.

"Those of Italy are not less welcome than those of any other nation, but they are still not welcome. We produce enough of that quality ourselves."

"Our distinguished visitor, Count Cippico, has brought with his several sugar coated pills of Italian expediency. Italy, he somewhat bitterly admits, was tricked at Versailles when the spoils of war were divided, and now the world in general and the United States in particular can do is to allow the excess army of half a million which the country throws off each year to be farmed out on other lands.

"The first Malthusian law is inexorable. Under natural conditions population increase is finally repressed and stabilized by the intensity of the struggle for existence. Count Cippico grants this to be the fact. Such law may be harsh, but it may be cruel, but we must accept it. The world asks Italy to extricate herself from her perilous position by taking care not to remain in the path of this law's crushing force; it asks her to set her house in order.

"Italy's terrible infant mortality is directly traceable to too frequent child bearing and over large families. Why not reduce it? Why should man emulate the lobster in the matter of reproduction when God has given him brains? Our visitor should know that when the world gives this new Malthusian advice it is not speaking of infanticide, as he stated in his lecture."

MOST OF STATE GUARDS IN CAMP AT ASHLAND
Lincoln, Neb., Aug. 3.—Advices this evening from Ashland said most of the National Guard companies in the state had arrived there for the annual encampment which is to continue two weeks. The guardsmen are in command of Adjutant General H. J. Paul.

The Lincoln contingent of 157 men left here this morning, and 207 men from Omaha arrived during the day, and left almost immediately for Ashland. Other companies passing thru here for the encampment were from Beatrice, Holdrege, Hastings, York and Seward, nearly 3 hundred strong.

From the west, transferring at Fremont, were companies from Kearney, North Platte, Lexington, Gering and Grand Island. Equipment in some instances arrived ahead of the men. Tomorrow routine camp life will begin.

ONE RUBBER CARRIER LATE IN NEW YORK
New York, Aug. 2.—The steamship Kansas, last of three vessels which raced here from Singapore in an effort to land 6,500 tons of crude rubber valued at \$1 million dollars before midnight, July 30, came into port today, the only loser of the three. The Menelaus and the Siberian Prince, its competitors, both arrived on time. Because of the failure of the Kansas to reach port before August 1, brokers who had contracted for July rubber deliveries were forced to buy some of the rubber necessary to fill their contracts on an open market, with consequent losses.

has fully restored them to their normal healthy condition; they have regained their weight and strength and feel like their old selves again.

Still others, who seemed fairly well, yet who suffered with indigestion, constipation, sluggish liver and sour, gassy stomach; as well as those who complained of waking up dull and tired—eyes heavy—head aching and dizzy—tongue coated—bad taste and offensive breath, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness through the use of Karnak.

Karnak is unquestionably the greatest medicine of all times. It is fast coming into universal use and recognized by authorities as the greatest boon to suffering humanity the world has ever known.

LABOR TO FOREGO THIRD PARTY MOVE
Will Return to Old Custom of Supporting Individual Candidates Favorable to Their Cause.

Washington, Aug. 2.—In direct language from its executive council today the American federation of labor announced that it was thru backing third party members of the kind which it supported in 1924, with the late Senator La Follette as presidential candidate.

A return to the custom of entering congressional and other political contests in support of individual candidates satisfactory to the union was emphatically indicated as its future course by the council, which has just wound up a quarterly session during which much time was given to the study of labor strategy in approaching elections.

The Council's decision reflected a general resolution adopted at El Paso last year, which laid down the principle that organized labor "must be as free from political party domination now as at any time in its history."

The convention's dictum was carried out by the declaration that "no aid or comfort will be given those who seek to launch a third party movement" and by a decision to have prepared for the national convention at Atlantic City, October 2-5, a set of reports dealing with local, state and national political contests. These are to carry tentative endorsements for candidates friendly to labor, regardless of their party affiliation.

In belief of such candidates, particularly those in the congressional field, the council promises to wage a "strenuous non-partisan political campaign." State federations of labor and central labor bodies everywhere will be summoned to assist, as in previous years. It said, while its usual condemnation of "bosses" and support of the primary system for nominating candidates was again made evident.

"The statement mentioned the events of 1924, when the council endorsed the La Follette forces, but said that "since the non-partisan political policy has been followed many independent of third party movements have come and gone, generally existing for only one election."

"The executive council believes that as a result of its non-partisan political policy the launching of third party movements has been proved wasted effort and injurious to the desire to elect candidates with favorable records. The 1922 and 1924 political campaign definitely determined this fact. Experience, therefore, has taught labor that to be successful politically it must continue in future, as in the past, to follow its non-partisan political policy."

An active campaign to interest women wage-earners and their sympathizers, it was also announced, will be carried on during the primary and election campaign.

RENEWAL IS EXPECTED OF DEBT NEGOTIATIONS
Paris, Aug. 2.—Resumption of the Franco-British war debt negotiations, which broke down in London last Thursday, is anticipated by newspapers, friendly to the government, before the middle of September. By then it is expected the Franco-American discussion of the same problem will have started. The negotiations relating to France's debt to Great Britain may be resumed through the regular diplomatic channels, but the general opinion is that the French technical experts will be sent to London again before September 15.

LINCOLN WIN AWARD LOWER COAL RATES
Washington, Aug. 4.—Rates on coal from Kansas, Missouri, Arkansas and Oklahoma mines to Lincoln, after September 28, must be reduced to the basis of like rates to Omaha, the interstate commerce commission ruled today, after considering a complaint of the Lincoln Chamber of Commerce.

-Grinder Installed-
The mill is ready for your work. Bring it in.

We are carrying Bran, Shorts, Tankage—in any amount to suit, car, ton or less.
Our prices are always right. Bring us your grinding.

We grind ear corn as well as shelled corn.
