Mrs. J. N. Larsh was a visitor in Nebraska City last Friday and was the guest of friends and relatives for the day.

E. E. Leach shelled and delivered red corn to the Union elevators one day last week, this being old corn and of an excellent quality.

Jesse Pell completed the picking of their corn last Friday and was well satisfied with the yield, it being slightly more than he had expected.

L. R. Upton received a car load of coal last Monday and was unloading the same, it being mostly used by himself, and the remainder being sold.

Bert B. Everett, of near Nebraska City, was a visitor in Union last Monday afternoon looking after some business matters and also visiting with his many friends.

Mrs. Mabel E. Reynolds, the gro-

cer, has been feeling quite poorly on account of an attack of the grip, but has kept to the store and seems fair to wear the malady out.

Loy Hathaway and wife, of Shaw, Colorado, arrived in Union last week for a visit of several days with relatives here. They drove over in their auto and found the traveling very good.

Superintendent of the Union public schools, Lester H. Boyd, was a visitor at Lincoln on last Saturday, where he went to witness the football game and remained until Sunday morning.

Wm. Metc, of Nebraska City, but formerly one of the teachers in the Union schools some years since, was a visitor in Union on last Friday and was looking after some business matters for a few hours.

Miss Alice Todd, who is attending the state university at Lincoln, was a visitor for over the week end at the home of her parents, Mr. and Mrs. L. G. Todd, and returned to her studies early Monday morning.

The two elevators were shelling out their cribs of corn which they had purchased in the car from people who desired to sell this way, and were placing the shelled corn in the elevators for shipment, last Monday.

Attorney W. H. Pitzer was called to Union last Saturday to look after some business, and also took occasion to visit with some of his friends of the years. He was also looking after some business matters at the Bank of Union.

Miss Sally Mae Fox, one of the teachers of the Union schools was a visitor for over the week end at Kansas City, where she went to visit with friends and also to enjoy the basketball game which was staged there at that time.

D. B. Porter completed the picking of his corn last Friday and had a very satisfactory harvest, and he had 21 acres of corn and received 1,560 bushels of corn from the field. This makes 74.3 bushels per acre, which is a very good yield.

Edward Dowler, of Weeping Water, where he has been living for the past two months and where he has been picking corn for his father, was a visitor in Union last Monday, looking after some business and also visiting with his many friends.

R. D. Stine, the only grocer of his kind in the western states, with the family were enjoying the moving picture show at Nebraska City on last Sunday evening, they all driving down in the gas wagon which belongs to Mr. Stine and enjoying the show very much.

Last Friday, Mrs. William Craig, who has been sick for so long, was able to go over to the neighbors, W. H. Marks, and help celebrated his birthday, which was very good for her and was indeed a pleasure to be able to be out again after having been sick so long.

Luther Reynolds, son of the late Dr. Reynolds, formerly of Rock Bluffs, and who has been away from here for the past 26 years, at present time, making his home in Lincoln, was a visitor in Union and vicinity last week, meeting many of his old time friends.

A little son of Mr. and Mrs. C. D. Austin, while playing about where the folks were operating an electric wringer attached to a washing machine, in some manner got his fing-

ers into the machine, thus giving them a very hard squeeze, mashing the little fellow's hand badly.

J. C. Hansel, who has been pretty busy during the fall with the gathering of his crop and rebuilding his barn, has kept up the lick and kept rustling and has completed the construction of the barn. He has his corn all gathered and is feeling pretty fine over the event, thank you.

With the completion of many of the big jobs of corn picking which the present week is witnessing, a large number of the boys who were up from Missouri have cranked up their cars and are on their way to the home state and home town with a nice wad of money earned in picking the Nebraska farmers' corn, stored away in their pockets.

Reports come from near Percival, where the tall corn grows, that there is a piece of which 120 bushels to the acre and not the best soil at that. This soil had rest from corn for a number of years and was like virgin soil and sure it must be that it might yield 120 bushels to the acre. Among other yields is a 100-acre field of Mr. B. Wolph which went 85 bushels to the acre, so reports the man who did the picking.

"Sheppie," the well known canine belonging to Dr. Luxford, passed over the "dog divide" Saturday morning, due to the fact that he had apparently dined upon something he was unable to digest, probably a dose of poison administered by someone who is careful to conceal his identity lest the general doctor seek to square the account by muscular means. Anyway, "Sheppie's" little bark is anchored in the harbor of Eternal Silence, and the dog poisoner has another mark to his (dis)credit.

Attended the Hotel Warming Last Thursday evening Mr. and Mrs. W. B. Banning of Union and L. F. Langhorst and wife of Elmwood were guests at the opening of the new Weaver hotel at Falls City, and there met many people from over the state and enjoyed the occasion as well as the excellent banquet which was served on this occasion.

Mr. Austin, who was also sick, has improved to that extent that he was able to be down town last Monday for the first time, but sure he is looking very peaked.

Celebrates His 64th Birthday W. H. Marks was 64 years of age last Friday and had forgotten that it was his birthday and when he went home he found that the house was filled with the neighbors, and that there was a very fine dinner for him and everybody was greeting him kindly friendly, when it dawned on him that it was his birthday. He entered into the spirit which had prompted the neighbors to surprise him and everyone had a royal good time.

They Play with Avoca Last Friday the two basketball teams of the Avoca schools came to Union and engaged the ball tossers of the Union schools, and all enjoyed the occasion very pleasantly, with the result that the teams of Union won in both instances. The boys' game was a pretty close one, as the Union lads only won by a single count, they having 9 to the Avoca boys' 8. In the case of the girls it was a four to one toss, and the Avoca girls had but 9 while the Union girls made an even three dozen.

The little man is a great-grandson of Mr. and Mrs. John Ficht of this city.

## Interest in the Revival is Increasing

Sermons of the Evangelist Bring Message to Large Audience Each Evening.

From Tuesday's Daily—

With sentences that were vibrant with power the evangelist at the First Christian church brought another great message last night. Taking as his subject "Christ Before Pilate," Rev. Gardner painted around his subject a word picture of great impressiveness. Pontius Pilate was pictured by the evangelist as one who thirsting for power and advantage, used the opportunity of the moment to send Christ to the cross that he, Pilate, might gain favor with the Jews. Hoping to become eventually a king over them he willfully sacrificed Christ in furtherance of his worldly ambition. Pilate as the Roman Governor of Judea, clothed in white robes and girdled with a purple sash was pictured as standing in the place of royalty to dispense purity of justice. But betraying this great trust he sends to the cross Christ in his purity and releases to the Jewish mob Barabbas with sins of crimson. Thus was Pilate pictured as a judge who administered injustice rather than justice. With deft strokes the speaker then painted the picture of the morning of judgement when the sons of men come to trial and with the tables then turned, where Christ sits as judge and Pilate as one who must appear before him. As he comes before Christ there is only one alternative to Christ as judge and that is to send him away even as he had once sent Christ. Men and women of the community who today reject Jesus Christ were admonished to think seriously as to the attitude assumed toward Christ. Perhaps they in their turn may find like Pilate the tables of justice reversed. A splendid audience was present to hear the masterful message and a splendid chorus added to the service. The pictures drawn by the evangelist interested the children greatly. Services continue to night at 7:30 when more pictures will be drawn. Two came forward last night, one to make confession of faith, the other by statement to place her membership with the church at this place.
