The Dorcas Society Meets

Mrs. J. C. Clymer entertained at her home on last Thursday the Dorcas society of the Christian church and the ladies enjoyed the gathering most pleasantly, there being a large crowd in attendance. Among other features of the afternoon was the planning of a bazaar which is to be held before Christmas. During the afternoon Mrs. Pearly Clymer and E. L. McDonald assisted in serving.

Here For a Time

Had Fine Time

On last Thursday morning the crowd who has been in the west hunting consisting of O. F. Anderson, E. Weibke, Dr. McFadden and Phil Hall who were at North Platte and to the northwest where they spent a few days hunting and where they all enjoyed a very fine time, report the weather finer than ever except the last few days and as evidence of the excellent time which they have had is the sore throat which Gust Weibke is nursing but that does not matter as long as they had the time and this they did.

Home From the North

Edward and Earl Stradley who have been all fall in the north and northwest where they went as experts for a threshing company to operate the machines which were sold to parties in Canada and when the young men arrived in the far north they found a good crop of both wheat and flax. They were greatly impressed with the vastness of the great northwest which seemed to them to be large enough to feed all the world. They arrived home one day last week and are taking up their work here again.

Home From the Northwest

Dale Carpenter who has been for the past fall months in the north, where he has been at Neche, North Dakota, returned home last week and reports it very cold up there when he departed the threshing being about completed. Dale reports very good yields of wheat there with wheat going as high as 25 bushels and flax making as high as 35 bushels.

This is Brotherly Love

The members of the I. O. O. F. got out last Wednesday and cut down the timber of Mrs. Opal Patterson and had it corded up ready for the saw but the owner of which was at that time in the northwest hunting but on his return they will save up the wood as well and get it to the home for winter use. This demonstrated what the order of Odd Fellows stands for as they are willing to do the things which are needed.

They Talked of Other Days

Some thirty years ago when the country was younger than now and the people got closer together when

ever the opportunity was presented, a most popular place for the people of the west end of the county to gather was at the Callahan church, which in fact is a very popular place now. At that time Clayton Bouck and wife lived about half way between Greenwood and the Callahan church and was a most popular couple. But a number of years since they removed to the west making their home at Pasadena, California, where they have lived since. Last week they visited with friends at Greenwood and the intervening country between here and Callahan. Last Thursday Mr. and Mrs. L. M. Mowery entertained at their beautiful home in honor of the olden friends. There was a most pleasant gathering interspersed with music and enlivened by the recital of the time when they lived here a score and a half years ago. Supper was served by Mrs. Mowery and daughter to some 65 persons. Among those who were in attendance from about this neighborhood were, J. C. Lemon and wife, Messrs. and Mesdames C. A. Mathis, Frank Mathis, Elmer Callahan and daughter, Heen, Otto Erickson and daughter, Margaret, Dr. and Mrs. N. F. Talbot and two sons; L. M. Fisher, Greenwood, Turner McKinnon and wife from near Ash; Elbert Lesseley and wife, Mrs. Harry Lesseley, near Ash; W. J. Erickson, I. J. Waldrad of near Greenwood. Parker and Charles Stillwell, all of University Place, Mrs. Florence Waldron.

Had a Fine Time

Appleman and wife and Charles Appleman were all at Plattsmouth last Sunday where they enjoyed a meeting of the old time settlers at the home of Uncle John McCarthy at which time they all enjoyed the day most pleasantly. There were there also Charles V. Stall and wife and Henry Douglas and wife of Emerson, Iowa, whom all these people knew in their early years.

Asleep on the Job

A man from Broken Bow while driving east of Greenwood last Friday morning, dropped asleep and the sedan without anyone to guide it, went into the ditch and rolled over, very rudely awakening the driver but no other than shaking him doing him injury. However, the car was not so fortunate for a good deal of the glass was broken and the body wrecked, though it was able to be driven when righted by men from the O. F. Anderson Auto Co.

Mrs. Edward Martin Dies

Mrs. Edward Martin of near Havelock, 52, who was at the hospital at Lincoln where she has undergone an operation a short time since, died at the hospital on last Thursday. The funeral was held at the M. E. church at Waverly on Saturday afternoon, the burial being there. Mrs. Martin was a sister of Mrs. A. F. Weibke and has been her husband's two daughters, they being Mrs. John Doering of near Davey and Mrs. Will Wetherby of Havelock.

Buys a Home Here

Ivan stopped here for a visit of a few days with the parents C. E. Calfee and wife before departing for the south.

Have Very Enthusiastic Meeting

The Methodist church put on Rally Day yesterday, October 11, at which time every portion of the church and its auxiliaries were making an effort to increase the interest and attendance at the many church services. The effect of their work could be plainly seen for there were a large number of those who were not in the habit of coming present. More interest was manifested in the Bible school than in the other departments of the church although all were visibly affected by the good work which has been done.

Bridge Tolls Reduced!

The District Court of Cass county has dismissed the Restraining Order and denied the Injunction asked for by the new Toll Bridge company against our bridge, which Restraining Order and Injunction, if granted, would have prevented us from reducing our Bridge Toll Rates and we are now at liberty to run our own business as we see fit, regardless of the attempted interference of the new Toll Bridge company.

Therefore, we have put the following Cut Rates into effect for the present, although we are in a position to make further reductions if we deem it necessary in order to overcome the results of the methods pursued by the new Toll Bridge company to secure business.

FLORIDA SENDS WARNING NORTH

Says Real Estate Boosters in the North Country May Trap the Unwary.

Jacksonville, Fla., Oct. 9.—The inauguration of a national advertising campaign by the Florida development board, designed to impress upon investors throughout the country the necessity of caution in the purchase of Florida real estate was announced here today. It is explained that promoters dealing in Florida land are operating in the north, east and middle west beyond the jurisdiction of the Florida real estate license and therefore prospective purchasers should seek the advice of local real estate boards before investing.

New York, Oct. 9.—Governor Martin of Florida today challenged as false, reports which have been circulated as to conditions in Florida. "The purpose of my visit to New York," he said, "is to do what I can to offset an effort being made in certain directions to do damage to Florida. This effort is being made by persons who for various reasons, desire to thwart the progress Florida now is making. False reports concerning conditions in Florida have been circulated and in some cases have been accepted by the public. We in Florida are interested only in the truth and this conference is nothing but part of a movement to get the real truth about Florida before the public in order that the endeavors of those who wish to see progress in Florida stopped may be met by presentation of actual facts."

QUIZ RAIL HEAD ON MERGER PLAN

Washington, Oct. 8.—W. J. Harahan, president of the Chesapeake and Ohio railway, was called before the Interstate commerce commission Wednesday for examination in behalf of dissenting stockholders in that company who object to the Nickel Plate merger plan.

Numerous details of the arrangement by which O. P. and M. J. Van Sweringen of Cleveland, propose to link the Nickel Plate with the Chesapeake and Ohio, Pere Marquette, Erie and Hocking Valley were brought under critical questioning and Mr. Harahan had not finished when the day's sessions ended.

Thomas R. Gay, representing the minority group, cited detail after detail of the merger plan and lease, suggesting that their terms were less favorable to the stockholders of the Chesapeake and Ohio than to those of the other roads. This implication was denied by Mr. Harahan.

SEVENTY-FIVE THOUSAND DOLLAR HIGHWAY CONTRACTS LET

Paving and Grading to Be Done in Sarpy, Dodge and Saunders Counties.

Lincoln, Oct. 10.—State highway contracts for work in Sarpy, Dodge and Saunders counties, involving a total expenditure of \$75,000, were let by the joint action this week of State Engineer Roy Cochran and the county boards.

Two miles of paving will be laid on the Cornhusker highway running north and south of Fremont, costing \$50,917. A further expenditure of \$1,959 will be made for 3,900 cubic yards of earth grading at 35 cents per yard.

The paving contracts went to the Roberts Construction company of Lincoln, at \$1.35 per square yard, including culverts. The low bid was obtained due to abundant supply of gravel at Fremont with but a short haul, Mr. Cochran said.

In Sarpy county, grading will be completed on six miles of highway, connecting with the end of the pavement southwest of Millard and following the old D. L. D. route to the county line two miles east of Gretna. Grading will be done by the J. W. Wachtler company of Omaha at 17.2 cents per cubic yard, making the total cost \$6,964. The Central Bridge and Construction company of Wahoo, will do the gravel work for \$13,572, or 18.34 cents per cubic yard.

RAIL BODY WON'T ACT IN ROAD'S RATE CASE

Lincoln, Neb., Oct. 8.—The Omaha & Lincoln Railway and Light company, operating a street car line between Omaha and Papillion, has asked the state railway commission to grant an increase in fares on a level with the rates existing on the Omaha and Council Bluffs street railway company's lines.

This, the commission declared in an order today, is out of the jurisdiction in that the petitioner is incorporated as a railroad, not a street railway. In 1920, it is recalled, the company by court action enjoined the commission from enforcing the lowest fare law on the company's lines.

Somebody estimates that \$450,000,000 is being hoarded in teapots, stockings and other home banks. Well, doesn't that save the real savings banks \$18,000,000 that they'd otherwise have to pay out as interest?

WHAT MY NEIGHBOR SAYS

Is of Interest to Plattsmouth Folks.

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a Plattsmouth resident. Who could ask for a better example?

Mrs. Charles Mason, says: "My back was lame and weak and it bothered me to be on my feet. My kidneys acted too freely at times and I felt miserable and had no ambition. I tried Doan's Pills which I got at Fricke & Co's. drug store and in a short time they made me feel like a different woman." (Statement given May 12, 1920.)

On November 11, 1924, Mrs. Mason said: "My faith in Doan's Pills is greater today for they have cured me of my past trouble."

Mrs. Mason is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Mason had—the remedy backed by home testimony. 60 cents at all dealers.
