Herman Smith and the family from near Nehawka were in Murray on last Monday, and from here went to the county seat, where they were visiting with friends and also looking after some shopping as well.

Stock Raising and the Stock Business

There's a Difference. Most "stock raising" farms are prosperous farms. It's This Way—A car or two of hogs or cattle or sheep. An extra sale here and there. Plenty of feed. Prosperity Calls! Thus the keen business-like farmer steps out and away from that class which just "makes a living."

Poultry Pays Well

Chickens make you money, Better take care of them. We have specialized on diseases of fowls—both old ones and the baby chicks, as well. We treat all diseases of all animals. Call phone 47 or 50.

BIBLE SCHOOL LESSON

April 18, 1926. By M. S. Briggs

Golden Text: "For as in Adam all die, so also in Christ shall all be made alive."—I Cor. 15:22.

The Loyal Christian

"Lead us not into temptation," was one of the precepts which the Master taught us to pray to the Father, for He knew it was on every side, and He also knew that we would have need of more than our own strength to withstand the temptations which would come to us. Peter thought he was strong enough to withstand the wiles of the enemy, but found that the finger of scorn was a greater force than the sword of the enemy. When God had made Paradise for man, the Garden of Eden, the most wonderful place on earth, and placed therein all that the human heart could desire, he had a perfect home, one that was filled with all the comforts and joys which could possibly be needed by man, or enjoyed by him.

Like it has been ever since the wily old devil came in the guise of a serpent, for at that time there was no enmity between the serpent and man, and in the most powerful manner, suggested that there was a state to be obtained, by eating of the fruit of the forbidden tree, which would make man as wise as God. This suggestion excited the ambition of the human, and as further inducement was offered, in the way that if they would eat thereof, they would find the taste of the food most pleasant.

When this was put up to man, and the assurance also given that they should not surely die, both the woman and the man ate, and brought sin into the world, and the wages of sin was death. Since man has been a being, and while the race did not become extinct, but have multiplied, the evidences of this sin is ever present. The tottering steps, the sightless eyes, the inroads of disease on the human race, with all the manifold diseases which come to humanity, are the results of sin. But sin we die they are appealing, are but a small portion of the harvest of death for the great curse is that second death which is the death of the soul. The primal sin was the disobedience to the will of God, or in other words the unrequited love of the Father.

God made man after his own image, so that he gave him the power to love, and God demonstrated his love in the beginning by his making man in his own image, and also providing him a home in the Garden of Eden, man in the gratitude which he should have possessed could have done nothing more than to have returned the love of the Father in a way which would have spoken for obedience in all things as loyalty of the will and love of the Father.

The ground was cursed for the sake of the sin, and enmity was placed between the serpent and man, which has even remained, thus a mute testimony to the sin of man in giving way to temptation and proving his disloyalty to God his Father.

The love of the Father has ever existed, notwithstanding that it was necessary for the Father to correct man, and to make him work that he might eat, and the many forms of the results of his disobedience, evidenced in the maladies and the misfortunes and calamities which have befallen mankind through sin. God has ever sought to reclaim man from his fallen estate, and when man has been obedient and loyal to the love of the Father he has prospered.

Ever mindful of His love, the Father separated from his heavenly home, the choicest jewel of the realm of the blessed, in His Son whom he would have spoken for obedience in all things as loyalty of the will and love of the Father, and when man has been obedient and loyal to the love of the Father he has prospered.

Man in his purity of life, love and obedience is the most perfect work of God. To have by a thought brought forth the earth, and to have inhabited it with animals and even man in his material state, was not the difficult matter that it was to create man in the image of God himself, for a nature we have the reproduction of like, the tree brings the same tree, the grain brings the same grain, and like in all nature is reproduced in itself.

When a mongrel has been produced in nature in the vegetable or the animal kingdom, it has been the result of the work of man himself. The loyal Christian is the most perfect work of God. The loyal Christian is the reflection of the Master and His life and sacrifice on earth for the man whom He came to save and reclaim. Man is saved, not alone to keep him from Hell, but primarily that he may go to heaven, and be one of those who will love and enjoy the love of the Father and the Son. For there is no higher or better thing than to be loyal to a friend. This loyalty is found in the marriage relation, and the disloyalty to the marriage vows and the pledged love between man and wife are evidence by the most intense mental suffering of both. Who but can admire the sturdy lad who will stand up in defence of his father, his mother, his sister and his younger brother? We do not mean to teach fighting but we do admire the lad who will stand up for what is right, being loyal to the family which has made it possible for him to enjoy life, and also loyal to every principle which is just and right. There is a loyalty between the lad and his dog which should teach us a lesson. That Christian who is loyal to the love of the Master and the Father, is always a

We Make New Friends Daily with this Famous Hosiery!

PLEASANT BRIDGE PARTY

From Tuesday's Daily—Yesterday afternoon Mrs. E. P. Stewart was hostess at a very pleasant bridge tea at her home which was one of the delightful social events of the week. The rooms were very attractively arranged in a color scheme of lavender and gold and amid this pleasant setting was held the tea. There were five tables of bridge during the afternoon and the ladies of the party found a pleasing diversion in this fascinating game. In the playing Mrs. Raymond P. Westover was awarded the first prize while the consolation prize was won by Mrs. W. G. Kieck. In serving and entertaining Mrs. Stewart was assisted very charmingly by Miss Jessie Robertson and Mrs. W. C. Schaas.

MAN WANTED

Wanted—Producers, men who can stand prosperity. Experienced and inexperienced. Your ability only limit. You need willingness to work and limited capital. Exclusive territory in Cass county with old established house of enviable reputation. Write Dr. Ward's Medical Co., Winona, Minn.

FAMILY RETURNS HOME

From Tuesday's Daily—Mr. and Mrs. Henry McMaken and little son, Edward, with Miss Helen Clement, who have been at Green Bay, Wisconsin, since the death of Mrs. Alexander Kirk McNaughton, formerly Miss Harriett Clement, have returned home. Mrs. McMaken and her little son have been at Green Bay since January as Mrs. McMaken was engaged in looking after the family of her sister during her illness while the other members of the family were called there at the time of the death of Mrs. McNaughton.

A lease for two years covers this tract calling for delivery of one-third of the crop to the owner. Price thirty-five dollars per acre, one-half cash and balance five years.

Henry Maseman Dies at Home in State of Illinois

Former Well Known Resident of Avoca Passes Away at Kilburn—Funeral at Avoca.

From Monday's Daily—The news has been received here of the death at Kilburn, Illinois, of Henry Maseman, for some thirty-five years a resident of Avoca, the death occurring at Kilburn, where Mr. Maseman has made his home for the past five years.

Mr. Maseman was a native of Germany where he was born sixty years ago and came to America when he was twenty years of age, locating at Avoca where he has made his home for the greater part of the time since. He was one of the best known and highly respected residents of that place and his death brings a great sadness to the host of friends in the community where the Maseman family has been so active and well known. Mr. Maseman was married in Avoca, the wife passing away in 1917. Of the family there remains five children, George, Carl and Henry residing at Lincoln, W. H. and Mrs. Kattie Adkins of Avoca. The deceased was visited by a stroke of paralysis several years ago and has never entirely recovered from the effects of this attack. Five years ago Mr. Maseman removed to Illinois where he was married the second time and has since made his home at Kilburn.

The body of Mr. Maseman will be brought back to Avoca for interment there in the family burial.
