CHANGES IN OFFICE FORCES

From Saturday's Daily—
The office of Mrs. Edna Shannon, county register of deeds, has a new clerk, who is taking the place of Miss Eleanor Barrie, who is returning to New England to join her parents there and make her home in that locality in the future. The new clerk is Miss Ruth Patton, who is now busy at the work and becoming adapted to the work of this office which is very important as it deals with the titles of land and filing of documents covering the real estate of the county.

The Thomas Walling Abstract Co. also has made an addition to their office force in the last few days, Miss Anna Smetana being the new clerk who will assist Miss Mary Persinger in the office work of the company which is quite large and requires the work of Robert Walling, the manager, in checking up the work and approving the abstracts as Mr. Walling is the bonded abstractor and in charge of the affairs of the office.

ENJOY FINE LECTURE

From Saturday's Daily—
Last evening the members of the local council of the Knights of Columbus had the pleasure of a visit paid by Thomas P. Downs of New Haven, representing the supreme council of the order, who is visiting the branches of the order in the west.

Mr. Downs made a check of the books of the council and after his approval of the work of the local organization they enjoyed a very delightful address on the work and aims of the Knights Columbus in this country.

A very dainty and most enjoyed lunch was served at an appropriate hour that added to the enjoyment of all the members of the party in attendance.
