Early Interest is Being Taken in Politics

Three File for Congress Race with Primary Nine Months Away.

Lincoln, Neb., Nov. 17.—Nebraska politics were looking up today with an interest that was record-making. Three actual filings for the nomination for congressman from the Fifth district were on record at the close of the day in Secretary of State Arthur C. Shallenberger, democratic former governor and present congressman from that district; Oswin Keifer of Bostwick, farmer, former state representative and American Legion candidate; and Judge L. B. Stiner of Hastings, Democrat.

The first district, three contestants have already signified an intention to make the race for congress, although none of them has as yet actually filed. State Auditor George Marsh will be a candidate for the republican nomination, as will also E. H. Thorpe, republican primary winner of last year. He is also taken for granted that John H. Moorehead of Falls City, democrat, and present congressman, will be a candidate for renomination.

In the Fourth district a republican primary contest is assured between Frank A. Edgerton of Aurora and the present congressman, M. O. McLaughlin, against whom Edgerton will file in the primaries, according to his announcement. In the second district William H. Gurley, prominent lawyer and orator had already announced that he will try for the republican nomination against Judge Willis Sears, the present congressman.

The filings, however, and this includes filings for all state offices as well as congressmen, are still restricted to the Fifth district, with its three unusual applications thus far.

Filings this year are being made in line with the new state law which prohibits candidates running on more than one party. The applications contained the words "and that party only," as required by the new statute passed last winter.

TESTIFY IN STOHLMAN CASE

The treatment given Leroy Stohlman, plaintiff in a suit for \$20,000 for alleged malpractice, against Dr. B. B. Davis and his son, Dr. Herbert Davis, of Omaha, was proper and in accord with the best method of the profession, according to doctors called to the witness stand by the defense, at the trial before District Judge Shepherd at Lincoln Tuesday morning.

In giving their evidence the plaintiffs made much of the fact that no case was put on Leroy's right leg from November until the following March, during which time he was under treatment for osteomyelitis, or sloughing away of the bone, at an Omaha hospital.

Dr. J. M. Mayhew and Dr. A. I. McKinnon in their testimony stated that the use of a cast on the right leg would have been improper practice. Dr. McKinnon stated that during treatment a large quantity of pus is constantly discharged and that it would foul the cast and infect the skin, making conditions much worse than if no cast or splint was used. Dr. J. Stanley Welch also testified.—State Journal.

The treatment given Leroy Stohlman, plaintiff in a suit for \$20,000 for alleged malpractice, against Dr. B. B. Davis and his son, Dr. Herbert Davis, of Omaha, was proper and in accord with the best method of the profession, according to doctors called to the witness stand by the defense, at the trial before District Judge Shepherd at Lincoln Tuesday morning.

In giving their evidence the plaintiffs made much of the fact that no case was put on Leroy's right leg from November until the following March, during which time he was under treatment for osteomyelitis, or sloughing away of the bone, at an Omaha hospital.

Dr. J. M. Mayhew and Dr. A. I. McKinnon in their testimony stated that the use of a cast on the right leg would have been improper practice. Dr. McKinnon stated that during treatment a large quantity of pus is constantly discharged and that it would foul the cast and infect the skin, making conditions much worse than if no cast or splint was used. Dr. J. Stanley Welch also testified.—State Journal.
