

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

Louis Bornemeier was shelling and delivering corn to the Murdock market on last Thursday.

Albert Thiel was spending the week end with friends at Vermillion, Kas., and enjoyed the visit very much.

Floyd Hite was assisting in the shelling and delivering of the crop of corn to the Farmers' Elevator in Murray.

Fred Cordes has completed the planting of his corn at his new ready for the delivery which he will immediately begin.

William Bourke shipped a car load of hogs from the Murdock station last Thursday and found the weather rather stormy for the same.

O. E. McDonald and the family were visiting last Sunday at both Murray and Plattsmouth where they were guests of the folks of both Mr. and Mrs. McDonald.

Mrs. Henry A. Guthmann and little daughter, Janet, were in Omaha for a number of days during the past week, where they were visiting with their many friends there.

Harold Lacey and Art were over on the river and at the Shack, where they were endeavoring to fish away a few hours at the fascinating pastime of fishing on last Thursday afternoon.

The grades under the eighth grade held their picnic at the school house where they abandoned themselves to fun and playing of games and were all tired and happy at the close of the day.

Ivy McCrorey and family were picnicking and fishing in the historic Weeping Water Creek one day during the past week getting the play out of the way before the real farming work begins.

Messames J. E. McHugh of Murdock and sister, Jess Hill of Omaha, the McHugh boys and E. R. Guthmann, were picnicking and fishing at Fred Towle's, near Wabash, one day during the past week.

Uncle G. V. Pickwell was rejoicing on last Thursday over the completion of the work of assessing, and should be glad for he now can get at the cultivation of the corn. W. H. Rush, who has been doing the planting for Mr. Pickwell has it completed.

Miss Catherine Tool has been having a very severe time with one of her wisdom teeth which had to be extracted and following this the wound became very sore, gathering and feeling much pain. She, however, is feeling some better at this time.

Fred A. Stock has completed the planting of his corn and is now ready to look after the plowing of the same. Mrs. Albert Zable of College View, and formerly of Murdock, is visiting at the home of her sister, Mrs. Fred A. Stock, Sr., and her many friends in and about Murdock.

The school of Murdock closed with a picnic for the entire high school at the state fisheries on Wednesday, May 19th, and at which time the entire number of scholars enjoyed the outing and the getting together at the close of their years work.

H. H. Tool and wife were in Lincoln on last Wednesday to assist in the arranging of the appointments for the celebration of the fiftieth or Golden wedding anniversary of Mr. and Mrs. Jacob Goehry, which occurred on Sunday and which will be given in the paper of next week.

The Bible class of the Evangelical church met with their teacher, Mrs. W. O. Schewe, last Friday evening and arranged for a more thorough work with the class and also the organization of the Bible school study and work. Mrs. John W. Kruger assists in the entertainment of the class with their teacher, Mrs. W. O. Schewe.

On Friday of this week the eighth grade of the Murdock school held their picnic at the Wabash park. The children played in all innocence in the historic park, where many a political scheme was hatched and some put through while in other cases the schemers went down in defeat. However the school children enjoyed the time there nicely and with fried chicken and other good things to eat made the day most enjoyable.

Fred A. Stock, last week, had another car of fat cattle on the South Omaha market, which makes about six cars thus far shipped and with another one to go, which about completes his feeding for the present, still he will be on the market again in a few months as he is getting some

more for another campaign. He had a number of cattle in Chicago, also a few weeks which seem very high. The last load which went to Omaha topped the market.

Make Some Excellent Records.
In the examinations incident to the closing of the school year of the Murdock schools, the records made by such examinations showed very deep study and Meredith Weddell, being the one who obtained the highest, his per cent averaging 91.6 and would have entitled him to a scholarship.

but as he would not attend a school he was not given it. The one coming next to Mr. Weddell was Mr. LaVill Swartz, while the two ladies to score the highest were Misses Ruth Bauer and Marie Tonak. The average records were higher than what was required to graduate. The number of credits required to pass being 32, and some ran to 34 and the general average was over 33.

Father Dies in the West.
On last Wednesday a telegram came from Douglas, Wyoming, announcing the very serious illness of Mr. Henry A. Gillespie, the father of W. O. Gillespie, saying that he was very seriously ill, and in but a few hours another message followed telling of his death. Mr. Gillespie departed for the bedside of his father, but was unable to arrive in time for the opportunity of seeing the father before he expired. Mr. Gillespie was born in Indiana on February 4th, 1850, and came to this country many years ago, living near Cedar Creek in this county.

Mr. Gillespie lost his wife on April 13th in 1918. Since then he has been widowed and although well advanced in years took a homestead on the arid reclamation act and proved up on a section of land. Just the cause of the death and what was the cause the folks were not advised in their wire. Mr. W. O. Gillespie immediately departed to the bedside of the father.

The funeral and burial will in all probability be held at the place where the remains of the wife now repose, in Colorado. There is left to mourn his departure, W. O. Gillespie of Murdock, George Gillespie, Henry Gillespie and Mrs. Maude Pensch, all of Douglas, Wyoming.

The School Year Ends.

With the closing of the present school year a large number of young people go out into the world to commence their life's work, and are a greater number than will graduate from the Murdock high school at one time for a number of years to come. The commencement exercises, which included the Baccalaureate sermon which was delivered by the Rev. West, pastor of the Methodist church of Elmwood, was exceptionally fine and closed the lines of the "Vision that Lives." Many were the excellent points that he brought to the thoughtful students. The commencement address to the class, was delivered by attorney Clifton L. Ryan of Lincoln, and was on the subject of a challenge of the youth of America and especially to those who are just at this time leaving school for their best efforts in achieving a better condition of society, and was "The Resent Crime Wave a Challenge to the Youth of America." A large number of people were present and greatly appreciated the two services.

Will Leave Murdock.
The Rev. A. Brauchle, who has made his home in Murdock for many years past, and who is a minister of the Evangelical church, last week sold his property in Murdock to Mrs. Catherine Smith of Ithaca, the consideration being \$3,500. The property is a very desirable one and well located, as well as being nicely improved. The Rev. Brauchle, with the wife, will depart in the course of a few weeks for the west and will either locate at Palisade, Cal., or Covert, Wis. They have two large tracts making their home there. They have not decided which place they will reside as yet. The property has been leased to Bryan G. Lamb, who will move to Murdock sometime in August getting here in ample time to get some acquaintance before the opening of the coming year of school.

FIRST OVER THE TOP
Lee Horn Post No. 222, of Shubert, Neb., is over the top for 1926. A wire received at state headquarters November 6 from Commander Baker gave this gratifying news. It is the first post to report over the top for 1926. An increase in membership is also promised by Commander Baker.

RECEIVED SCHOLARSHIP AWARD
Mr. Stephen Francois Park of Greenwood was Valedictorian of his class in the Greenwood high school and has been awarded a free scholarship by the Chillicothe Business College of Chillicothe, Mo., in his choice of a stenographic, bookkeeping, telegraph or civil service course.

GRADUATES FROM SCHOOL
The many Plattsmouth friends of Miss Hazel Clury will be very much interested in learning that Miss Clury, who gave such a wonderful display of her talents in the dramatic art while a member of the local high school, has just graduated from the Miner School of the Spoken Word at Omaha, where she has been studying since her graduation from school here. Miss Clury is a young lady of the greatest talent and has not only delighted the Plattsmouth public with her offerings in the line of recitations and as a dramatic reader has scored a very distinct triumph. While a student here Miss Clury was the winner of several prizes in dramatic courtships and her graduation from the Omaha school will fit her for a larger field of activity in this line and one that she can fill most acceptably with her natural ability and special training.

FRANK B. O'CONNELL
From Thursday's Daily—
Captain Frank B. O'Connell, Brigadier Adjutant Nebraska National Guard and former Department Adjutant of the American Legion in Nebraska, serving in this capacity from the inception of the Legion in 1919 to the 1st of January, this year, arrived this forenoon. Frank is state game warden now, and says that he wouldn't have missed the Plattsmouth convention for anything.

O'Connell was head of the National Association of Department Adjutants for two years and being an experienced newspaper man was often called into consultation at national headquarters on matters connected with the editorial policies of the American Legion Weekly. He found and edited the Mid-West Veteran back in 1920, when Legion information was needed to keep the new organization on its feet. The paper was later made official paper of the Nebraska Legion, being published by state headquarters under the name of Nebraska Legionaire.

O'Connell was here with the Nebraska National Guard in 1922, and is acquainted with a large number of Plattsmouth ex-service men and Legion members.

Legion Community Building Real Live Proposition

City May Be Interested in Proposition to Join in the Great Community Enterprise.

From Thursday's Daily—
The American Legion post of Plattsmouth has sponsored and boosted the erection of a community building and auditorium in this city that will be a lasting memorial to the service men of the community and a real service to the people of Plattsmouth and surrounding territory.

The building plans have called for a structure that will cost in the neighborhood of from \$25,000 to \$30,000 and which will serve a purpose that has long been badly needed, that of a community gathering place where public meetings might be held and which would be adequate to accommodate the growth of the city in the next decade.

As it was first proposed the building was to be exclusively by an American Legion building although the generous and liberal residents of the city had made most pleasing donations for the securing of the building and as the result of which some \$3,600 has already been raised and subscribed. The American Legion purchased the site for the auditorium from their own funds at the cost of \$2,700 and which was the official start of the proposition and to which the people of the city have responded with liberal donations of funds.

The condition of affairs has led the American Legion building committee and the advisory committee to decide that it should be a more broad and strictly community proposition if the city should take up the matter and join in the efforts of the Legion and accordingly it was taken up with the city council to advance the interests of a community building that would house not only the community auditorium and the American Legion club rooms but the city council chamber and police judges office as well.

The plan as advanced is that all of the subscription made to the Legion building be advanced to the city community building and that there be voted a sum sufficient to cover the cost of the remainder of the proposition and which would make it a real 100 per cent Plattsmouth community building. The subscribers to the building fund will be interviewed and their desires in the matter ascertained and then the city government will act for the securing of the funds needed by voting bonds sufficient for the purpose.

RAIN DETAINS MANY
From Friday's Daily—
The storm last night played havoc with the roads that were not gravelled and hard surfaced and as the result of the storm many of the visitors here at the American Legion convention as well as residents of the country districts were compelled to remain in the city over night. The Lincoln visitors here for the convention who remained for the evening festivities, practically all remained here over night, and they did not care to battle the mud between the K. of T. highway and Lincoln. A number of the visitors from the capital city drove to Omaha and thence over the D. L. D., which is paved and gravelled all the way from Omaha to Lincoln.

Elmwood Lady Sues for \$7,000 for Eviction

Mrs. Virginia C. Bogenrief Asks Judgments for Being Locked Out of Home

From Saturday's Daily—
This morning an action for damages in the sum of \$7,000 was filed in the office of the clerk of the district court by Mrs. Virginia C. Bogenrief against John Lynn, Walter Bogenrief, A. W. Nelhart, Sarah J. Bogenrief and L. Linder, for the alleged acts of evicting the plaintiff from her place of residence by placing lock on her dwelling house and also setting out her household goods and depriving her of the use of her home.

In the petition of the plaintiff, filed by Attorney D. O. Dwyer, it is stated that the plaintiff is the widow of Spencer Bogenrief, who died on February 4, 1925, and who was a son of David Bogenrief, who had plaintiff and her husband move to his home in Elmwood and remain there in care of the deceased David Bogenrief until his death. That an agreement was made, whether in writing or verbal, the plaintiff does not know whereby the plaintiff was to have the home as her residence until death, with the understanding that the widow, Mrs. David Bogenrief was to be cared for at this home also.

It is claimed by the petitioner that on May 22, 1926, the defendants in the case caused a special lock to be placed on the residence property occupied by the plaintiff and which has deprived her of the use of her home and that on the 23rd of May, the defendants caused the household goods of the plaintiff to be removed from the residence and placed in a barn for storage. The proceedings, the petition alleges, were committed without the warrant in law and in violation of the rights of the plaintiff. For these acts and for the injury caused to the physical welfare of the plaintiff, judgment is the sum of \$7,000 is asked.

Refrigerator Repair Work at the Shops Here

American Fruit Growers Express Co. to Take Over the Work at Local Burlington Shops.

From Saturday's Daily—
Yesterday the final details in the plans for the transfer of the refrigerator repair work on the lines of the Burlington railroad was concluded here by the representatives of the American Fruit Growers Express Co., and the Burlington railroad which means that the work in this line that has been heretofore in the hands of railroad exclusively will be handled by the Fruit Growers Express, the company handling the work to be known as the Burlington Refrigerator Express.

The plans of handling this line of car repair work by companies outside the regular railroad company has been discussed since the first of last December when the matter of the railroad ceasing to handle the work was first brought up for discussion. The Plattsmouth freight car repair department of the Burlington shops has been handling the work largely since 1922 and the Fruit Growers Express that is now to take the work over has decided that the work shall be continued here at this point as it was both convenient to the points west and situated midway of the country was a very logical point for the work and especially as it was on the line of the Burlington railroad that has placed the line of work in the hands of the Express company. That the railroad and the new Burlington Refrigerator Express have seen fit to carry on the work here will be the source of a great deal of pleasure to the residents of this city.

The new company at midnight of May 31st take over all of the buildings, material trackage and equipment that has been used in this line of work by the new Refrigerator Express company to carry on the repair work.

The new company takes over the force of men that have been employed here by the Burlington and on the first day of June the work will be started under their direction. Mr. E. A. Brunson, of Chicago, has arrived here and will be the superintendent in charge of the refrigerator repair shops that are to be operated as a separate and distinct unit and over which the Refrigerator Express Co. will have sole control and will be distinct and separate from the remainder of the shops that are operated by the Burlington.

The new company that is taking over the line of work is one of the largest in the country and operates shops at a large number of points they have the handling of practically all of the refrigerator repair and car building work in the country. They have large shops at Indiana Harbor, near Chicago and also at St. Paul, Minnesota, and this the first shop that they have in operation in the middle west and which will be able to supply the repair work for a large section of the country. The officials of the company who were here a week ago were very much pleased with the conditions here and feel that in their Plattsmouth shops they will have an excellent location and the best field for expansion that may be desired in the future.

The new company have not announced their plans for the future development at this point but as work progresses and the new management gets its forces thoroughly organized that they will be able to handle a great deal more work here as the field of labor is much larger than that of the Burlington and will include work for many lines of roads that may be handled here at this point.

The Burlington will maintain its coach shops and the paint, plating mill, machine shop, blacksmith shop and tin shop as well as their store department here and the mechanical force at the Burlington will remain under the charge of William Baird, the present shop superintendent while the new refrigerator shops will be under the charge of Mr. Brunson, the superintendent. Work in various lines of supplies will be handled by the Burlington for the repair shops for the present at least until the refrigerator shops can erect and maintain auxiliary units to supply material for the use in their work.

The city of Plattsmouth is very glad to welcome the new company here as an important part in the industrial life of the community and they will find the city one that will be convenient as to location for their work and an attractive point for homes for their employees. Mr. Brunson, the new superintendent, is looking over the city to find a suitable location and will move here as soon as possible to make his home in the future.

ORDER OF HEARING
and Notice on Petition for Settlement of Account

In the County Court of Cass county, Nebraska.
State of Nebraska, Cass county, ss.
To all persons interested in the estate of Christina Barr, deceased:
On reading the petition of John Long, Administrator, praying a final settlement and allowance of his account filed in this Court on the 22nd day of May, 1926, and for final settlement of said estate and for his discharge as said Administrator;
It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 1st day of June, A. D. 1926, at 10 o'clock a. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Plattsmouth Journal, a semi-weekly newspaper printed in said county, for one week prior to said day of hearing.

In witness whereof, I have hereunto set my hand and the seal of said Court, this 22nd day of May, A. D. 1926.
A. H. DUXBURY, County Judge.
(Seal) m24-1w

HAVE GIVEN LONG SERVICE
There are two adjutants in the First Nebraska district with records of long service. C. S. Klinger, adjutant of Lincoln post No. 3, began serving in this capacity in 1919 and is still holding down the job. Elmer Webb of this city, is next in seniority, having served the local post as adjutant since 1920.

In the entire state there are but three who have served in this capacity since 1919 and five who became adjutants in 1920 and are still "hitting the ball."
It has been suggested that the old timers organize themselves into the rather exclusive "Ancient Society of Aged and Decrepit Post Agitators," and it may be that some move looking toward this will be made at the convention here today and further perfected at the state convention at Plattsmouth this summer.
