Good Bright Timothy hay for sale. —Hugh E. Warden, Union, Neb. a22-4sw

Ellis LaRue has been kept to his home on account of an injury to his back while he received while unloading salt.

Ray Frans the lumberman, was a visitor in Plattsmouth last Wednesday, called there to look after some business matters.

Earl Merritt and wife went on a fishing excursion last Wednesday, and if we take Earl's count for it they landed seven little fishes.

S. W. Copenhagen last week planted some corn that would mature early that he might turn the hogs in early the coming fall.

A. B. Knox, who some time ago was engaged in the restaurant business here, made a few hours visit among his Union friends Saturday.

Mrs. C. C. Pitman and little son, Roy, departed last Monday for their former home at Auburn, where they will remain for the present.

Robert M. Walling, the abstractor,

and Dr. Griffin, drove down from the county seat Friday morning to spend a few hours here on business.

There was a good meeting at the Baptist church last Sunday with much interest shown, and with a good attendance at the Bible school as well.

Mrs. W. E. Moore has been visiting for the past week at the home of her parents, Mr. and Mrs. J. E. Ellis at McCool Junction, where she has visited for a week.

The little girl of Victor Clarence which has been seriously ill for some time past is reported as being much improved and it is hoped she will soon be in her usual health.

Sheriff E. Porter Stewart and William G. Kieck county attorney, of the county seat were in Union on last Monday afternoon looking after some business matters for a short time.

The Methodist Aid society will meet at the church next Thursday afternoon for the purpose of cleaning the church. All members are re-

quested to be present at one o'clock sharp.

The Methodist parsonage is receiving its due in the way of painting and decorating. Earl Merritt is doing the papering and decorating, while the minister is doing the painting and varnishing.

J. S. Pitman is painting and otherwise decorating the home on the farm, and putting it in excellent condition. The farm home of Mr. Pitman is a beautiful place and the added touch is making it more so.

Frank Eaton who went to the west for his wife's health returned last week and moved his goods to Denver where they will make their home for the present, as the wife is enjoying much better health there.

Miss Doris Frans who has been at Brule for the past week or so where she has been visiting at the home of her sister, Mrs. Edwin Fahrlander, and where the sister enjoyed a very fine visit, returned home on last Saturday.

Mrs. Cokys has accepted a position at the Cokys Cafe and is installed as cook in that institution. The public knows of the excellent cooking of this lady and will be pleased to learn that she is again installed as cook in this cafe.

Reports were received here of the death of A. E. Ryder, of Chicago, one day during the fore part of the week. It will be remembered that Mr. Ryder and wife visited here a number of times at the home of John Lidgett and wife.

A. L. Becker was hauling material for the new house which he is having constructed on the farm east of town on the lands which he has recently purchased, and which he is having lumber sawn for the construction of the building.

George Trunkenholz of Eagle and Charles Schaefer of Mardock were in Union on last Saturday arranging for the constructing of a filling station on the lots which Mr. Trunkenholz has recently purchased from the Frans Bros. for that purpose.

Uncle George Eaton has been quite poorly at his home in Union for the past week and is being cared for and given the best medical attention as well as nursing. Still he remains very poorly, notwithstanding all which is being done for his recovery.

Charles Atchison, living over at Sciota, was shelling and delivering corn at the Flossie McCarthy elevator on last Monday afternoon. There was considerable delivery of the yellow cereal, but the shelling has in a manner stopped for the present.

Mrs. Charles Hoback, whose birthday fell on Monday of this week celebrated the event, with her little son, Donald, who was six years of age on the same day. A most pleasant day was enjoyed by the mother and daughter and other friends on the happy occasion.

Oscar Dowler of Manley was a visitor in Union last Monday, coming over to secure some parts from a tractor and grader which was here and has been worn out, that they might be used on the machinery which he has for use at Manley and thus avoid the purchase of more new parts.

Waldo Resso and Charles Atterberry were in Nebraska City last Monday afternoon, where they went for a new Chevrolet touring car that Mr. Atterberry was selling to Mr. Resso. Waldo has made a good selection in getting this excellent wagon and we are sure that he will find that it is one that can be depended upon.

It is a boy, but his father, Clifton Smith cannot whistle the merry tune, for you see when one smiles, the face cannot pucker so one can whistle and the smiles are the one potent element on the pleasing countenance of Mr. Smith since the arrival of the son and heir. All are doing nicely at the Smith home, and all are happy.

Next Sunday morning the Methodist church will observe Fathers' day and all fathers are given a special invitation to attend. Each will be presented with a flower. There will be special music and an appropriate sermon. The hour of the services will be 11:30. Everyone not worshipping elsewhere is invited and all fathers are urged to come.

A number of the young folks of Union and vicinity were over to Shenandoah on last Friday where they delivered a most enjoyable program from the broadcasting station of one of the seed houses. They were composed of Alda Taylor, Misses Mary and Ruth Duxford, Elsie Joy, and Mildred Clark all of Union and vicinity and Miss Dorothy Cook of Nebraska City.

There was some joy at the home of Mr. and Mrs. Frank Owings on last Saturday evening when a young lady came to their home to make her abode there, and be a comfort to them in their advancing years. The little Miss Owings was most heartily received by all the members of the family and she was also pleased with the new domicile. All concerned are doing nicely and joy reigns supreme.

Unique Service Sunday Last. At the Methodist church last Sunday a very unique service was put on by Rev. Rannels, when he announced that he would preach to people fifty years and older, and selected a chorus of people who had passed the half hundred line. There was a good attendance at the services. The services for the coming Sunday will be fathers' day, and the subject will be "Opportunities and Responsibilities of Fathers." Come and get a pointer on what they are.

Will Close Out Store.

W. A. Harding, who some time ago purchased the Farmers store in Union which he intended to conduct and make his home here, was not able to keep the store in which the stock is located for a great length of time, as the building has been sold and will eventually be used for other purposes. Mr. Harding therefore has decided to close out the stock and will with the beginning of May begin a sale which will completely close out the stock of goods.

The stock is a clean one and of the best of goods. The grocery stock will be disposed of by giving a ten per cent discount while this line lasts. The other goods, consisting of general merchandise, work clothing, dry goods, etc., will be sold at cost, it being the endeavor to get as near cost from the stock as possible, but in some cases this will be impossible as he will have to suffer a loss on some of the goods. He will continue the sale until all are gone. On Saturday, May 22nd, the remaining portion of the goods will be disposed of at public auction.

May Birthdays.

Eagle Boy Ends Life by Hanging on Last Saturday

Arthur Umland, Aged 14, in Fit of Anger Ends Life in Bedroom at His Farm Home.

For the second time within a period of a year the community near Eagle was stirred Saturday by a suicide by hanging, the victim of the suicide being a young lad, Arthur Umland, aged 14 years. The first suicide by this method occurred a few months ago when Andrew Hinrichsen, an aged man hung himself to a tree in his farm yard.

The suicide Saturday afternoon followed what was claimed to be a dispute of Arthur Umland over money matters with members of his family and after the noon-day meal at which the quarrel is alleged to have occurred, the boy left the table and retired to his room on the second floor of the house, being at the time in a fit of anger. Some time later members of the family going to the bedroom of the boy were horrified to find his lifeless body hanging from the top of the bedstead, the neck held by the belt of the boy and which had strangled him to death.

The tragedy was a great shock to the members of the family circle and medical aid summoned but the boy had been dead for some time when the body was found. Sheriff E. P. Stewart and County Attorney W. G. Kieck were called to Eagle by the tragedy, but as the case seemed clearly one of suicide, it was decided after an investigation to hold no inquest over the body.

The boy was attending the Eagle high school and was fourteen years of age. He was the son of Mr. and Mrs. Umland, prominent residents of that community. The tragedy occurred at the fine farm home of the parents a mile and a half west of Eagle on the "O" street road and just at the boundary of Cass and Lancaster counties.

The suicide was a very great shock to the friends and acquaintances of the young lad and who had little suspicion that he was contemplating such a rash ending of his life.

Pertinent Question

Do You Make Your Own Serums or Have Them Injected?

The serum treatment is perhaps the latest effort to solve the problem of disease, by those who do not believe that one can safely rely upon Nature. Where medicines seek to relieve after disease has been contracted the serum treatment seeks to prevent its contraction.

Serum treatment includes serums, anti-toxins, vaccines administered by injections into the blood stream for a wide variety of specific diseases including typhoid, diphtheria, small-pox, tetanus, hay-fever and others. It is an effort to reinforce the elements within the blood which combat the invasion of disease.

Medical authorities agree, as do all students of physiology, that Nature produces within the body a serum which counteracts toxins introduced through bacteria or germs. The excretory system eliminates the refuse or poison and disease is prevented.

The Chiropractor, instead of seeking to introduce into the body a serum which will take the place of normal secretions that the body should form for itself, searches for the reason why ONE PERSON IS SUCCESSFULLY MANUFACTURING HIS OWN ANTI-TOXINS AND SUCCESSFULLY NEUTRALIZING TOXIN INVASIONS, WHILE ANOTHER IS UNABLE TO DO SO.

The answer is found in the spine. There will be found a minute misalignment of some bone, pressing upon a nerve; DIMINISHING THE CARRYING CAPACITY OF THAT NERVE. The organ it serves, which would manufacture the need serum, has suffered in consequence. All that the chiropractor has to do is to remove that pressure from that nerve, and nature will then take care of the rest.

SETS A RECORD IN CHURCH ATTENDANCE

Cape Girardeau, Mo., April 26.—What is believed to be a record for any American city, large or small, was established Sunday when Campbell, a Dunkin county town of 1,894 persons and 95 per cent of its entire population in church. It was the fourth and concluding Sunday of a one month go-to-church campaign conducted by laymen.

HELLO CHILDREN

Once upon a time, there was a man who was chuck full of frugality. Upon walking up to a clothing cabinet he inquired of the debonair salesman, "You got any suits—how much are they?" "Yes sir and enough," was the reply. Whereupon he soon found himself poured neatly into a \$40 suit, and on slanting his lines in the conveniently placed mirror, said, "She's mine; I've disillusioned myself on cheap clothing—I'm cured."

Thereupon he planked down TWO \$20 "Bills" and Walked Out

A few years after, this same frugal cuss returned for another suit and insisted on having one with a label "K" in it. Said he—

"I've discovered it's the last \$10 that counts in a suit. It's like the \$1,000 difference in two houses, the cheaper one is a good house—but they left all the plumbing out of it."

The moral—Be sure to pay enough for your whistle, rather than too much.

{ Our next period of broadcasting will be tomorrow's Evening Journal and until then, station P-H-I-L, B. A. R. announcing, will be silent. }

Cass County Baseball League is Under Way

Opening Game of the Season Will Be Held Sunday at the Various Towns Over County.

From Wednesday's Daily—The Cass county baseball league is now launched and in practical operation over the county and the first game in the schedule of some twenty games will be staged on next Sunday when the league gets set and under way for the season.

At the preliminary meeting held at Manley the organization of the league was perfected by the election of the following officers:

President—Theodore Harms, Manley.
Vice-President—F. H. Nicholas, Louisville.

Treasurer—C. A. Armstrong, Greenwood.

The towns that filed their acceptance of applications for membership in the league were Eagle, Greenwood, Manley, Nehawka, Louisville, and Cedar Creek, and all will have strong and active teams in the league and from the prospects the season should be one of the greatest interest in the county as the fast and active organizations get busy for the season.

The opening game of the season as scheduled for Sunday will be Greenwood at Cedar Creek.

The league will be a great boost for the national sport in this county and one that will do much to stimulate the development of the younger baseball players who are to form the backbone of the players of the league.

DEATH OF OLD RESIDENT

The word has been received her of the death on Sunday at Oehrichs, South Dakota, of H. L. Assemissen, a resident of Plattsmouth some fifteen years ago and whose death occurred after a short illness. During his residence here Mr. Assemissen was engaged in the hardware business and was one of the leading business men of the community in his year here. After removing to South Dakota Mr. Assemissen continued to follow the hardware business and was so engaged at the time of his death. He was seventy-one years of age at the time of his death and leaves to mourn his death his wife and three children. The funeral services will be held at Oshirichs.

Happy Hundred Committee Gives Report

Very Successful Season of the Interesting and Pleasant Men's Community Meetings.

The "Happy Hundred" supper committee composed of L. O. Minor, G. W. Morgan and E. H. Wescott, have made their report for the year on the amounts received from the various suppers and the expenditures of the committee, showing a neat balance for the year from a financial standpoint.

The suppers were one of the strongest features of the community life in the past winter and one in which the men of the city and vicinity entered into with the best of spirit.

For their efforts in putting over this feature of the activities of the chamber of commerce, the supper committee is entitled to a world of praise as they have made the events the great success that they have been in the past three seasons.

The report of the committee as prepared is as follows:

Receipts,
Balance, April 8, 1925.....\$ 24.66
Received from net proceeds of sale of Happy Hundred plates..... 673.00
