The Freshman

He's reached it! Scored the biggest touchdown of his mirthful career and kicked the ball of laughter over the goal post amid thundering cheers in "The Freshman!"

Bat there is more than laughter in "The Freshman!"—There's a peep into the heart of a boy who saw the castle of his dreams come tumbling down amid the jeers of his fellows—and the throb of romance that warms the cockles of your heart when he finds the girl, piece by piece, helps him build again—a cascade of laughter and a tear drop or two—and thrills! Thrills to set your nerves tingling in the big football game when the downtrodden "Freshie," the water boy, the last substitute, the forlorn hope a distracted coach plunges into the masspcre of his team to save the glory of his Alma Mater

Caldwell. C. Wescott giving the lives of Harriet Beecher Stowe and Francis E. Willard; Mrs. Frank Emory Pfoutz, the lives of Carrie Chapman Catt and Clara Barton; Mrs. E. H. Wescott the lives of Florence Nightengale and Madame Schumann-Heine. Mrs. Mone Streight, who had the subject of "Art in the Home" as her portion of the evening program gave a very pleasing talk on the subject, covering in a fine manner and in a very short space of time a great deal of the points of the art in the home as the inspiration to more attractive homes and pleasant and elevating surroundings. The ladies of the club are anticipating a very pleasant meeting in the near future at which Miss Marie Kaufmann will give an illustrated lecture on her travels in Switzerland and Holland, showing many interesting views of these two world nations.

The county attorney was asking that the case be investigated that the question of whether or not the girl should be sent to Geneva could be passed upon by Judge Begley, the head of the juvenile department of the courts. It was found, after Sheriff Stewart brought the girl here, that the case was one that should fall in the jurisdiction of the Otoe county authorities at the residence of the girl was claimed as Wyoming, in Otoe county.

SUFFERS BROKEN LEG

From Saturday's Daily—
 J. L. Stamp, one of the well known young farmers residing south of the city this morning suffered a very severe accident that resulted in the breaking of the left leg just above the ankle. Mr. Stamp had been out in the field gathering corn and had started toward the house for the noonday meal, riding on the wagon load of corn. The wagon struck a deep rut and was suddenly overturned and the unfortunate man had his leg caught beneath the wagon, breaking the bones in a very severe manner. Medical aid was called at once and temporary relief given the patient. He was this afternoon taken to the Immanuel hospital in Omaha where he will be cared for there until the injured leg is in such shape as to permit his return home to this city.

From Saturday's Daily—
 Yesterday afternoon County Attorney W. G. Kieck had a young girl Hazel Wickham, whose home is at Wyoming, here for investigation in regard to the trouble that occurred at Union last Sunday and in which it had been claimed the girl had been a member of the party that was staged by two young men of that locality.

The county attorney was asking that the case be investigated that the question of whether or not the girl should be sent to Geneva could be passed upon by Judge Begley, the head of the juvenile department of the courts. It was found, after Sheriff Stewart brought the girl here, that the case was one that should fall in the jurisdiction of the Otoe county authorities at the residence of the girl was claimed as Wyoming, in Otoe county.

The case was dropped here in this county where the alleged actions that caused the basis of the action occurred, and will probably be taken up by the authorities at Nebraska City later.

LEAVES FOR HOSPITAL

From Saturday's Daily—
 Mrs. Earl Redd, who has for the past twelve weeks been suffering very much from an injured hand, is leaving for Omaha tomorrow, where she will enter the Immanuel hospital in that city for treatment and possibly the amputation of the two first fingers of the left hand. The hand will be treated by the specialists in an endeavor to save the hand but if this fails Mrs. Redd will remain at the hospital for the amputation of the fingers. Her friends are hopeful that the treatment may save the necessity of the amputation and that the patient may soon be able to return home.

HAS REAL LUCK

From Saturday's Daily—
 John Iverson, shark at the horse shoe pitching, is also a very strong devotee of the sport of hunting the ducks and geese along the streams in this locality and has this season made one of the best game bags so far recorded. Mr. Iverson was out a few days ago along the river and succeeded in bagging some ten Canadian geese, a record that will make the other hunters very envious of his skill and success in the hunting line.

ADVERTISING SURE PAYS

From Saturday's Daily—
 That advertising sure pays is the testimony of L. B. Egenberger, local merchant, who on Wednesday, placed an advertisement in the Evening Journal as to the sale of a carload of Early Ohio potatoes. Mr. Egenberger had anticipated that the potatoes would be ample for his needs as he had ordered a car load but yesterday morning when the array of persons who had read his ad in the Journal came in to purchase the potatoes, the carload disappeared like snow before the noonday sun and ere the day closed Mr. Egenberger had disposed of 720 bushels of the fine western Nebraska potatoes and had to telegraph for another car. He is well pleased with the result of the small ad and believes that advertising is sure a winner.

WILL HAVE SKIN GRAFTING

From Saturday's Daily—
 Paul Lempe, who several weeks ago had his arm badly injured by the accidental discharge of a shot gun, the contents of the gun tearing and lacerating the arm, is now at the St Catherine's hospital in Omaha where he is receiving additional treatment which includes skin grafting, this being used in the hope that it will give him the full and complete use of the arm. Paul has been home here with Mrs. F. R. Guthmann and family for the past two weeks and it is hoped that this course of treatment at the hospital may allow him to return entirely over the effects of the injuries that he received.

HOLDS SUCCESSFUL SALE

From Saturday's Daily—
 W. R. Young, the auctioneer, has just returned home from a week's stay in the western part of Nebraska and the eastern section of Colorado where he has had the handling of several of the largest sales held in that locality. Mr. Young was accompanied to the west by Bert Philpot of Weeping Water, who has large land holdings in that section. At Grant, Mr. Young officiated at the sale of Earl Fletcher, one of the large hog dealers of that section, and as the result of the efforts of Mr. Young there was some \$6,000 worth of hogs sold to the large crowd that attended the sale and all brought a good price and were of excellent stock. At the sale at Holyoke, Colorado, of the thoroughbred Hereford stock, Mr. Young was associated with Col. Eder Ruppert, one of the best known auctioneers in the United States, and the sale was one of the most successful in that portion of the west. Col. Ruppert was so much impressed with the splendid work of Mr. Young that he has him handle a sale at Adair, Colorado, of the thoroughbred Herefords and which was very successful. The three sales netted the sum of \$19,000 and were very pleasing to the owners of the stock and to the auctioneers.

A TALK WITH A PLATTSMOUTH MAN

Mr. Hassler Tells Something of Interest to Plattsmouth Folks.

There's nothing more convincing than the statement of someone you know and have confidence in. That's why this talk with Mr. Hassler, residing at the corner of 5th and Oak streets, should be mighty helpful here in Plattsmouth. Mr. Hassler, who is the proprietor of the blacksmith shop on North 5th street opposite the postoffice, says: "Straining work weakened my back and sharp stitches took me across my kidneys. My back was stiff and lame at times. I used Doan's Pills from Weyrich & Hadraba's drug store and they strengthened my back." (Statement given May 13, 1926.)

On November 10, 1924, Mr. Hassler said: "I find that in my advanced years, an occasional use of Doan's Pills keeps me feeling my best at all times." Mr. Hassler is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. Hassler had—the remedy backed by home testimony. 60 cents at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

ENJOY A FINE SOCIAL

From Saturday's Daily—
 The members of the K. O. club and a few friends enjoyed one of the pleasant social events of the season on Thursday evening at the K. S. hall on west Locust street which was attended by a great many of the young people of that portion of the city. The evening was spent in dancing by the members of the jolly party until the close of the evening when the large array of boxes of dainties that the ladies had prepared were offered for auction and amid the sharpest of competition they were disposed of, the club treasury realizing a neat sum as the result of the efforts of the young people.
