CELEBRATES 10TH BIRTHDAY

From Saturday's Daily—The passing of the tenth birthday anniversary of little Miss Mary Ann Hadraha was pleasantly observed this afternoon at the family home on west Main street, when a number of the school friends and playmates gathered to spend the time from 2 to 5 o'clock with the guest of honor. The time was spent in games of all kinds that added to the enjoyment of all of the members of the party and in which they all found the greatest of pleasure.

At a suitable hour the members of the party were treated to a very dainty and delicious luncheon which was featured by the beautiful birthday cake with its glowing candles that represented the years of the charming little guest of honor.

In serving and entertaining Mrs. Hadraha was assisted by Miss Alice Wooster.

ENJOYS VERY FINE TIME

From Saturday's Daily—The ladies aid society of the St. Paul's Evangelical church enjoyed a very fine time on Thursday afternoon at the hospitable home of Mrs. Max Pfizmeier, which was attended by a very large number of the ladies. The time was spent in the plying of the busy needle and the social conversation that added to the enjoyment of all of the members of the party. In the drawing of the fine quilt that the ladies had prepared, No. 282, held by Mrs. Adam Kaffenberger, was the lucky number and this lady received the beautiful gift. Dainty refreshments were served by the hostess that added to the completing of the fine afternoon program.

NOW TAKING TREATMENT

From Saturday's Daily—Mr. John Bajcek of this city is spending a short time at Savannah, Missouri, where she is now taking treatment at the Nicholas hospital there as the result of the recurrence of the small growths that have for several months been giving her a great deal of trouble. Mrs. Bajcek has been very greatly benefited by the treatment which she has received at the hospital and hopes in the present case to receive as great a benefit from the course of treatment.

Gag Threat Speeds Up Tax Bill Action

Senate Approves Cut in Normal Income Revenue Rates and Repeal of Capital Stock Levy.

Washington, Jan. 30.—Driven at high speed, under threat of cloture, the senate Friday approved the cut in normal income tax rates and the repeal of the capital stock tax.

While controverted provisions, on which the democratic-progressive coalition will center its fight, were passed over temporarily, the progress made indicates that the bill will be passed within two weeks.

There were evidences that the vaunted opposition to the bill has already begun to dwindle. Administration leaders predict less than 20 votes against the measure on the final passage.

Although Senator Norris of Nebraska, insurgent leader, and Senator King of Utah, democrat, who form the spear-head in the drive against several important features of the bill, are certain to wage a hard battle, senators, generally, do not wish to be placed in the position of unduly delaying passage of the measure.

Little Taxpayers Helped.

By approving the normal income tax rates, the senate lifted \$97,000,000 from the backs of the American taxpayers. This provision affects the "little fellow" particularly.

The new rates cut the tax from 2 per cent to 1½ per cent on the first \$4,000 of income; from 4 per cent to 3 per cent on the next \$8,000 and from 6 to 5 per cent on the remainder.

The increase from \$10,000 to \$20,000 in the amount of income on which a 25 per cent reduction is allowed on account of "earned income" was also approved.

An amendment exempting farmers' co-operative marketing associations from the corporation tax was accepted.

A row developed over the failure of the bill to tax life insurance companies having capital stock on the same basis as other corporations. Insurance companies were "special favorites of legislation," King charged.

Reed Makes Attack.

The provision was passed over after Senator Reed of Pennsylvania, made a vigorous attack on it, declaring that insurance companies should be placed in the same class with other corporations.

The question of full publicity of income tax returns and the practices of the internal revenue provoked a hot discussion. Senator Couzens of Michigan, chairman of a committee which made an investigation of the bureau, charged that only 15 per cent of bureau rulings had been reduced to writing.

"Former employees who are the only ones acquainted with these rulings go to tax payers and hold them up for big fees on the statement that they can get taxes reduced," said Couzens.

CARD OF THANKS

We wish to express our gratitude to the members of the Plattsmouth fire department and the friends and neighbors for their splendid service in saving our home from destruction by fire this morning.—T. C. McCarty and family.

OLSEN-LAURITZEN

On Wednesday evening at 8 o'clock at the home of the bride's parents, Mr. and Mrs. Peter Olsen, occurred the marriage of their daughter, Dagmar, to Mr. Rasmus Lauritzen. The bridal couple marched in to the strains of Lohengrin's Wedding March, played by Miss Marie Lauritzen, and took their place within an arch of pink and white under a huge wedding bell, where they were united in marriage by Rev. G. R. Birch, the pastor of the Congregational church, the double ring ceremony being used. Pink and white decorations were used throughout the house.

The bride wore a beautiful gown of Elizabeth crepe over pink satin, and carried a bouquet of roses and sweet peas. The groom was attired in blue serge.

Dainty refreshments were served to relatives and guests by a number of the bride's high school classmates.

Miss Olsen was born and reared in this community, and her pleasing personality and many accomplishments have made her popular and highly esteemed by all. She has taken an active part in church and community enterprises.

Mr. Lauritzen was born in Denmark, and came to America in 1921. Recently he has become a member of the Lauritzen Transfer Co. His energetic and businesslike qualifications have placed him in high place in the commercial life of Weeping Water.

Mr. and Mrs. Lauritzen are members of the Congregational church and are active in choir work. They will make their home in Weeping Water among many friends who wish them happiness and success through life's journey.—Weeping Water Republican.

MR. AND MRS. GEORGE NICKLE WERE IN AUTO ACCIDENT

Last Saturday as Mr. and Mrs. George Nickle were on their way to Peru, Nebraska to get their daughter, LaDene, who is attending school there happened with an auto accident. They were three miles north of Peru when the accident happened. Here the hills are quite steep and in going down one of them Mr. Nickle lost control of the car as it began to skid from one side of the road to the other. The car turned over on its side and the fenders were somewhat smashed, otherwise it was not injured. Outside of an injury to Mrs. Nickle's hands neither of them were hurt.

The car was righted again and they went on to Peru and got their daughter and two of the other girls and came back to Elmwood.—Elmwood Leader Echo.

GOES TO HOSPITAL

C. E. Noyles went to the M. E. hospital in Omaha last week for the purpose of putting himself in the hands of specialists to try to determine what his trouble might be that has caused him much distress, presumably from an affection of his heart as well as from an asthmatic ailment.

Mr. Noyles has not been in very good health for several years and has been in much worse condition before than he is at present, but he has yielded to the advice of his family and friends and consented to have a general overhauling to try and locate the seat of his trouble. We trust that he will find himself much better off than he has expected and that he will come home feeling that his time and money were well spent. Mrs. Noyles visited him Monday and found him cheerful and comfortable in his enforced vacation.—Louisville Courier.

Former Cass County Man in New Mexico

T. E. Williams, One Time Prominent Resident of the County Writes to Louisville Friends.

The Louisville Courier of this week has a very interesting letter from Tom Williams, old time resident of Cass county and a prominent republican politician in the county some twenty years ago. The Journal is giving a part of his interesting letter from Carlsbad, New Mexico, that may be of interest to the host of friends here:

"We lived in Oklahoma for eleven years, and have been here for fifteen years, and the Courier has never missed us once."

"I am glad to note that Cass county is building some good roads, which is surely very commendable, and about time, too. We, also, are making hard surfaced roads in New Mexico. Our county (Eddy county) now has 150 miles of graveled road and will put in about 20 more miles this summer, which is pretty good for a douth-stricken far southwestern part of the country."

"You know this country is known for its distances from town to town and 90 per cent of our land is desert land. I have 300 acres of irrigated land and raise cotton and alfalfa. I raised 170 bales of cotton last year and about 300 tons of alfalfa. Alfalfa is now worth \$25 a ton and cotton brought from 20 to 25 cents during picking season."

"I also have my interest in the grocery store which made good money last year. The firm is A. G. Shelby company and the firm is composed of A. G. Shelby, E. T. Carter, G. R. McAdoo and myself. We handle groceries and grain. Last year we sold \$100,000 worth of goods."

"We have had a fine winter, no snow, no rain and no mud."

"The Carlsbad Caverns are attracting world-wide attention, people coming from Europe to visit them. One man told me that he had been to almost every cavern of note in the world and they could all go into this one. The state and government have taken them over and have built a good highway to them."

"I have stock in a farmers' grain company here and am president of the company, which paid us 25 per cent dividends last year."

"Lee, this is the best place to live I have ever lived in and this is not knocking old Cass county either. The climate is what counts. No snow, no mud and never cold and never awfully hot."

"I really would like to make a visit up there, but in summer I am busy looking after my crops and the winters are too cold up there for me. We have a 10-room house and to date we have burned one and a half tons of coal this winter."

ALL OUT OF SORTS?

So Was This Plattsmouth Woman, Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells, and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Plattsmouth case is one of many:

Mrs. F. M. Armstrong, 322 Granite street, says: "I had spells that made me feel out of sorts. My back was so sore and achy I could hardly get around. I had headaches and dizzy spells and felt weak and tired out. My kidneys acted irregularly. I used Doan's Pills from Weyrich & Hadraha's Drug Store and they removed the trouble quickly."

Mrs. Armstrong is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Armstrong had—the remedy backed by home testimony. 60 cents at all dealers. SKEPTICAL OF PAYMENT OF PRINCIPAL DEBT

New York, Jan. 27.—Former Senator James Hamilton Lewis tonight told the lumbermen's association of the northeast at their annual dinner that the United States should send commodities rather than money to Europe in making loans. He declared that "not one dollar of the principal of the debt which are now being extended by America with foreign countries, with sixty years delay, will ever be paid."
