

Greenwood Department!

Prepared in the Interest of the People of Greenwood and Surrounding Vicinity

At Your Service

Having recently purchased the interest of my son in the business, I shall continue to furnish the best goods and best service.

Your every want is anticipated. Just phone us your needs.

W. E. NEWKIRK
Market and Grocery
Greenwood, Nebraska

W. H. Wade, the harness man from Weeping Water, was a business visitor in Greenwood last Friday, stopping for but a short time.

Eugene Wiebke was a visitor at Waverly last Friday for the afternoon, where he went to see his grandparents, and where he enjoyed the visit most pleasantly.

Cliff Armstrong was a visitor in Weeping Water last Friday, going along to root for the Greenwood team, who are one of the strongest teams in the county.

Fred Eshredge was a business visitor in Lincoln last Tuesday and was attending the picnic of the Bible school of the Christian church which was held at Antelope park.

M. R. Hackney of the Central National Bank of Lincoln was a business visitor in Greenwood last Friday afternoon, before he came here to look after some business matters for a short time.

O. F. Anderson, the Buick man, was a visitor in Weeping Water last Friday, where he was looking after some business matters and incidentally was at the ball game shouting for the Greenwood team.

The White restaurant has been doing a very big business lately with the feeding of the men who are working on the water system and the overflow of tourists has kept them pretty busy and no mistake.

Harry Sturt of Avoca, where he was formerly engaged in the banking business, was a visitor in Greenwood and a guest of his friend, C. E. Calfee, and was also looking after some business matters in the line of life insurance.

John B. Livingston, the Plattsmouth representative of the Buick and Chevrolet cars, was a visitor in Greenwood looking after some business matters and also conferring with O. F. Anderson, the representative in Greenwood.

Harry Lesley will depart early this week for Des Moines, where he goes to consult a specialist and will probably undergo an operation for relief from rupture which has been causing him much suffering and inconvenience for some time.

J. I. Carpenter was a business visitor in Lincoln last Friday and was hauling goods for the people of Greenwood and was accompanied by Mrs. Carpenter. While he was away, Mrs. J. T. Carpenter, his mother, was looking after the business.

Mrs. Earl Haribut, who has been visiting for the past week in Chicago with friends, where she enjoyed the stay very much, returned home one day last week and while she did not find a Chicago in Greenwood, she was much pleased to be home again.

In an endeavor to clear up the business which came before the city council of Greenwood the members stayed in session last Wednesday evening until two o'clock Thursday morning, and were all very zealous in their looking after the real interests of the city.

Vernon Sherman, who is employed with Harry Lesley, and who is an overseas soldier, departed on last Wednesday for Adams, from where he enlisted in the service, to attend a meeting and re-union of the company with which he entered the World war and fought in France.

Mrs. Ada Gullian, of Grand Island, has been visiting in Greenwood for several days past, a guest at the home of her sisters, Miss Catherine Coleman, Mrs. H. G. Wright, Mrs. W. P. Bailey, Mrs. A. E. Landon and her brother, Elmer Coleman, and has been having an excellent time while here.

Mrs. R. E. Davis, of Memphis,

mother of Mrs. Smith, wife of the druggist, accompanied by Mrs. Hagen, Mr. and Mrs. Edward Mayer and their two daughters, Dorothy and Madeline, all of Ashland, were visiting in Greenwood last Friday afternoon for a short time. The little girls are remaining for a longer visit.

E. A. Landon, who is in charge of the Farmers Union elevator during the absence of the manager, Rex Peters, in the west, shipped out three cars of corn last Friday and is getting the elevator towards being empty but still there is some grain to ship. There still remains some corn yet in this part of the country to ship, but it is getting smaller in volume all the time.

Clyde Newkirk and wife and Mr. and Mrs. Gust Sorman, who have been at Pelican lake, where they spent some two weeks fishing and enjoying the coolness of the climate as well as getting an added coat of tan, and finding much pleasure in the bathing which the lake afforded, returned home last Monday evening, having driven home from the lakes in their car, and are ready for the real activities of life as they are presented. They do say that the place where they are is an excellent place for a vacation.

Visiting with His Son
Grandfather J. F. Calfee, of Lincoln, during the absence of his wife, who is in Centralia, Kansas, visiting and looking after some business matters at the home of her sister, Mrs. Scott Archer, the husband is staying at the home of his son, C. E. Calfee and family.

Enjoyed Picnic Thursday
The membership of the Christian church of Greenwood last Thursday enjoyed a very pleasant picnic at Antelope park, Lincoln, where they went in trucks and autos in the morning, taking their dinner and spending the day there, found much pleasure in the being together and will long remember the very pleasant event. They were under the charge of the officers of the school, who also enjoyed the day nicely.

Held Services Here Sunday
The Rev. W. E. Goings of the Christian church of Murray was a visitor in Greenwood for over Sunday and delivered two very telling discourses at the Christian church Sunday (yesterday) one in the morning and the other in the evening. He was also visiting at the home of his brother, Walter Goings, who is superintendent of the Bible school of the Christian church here.

Visiting in the Northwest
Last week Mr. W. E. Hand departed for Gordon, where her parents, Mr. and Mrs. Griffith make their home, and where she is spending some time with them. The father, Mr. Griffith, has not been feeling very well for some time and the daughter, Mrs. Hand, is there to assist in his care.

Run Trains This Way
On account of the wrecking of some of their track in Lincoln, the Rock Island railway was compelled to run their trains from Lincoln to Omaha via Greenwood and Ashland, this making many trains through Greenwood for a portion of the day.

Has An Excellent Sign
The P. A. Sanborn Service Garage has a new sign on the side of the building, which was put on by some painters from Lincoln, the sign occupying the entire side of the house, and is a very attractive one at that.

Moving to Greenwood
George Trunkenbolz, the superintendent of the Greenwood light and water systems, who was recently elected to the position and was a resident of Eagle, was moving over last week, he not being able to get a place in which to live before this. He and the family are moving into the Mahar property and will in the future be here, so he will not be compelled to drive to Eagle night and morning.

Will Build Cottage in Colorado
George Trunkenbolz, Sr., of Eagle, father of George Trunkenbolz, of Greenwood, has just returned from the west, where he enjoyed a very nice outing. While in the west, Mr. Trunkenbolz purchased a bit of ground on the shores of Red Feather lake in Colorado, and will erect a cabin there yes this fall for use the coming summer, when he will expect with the family to spend some time there, enjoying the mountain air, scenery and the excellent fishing which that country affords.

The Baby is Better
The little baby of Mr. and Mrs. G. V. Vant, who was so seriously ill that it had to be taken to the hospital at Lincoln for treatment, is now reported as being much better and it is expected that it will be well again in a short time. Passing through the suffering it did, the little one is rather weakened and it will require some time before it is strong again.

Are Laying the Pipes
The company which has been in charge of the laying of the mains and laterals for the Greenwood water works system, now has the work well under way and have the main line from the well and pumping station to the railroad track and are working westward from the junction to

where the lines pass under the railroad tracks and over to the main part of town. The digging machine is here, but on last Friday when it had been installed as yet. However, it is expected that it will soon be working and will make the job move along much more rapidly. Meanwhile the excavating work is being done by the men with their shovels.

Shipping Out the Grain
The remaining grain which was in the Farmers elevator when it was closed a short time since, is being shipped out under orders of the court, and the proceeds of its sale will be applied toward meeting the claims of the creditors.

Are Seeing the West
Last Tuesday Rex Peters, manager of the Farmers Union elevator, accompanied by Mrs. Peters and his father, Mr. O. S. Peters, departed in their car for the west and north, where they will combine business with pleasure and will see the country and look after some land which they have and will be away for a week or ten days. They will enjoy the trip as well as looking after some business matters. While they are away E. A. Landon is looking after the business at the elevator.

School to Open Sept. 14th
The schools of Greenwood will open the 14th of September and after the vacation the students will be in just the right condition to tackle their studies in a way to make the most of the coming school year. Under the leadership of Professor J. B. Worley, the teachers will look after the welfare of the scholars in the best way. The high school will be conducted by Mrs. Rex Peters, the seventh and eighth grades by Miss Oayth Kemp, the intermediate department by Mrs. Don Marshall, and the primary by Miss Geraldine Liston.

Does Not Like Waste
Harry Lesley reports that some marauders visited his watermelon patch a few evenings ago and while not satisfied with taking what they wanted to eat, which he would not object to so very strenuously, they cut up some half dozen or more large melons and left them to rot. There is no need of waste being made, even if one is on a lark. Better be decent in the future, for it will come home some time.

Did Not Get the Gasoline
Some one who had more of a desire to get gas and not pay for it than they had a fear of the law, one dark night last week endeavored to break into the gas house of the Standard oil company, in Greenwood. They were working at the lock for some time and as W. E. Newkirk was sitting on his porch, he heard the sounds distinctly. A car came along and stopped, whereupon the sounds ceased, but after all was quiet again, the sounds began again, and Mr. Newkirk called the manager, Mrs. Walter Lovel, who securing a box of Doan's Pills for the Maury Drug Co., I was relieved and I am not subject to these attacks any more.

Mr. Bennett is one of many Plattsmouth people who have gratefully endorsed the war on kidney ailments.

ENTERTAINS FOR GUEST
From Saturday's Daily—Miss Grace Livingston was hostess at a very pleasant picnic party yesterday that was given in honor of Miss Norene Rising of New York City, who is spending the summer here at the B. W. Livingston home, while her parents are in Europe on a short tour.

The members of the party made the trip by auto to Nebraska City where they visited the beautiful and attractive state park at Arbor Lodge, enjoying a tour through the home that was erected by J. Sterling Morton, one of the greatest citizens of the state and one of the earliest pioneers. The members of the party had prepared themselves with many baskets of good things to eat which provided the means of a most delightful picnic dinner at Morton park, adjoining the Lodge.

The occasion was one that all of the members of the party will most pleasantly remember and served to make the day one of the rarest enjoyment to everyone of the jolly party.

AMERICAN LEGION AUXILIARY HOLDS MEETING FRIDAY

Home of Mrs. E. C. Ripple on West Vine Street is Scene of Pleasant Gathering Friday.

From Saturday's Daily—The pleasant home of Mrs. E. C. Ripple on West Vine Street was the scene of a most pleasant meeting of the American Legion Auxiliary yesterday afternoon which was quite largely attended and filled with the greatest of interest to all of the membership.

The home had been arranged most attractively with the bright hued blooms of the late summer gladioli that lent a very pretty touch to the scene where the ladies combined business and pleasure for the afternoon.

In entertaining and serving, Mrs. Ripple was assisted by her daughter, Mrs. May Lee in a most charming manner.

The ladies enjoyed a very thorough report of the recent convention at Columbus, which was given by Mrs. Henry Leacock, Sr., and Mrs. Thomas Ripple, the delegates from this city to the convention and covered very carefully the work of the convention.

The meeting also enjoyed having with them Mrs. May N. Creamer, of San Jose, California, a charter member of the post here, and also Mrs. Ed Creamer, of Omaha, a former member, each of whom gave a few remarks that were very much enjoyed.

While the ladies have larger plans in view on the American Legion community building that will include the supplying of kitchen and dining room equipment when the new building is completed, they decided at this time to vote the sum of \$25 toward the building fund and also to hold in the house-to-house canvass of the city that is to be made a part of the campaign during the next few weeks. At a suitable hour dainty and delicious refreshments were served that were very much enjoyed by all of the party.

WHY SUFFER SO?

Get Back Your Health as Other Plattsmouth Folks Have Done

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out! Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Plattsmouth cases:

Leland O. Bennett, residing in the west part of the city, says: "After lifting together with exposure weakened my kidneys. My kidneys acted so freely I had to get up several times at night and the secretions scalded in passage. My back became so lame and sore I could hardly work, and a dull, gnawing ache made me lose sleep and eat. I was using one box of Doan's Pills from the Maury Drug Co., I was relieved and I am not subject to these attacks any more."

Mr. Bennett is one of many Plattsmouth people who have gratefully endorsed the war on kidney ailments—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. Bennett had—the remedy backed by home testimony, 60 cents at all dealers. Foster-Milburn Co., Mrs. Buffalo, W. B. Yonck is Lame—Remember the Name."

INCREASE IN FOOD COSTS.

Washington, Aug. 20.—The retail food index of the bureau of labor statistics of the interior department showed an increase of slightly more than 2 per cent in retail food costs for July, as compared with June. An increase of 11.5 per cent in all food articles combined was reported for the year July 15 as compared with the preceding year. The average family expenditure for food for the month ending July 15, over the preceding month, increased in Boston and Providence 7 per cent; Milwaukee 6; Rochester 5; Detroit and Minneapolis 4; Butte, Chicago, Omaha and Washington, D. C., 3; Kansas City, St. Louis, Portland, Ore., San Francisco and Seattle less than five tenths of 1 per cent. In Salt Lake City there was a decrease of 2 per cent.

GRADE CROSSING CRASH KILLS WOMAN INSTANTLY

Sparks, Kan., Aug. 21.—Lucille Searles of Sparks was instantly killed and Mrs. William C. Elshire, also of Sparks, was seriously injured and a girl whose name was not learned was slightly hurt when their auto crashed with a railway motor car near here Wednesday.

Mrs. Elshire received a fractured hip and serious body bruises. The auto was wrecked and the railcar was badly damaged and was unable to proceed on its run.

The car is on the Burlington line between Rulo, Neb., and Atchison, Kan. The accident occurred at a grade crossing.

SOCIAL WORKERS PICNIC

The Social Workers Flower club will hold their annual picnic on Wednesday, August 26th, in the grove of Mr. W. P. Hutchison.

Try Journal Want Ads. It pays.

LEAVING FOR FLORIDA

From Saturday's Daily—Robert L. Propst and daughters, Miss Roberta and Mrs. Edna Sinderlar of Omaha, are to leave Tuesday from this city via auto for Lake Worth, Florida, where Mr. Propst has been making his home for the past few years in the winter season. The daughters will also visit there and at Havana, Cuba, where Miss Mayola Propst is now located. They will also visit Dwight Propst at Lake Worth.

They are anticipating a very pleasant trip through the southland and Mr. Propst states that their latest spring is out for any of the old friends from Nebraska who may come that way and that they want them all to call and spend a few days at least with them when they are in the land of the oranges and grapefruit.

AMPLE SIZE TO BE GIVEN FIRST CONSIDERATION

Community Building to be a Credit to City—Substantial Structure with Good Roof and Floor

With the policies of free usage and nominal rental of the new community building covered by satisfactory pledges on the part of the American Legion, which is backing the move to secure the building for Plattsmouth, inquiries have arisen as to the size of the building. This, too, has been partially outlined heretofore, but re-explanations are worth while. The Legion has considered all along that anything smaller than the 60 by 120 feet dimensions covered in the architect's original plans, would be inadequate in size. Withal, a building of this size, with basement dining room and gym, a two story front, etc., would cost well above \$30,000. This sum is prohibitive for several reasons, first, because undoubtedly not enough money could be subscribed to secure a loan of the balance and second, because the assumption of such an indebtedness as this would entail would place an impossible burden upon the Legion to accomplish its repayment and even might eventually result in mortgage foreclosure and loss of the building to the community.

However, it has been found that by holding to the same general size, but eliminating the basement (except for heating plants, shower baths and toilets) and by cutting out the two story front, as well as the marble window caps, iron grill work, etc., the building could be constructed for around \$18,000, and this would include a durable structural steel trussed roof and stuccoed front. The assembly floor would be of the same good quality and size, the space at the sides of the lobby would be used for the same purpose as originally intended, namely, a public rest room and committee and check rooms. The stage would also be built along the original lines.

Lighter than air machines, like the dirigibles Shenandoah and Los Angeles, are in the opinion of Commander Donald B. Mitchell, in type of craft best suited to overcome the ice hazards that the far north presents to the explorer. The continually drifting ice floes, he has radioed the National Geographic society, make uncertain the landing of heavier than air machines.

The Omaha auditorium has served the public interest for years and yet is not handsomely or expensively finished either inside or out. It is soon to be called upon to accommodate the great National Legion convention—the largest ever held in Omaha, and will fill the bill as completely as any building of like size, no matter how magnificently it might be finished. The aim will be to secure a good, substantial, neat-appearing building of ample size to accommodate Plattsmouth's needs for a good number of years to come.

DR. WURL QUITS JACK RABBITS FOR CHICKENS

"Dr." Joe Wurl, tramp printer, journalist and herb doctor, known in most every town in Nebraska, was in Eagle last Saturday and of course paid the Beacon office a call. Last Angeles, are in the opinion of Commander Donald B. Mitchell, in type of craft best suited to overcome the ice hazards that the far north presents to the explorer. The continually drifting ice floes, he has radioed the National Geographic society, make uncertain the landing of heavier than air machines.

COLUMBUS COUNCIL DEMANDS RESTORATION OF GAS RATE

Columbus, Aug. 22.—Columbus Gas company is required to restore the consumer rate of \$1.75, as fixed in the original franchise, through a resolution passed at the city council meeting this week. Councilman A. J. Phillips cast the only dissenting vote.

Advertise your want in the Journal for results.

PLATTSMOUTH TO PLAY W. O. W.'S IN IOWA TOURNAMENT

Drawings in Council Bluffs Tourney Places Locals Against Omaha Baseball Team.

The drawings and pairings in the Southwest Iowa baseball tournament at Council Bluffs, starting on August 28th, were made yesterday afternoon at the Grand Hotel in that city. The drawings for Plattsmouth were made by Sam Moye as representing the locals.

In drawing for the opening game Plattsmouth drew Saturday, August 29th and the opposing team will be the Woodmen of the World, one of the best in the city of Omaha. The other game scheduled for the 29th will be the Lions vs Minden, Iowa, which is the curtain raiser for the Plattsmouth W.O.W. game.

The tournament opens on Friday, August 28th and the teams playing will be the U. P. Shops of Council Bluffs and Folsom and Underwood and Crescent, Iowa.

The other games scheduled in the tournament are as follows:

- August 30. Lincoln against Pacific Junction. Knights of Columbus against Malvern.
- August 31. Carter Lake against Red Oak. Griswold against Sidney.
- September 1. Sioux City against Logan (class A). Winners of Friday's games in class B.
- September 2. Bellevue against Millard. Winners of Saturday's games in class B.
- September 3. Council Bluffs Athletics against Taber. Winners of Sunday's games in class B.
- September 4. Muryhp-Did-Its against Dunlap. Winners of Monday's games in class B.
- September 5. Winners of Tuesday's and Wednesday's games in class A. Winners of Tuesday's and Wednesday's games in class B.
- September 6. Winners of Thursday's and Friday's games in class A. Winners of Thursday's and Friday's games in class B.
- September 7. Champion winners of Saturday's and Sunday's games, class A. Championship winners of Saturday's and Sunday's winners in class B.

NEED DIRIGIBLES FOR FLIGHTS OVER ARCTIC

Washington, D. C., Aug. 21.—Lighter than air machines, like the dirigibles Shenandoah and Los Angeles, are in the opinion of Commander Donald B. Mitchell, in type of craft best suited to overcome the ice hazards that the far north presents to the explorer. The continually drifting ice floes, he has radioed the National Geographic society, make uncertain the landing of heavier than air machines.

GOLF TOURNAMENT TO START SEPTEMBER 7TH

Qualifying Rounds will Start August 30th and Continue Over September 4th—50c Entry

From Saturday's Daily—The Plattsmouth golf club are preparing to launch another of their very popular and interesting golf tournaments which will be held starting on Labor day, September 7th. Medal play, 18 holes, qualifying rounds must be played between Aug. 30th and Sept. 4th. Low score will give the medalist and receive the prize.

The entry fee has been placed at 50c and those who wish to sign up should do so at once, by seeing Leslie Niel, who has charge of this part of the program. The thirty-two low players will qualify for the match play, which will start Labor day, September 7th, when all players will play 36 holes. Get your entry in at once. For further particulars call on any of the committee, John Hatt, Leslie Niel, A. W. Cloidt and C. A. Rosencrans. The grounds are in fine shape and should assure a good time to all of the participants.
