"Little Clodhopper" Makes Hit.
The ones who were responsible for the excellent play which the junior class of the Nehawka school put on are complimented on the well organized plans which they had prepared and the wonderful work that was put forth in the "Little Clodhopper" for it indeed met with success in more ways than one, for it was a most entertaining as well as instructive play and was attended by a large number of people from Nehawka and vicinity, and it also accomplished another purpose, that of bringing some cash into the treasury of the junior class, of which they realized a neat sum for their labors.

Find a New Singer.
Those who know music, and who were privileged to be present at the Cantata last Sunday evening at the auditorium at Nehawka were more than pleased at the manner in which Miss Merly Pollard sang. This was really her first public appearance as a singer alone, the sweetness of her voice, and charming way in which she captivated the musically cultivated ear of the auditors. Many was the sincere complimentary attestations as to the supreme merit of the singing of this Nehawka young lady.

An Infant Called to Reward
A little year-old son of Mr. and Mrs. Chester Waldo, who has been fighting for his life against pneumonia for the past week, and who made a wonderful fight being cared for by the parents and attended by the doctor in an effort to win out over the dread malady, as the week was wearing away the soul of the little one who was loved and who had become very closely attached to the parents, took its flight to the other world, where there is no sorrow, sickness, pain or death to mar the supreme happiness which rested there. The funeral was held Sunday and the little one who had seen but little over a year of this life, returned to its maker, there to await the coming of the parents who loved it so dearly.

Installs Air Car Loader
The Farmers elevator in order to be properly equipped for the caring of what grain comes to them and for the better and easier loading of the grain, has had the Sheldon Manufacturing company install a Boss air pressure car loader and blower which does the work excellently. Not alone does it do away with one getting in the car to load grain and shovel it back to the ends of the car, but it improves the quality of the corn by removing all the chaff and foreign matters as well as drying and cooling the grain when damp or warm, thus making the quality better.

Conversation!

A little bird reported to us the following conversation:—

"Now John! You must get a new suit.—
Aw! I don't need a new suit.—Yes you do—you haven't had a new suit in three years.—*I know it, but that's good enough—I can have it cleaned and the lining repaired and it will do—I can't afford to buy a new suit now.* You've just got to have a new suit—I'm not going to have mother see you in those old clothes. You don't have to pay \$50 for a suit. I see Wescott is advertising a \$20 "Bill" suit that's all wool and guaranteed. *Is that so—well maybe I could buy one at that price. I believe we'll go down and look at them.*"

Sequel—He's wearing a new suit!
