Report Made on Farm Conditions in U. S.

Commissioner Cooper, of Land Bank Board Finds Cause for Satisfaction in the Region Visited.

Washington, Nov. 12.—Commissioner Cooper, of the farm loan board, who has just returned from a tour of inspection of the various sections covered by the twelve land banks, views agricultural conditions as "in the main satisfactory."

The commissioner issued a statement giving in some detail his first hand observation of conditions in the various sections.

"I should say in the New England district they are generally satisfactory," the statement said. "The same would be true of the districts embracing the two Virginias, Pennsylvania, Maryland, Delaware, Ohio, Indiana, Kentucky and Tennessee—albeit serious drought results were reported in some section of Virginia and in some parts of Tennessee.

"Conditions in the St. Louis district—Illinois, Arkansas and Missouri—on the whole were very good. Some complaint was made of the low price of corn. In the Wichita dis-

trict—Kansas, Oklahoma, Colorado and New Mexico—the general report was very gratifying, although some local sections had been affected by short rainfall. The especially gratifying condition in this district was the revival of the livestock industry.

The Omaha district—Nebraska, Iowa, South Dakota and Wyoming—reported very satisfactory crop conditions, with good collections. This district complained of very serious condition as to lack of market for corn. In the St. Paul district—Minnesota, Michigan, Wisconsin and North Dakota conditions on the whole were very satisfactory. In the Berkeley district—California, Utah, Nevada and Arizona—reported conditions generally very satisfactory.

RECORD OF CRIMINAL CASES

The report of the number of criminal cases filed and disposed of in the county court for the year ending November 1, 1925, shows that this branch of the very busy county court has been grinding at a lively rate. The cases and their disposition as shown by the records are as follows:

- Criminal cases filed, 73.
Disposed of, 73.
Convictions, 19.
Acquittal, 1.
Plead guilty, 50.
Dismissed, 3.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.
HALL'S CATARRH MEDICINE consists of an Ointment which quickly relieves the catarrhal inflammation, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus restoring normal conditions.

WOMAN IS ORDERED TO PAY ALIMONY TO MATE

Minneapolis, Minn., Nov. 13.—For the first time in the records of the Hennepin county district court a woman Thursday was ordered to pay alimony.

Judge W. H. Bardwell issued a decree divorcing Leslie H. Pinney, 67, from Eva F. Pinney, 56, and ordered Mrs. Pinney to pay the plaintiff husband \$1,000. The Pinneys were married in New York, November 25th, 1889.

Seek Aid of the Supreme Court in Bridge Fight

Kings Trail Company Wants Injunction Against Rival to Prevent Cutting of Charges Fixed for Toll.

From Saturday's Daily.—The Kings Trail Bridge company of Cass county appealed Friday to the supreme court from a finding of Judge Raper that it had no cause of action against the Plattsmouth Auto Wagon Bridge company, which crosses the Platte river on the Cass and Sarpy county line a short distance from the bridge of the plaintiff.

The Kings Trail bridge was built by private capital and the intention, expressed in its articles, of turning it over to the state or to the two counties so that they might make it a free bridge and a part of the highway system, at net cost. It went into district court, as provided by law, and secured the approval of a schedule of toll charges, which were the same as the privately owned bridge was charging. The latter proceeded to promptly cut the tolls, and is averred to be likely to get most of the traffic.

If this happens the net cost to the public will be increased when it takes over the Kings Trail bridge it is alleged, and for this reason, as well as inadequate to make a return and take care of the depreciation, it is asked that the defendant company enjoined from enforcing its reduced schedule. The plaintiff says it cannot meet the cut rates because the district court fixed them.

The county boards of Cass and Sarpy are intervenors. They said they tried to buy the old bridge, which is described as out of repair, but the owner would not put a price on it, and they could not get it by commendation proceedings because of the legal limit upon the regular county levy for bridge purposes. They said they desire to build this new bridge a state aid bridge and that the cutting of rates is taking this property without due process of law.—State Journal.

Plattsmouth Men in Omaha Auto Wreck

George Tartsch and Anton Hasson Have Car in Which They Were Driving Struck by Truck

From Saturday's Daily.—Yesterday afternoon George Tartsch and Anton Hasson motored to Omaha for a few hours' stay, where Mr. Tartsch was to look after the upholstering of some furniture at the home of Mr. Hasson's father and a few hours later both men were injured when the car in which they were driving was struck by a heavily loaded truck.

The two men had completed their business in Omaha and were starting back to Plattsmouth from the Hasson home on South 6th street, when as they were driving along the street, the large truck loaded with brick came by and struck their car, smashing it up badly and turning the car over.

Both Mr. Tartsch and Mr. Hasson were knocked unconscious and persons nearby the scene of the accident carried the two men to the home of Walter Hasson, a brother of Anton, who resided near the scene of the accident.

Reports received late last night stated that there were no broken bones found although the men were still in a daze and only partially conscious and suffering from numerous bruises and the shock of the accident.

Mr. Hasson returned home this morning, being brought down by his brother, Frank, in an auto and was taken to his home at the residence of his sister, Mrs. A. M. Peterson. Mr. Hasson suffers a great deal from pain in the back and chest and the exact outcome of his injuries has not as yet been determined.

ALL OUT OF SORTS

So Was This Plattsmouth Woman, Who Tells Her Experience

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Plattsmouth case is one of many.

Mrs. F. M. Armstrong, 322 Granite street, says: "I had spells that made me feel out of sorts. My back was so sore and achy I could hardly get around. I had headaches and dizzy spells and felt weak and tired out. My kidneys acted irregularly. I used Doan's Pills from Weyrich & Hadraba's Drug Store and they removed the trouble quickly."

Mrs. Armstrong is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Armstrong had—the remedy backed by home testimony. 60 cents at all dealers. Foster-Milburn Co. Mfrs., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

Plattsmouth Has Another Night on Air

Artists from This City Present Very High Class Program from Station WOAW, at Omaha.

From Saturday's Daily.—The millions of radio listeners who had their sets attuned to 526 meters last evening, had the pleasure of hearing Plattsmouth artists give the fifth community radio program from radio station WOAW, Omaha, where "GR" assisted in the program with his pleasing announcing. As on previous occasions, the Plattsmouth entertainers rendered a very high class program of vocal and instrumental selections, that will draw applause from the four corners of the nation.

The Omaha station is one of the most powerful in the central west and sent the program out in fine shape, so that friends of the parties appearing on the evening's offering could enjoy it immensely although hundreds of miles away.

The evening's radio entertainment was arranged by Messrs. Frank A. Clويد and Raymond Cook, and given under auspices of the Plattsmouth Ad club, who bore the expense of providing the public with printed programs free of charge. The Union Pacific railroad was credited with sponsoring the program. It being this Omaha institution's regular bi-weekly night, under the arrangement by which some of the expense of maintaining the station is assimilated by different booster organizations of that city.

There cannot be too much said of the program which was well arranged and most artfully selected by everyone on the program, affording several of the new musically talented residents of the community an opportunity of being heard on the air.

The high school orchestra, which is under the direction of Leroy H. Fager, supervisor of music of the city schools, gave two selections, "Victorious Legion March" and the "Princess of the Sun" overture, both well rendered by the young people who comprise the personnel of this organization, they being as follows:

Violette Begley, Ira Mumm, Marjann Tritsch, Donald Rainey, Wilbur Hall, Leona Hudson, August Knoflick, violins; Jean Spangler, Harlan, Martha and Frederick Gorder, saxophones; Maynard Tritsch, George Caldwell and B. G. Woodward, trumpets; Edgar Wescott and Charles Howard, drums; Delores Wiles, bass viola; Robert Wurl, trombone, and Alice Wood, piano.

One of the main features of the program was the Plattsmouth Masonic quartet, which in addition to the four numbers, "Lassie O' Mine," "Little Close Harmony," "Holy Spirit, Truth Divine" and "Remember Thy Creator," afforded the members of this organization an opportunity to be heard in solo selections that added very much to the interest of the program. The quartet selections showed finish and artistic skill that reflected the greatest credit upon the members of the organization. Frank A. Clويد, first tenor; Raymond C. Cook second tenor; Harry G. McClusky, first bass, and Lynn O. Minor, second bass. In their solo selections, Mr. Minor was heard in "Sing Me to Sleep"; Mr. Cook in "The Trumpeter"; Mr. McClusky in "The Bedouin Love Song," and Mr. Clويد in "My Task."

In the quartet numbers Mr. E. H. Wescott served as the accompanist for the gentlemen, while Miss Estelle Baird played for the selections of Messrs. Clويد, McClusky and Minor, and Mrs. Roy O. Cole for Mr. Cook, Mrs. A. D. Caldwell also assisting with a violin obligato for the number of Mr. Minor.

Adding a pleasing touch to the program were the two violin solos, Mrs. A. D. Caldwell in "Scene de Ballet" by DeBerriot and Mr. Harvey Johnson in the beautiful selection of Kreisler, "The Old Refrain," the accompaniment of Mr. Johnson being played by Mr. Fager.

Miss Catherine Schneider, one of the youthful vocalists of the city was heard in one of her charming selections, "Neapolitan Nights," in which Miss Baird assisted as her accompanist.

One of the numbers that was listened to with the greatest attention over the radio was that given by Mr. Leroy H. Fager, whose splendid tenor voice carried beautifully "Serenade," by Schubert, over the air waves to his unseen audience. Adding to the effectiveness of this number was the piano accompaniment by Mr. Wescott and violin obligato played by Mrs. Caldwell.

One of the artists who has been a favorite on former Plattsmouth radio programs, Mrs. E. H. Wescott, was heard in a very artistically given solo number, "Thanks Be to God," the accompaniment being played by Mr. Wescott. This number was dedicated to Mrs. C. E. Wescott, who was listening in at Los Angeles, Calif.

Mrs. Elbert Wiles, well known member of the musical circles of this section of Cass county, was heard in a very beautiful flute solo, entitled "On Wings of Song," one of the best known compositions of Mendelssohn as well as one of the real gems of the program. Mrs. Cole served as the accompanist.

Plattsmouth won recognition by the piano playing of two of the artists on the program, these solo numbers being offered by Mrs. Lillian Freeman and Mrs. Roy O. Cole, and which demonstrated to the unseen audience that Plattsmouth can boast of two real artists who are worthy of any city in the United States.

Adjudged State Husking Champ on Thursday

Roland Meyers, of Fremont, Wins Contest Near Ashland Yesterday Afternoon.

Ashland, Neb., Nov. 12.—Roland Meyers, of Fremont, won the state corn husking championship in a contest on the Lee Yochum farm near here Thursday afternoon. Mr. Meyers husked 1,787.7 pounds of corn. Joe Sudik, of Wahoo, took second place and Virgil Archer, second in the Midwest contest last year and also the last year state champion, ended third in the Thursday race. Mr. Sudik husked 1,707 pounds.

Mr. Meyers will go to the Midwest husking contest in Illinois where he will take part in the race to decide the world's best cornhusker. The ten contestants in the Thursday race were allotted one-hour and twenty minutes. Mr. Meyers husked twenty-two bushels and sixty-two pounds. Louis Elseman, of Waterloo, led his competitors in gross weight of corn husked. It amounted to 2,115 pounds.

Several thousand persons watched the contest. The official timer and starter was Dr. G. E. Condra, of the state university. The judges included: Prof. F. D. Keim, of the college of agriculture; Charles J. Warner, of Waverly; County Agents Snipes of

SCIENCE COMES CLOSE TO MEASURE LIGHT

Madison, Wis., Nov. 10.—Determining the velocity of light to a minute degree of accuracy is a possibility which may be realized next year, according to Dr. A. A. Michelson, head of the department of physics of the University of Chicago.

Dr. Michelson announced before the National Academy of Sciences today that he had come within "plus or minus" 20 miles a second of establishing the true velocity.

The experiments covered a period of one year beginning in the summer of 1924. The next attempt to reduce the degree of accuracy will be made next spring on Mt. Wilson. In this experiment, Dr. Michelson hopes to reduce the degree to within "plus or minus" five miles a second of the true figure and in a later experiment to the true velocity.

Scientists heretofore have established the velocity of light at about 186 thousand miles a second, but this calculation has long been known to be approximate.

LENDING FACILITIES ARE REPORTED GOOD

Washington, Nov. 13.—Lending facilities of the federal intermediate credit banks are ample for present and future requirements of agriculture, the federal farm loan board declared tonight after a conference of managers of the 12 federal credit

banks and the presidents of the 12 federal land banks. The credit banks have a potential lending capacity of 660 million dollars and the board believes this is more than would be needed at any one time.
