

Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

Charles Stone, of Clearwater, was visiting with his father in Nehawka last week.

W. O. Troop, assisted by the neighbors, was making hay during the fore part of last week.

B. West and Orville Griffin were in Lincoln last Saturday, where they were looking after some business matters for a short time.

Roy Yonker, the salesman for the Charles Atterberry garage of Union was a visitor in Nehawka and neighborhood on last Monday.

A. G. Mast and Edward Murray were enjoying the ball game between the Nehawka and Manley teams at the latter place on last Sunday.

Albert Johnson was harvesting his oat crop on Monday and Tuesday of this week and getting ready to complete his hay harvest as well.

Mrs. Robert Troop is visiting at the home of her parents, Mr. and Mrs. J. J. Lohnes at Grant this week and is accompanied by their little daughter.

Merrill Sheldon was a visitor in Plattsburgh on last Sunday, where he had some business matters to transact with the Plattsburgh Motor company.

Albert Wolfe and daughter, Miss Gladys, were in attendance at the ball game which was played at Manley between the Nehawka team and that of Manley on last Monday.

Leland Hodge, who is with the Lincoln Telephone company, has been in Nehawka with a crew of workmen making some material changes in the lines radiating out of the city.

Mrs. Earl Philpot was a visitor at the home of Conrad Johnson during the week, where she is assisting in the care of the little lady who came to make her home with this good couple.

Miss Dorothy Murray, of Dunbar, was a visitor for a few days last week with her friends, the two young daughters of the Rev. and Mrs. W. F. Graham, pastor of the Presbyterian church of Murray.

Mrs. John O. Yeiser, of Omaha, and the children arrived in Nehawka on last week and will visit here for a number of weeks with the parents. Mr. and Mrs. Sturm, during the time when it is so warm in the city.

Conrad Johnson and the good wife are rejoicing over the arrival of a very fine little baby girl at their home, but not any more than Grandfather Jacob Wessell and Peter Johnson, neither of whom can whistle from smiling.

On last Monday A. G. Murdoch was threshing his grain with the new Woods Brothers thresher which he recently purchased thru Otto Wohlfarth, salesman for the Plattsburgh Motor company. Mr. Murdoch has a very fine quality of wheat.

Frank M. Lemon and the good wife were attending and enjoying the ball game between Nehawka and Manley last Sunday, but would have preferred to see the home team win, and were a bit disappointed when victory slipped from their grasp.

George Sheldon, of the Sheldon Manufacturing company, of Nehawka, is handling a new machine for refrigeration known as the Kelvinator, one of which he has installed in the store of J. H. Steffens and which is a wonderful institution for the purpose.

Mark Burton was embellishing the store front of the general merchant, John Opp, during the fore part of the week and making that popular institution look like new, which is in keeping with the excellent service that gentleman gives in the sale of his quality goods.

Thomas E. Fulton was a visitor with the good wife and Harold Kimball and wife at the celebration at Plattsburgh on Monday of last week, where they enjoyed the occasion very much. Mr. Fulton met so many of his old time friends he hardly had time to see the celebration.

Messrs. Ray Berger and Otto Wohlfarth, salesmen for the Plattsburgh Motor company, of Plattsburgh, were looking after some business matters in Nehawka on last Monday morning, Mr. Wohlfarth having sold new threshers of the Wood Individual type to Harry Knabe and Henry Engelkeimer.

Uncle Charles Philpot, of Weeping Water, who has been so very sick for some time, and who but a short time since was taken to the Clarkson hospital in Omaha for treatment, is reported as being much improved and was able to return home on Tuesday of this week, with the hope of being entirely well again soon.

Henry Sturm and son Melvin were cutting oats Monday with the tractor and new harvester which they have but recently purchased and which makes a pronounced effect on a grain field as it takes a swath of twelve feet at a time. One man runs the tractor which pulls the machine, while the other looks after the harvester.

Frank Schlichtemeier, with his new thresher, which he purchased a short time ago from Otto Wohlfarth, salesman for the Plattsburgh Motor company, was doing his first work with the new machine at the home of Alva Dodson on Monday of this week. The new machine does excellent work

and the grain which Mr. Dodson grew is of good quality for a test of the machine.

Miss Julia Troop and brother, George Troop, entertained a number of their young friends of Murray on last Saturday, when they gave a reception to the members of the Christian Endeavor of the Presbyterian church of Murray and on which occasion all present enjoyed a most splendid time. The home has been decorated in Jap colors and made a beautiful scene under the evening light as the young folks made the evening a merry one.

Had a Spirited Game

The Nehawka Braves, in the form of the Nehawka ball team, went over to the center of the county in Center precinct to the city of Manley last Sunday, where they engaged the ball team of that place in a contest, which was one of great interest and in which both teams played ball in the latest and most approved manner, and with nearly even scores. The game was concluded with the score standing Nehawka 6, to Manley 7. A goodly crowd of rooters accompanied the team to the Irish stronghold and did their best to keep the Nehawka team in the lead.

At Hospital for Treatment

On last Monday afternoon, D. C. West and R. B. Stone accompanied Grandpa J. M. Stone to Omaha, at which place he entered a hospital for treatment. Mr. Stone, who has been so seriously ill at the home in Nehawka for the past several weeks, has been showing much improvement during the past week and it is hoped that the treatment and better facilities which will be afforded at the institution in Omaha will enable him to now show a more rapid advancement towards entire recovery.

Young Man Wins Promotion

On last Monday afternoon, Orville Griffin, one of the excellent young men of Nehawka, departed for Lincoln, where he entered the employ of the Continental State Bank of the capital city, and where we are certain he will make good. Mr. Griffin has been with the Nehawka Bank and has proved his worth to this institution, who are most gladly recommending him and his work to the financial institution with which he is now associated. We are sure Mr. Griffin will make good in his new position, as he has with the local bank. His many friends in Nehawka and elsewhere will be pleased at his promotion.

Heavy Hall Storm Strikes Bradshaw

Damage Comes With Storm in Which Two Inches of Rain Fell; Milford Has a Heavy Rain.

York county crops in the vicinity of Bradshaw suffered much damage Monday evening in a storm which drenched that territory with a two inch rain accompanied by a severe hailstorm. The damage was greatest in a three mile strip extending both east and west of Bradshaw, an area that reached a considerable distance north and south as well. Another heavy storm was recorded at Milford in Burlington weather reports late Monday night. An inch and a half of water fell in Milford territory, the report said, but no damage was reported from either wind or hail.

Rains late Monday afternoon were general over much of the southeastern section of the state. A brisk rain at Lincoln about 5 p. m. was recorded at .22 of an inch. Hail was said to have fallen in the vicinity of Prairie Home at 3 p. m., and another storm struck a short distance west of Seward during the afternoon.

From Lincoln west to Ames, with the exception of Milford and Bradshaw the Burlington estimate gave the rainfall at an average of an eighth of an inch. From Friend west to Hastings from a third to three-quarters of an inch fell. Dorchester received a quarter of an inch and Cedar a light shower. In the Wymore vicinity from a half to three-quarters of an inch of moisture fell between that point and Table Rock. Beatrice reported a quarter of an inch. Ong, Neb., July 12.—Another good rain fell here early Monday morning. It measured nearly an inch here and from Ong-half to three-quarters of an inch in a radius of forty miles each side of here. Corn looks splendid and alfalfa is making good growth.

BELGIAN KING MAY BE MADE DICTATOR TO RESCUE FRANCE

Brussels, Belgium, July 13.—Grave concern is being felt over the depreciation of the country's currency, and Monday night the cabinet ministers decided to go before parliament Tuesday to ask that body to bestow dictatorial powers on King Albert for the next six months, in order that he may deal drastically with the situation.

The ministers took this decision when the Belgian franc dropped to 45.50 to the dollar Monday.

NEW YORK BROKERS' LOANS INCREASE \$37,611,000

Washington, July 13.—Brokers' loans issued by member banks of the Federal Reserve system in New York for the week ending July 7, amounted to \$2,602,788,000, an increase of \$37,611,000, the treasury announced Monday.

Suit is Filed Against Shenandoah Bankers

Officers of Closed Banks in Case Filed in Council Bluffs—Agreement Is Reached.

Shenandoah, Ia., July 12.—H. J. Spurway, receiver for the First National bank, filed suit in the United States district court, Council Bluffs, today before Judge Martin J. Wade and received a restraining order against Thomas H. Read, Elbert A. Read, Earl Sheets, Henry Field, and J. J. Gwynn, directors of the closed bank, from selling, diverting or disposing in any manner any of their property until the suit is settled.

The restraining order as granted applies to all the directors except Henry Field, seed man. Hearing of the case is set for July 20 in Des Moines. The officers of the bank are accused of excessive and illegal loans to the extent of \$55 thousand dollars, the illegal hypothecation of government bonds totaling 50 thousand dollars, left by customers at the bank for safe keeping and numerous other charges.

Spurway charges deception in window signs advertising 250 thousand dollars capital and surplus, and impropriety in allowing President T. H. Read, 85, to have charge of the bank at his age and paying him a salary of 10 thousand dollars, and also dividends twice in one year.

Charge Illegal Dividends.
Charges are made that dividends were illegally paid the Reads and that the bank was negligent in receiving second, third and fourth mortgages and failed to require Henry Read, cashier, to provide five thousand dollar bond.

The names of Field, Sheets and Gwynn are included in the suit because they are directors, being small stockholders. They had little actual relation in directing the bank.

Reach An Agreement.
Representatives of the depositors of the bank, which was closed May 13, have secured from T. H. Read, aged president, and his sons, E. A. Read and Henry Read, an agreement binding them to put in property valued at 286 thousand dollars and appraised at 226 thousand dollars, which it is thought will make good the liabilities of the bank and enable a trust company to be organized to pay the depositors in full.

Al Smith Unable to Visit Coolidge Early This Week

President Catches Six-Pound Pike and Fine Trout; Baited Own Hook and Removed Fish.

Paul Smith's, N. Y., July 13.—Governor Smith of New York, has found it impossible to accept the invitation of President Coolidge to visit him at White Pine camp early this week, and as a result the invitation was renewed Monday night for Friday.

The invitation was extended by Mr. Coolidge for the governor and Mrs. Smith to have luncheon with him and Mrs. Coolidge any day of this week, but although transmitted last Saturday was not received by the governor, who was out of Albany. Hasty telephone calls resulted between the secretaries to the two executives during which it was said that engagements of long standing made it difficult for the governor to accept on the days specified, and the outcome was a renewed invitation for the latter date.

One result is to make certain a later departure of the president for his boyhood home in Plymouth, Vt., the general view here, in the absence of an announcement having been that he probably planned to leave Thursday. Departure on Saturday now appears the earliest moment Mr. Coolidge can leave for that visit which may keep him away from White Pine camp for five days.

Negotiations on the visit of the New York governor were carried on during a day devoted almost exclusively by Mr. Coolidge to fishing. Evidencing a keen enthusiasm for the sport which he had forsaken since boyhood, he went in the morning to Lake Osgood, on the shore of which the summer White House is situated, and pulled out a fine six-pound pike, measuring 20 inches from tip to tip. Then in the afternoon he went 12 miles from the camp to the preserve of the late William Rockefeller, now owned by Col. Benjamin B. McAlpin of New York. John McDonald of Utica, and others, and hauled out five brook trout averaging half a pound each in the course of three hours on Pondsley, Jr., pond, baiting his own hook with worms and removing the fish himself.

OLD TAXI FOR LEGION

Paris, July 12.—One of those old-fashioned two-cylinder, stubby-nosed taxicabs which helped to rush Gallieni's Sixth army across Paris to the front when Paris was threatened at the beginning of the war, will poke slowly through the streets of Philadelphia, when the American Legion meets for its convention next fall. At the wheel will be one of the grizzled chauffeurs—a veteran of the battle of Paris, familiar to all Americans who knew the capital before and during the war. This is the plan of the Paris delegation to the Legion convention, and all that remains to make it certain is the permission of the government, which is almost sure to be granted.

GUARD AGAINST FRICTION

Why the Stage was late

Dirt and poor lubrication—the axle spindle worn thin—a bad road and a heavy bump—a broken axle—danger and delay. Same with an automobile, poor lubrication spells trouble—especially with the motor. If it does not get protective lubrication it won't run well for long. It will get noisy and riding will be uncomfortable. It will lose pep and power. It will soon wear out.

The best oil is the cheapest in the end. It is the best guard against friction and wear. So it pays to buy Polarine—the highest quality motor oil that years of experience and the most extensive manufacturing facilities have been able to produce.

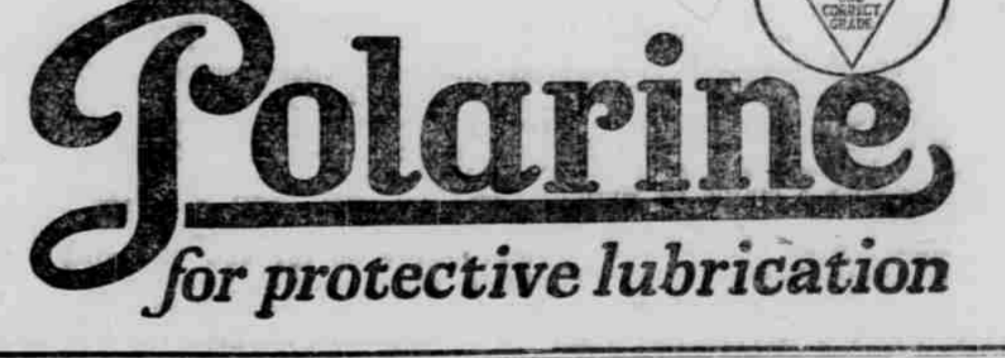

Polarine resists the effects of heat, resists dilution, keeps down carbon troubles to the lowest point, provides a continuous oil cushion that prevents friction.

Use the grade of Polarine recommended for your motor by the oil engineers and automotive experts who drew up the Polarine Chart and you take the first step towards protective lubrication. Drain the dirty, diluted oil out after every five or six hundred miles, or as frequently as the manufacturer of your car recommends. It will save you inconvenience and repair expense. You can't safely economize on oil.

Polarine is made in six grades—Polarine Light, Medium, Heavy, Special Heavy, Extra Heavy and Polarine "F" for Fords—a grade to provide protective lubrication for every make and type of automobile motor. Buy Polarine where you buy Red Crown the Balanced Gasoline—where you see the Red Crown Pump and the Polarine Sign.

COOLIDGE CALLED 'CHAMPION JOKER' BY DEMO. LEADER

Washington, D. C., July 11.—President Coolidge was listed today as one of the champion jokers of the country by Representative William A. Oldfield (dem., Ark.), chairman of the democratic national congressional committee. "The president," said Mr. Oldfield, "has been praising the organization of the senate and the house and boasting about the accomplishments of congress. He has emerged from his retreat in the Adirondacks long enough to make some remarkable statements. His praise of the leadership of Longworth and Tilton in the house and Curtis in the senate and of the 'splendid' organization of the republican party in the two bodies of congress, shows that Mr. Coolidge is one of the champion jokers of the country. 'Everybody except President Cool-

idge knows that nothing of real importance was accomplished by congress except tax reduction. And this was brought about through bipartisan support. 'As to this 'splendid organization' of which the president speaks, I do not notice it and I do not think anybody but Mr. Coolidge did. Not only was the organization so poor that many of the Coolidge recommendations failed even to be considered, but neither the senate nor the house was well enough organized to adjourn when the leaders, whom he boasts, wanted to.'
DIRIGIBLE ON WAY EAST
Lakehurst, N. J., July 13.—The 185-foot army dirigible TC-5, left here late Monday for Langley field, Virginia, in command of Lieut. William A. Gray, and a crew of five men. The craft arrived Wednesday and was placed in the hangar with the Los Angeles.

FOR CONGRESSMAN—FIRST DISTRICT

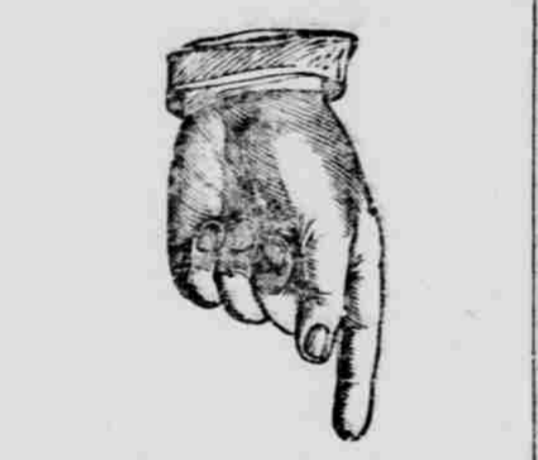

Vote for ONE
 GEORGE J. THOMAS

My idea is that our farms must have a larger net income. I will do my best to secure lower prices for what we as farmers buy or higher prices for what we sell.
