with Mrs. Borne's mother, Mrs. Vesta Clark for the past few days. Miss Ethel Becker was assisting in the bank with the work during the time that Mr. Smith has been sick, and makes an excellent assistant in this clearing house.

The little lad of Mr. and Mrs. Simon Gruber has been having a fight with an attack of the grippe and while some better now is still not back to his normal health.

Mrs. W. J. Lufford and daughter, Miss Anna, have been having a tussle with "La Grippe," but while they were very ill they are now feeling quite a bit better at this time.

Veale Harding was a visitor over to Lincoln and Bethany on last Monday evening and night, returning to Union on Tuesday, and is busy assisting the father in the store.

Pesides being one of the best of barbers, Mr. Smalley is a gardener, par excellence, and has just started the potato patch which he promises will be one of the best before the summer is over. Watch them grow.

Mrs. Mary E. Davis, who had made

much improvement and was nearing her former health, had quite a setback a number of days since, but she is again on the mend and it is expected that she will soon be well again.

Miss Mildred Clarke, who has been quite ill for the past week with the grippe, is so far recovered that she was able the first of the week, to return to her work at the office of A. W. Propst, where she is the book-keeper.

Mr. and Mrs. D. R. Frans were visiting with friends and also looking after some business matters in Omaha on last Monday, and while they were away the Rev. W. A. Taylor was looking after the matters at the lumber yard.

Installing George Stine, his son, as the keeper of the store, Uncle Rube hid himself to the farm where he planted the year's crop of potatoes, and when it comes to keeping store or raising potatoes Rube will give anyone cards and spades, and then some.

Uncle W. L. Hoback had the misfortune to receive an injury to one of his eyes a few days since, and which required the services of the physician to dress the wound. He is getting along nicely but it will be some time before the injury will be entirely well.

Two Iowa lads, who surely know their business have been clearing the walls and woodwork at the bank, and which is looking much the better for the work which is being done. The bank is to have a new floor and a new floor covering which will make it just like new.

It is currently reported that J. W. Woodward was here before there was any town and that he was the one that "laid the chunk" when the town was first started, and will not deny the allegation. Anyway he is a good scout and probably was here when the creek was dug.

On last Monday there was a man in Union looking for a place in which to live, he desiring to move to Union, but after an exhaustive search was not able to find one that was occupied. Until a house is constructed Mr. Edminson and family are making their home in the Becker hall.

Ray Becker was a visitor in Nebraska City on last Monday afternoon where he was looking after some business matters for a few hours, and was accompanied by John N. Leach, who also was looking after some matters of business as well as visiting with friends and relatives there.

Clifton B. Smith and the entire family have been having a time with the flu, all being down with the single exception of Mrs. John Vanline, who is there nursing her mother, Mrs. Brown. The report on Monday of this week was to the effect that the patients were all slightly better.

George Copenhaver, who is the salesman for the A. W. Propst distributing branch of the Universal car, sold a four door sedan the first of the week to N. J. Lutz, who resides south of Union. Mr. Lutz is liking his new purchase very well and is finding it just the thing for himself and family.

J. D. Cross, the manager of the Union Mutual Telephone company, is kept rustling with the many duties which this position imposes, and among which are looking after the installation of the phone, the collection of rentals and the working the lines as well as the switchboard, but Uncle Jeff is able for the work.

George Shumaker is the possessor

of a very fine touring car of the Chevrolet make which is surely a good one, and was purchased by this gentleman from Charles Attebery, the local representative for these excellent cars. He is receiving a coupe of this kind this week which he will have on his floor for inspection and also for demonstration.

A truck load of calves passed thru Union on last Monday for Omaha, and one of the calves was down with the others tramping over it, and with one leg sticking out through a crack in the body of the truck. The men driving the truck seemingly not caring about the animal or its comfort aroused Dr. Lufford's anger, as it would anyone with a spark of humanity, but the men with the truck made their getaway with the calf still in the uncomfortable position.

Heart of Neice's Death.

Hans Christensen received the sad news on last Monday of the passing of his niece, Mrs. Robert Bathe, of Nebraska City, who was stricken with pneumonia, having been critically ill for the past nearly two weeks. She leaves the husband and one child, a daughter of four years. We did not hear of the arrangements for the funeral. The many friends of Mr. and Mrs. Christensen are extending their sympathy in this hour of grief.

Laying Plans For the Summer

Judge Daniel Lynn, with Mrs. Lynn, Mrs. Lidgett, and Mrs. Taylor drove over to the fishing camp last Monday afternoon where he and the ladies cast their hooks into the "Big Muddy" to await a bite, they went and started a garden for they will want one this summer. Judge and Mrs. Lynn are expecting to have a good garden down at the camp as well as catch many fish during the summer, and will be prepared to entertain their friends when they call on them.

All that is possible in the way of medical skill and care is being given the patient in the hope that it may be possible to give her some relief, but the case is very discouraging to the members of the family. The many friends here are regretting very much to learn of the condition of Mrs. Vroman and trust that she may be able to overcome the serious condition that she is now in and be able to show some gain in strength and help.
