

Greenwood Department!

Prepared in the Interest of the People of Greenwood and Surrounding Vicinity

Robert Stock, of south of Greenwood, was a visitor at the corn picking contest last Thursday afternoon.

Mrs. H. G. Wright was a visitor in Lincoln for a short time last Saturday, making the trip over to the capital city on the bus line.

Fred Buckleman, of Shickley, was a visitor in Greenwood and also attended the corn picking contest at the Yochum farm north of town.

Nelson W. Umland was a visitor at his home in University Place on last Wednesday, it being Armistice day, and he was enjoying the stay at home.

Lee Walrand marketed a car of new corn last week which was immediately shipped to market by the Farmers Union Grain company, of which Mr. Emmitt Landon is manager.

Samuel R. McKelvie was in Greenwood for a short time last Thursday while on his way to the corn husking contest north of town, driving over from his home in Lincoln.

G. W. Holt, the genial and efficient agent of the Burlington and the local representative of the Greenwood Gazette, was a visitor in Lincoln a number of times during the past week.

Harold Nickles and the family were enjoying a visit with the mother and uncle of Mrs. Nickles at Union for over last Sunday, driving over in their auto and all enjoyed an excellent time while there.

Emmitt Landon, manager of the Farmers Union Grain company, has been putting his coal sheds in the best of condition for the handling of coal for the community of Greenwood, and is ready for the coming of the cold weather in that respect.

Mrs. Rex Peters, one of the teachers in the Greenwood school, has been feeling quite poorly for some time past with an attack of the la grippe, but has been keeping up her school work just the same and is hoping to wear out the malady, which it is hoped she will.

The Bankers Association of Nebraska Review, their official paper of the current issue, has the piz of Phil L. Hall on the front, looking good natured but still firm and indicating one of the most conservative and successful banking heads of the state of Nebraska.

George Bowen, who has been quite poorly for the past several months, reports that he is feeling much better. Mr. Bowen has not been able to work since away last spring, but is now feeling much better and his many friends are hoping that he may continue to improve and soon be well again.

O. S. Hatfield, of Waterloo, was in the city of Greenwood last Thursday, looking after the purchase of seed corn and was desirous of getting some of the excellent quality of this cereal which is grown in the neighborhood of Greenwood. He is representing the seed firm of J. C. Robinson of Waterloo, Nebraska.

An Omaha firm having advertising without regard to how it defaces a town, were in Greenwood on last Thursday, and were having erected on the main street, next to the theater building, a large signboard that will fill up a portion of the vacant space between there and the Sanborn garage, and afford a change of scenery occasionally.

Walter E. Palling is keeping humping at the work of picking corn these days and with a number of wagons in the field is keeping the ears banging against the throw boards with a regularity that is very noticeable, but with some 300 acres of corn to gather, he has to keep things moving in order to get the corn in the crib while the nice weather lasts.

John Stolzenburg, of Beatrice, was a visitor in Greenwood last Thursday, checking up the books of the Searle-Chapin Lumber company of which Albert Hudson is the efficient manager in Greenwood and found the business in a prosperous condition, with everything just as it should be, and he complimented Mr. Hudson highly as an excellent manager.

The place where the contest was staged for championship corn picking

honors, was one where the tall corn grows and where it yields well in large ears, being on the farm of L. G. Yochum, in some places it makes nearly 90 bushels and averages way up in the seventies. The pickers surely had good corn in which to work, and made good use of the opportunity.

Mrs. Rose Axmaker, who makes her home in Lincoln at this time, was a visitor in Greenwood on last Monday, coming down to visit with old friends and also to complete the transfer of her former residence property which she has had in Greenwood to W. E. Newkirk, the grocer and market man. Mr. Newkirk now has a home of his own here in which to live. He formerly resided in Alvo, where he also has a residence, which is now occupied by Arthur Dinges of that place.

The Ladies Aid society of the Christian church have a quilt at the drug store which they are selling chances on at 10 cents a number and will use the money derived therefrom for the benefit of the church. They have surely demonstrated that they could do some excellent work quilting. One of the classes at the same Bible school also have another quilt at the Birdsall cafe which they are disposing of in the same way for the benefit of the Bible school.

Close Business for Short Time.
The business men of Greenwood closed their places of business on last Wednesday during the afternoon, in order that all could observe Armistice day which was appropriately observed by a very inspiring program at the public schools.

Have Head on Collision Near Town
Riley Puckemeier and Robert Mason, both of Ashland, were in a hurry last Wednesday when one was endeavoring to leave town and the other was coming to Greenwood. Both gentlemen felt the shock to a considerable extent, it being reported that it was like the shock of doom, and the two gas wagons were put out of commission, but the gentlemen were successful in getting by very cleverly with no material damage.

Was Official Weighmaster.
O. F. Peters was selected as the official weighmaster for the corn picking contest that was staged north of Greenwood, just across the county line in Saunders. There could not have been selected a more capable or efficient man for the place than Mr. Peters. There were a large number of the Greenwood people and also from the vicinity of Greenwood present at the contest and enjoyed seen just how it was done.

Rupture Shield Expert Coming to Omaha

Friday, Saturday and Sunday
DECEMBER 4, 5, 6, 1925

at
ROME HOTEL
from 9 a. m. to 5 p. m.
Evenings by Appointment

THREE DAYS ONLY
Return Visits Made Regularly
No Charge for Consultation

Mr. C. F. Redlich, the successful expert, says:

"The 'Perfect Retention Shields' hold the rupture perfectly no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening of the average case in ten days and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power needing no further outside support."

While providing safety and comfort to all old and aggravated cases, the results are most favorable when the rupture is just discovered and still small; it will save you no end of trouble, pain and expense in the future if you now take advantage of this opportunity. No leg straps nor elastic bandages are used. Can be worn while bathing.

Letters from highly satisfied clients available.

WARNING: Never wear old-fashioned trusses or elastic bandages with chafing, filthy leg straps, widely advertised as new methods or inventions, with worthless guarantees and medicines, sold by mail. They never hold the rupture at the right place, but by pressing on the lump at the public bone, generally cause intense pain, make the rupture worse and expose the wearer to often fatal strangulation necessitating immediate operation. Let me explain this personally; it costs you nothing.

Business engagements prevent visiting any other city in this section. C. F. Redlich, Rupture Appliance Expert, Home Office, 535 Boston Block, Minneapolis, Minnesota.

No children under two years fitted.

Capitol Stone for Historical Farm Planned

Beatrice D. A. R. to Erect Monument With Bronze Tablet on the First Government Homestead

Members of the Daughters of the American Revolution from Beatrice have selected one of the largest stones from the capitol building recently torn down for the purpose of erecting a modest monument upon the Daniel Freeman farm, four miles northwest of Beatrice, which was the first homestead in the United States taken under the homestead law. Mr. Freeman filed upon this land in the 60's being the first to apply for land under the act passed by congress. His widow still lives upon the land.

The members of the Beatrice chapter of the D. A. R. who came to Lincoln and selected the stone are Mrs. D. W. Cook, Sr., Mrs. S. D. Kilpatrick, Mrs. E. G. Drake, Mrs. Walter W. Scott and Mrs. Dwight S. Dalbey. A bronze tablet bearing a suitable inscription will be attached to the stone when it is placed in position. The stone was selected at the penitentiary where some of the larger pieces from the old capitol were hauled after the building was wrecked.

MRS EUGENE AUSTIN BETTER

Mrs. Eugene Austin, who has been very seriously ill with double pneumonia, for some time, is at this time showing some improvement. Mrs. Austin was so seriously ill that a number of physicians were called and after a consultation and a study of the diagnosis of her case, it was put behind that an operation, tapping her lungs was required as the only hope. So, on last Friday, the operation was performed with the result that a large quantity of pus was drawn from the lungs, thus relieving her and it is hoped it will put her on the road to recovery. She has a strong constitution and the hope is entertained that she may successfully fight off the illness. Mrs. Austin has also been in bed, due from much care and watching and an attack of the gripe.

Father Tells of Alleged Treatment of His Son

Plaintiffs Testify in \$20,000 Damage Suit for Alleged Malpractice Against Omaha Doctor

From Thursday's Daily—
Leroy Stohman, plaintiff, his brother, Edward, and his father, Andrew Stohman, formerly of Louisville, corroborating each other in varying degrees as to the incidents of Leroy's treatment at the hospital, testified in Judge Shepherd's court in Lincoln Wednesday morning in Leroy's \$20,000 damage suit for alleged malpractice against Drs. B. B. Davis and Herbert Davis of Omaha, Neb., in his own testimony told of the operation on his right leg above the knee in November, 1923, for infection of the bone and of the subsequent operations in which a piece of bone was removed and when eight incisions were made in his foot after the infection had spread there.

The father in his testimony stated that the leg was never placed in a cast from November until the following March when Dr. J. P. Lorr was called in on the case. He said that the infection in the boy's foot became so bad that the foot burst before it was operated upon and told of one alleged conversation between himself and Dr. Herbert Davis to the effect that Dr. B. B. Davis was away in Arizona having a good time playing gold. The plaintiff claimed in his petition that the doctor had deserted the case.

Picking Corn, Not Selling.
On account of the very poor weather, some time since, for the harvesting of the corn crop, not many are marketing just at this time to stop to market their crop until they shall have gotten the most of it out, as they do not relish the gathering of the corn when the snow is covering the ground. So there has been but little new corn delivered this season as yet. The two elevators thus far shipping but four cars of this year's crop.

Will Get Ten Cent Bonus.
The county of Cass is enjoying a fine thing in the matter of having its hogs free from disease and when making shipment will receive 10 cents per hundred pounds increase on their hogs when they get a certificate from the home banks tending the fact and will receive a slight advantage on account of their pickers being free from disease. Both the Greenwood banks are supplied with the certificates as well as all banks in the county.

The Red Cross Drive on.
The Red Cross call began on last Wednesday, Armistice day, with Mr. N. R. Talbot as the superintendent and will be worked in conjunction with the schools and churches of the city, and we are sure will be a decided success. There is, we are hoping, no necessity for anything of this kind from a war need, but there are so many other things for which the need of this kind of work is required, that all should be in the working harness for this life saving and life serving agency. Get behind it and make it a successful roll call.

Arthur Keith Very Sick.
Arthur Keith, grandson of Mrs. Ruth Dyer, and where he has been making his home for some time, is at this time very ill with intestinal flu, and while he has been cared for in the best manner and has had the very best medical care he still remains very serious. His father, Mr. B. A. Keith, who is a traveling man running out of Kansas City, was summoned home on account of the extreme illness of the little son, he arriving Thursday morning last.

Wants the Law Enforced.
Last week Phil L. Hall, Jr., who is chairman of the executive board of the State Bankers association, was in Lincoln and with the secretary of the association, Mr. William Hughes, went before the pardoning board of the state penitentiary, with the representation which alleged good citizens recognize as being the proper thing, that is, of allowing all bank robbers to serve out their full time, for to give pardon after a short stay at the penal institution would only encourage the committing of crimes again. It looks like the bank wreckers should also be included in the same line of treatment. There have been, during the last year offences against banking institutions, three burglaries, 37 forgeries, thirty worthless check artists, 25 swindlers, 7 bogus check artists and two thieves. Of these there has been 23 convictions and 26 persons convicted. It is surely time that law breakers be made to serve full time.
