Objections Filed in the Ottis McNurlin Estate

Widow of the Deceased Files Objection to Administrator Suggested in Will.

From Saturday's Daily— This morning in the county court the matter of the probate of the will and the granting of administration papers in the estate of Ottis McNurlin, deceased came up for hearing before Judge Duxbury.

The widow of the deceased, Mayme McNurlin, has filed in the court through her attorneys, W. A. Robertson and C. A. Rawls, objections to the naming of John McNurlin as the administrator. In the petition of the widow it is alleged that Mr. McNurlin, suggested as the administrator of the estate of his deceased brother had interests that were in conflict with the interests of the estate and for this reason it is objected to his appointment by the court.

In the petition of the objector it is stated that John McNurlin has a judgment of \$2,989.05 against George W. Snyder and that the estate of Ottis McNurlin has among the assets a judgment for \$4,382.21 and that for this reason the interests of the parties would be in conflict.

WHY SHE MOLTS

An old hen may be molting now for two reasons; first, she may be a poor layer who figures that the spring of the year is the only time of the year she needs to work, and second, she may get her feed so irregularly that she really thinks hard times are coming and she might just as well shed her old dress and get one made for the winter. If she is a poor layer, she is thru work for 1926 and ready to take a trip to town. If she has been turned loose to shift for herself and to get her feed from the hog yard and the grain field and her water from the dried up mud hole, she should not be expected to lay many eggs! A dry mash feeder in the hen house and a regular feed of grain twice a day for hens kept in a yard is a far more profitable practice than the "skyscraper" method for their summer feed. The day is coming when the most successful poultrymen, even on the general farms of Nebraska, will raise their chickens inside fences like they raise their hogs and cattle.

PONY WANTED

Wanted—1,000-lb pony for children. George M. Domingo, Weeping Water, 119-4sw

BEATING THEM TO IT

In these days of "super-regulation" of business and industry, it is interesting to note that private enterprise is quite often "beating the regulators to it," when it comes to giving the public service.

In its endeavor to render the best of service to its subscribers, the Chesapeake & Potomac Telephone Co. does not wait for complaints, but sends its subscribers a card asking for information as to any unsatisfactory conditions.

This card is a masterpiece of courteous and intelligent consideration of the customer's side of telephone service. It is a model that could be used by any business which is interested in seeing that its patrons have no cause for complaint.

City Improving Alleyways in the Business Section

Repair Work That Has Been Badly Needed for Several Years Now Being Undertaken.

From Saturday's Daily— The city street department under the guiding hand of Chairman Carl Kunsmann of the streets, alleys and bridges committee of the council, has started a piece of work that has been badly needed for several years past and which will be a most noticeable improvement to the condition of the business section of the city and this is the repairing of the alleyways in the downtown sections.

For a number of years there has been large and ever widening holes formed in the concrete paving in the alleys, the paving having been in for a long period of years and getting in had shape each year with the increasing heavy travel over them and as the result of the decay of time and the heavy truck travel the pavement in a number of places had become almost impossible for travel. This was especially true of the section between Fourth and Fifth street on the north side of Main street where large holes had been worked in the paving and which had grown so bad that mud holes were formed there.

Mr. Kunsmann has been giving the city some splendid service in his department of the city council, making personal trips out on the various jobs and assisting the street commissioner who is always overburdened with requests for small jobs in every part of the city. Mr. Kunsmann is getting a great deal of work done and using every means to do the work well and at the very little expense as possible and in this plan is now having the repairing of the alleys done by the city employes themselves and at a very small cost to the city, the job being a good one and that will give the city well maintained alleys in the future at a far less cost than otherwise would be possible.

The interest that Mr. Kunsmann is showing in the discharge of the duties of his office is of real service and saving to the city and which should be fully appreciated by those who foot the bills—the taxpayers.

SOAP AND WATER GIVE CHICAGO STORES NEW FACE

Chicago.—Chicago, which once ranked no far below Pittsburgh in its reputation for dirt and grime, and which manages to collect a fair amount of grime, nevertheless has some of the world's whitest and cleanest buildings. This is not a paradox, but a tribute to the cleanliness of an ancient product pronounced on by modern skyscraper construction—terra cotta. Smooth and glossy, it yields readily to a little soap and water when owners give the buildings their annual or semi-annual bath. Many of the huge department stores along State street are surfaced in white terra cotta and after the spring cleaning they present a flashing appearance among their duller brick and stone neighbors.

Among the newer buildings built of terra cotta are the "Wrigley twin towers," which continue their dazzling whiteness even thru the night under a battery of powerful floodlights.

Pioneer Woman of Cass County is Laid to Rest

Mary E. Bartle Passes Away at LeGrand, Ia., at Ripe Old Age—Burial at Weeping Water

Mary E. Carmichael was born in Illinois, May 21, 1849. Her parents, Mr. and Mrs. Abraham Carmichael, with their family and others moved to Nebraska in 1856, locating on a farm near Plattsmouth, later moving onto the farm west of Weeping Water now owned by E. E. Day.

She married William Dougherty and they settled on a homestead near Elmwood in 1869. Five children now living are F. U. Dougherty, Alvo, Nebraska; D. C. Dougherty, Marshalltown, Iowa; Mrs. Cal Dougherty, LeGrand, Iowa; Mrs. T. T. Stollard, Omaha, and Mrs. Chas. Tighe, Pender, Nebraska. Those with 36 grandchildren and nine great-grandchildren, are left to mourn her loss and cherish the memory of a good affectionate mother.

After the death of her husband, she moved to Weeping Water. He was laid to rest in Oakwood cemetery. In 1910 she married George Bartle, living here a number of years and later moving to near Marshalltown, Iowa, where Mr. Bartle died. He was brought back and also interred in Oakwood cemetery. Mrs. Bartle was a member of the M. E. church here and later united with the LeGrand, Iowa, Friends church in November, 1924.

She was a faithful, sincere and earnest christian worker all her life and a loyal friend and neighbor. She had been ill for over a month at the home of her daughter, Mrs. Cal Dougherty, in LeGrand, Iowa, suffering, sometimes intensely, until her death there on Thursday, July 22, 1926.

She had been ill for over a month at the home of her daughter, Mrs. Cal Dougherty, in LeGrand, Iowa, suffering, sometimes intensely, until her death there on Thursday, July 22, 1926. The immediate cause of her death was obstruction of the bowels. She was 77 years and 3 months old at the time of her death. Her children came to see her and she received the best of loving care and attention. She died as she had lived, full of faith in the promises, and with a hope and perfect trust in God, as she crossed the threshold into the borderland to lay life's weary burdens down and gain a blessed, peaceful, well earned rest.

Funeral services were held at the LeGrand Friends church, conducted by Rev. Homer G. Bidleman, on Friday, July 23rd and on Saturday morning, the 24th, they brought the body to Weeping Water and after a short service at the M. E. church by Rev. G. A. Morey, who gave the mourners comfort and consolation in his usual kind and sympathetic way, the burial took place in Oakwood cemetery. Her grandsons were the pallbearers.

There was a large attendance of sympathizing friends, who came to pay their respects and to testify for this good, christian woman.—Weeping Water Republican.

REAL ART WORK

From Saturday's Daily— The Plattsmouth public library has an exhibition at this time of very handsome water color pictures that are owned by Mrs. Louis Ward Egenberger, of this city, and which have received the warmest praise from the art collectors of Omaha and other cities of the nation. The water colors are the work of Mrs. F. S. White, one of the leading artists of the city, and from whom the two pictures were purchased by Mrs. Egenberger some years ago.

The two companion pictures are of roses, the colors being very handsomely reproduced in a most skillful manner by Mrs. White and the work is one that will compare with the best of the water colors that have been shown in this city. The two pictures were painted in 1912 by Mrs. White and have been in the possession of Mrs. Egenberger for some years.

APPOINT GAME WARDENS

Chief Game Warden O'Connell has announced the appointment of extra deputy game wardens who will be employed from July 15 to October 31 at \$100 a month. They will put in their time with regular game wardens in the sand hills region to prevent shooting of prairie chickens out of season. The chicken season opens October 1 and closes October 31. The game wardens will work in pairs and use an automobile furnished by the regular game warden. The new appointments are: O. L. Hilsinger, of Herman, E. Sinner, Culbertson, C. E. Cannon, Koshopah, Brown county, Dewey Gregg, Valentine, George Schrank, Lincoln.

CHILD IS OPTIMISTIC

Paul Smith's, N. Y., July 29.—An optimistic report on political conditions was given President Coolidge today by Richard Washburn Child, former ambassador to Italy, who said the congressional election campaign is shaping up favorably for the administration. Discussing the matter later with newspaper correspondents, Mr. Child, who has been a guest at White Pine camp since Tuesday said in response to questions that there seems to be a general assumption in the country that Mr. Coolidge will be a candidate to succeed himself in 1928.

HEAVY RAIN NEAR GRETNA

A heavy rain which fell late Friday covered much of the territory between Lincoln and Omaha and from Louisville to Plattsmouth. The heaviest storm, according to reports, appeared to be in the vicinity of Gretna. A bridge on a detour west of Gretna on the Lincoln-Omaha road was damaged by the resulting high water and motorists were being routed around by way of Fremont by the Lincoln Auto club Friday night.

According to reports received by the Auto club the rain covered Omaha territory and extended as far east as Denison, Ia. Burlington wires carried no report of any other rains on the Lincoln division Friday night.

Stella, Neb., July 30.—A total of one and three-quarters inches of rain had fallen here Friday night in showers during the past thirty hours. Rainfalls which had begun to show damage by the hot, dry weather, were greatly benefited by the moisture.

Death of Mrs. Eva Dreeszen, a Former Resident

Daughter of the Late J. B. Meisinger and Wife and Was Reared to Womanhood Here.

From Saturday's Daily— Mrs. Eva Dreeszen, former resident of Cass county passed away at her home at Douglass, Nebraska, the first part of the week and the funeral services of this estimable lady was held at Burr on Thursday afternoon the services being attended by a number of the relatives from this city and vicinity. The services were held at the Lutheran church at Burr of which the deceased had long been a very active member and was attended by a large number of the friends in the community where the deceased lady made her home for some twenty years. The relatives from here attending the funeral were: L. A. Meisinger and wife, W. G. Meisinger and Philip M. Meisinger of this city, C. A. Meisinger of Springfield and John B. Meisinger of Lincoln.

The deceased lady was at the time of her death seventy years and twenty-one days and was born in Pekin, Illinois, near where her parents, J. B. Meisinger and wife settled at an early day. While a young girl she came to Cass county, Nebraska, with her parents and made her home in this community for many years, being married here to Fred Dreeszen, who preceded her in death twenty years ago. The family moved to the vicinity of Douglass twenty years ago and have since made their home in that locality and where Mrs. Dreeszen by her kind and helpful traits of character and helpfulness made a large circle of warm friends.

The deceased lady is survived by two sons and three daughters, William and John of Unadilla, Mrs. Anna Deitz and Mrs. Hattie Pratt of Colorado and Miss Martha Dreeszen of Douglas, who has made her home with the mother and cared for her since the death of the husband and father. There is also a number of grandchildren and five brothers, W. G. Meisinger, L. A. Meisinger and Philip M. Meisinger of Plattsmouth, C. A. Meisinger of Springfield, and John B. Meisinger of Lincoln, one sister, Mrs. William Hill and one brother, G. G. Meisinger have preceded her in death.

In the loss that has come to them the members of the family circle will have the deep sympathy of the host of friends here in Cass county.

PURCHASES NEW CAR

From Saturday's Daily— John B. Livingston, the local representative of the Buick company has just sold one of the snappy and handsome 1927 two door sedans of this popular car to William Baird, superintendent of the Burlington shops, and the car, one that will prove the source of real pleasure to the new owner. It is upholstered in a shade of dark blue and has all of the modern conveniences that can be found in an automobile and is a real car in every way.

Mr. Livingston has also just recently sold one of the 1926 coach type Buicks to Robert B. Hayes and which will prove the source of a great deal of pleasure to the members of the family.

Marriage of Miss Ada Tulene at Santa Ana

Former Plattsmouth Girl and Daughter of Mr. and Mrs. J. W. Tulene Is Married.

When Miss Ada Tulene, charming daughter of Mr. and Mrs. J. W. Tulene, 1926 West Sixth street, became the bride Saturday evening of Roydon Ozmun of Anaheim, it was at a picturesque home ceremony for which the groom's cousins, Mr. and Mrs. L. F. Heffner, opened their home at 205 South Philadelphia street, Anaheim.

A color scheme of green and white was maintained in all floral decorations of the pretty home, and in the livingroom where the nuptial ceremony took place at 8 o'clock, a cleverly arranged bower was fashioned from white sweet peas and ferns, with great baskets of the snowy flowers and greenery at either side, and a white wedding bell suspended from above.

Such nuptial songs as "I Love You Truly" and "At Dawning" were featured in the musical interval just preceding the ceremony, with Miss Virginia Long and Miss Alice Ashley, both of Anaheim, as vocalist and pianist. Then Miss Dorothy Lee of Orange, crowned in orchid georgette over an orange foundation slip took her place at the piano and played the Wedding March from Lohengrin to which the bridal party entered.

Miss Tulene was very lovely in her gown of white georgette trimmed with fringe and rhinestones and worn with silver slippers. A chaplet of orange blossoms rested on her dark hair and she carried, in addition to her bouquet of white roses, a white handkerchief hand-painted with an orange blossom design. To complete her costume was the beautiful sapphire and diamond bracelet which was the gift of the groom.

Miss Marguerite Akers of Orange, as honor maid, wore a pretty frock of orchid crepe de chine and carried pink sweet peas and maiden hair fern. Charles H. Tulene of this city, brother of the bride, assisted Mr. Ozmun as best man.

The Rev. William Everett Roberts, pastor of the First Presbyterian church, read the impressive "unbroken circle" ceremony.

Following the interval of congratulations, the hosts, Mr. and Mrs. Heffner, directed the guests to the garden, where Japanese lanterns and quantities of flowers made a veritable fairyland. One long table with its exquisite table center, with white ferns and white blossoms, and the towering wedding cake surmounted with doves and orange blossoms. The bride cut the cake which was served with ices and other dainty refreshments, by Mrs. Robert Beckler and Mrs. Gertrude Claypool of Orange. During the course of the evening, the guests had the pleasure of seeing the many handsome presents received by the popular young people. These were in charge of the hostess, Mrs. Heffner and Mrs. J. R. Beuchler, sister of the bride.

Late in the evening young Mr. and Mrs. Ozmun left for a northern honeymoon during which they will stop at various places of interest. The pretty little bride chose a blue crepe frock for motoring, with hat to harmonize and blonde footwear. Upon their return from their honeymoon they will be at home to their many friends in the beautiful new Spanish home in Anaheim, recently purchased by the groom.

Mr. Ozmun graduated from Harvard Military school in 1921 and is now connected with the city of Anaheim as motorcycle officer. He is the son of Mrs. Gertrude Hughes of 626 South Vermont avenue, Los Angeles. His bride completed high school in 1921 and finished her education in the east, later taking an office training course at Orange County Business college. For the past two years she has been a deputy probation officer of the county.

Those asked to the wedding of the two young people included Mr. and Mrs. J. W. Tulene, Mrs. A. Harley, Charles H. Tulene, Mrs. John R. Beuchler of Plattsmouth, Neb., sister of the bride and a house-guest in the Tulene home; Mr. and Mrs. Asa Hodman, Mr. and Mrs. E. W. Boynton, Mr. and Mrs. Eugene Thomas, Mr. and Mrs. J. W. Allen, Miss Virginia Craig, Santa Ana; Mr. and Mrs. A. C. Tulene, Roy Tulene, Miss Dorothy Lee, Miss Margaret Akers, Miss Mayne Bradley, Mr. and Mrs. Leroy A. Warren, Floyd Lukinbill, Orange; Mr. and Mrs. E. A. Heffner, Miss Maude Heffner, Mrs. Gertrude Hughes, Mr. and Mrs. O. H. Burke, Ray Schauers, Mrs. De Etta Miller, Mr. and Mrs. R. E. Miller, Los Angeles; Miss Virginia Long, Miss Alice Ashley, Messrs. and Mesdames L. R. Heffner, Ernest Sawyer, Robert Gibbs, Fay Barnett, Glen Stillwell, Anaheim.—Santa Ana Register.

SUFFERS INJURED HAND

From Saturday's Daily— Edward E. Leach, well known farmer of near Union, was here last evening and bearing the marks of a very annoying accident that occurred yesterday from the activities of a ratory mule. The mule was being led by a rope and Mr. Leach, who was on horseback had the rope fastened to the saddle horn as well as holding it and the mule suddenly getting restive started to run and the rope was pulled through the hands of Mr. Leach inflicting the wound, a very severely burned place on the palm of the left hand.

Young Lad is Drowned in Sand Pit at Meadow

Claus Shul, Age 14, of Gretna, Steps into Deep Hater While Bathing Here Last Sunday.

The sand pits at Meadow have claimed another victim. Little Claus Shul, fourteen-year-old son of Mrs. Fred Shul, of near Chalco, Sarpy county, was the victim.

In company with his uncle, Henry Brockman and other relatives of Gretna, the party were spending Sunday afternoon at the lakes. The boy and other members of the party were bathing in the lake when the boy waded out too far and dropped into a deep hole and never came up. Divers attempted to recover the body, but without success. A hay rake was secured and repeatedly drawn across the lake, the body being recovered after it had been in the water more than an hour.

Dr. E. H. Worthman of Louisville and Dr. J. A. Peters, of Springfield, were summoned and worked diligently for more than an hour in an attempt to resuscitate him, but without success.

The number of people who have lost their lives in these treacherous waters is appalling. The lakes are formed by pumping sand and gravel at great depths. It is said that at a depth of eight or ten feet the water is ice cold, which may account in a measure for the frequency of those who drown never coming up, as it usually the case in other drownings. Too much warning against bathing in these deep pits cannot be given the public.—Louisville Courier.

M'KELVIE HEADS SCOUTS

Lincoln, July 28.—Announcement was made here today by Dr. J. E. M. Thompson, president of the Lincoln Boy Scout council, of the appointment by Walter W. Head, of Omaha, president of the national Boy Scouts of former Governor S. R. McKelvie as regional chairman of the Eighth district. The Eighth district comprises the states of Nebraska, Iowa, Missouri, Kansas, Colorado and Wyoming. Mr. Head resigned as regional chairman when he became president of the national organization.

Business stationery, programs and all kinds of job printing at the Journal office.

PAWNEE MAY BUY CURRENT

Pawnee City, Neb., July 28.—Pawnee City's municipal electric light plant has again assumed the center of the local stage with a proposition to the city council by the Nebraska Gas and electric company to furnish current under a ten-year contract to the city at a rate of approximately 3.04 cents per kilowatt hour. The present cost on the board at the plant is about 5 cents.

The proposal to the council was made by W. H. McGeehin, contract manager of the Lincoln company, and was accompanied by figures from the local plant's books and comparative charges under the new plan based on last year's totals of consumers' demands. Total expense here last year was \$38,658 while only \$29,539 would be chargeable under the proposed plan, according to representations to the city officials.

The local plant was rebuilt four years ago and a \$75,000 indebtedness was incurred for the improvement. The city water system is operated in connection with the light plant and transmission lines from the local plant supply current to Dabois, Steinauer, Burchard and Summerfield, Kas.

No action has been taken by the council in the matter but the proposition will probably be discussed at an early meeting.

GREENLANDERS TO VISIT NORTHERN ALASKA

Edmonton, Alta.—A scientific party headed by the two Poffeld, brothers, sons of Professor Poffeld, director of the biological station at Bisco, Greenland, will be sent into the Barren Lands of the Mackenzie district this summer to investigate the possibility of breeding large herds of reindeer so that the people living in that country may be insured of a dependable food supply. This information was made public by Dr. F. J. Lewis, professor of botany of Alberta University.

The suitability of the flora in the Barren lands for reindeer grazing will be most closely studied, and the expedition will spend two years on the investigation in Canada's far northland. Collections of the flora in the Barren Lands will be made by the party and forwarded to the authorities at Ottawa and at Copenhagen, as the party is receiving financial assistance from both these points.

We have a few of the Cass county maps showing every man's farm, and will close them out at 50c each. Call at Journal office and get one now.
