

Lowest in Price—Yet Built to Sedan Standards

Tudor Sedan

\$580

- Touring - \$290
 - Runabout - 260
 - Coupe - 520
 - Fordor Sedan 660
- Closed cars in color. Demountable rims and starter extra on open cars. All prices f. o. b. Detroit

Color: Channel Green. Upholstery to harmonize. All steel body, polished nickel radiator. One-piece plate glass windshield. Fuel tank under coil. Standard equipment includes windshield wiper, rear-view mirror, dash lamp, starter, demountable rims and four cord tires. Balloon tires \$25 extra.

Characterized by low, trim body lines, with well-molded panels and graceful front pillars, the Tudor is a Sedan—of sturdy, all-steel construction. It has plate glass windows, deep, comfortable seats—durable, high-quality upholstery.

Substantially built and attractive looking, it is a closed car of which you may well be proud—available at a price far below what you would expect to pay for Sedan quality.

Any Authorized Ford Dealer will be glad to show you this desirable car.

Old Nebraska Newspaper in Consolidation

Nebraska City News, Oldest Paper in State Absorbed by the Press of That City in Sale Yesterday.

From Saturday's Daily—
It is more than passing interest over the state to learn of the fact that the Nebraska City News, the oldest paper in the state, is to disappear from the list of Nebraska newspapers as the result of a deal consummated yesterday afternoon when the News was purchased by the Nebraska City Press and J. H. Sweet and the two newspapers combined.

Try Journal Want Ads. It pays.

Cass County Ranks High in Its Highways

Report of Department of Public Works Just Issued Places This County Third in State List.

The report of the department of public works of the state of Nebraska which has just been issued in book form from the office of State Engineer Roy Cochran, gives Cass county a splendid standing in the counties of the state and shows Cass county for the year 1924-25 to have the rank of third in district No. 1 of the federal and state highway improvements, being only exceeded in mileage by Lancaster and Gage counties.

The report gives the mileage of state and federal highways in this county as \$6.56 and the amount of graded and surfaced roads as \$1.19 miles.

At the time that the report was made the only gravel project in the county was that of Greenwood where \$1.19 miles comprised Cass county's part of the D. L. D. graveling. In the past year there has been 17 miles of gravel placed on the K. of T. highway from the Otoe county line to Plattsmouth, which gives a little over 25 miles of gravel on the state and federal highways.

This is, in addition to the state and federal road gravel, 15 miles of surfaced road in Louisville precinct which is paid by the people of that precinct and while not appearing on the report owing to it's not being a part of the state program, is a vital part of the good roads system of Cass county.

The mileage of the state and federal includes besides the Greenwood and the K. of T. roads, the "O" street project and the Red Ball highway west from Murray to the Lancaster county line, both of which in the course of time will become graveled highways.

In speaking of Cass county and its road work the report of the state engineer has the following:

"The topography of Cass county varies from the hilly country in the eastern part of the county near the Missouri river to the more gently rolling land in the western portion. About forty per cent of the mileage improved by state and federal aid is located in the hilly portion of the county and the remainder in the more level section. The county board has adopted the policy of using all available state and federal funds to bring their state highway system to a permanent grade, and extending county money to match funds raised locally for the purpose of meeting federal aid, not met by the state, to construct gravel surfacing. In 1924 about ten per cent of their system had been graveled by this method of financing.

The county supervision of the maintenance of the state highway system is divided between the county board members. On a part of the system the results obtained average with the best obtained in district One.

WHY SUFFER SO?

Get Back Your Health as Other Plattsmouth Folks Have Done

Too many people suffer lame, aching backs, distending headaches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Plattsmouth cases:

Leland O. Bennett, living in the west part of the city, says: "Heavy lifting together with exposure weakened my kidneys. My kidneys acted so freely I had to get up several times at night and the secretions scalded in passage. My back became so lame and sore I could hardly work, and a dull, gnawing ache made me lose my sleep at night. After using one box of Doan's Pills from the Maury Drug Co., I was relieved, and I am not subject to these attacks any more."

Mr. Bennett is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. Bennett had—the remedy backed by home testimony. 60 cents at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

CASS COUNTY PROGRAMS

From Saturday's Daily—
During the coming two weeks there will be three radio programs broadcast from Omaha and Shenandoah, which are put on by Cass county talent. The program which is to be put on by artists from Plattsmouth at WOAW, Omaha, on next Friday evening is one that has had much advertising and is well worthy of all of it.

The other two programs will be put on from KFNF, the Henry Field Seed company station at Shenandoah, Iowa—one from Union in the form of a concert under the direction of Aida L. Taylor on Tuesday of this coming week beginning at 7 p. m. The third one will be by the Ruby Family band of near Weeping Water, under the direction of Mrs. E. M. Ruby, and will be broadcast from KFNF Thursday, November 19th at 7 p. m.

An ad in the Journal is worth two on a billboard.

Well Beloved Union Woman Passes Away

Mrs. Leslie Everett Dies Suddenly Wednesday Night as Result of Uremic Poisoning.

From Friday's Daily—
The funeral services of Mrs. Leslie Everett were held this afternoon at 4 o'clock from the Methodist church at Union, where in her childhood days, the departed lady had been a faithful and devout member and a willing worker in the cause of the church that she had loved and in the cause of the Master whose message she had received and carried to others. The services were conducted by the Rev. Runnels, pastor of the church, and who gave words of comfort to the sorrowing hearts in the broken family circle and to the friends who had gathered to pay their last tributes of love and respect to this estimable lady. During the service a quartet composed of Mr. and Mrs. Clifton B. Smith, Mrs. Bessie Garrett of Omaha and Ellis LaRue, sang three of the songs that had been favorites of the departed lady, "It Is Well With My Soul," "Sometime We'll Understand" and "Safe in the Arms of Jesus." At the close of the service the cortage wended its way to the Swan cemetery, northeast of Union where the body was laid to the last sleep amid the once familiar scenes of the life of the departed.

The death of Mrs. Everett has brought a great shock to the community in which her lifetime has been spent and doubly so because of the fact of its suddenness, Mrs. Everett being taken sick on Tuesday with a sudden attack of uremic poisoning and gradually growing worse until death came to her relief Wednesday night at the home two miles southeast of Union, where since her marriage Mrs. Everett and her husband have made their home on the Davis farm.

Angie McCarroll, daughter of Mr. and Mrs. J. E. McCarroll, was born thirty years ago at the family home in Liberty precinct and the story of her life has been lived out in the community where she passed away. She was educated in the schools at Union and in Plattsmouth and after the close of her school work followed the teaching profession for a number of years, being one of the most efficient and popular members of the teaching force of the Cass county schools. Later she was engaged as bookkeeper in the Bank of Union where her splendid ability made her almost invaluable in the handling of the affairs of the bank and where her pleasant personality made a great many friends.

On June 11, 1924, Miss McCarroll was united in marriage to Mr. Leslie Everett, son of Mr. and Mrs. George Everett, prominent residents of Liberty precinct, the wedding joining two of the old families of that part of the county. Since the marriage Mr. and Mrs. Everett have been making their home on the farm and have been numbered among the industrious young people of that portion of Cass county.

To survive and mourn the passing of this splendid lady there remains the young husband, the parents, Mr. and Mrs. John McCarroll and two sisters, Mrs. Louis Mougay, of Union, and Mrs. Clifford McQuinn of Nebraska.

SUFFERS SEVERE ACCIDENT

From Saturday's Daily—
"Doc" Bond, who has just moved to this city from Omaha and engaged with the Modern Construction Co., as a mechanic, was the victim of a very severe accident on Thursday near Plattsmouth, where the Modern Construction Co. has had a very large contract on road graveled.

Mr. Bond was driving a large White truck loaded with material for the graveled work along the highway when suddenly a large old truck crashed into his truck, throwing the cab of the truck, narrowly escaping striking Mr. Bond directly and as it was, catching the right leg in such a manner as to cause a fracture of the limb.

The injured man was taken to the Methodist hospital in Omaha where he is now reported as resting as easily as possible under the condition of his broken leg.

The Modern Construction Co. crew that has been working out of Fullerton has been transferred to St. Edwards where they are now working on one of their state contracts.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves the catarrhal inflammation, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus restoring normal conditions.

SNOW DRAWS HUNTERS

From Saturday's Daily—
The snow and cold that visited this community this morning, while it was not relished by the larger part of the population, was a very happy omen for the lovers of duck hunting and several parties of the hunters could be seen in the early hours hastening toward the Missouri river intent on making the elusive duck a target for their prowess and skill. Several of the hunting parties so far this season have secured good bags of ducks, but these have been snagged by the best prepared and

skillful of the hunters, the larger part of the shooters having had but little luck in this sport aside from the delights of trying as the ducks have shown a shyness at falling for the decoys and other devices to lure them into the blinds.

A deputy dry administrator in Detroit has resigned his job, saying Detroit is the wettest town he ever saw and hopeless from a prohibition standpoint. The line of applicants for his job will please form on the left, and don't crowd.
