Chinch Bug

If you have not burned your fence rows and weed patches, do it as soon as possible. It's your only chance to kill those that are alive.

Farm Cost Records

From the 19 farm record books kept by farmers of Cass county, the following valuable facts were secured: Making an average of all these farms it was found that one man farmed 123 acres, one horse, farmed 22 acres, that for every \$100 invested in the following livestock, you get returns as follows: Cattle, \$172; swine, \$315; poultry, \$209, and for every \$100 worth of feed fed to productive live stock, a return of \$172 was realized.

If more farmers would keep books, they would know more nearly where their losses and gains come from and be able to cut out the unprofitable parts of their work.

MRS. JOHANNA SWANSON DIES AT YAQUINA, ORE.

Mrs. Johanna Swanson, born in Sweden, February 3rd, 1847, came to Plattsmouth, Neb., in 1887, was married to Peter Turn in 1888. Mr. Turn died in 1909. She was again married in 1912, to John E. Swanson, who died September 1, 1914. In 1920 she came to Yaquina, Ore., to spend her remaining days with her brother and his family, where she passed away Monday, February 22nd, at the age of 79 years and 19 days, leaving no other relatives in this country except her brother Chas. Hassman and his family.

The Hassman family was doubly saddened with two deaths in the family last week. Mrs. Swanson and the infant son of their daughter, Mrs. Arthur Holmstrom, which died on the same day that Mrs. Swanson died. The funerals were held jointly.—Toledo (Ore.) Leader.

SHELLS FLY AT THE PORT

Tientsin, March 8.—After an abortive attempt to shell the batteries at Taku fort yesterday a squadron from Shantung province came up to Taku bar at dawn today and for two hours bombarded the fort, which is held by Kuomintang

troops supporting the Peking government. The shore batteries replied vigorously and shells flew over Taku which is at the mouth of the Pien river. Foreign and Chinese residents narrowly escaped being hit. Women and children evacuated the city, going toward Tientsin, thirty-seven miles westward.

Two foreign steamers were fired upon, one returning seaward and the other running the gauntlet without serious damage.
