Last Sunday evening Albert Willis was a visitor in Nebraska City where he was attending a picture show. Of course he went alone and was not distracted from seeing all the picture by company asking what that portion of the picture meant and what portion, that meant, and so he got a good idea of the show.

C. R. Troop of Plattsmouth, who has been having a number of men working on a new well at the place on which W. O. Troop lives, and had the work well completed on Wednesday of this week. Leonard Austin and Henry Klimm, who have been trapping at the west quarry, between Nehawka and Weeping Water, were successful when they were returning from a coon hunt last traps that were set along the creek in killing a large lynx that had been caught in a trap set for coyotes. It had been caught in one trap and while endeavoring to free itself from it had thus firmly held. After killing the animal they brought it to Nehawka and thence to Union, where they showed it to the populace and then took it on to Plattsmouth and finally to Omaha where they left it to be stuffed and mounted.

One day last week a car load of hunters from Omaha came down and were going to hunt on the premises of C. W. Stone, and when he told them not to do so, they threatened him and even grabbed him in an effort to take their car number from him, in order that they might not be apprehended for their assault on him. Mr. Stone went to the telephone and called the sheriff, telling about the matter and was told that it would be necessary for him to come to Plattsmouth and file a complaint before the county attorney, before anything could be done about the matter.

FOUR THOUSAND OFFICERS FOR THE MARINE CORPS

Washington, Dec. 15.—The enrollment of four thousand officers in the Marine Corps Reserve is planned by Major General Lejeune, Commandant of the Marine Corps, who has approved of extending the scope of this auxiliary arm of the regular Marine Corps. To attain this number, every officer of the Corps, both active and inactive, is urged to aid in securing the enrollment of desirable men.

The majority of these appointments will be made in the Volunteer Marine Corps Reserve. Appointment and promotion in the Marine Corps Reserve can now be made up to include the rank of brigadier general. Recommendations for promotion will be based on length of service in grade, age, experience, record, and the interest taken by reservists in reporting for annual training.

Plans have been made for organizing four reserve regiments in the eastern, central, southern and western sections of the country. Numerous enrollments of both officer and enlisted personnel have been made in the reserve since its reorganization last July.
