Guernsey Calf For Sale. I have an excellent Guernsey bull calf for sale with the best breeding, about a month old, who is needing one of good milking strain.—R. B. Stone, Nehawka, Neb. f11-3nc

Gave Excellent Program. Mrs. Violet Oberlander, one of the teachers of the Nehawka schools, gave a very entertaining and worth while program on Washington's birthday on last Monday afternoon, which was most highly appreciated by all who were privileged to hear the splendid numbers which were on the list. The program was patriotic in all its lines and was well enacted by the students who had numbers thereon.

Bert Willis Very Sick. Bert Willis, who conducts the grocery store in the room where J. Sutphen formerly was located, has been quite ill at the home of his father, southwest of Union for some time and while he was very sick for a time he is at this time reported as being somewhat better. While he has been away from the store, the business has been conducted by Lucian Carper and Quinton Palmer, who have been looking after the business in the best manner.

Gave Prize for Anniversary. We, with Mr. Darius W. Clark, visited the Sheldon Manufacturing company one day during the present week, and were shown over the plant by Mr. Sheldon, who explained some new machines which are being built at the factory. They are at this time just beginning to change from the wooden frame machine, to steel construction, which makes a more rigid piece of machinery and also lightens the weight and still makes it stronger. They just now are making a combination machine, with cement mixer on one end while on the other is a power saw, thus making a machine which will answer all the needs of a contractor and builder. There are also adding a number of new machines and a smaller one which will be offered in competition with some of the mail order houses, and will probably sell for a trifle less than thirty dollars. Mr. Sheldon presented one to the drawing contest at KFNE, valued at forty-five dollars, which will be drawn by some one, and it is the hope by one who needs it.

On Anniversary Program. Last Monday Gust Shumaker and wife and daughter, Mrs. George Pollard and William Obernate went to Shenandoah where the two gentlemen appeared on the program of fiddlers and both of whom furnished excellent music to the host of listeners over the country. Escaped Youth from Missouri is Captured Here

Flynn Tyler Arrested Near Louisville by Sheriff Stewart on Word From Missouri.

Flynn Tyler, aged 19, escaped inmate of the Missouri state reformatory at Booneville, is in jail here awaiting the arrival of the officers from the state reformatory to take him back home.

The downfall of Mr. Tyler, who is not an unattractive youth, was at the hands of some of the young ladies of the vicinity of Louisville or Cedar Creek and who had evidently been slighted by Tyler and secured her revenge by having him turned in to the authorities. The officers at the Missouri state reformatory a few days ago received a letter from Louisville in which it was stated that Tyler was in that locality. The missive was unsigned and as the officers had been searching for the boy for some time they at once notified Sheriff E. P. Stewart and he drove out to the locality where the young man was staying and brought him on into this city.

Tyler was sent up from Kansas City last year on a five year jail for alleged highway robbery and last fall made his escape from the reformatory and arrived in Louisville shortly afterwards, although no one suspected him of being anything else but a wandering "auto hobo" as he came into Louisville via the auto route and apparently liking that locality decided to locate there.

Since his arrival here Tyler has been working for his board on a farm and a great many of the residents of that portion of the county have met him and he formed a number of very warm friendships. Some of his associates had evidently been taken into his confidence as to his past and the result is that he is now waiting to journey back to old Missouri to finish out his hitch in the reformatory.
