Cass County Entertainers are Gaining Fame

Ray and Walt, the "Barnyard Twins" Are Great Favorites in Entertaining Radio Programs.

From Wednesday's Daily—Two Cass county young men, Ray Denham of Cedar Creek and Walter Stehman of Louisville, are in fact gaining fame as real entertainers all over the eastern portion of the state and by their featured programs over the radio are becoming household favorites.

Walt and Ray, the Barnyard Twins are among the most popular artists that have been heard from station KOIL, the Mono-Motor oil station at Council Bluffs and their offerings have been featured very strongly from this station in the last few months. The boys are generally heard in a harmonic-banjo skit and their programs have taken a great hold on the radio fans as one of the most pleasant that the Council Bluffs station has offered.

The boys appeared Saturday evening at the Burlington party at Omaha and their success before the large audience was fully as great as their reception by the unseen radio audience that they have delighted in the past and the applause that they received from the audience was proof that their efforts were fully appreciated by all of the large party.

When appearing in the various entertaining stunts the "Barnyard Twins" appear in overalls, workshirts with red bandanas and straw hats that gives them a striking personnel.

The next program from KOIL in which the team appears will be given on March 16th from 9 to 10 p. m. and on March 29th from 10 to 11 p. m.

The guest of honor received many attractive gifts in honor of the occasion and dainty refreshments were served to add to the enjoyment of the members of the party. LIVE WIRE HERE

From Wednesday's Daily—Charles L. Kelly, former secretary of the Nebraska City chamber of commerce, is in the city attending to checking up work for the state auditor at the office of County Treasurer Miss Mia U. Gering, Mr. Kelly having been engaged in the auditor's office since his retirement from the civic work at Nebraska City. Mr. Kelly states that he is a candidate for the nomination for county treasurer of Otoe county having filed a short time ago and while looking after his work for the auditor is planning later to make a very active campaign for the office to which he has aspired. Mr. Kelly was a real live wire for Nebraska City as the secretary of the chamber of commerce and a great deal of the success and progress of that city in the last few years can be ascribed to his activity and the splendid support and co-operation that the work of the chamber of commerce received.

Sheffield Sends a Note to Mexico on Church Policy

Takes the Stand that American Priests Should Be Treated as Citizens.

Washington, March 9.—Mexico's new policy governing religious teaching has brought forth a note from Ambassador Sheffield to the Mexican foreign office insisting that American clergymen should not be made to suffer unduly from its operations. The note was prepared by the ambassador after he had received instructions from the state department to the American attitude, and advises that it had been delivered came coincident with efforts in the senate to force government departments to give information to that body on questions affecting American relations with the southern republic.

Threatened arrest in Very Cruz state of Rev. F. J. Krill, an American Catholic priest, was the immediate cause taken up by Ambassador Sheffield, and he reported that it had been "satisfactorily settled," although the nature of the settlement was not disclosed. It was indicated that authorities of Jalapa are inclined to permit the priest to remain in Mexico.

The ambassador's purpose in presenting a note to the Mexican government was largely to put the Washington government on record. The document is believed to concede Mexico's right to expel clergymen, but at the same time to make clear the belief that American citizens in Mexico, whether clergymen or not, have the right to expect full consideration and to be given ample time to prepare to leave.

The move in the senate to have Mexican affairs thrown open to greater public inspection was made by Senator King (dem., Utah), despite an admonition by Chairman Borah of the foreign relations committee that Mexico should be spared criticism while trying to adjust her domestic affairs.
