Miss Nickles has heard the play and is well pleased with the excellence of the production. Make it a point to attend this play, for if you do not see it you are the loser. This will be given under the auspices of the Murray Community club, and when you visit the entertainment you are boosting Murray.

A Very Mean Trick.

V. A. Kennedy bowed by his four score of year, and having worked all his life, thought to raise some water-melons, and did so having a very nice patch of luscious melons, when some miscreants entered the patch stealing the melons and tore up the vines. He was very disgusted with the way the boys did and well he might be for it was a very sverry trick. He took a spade and cut the vines and melons, so that they would not return again.

Community Entertainment Friday

On account of the very bad weather when the date was set for the Murray Community picnic, it was not possible to hold it as the rain was coming down in torrents, and the project was abandoned for the time, thinking that the skies would clear and that there would be a time when they could have the picnic. But it has gone along until it has been decided to have an indoor picnic, so arrangements have been made for the holding of the same on Friday night of this week, when the picnic will be held at the Peterson Hall. There will be a free movie picture show, and a free social dance, and free refreshments, which will make the occasion one of general good feeling and all are especially invited to come and have a good time.

Highjacked the Juice.

Some of the forbidden juice had its lodgement in the cellar of one of the citizens of Murray, and the fact becoming known to the very young members of the Kid line of Murray they went to his cellar during the wee small hours and abstracted the ruby fluid. This so exasperated the one in whose possession the wine was, that he was tempted to take the matter of the housebreaking before the county attorney, but fearing the arm of the law, passed the matter by and kept his counsel to himself. This is case where the law should get after both the possessor and the thief who stole the wine. There was five gallons and they do say it was rare.

Falls Down Stairs.

Mrs. W. B. Vingin, at the home of Mrs. C. M. Reed, her daughter and son-in-law, had the misfortune to fall down the stairway, containing thirteen steps and sustained a number of bruises which caused much pain and it was feared that at the time she might have been internal injuries, but which upon examination proved that she had no bones broken or internal injuries which might prove fatal.

Another Lady Falls.

While about her home west of Murray, last Tuesday Mrs. Levi Rustholtz fell down a flight of stairs receiving some very painful bruises, and which taking into consideration her advanced years was most painful, and fortunate was it that there were no bones broken.

Many a tragedy has been written about the "wayward daughter" and the "mortgaged homestead."

But that was in the days before the "farm loan" became good business.

The farm loan concentrates your indebtedness, gives you a low rate of interest on long or short time, as desired.

Bellevue Takes Bunting in the Sarpy League

Defeat of Plattsmouth 9 to 4 Sunday Hands Them the Bunting in Baseball Contests.

From Monday's Daily—

While Bellevue was taking the measure of the Plattsmouth baseball team yesterday at the Sarpy county town, Papillion was splitting with the Gilmore team, the result of the league season closing with the pennant being clasped in the hands of Bellevue.

The game Sunday between the locals and Bellevue was 9 to 4 in favor of Bellevue and lacked a great deal of being a snappy contest with the wet grounds and general lack of enthusiasm that marked the battle. The Platties were represented on the mound by William Harvey Mason, who did his stuff in first class shape, while at the receiving end "Chuck" Filton stopped the heaves of the local slab artist. The game was witnessed by a very good turnout of the Bellevue fans to witness the winning of the season's struggle by Andy Graves and his hard-hitting and lightning aggregation.

While the Bellevue team was doing the closing operation of the season on the Plattsmouth team, Gilmore administered the last blow to the hopes of the Papillion team in winning the pennant. In the opening game of the double header, Papillion with Le-Mar at his best, handed a 11 to 7 defeat to the Gilmoreites, while in the second frame the Gilmore team came right back and annexed the contest by a score of 2 to 1, it being a real battle.

In the beginning of the season, Plattsmouth had a good start on the pennant race and held first place until July 4th when Papillion dumped them from the position and on the following day Bellevue gave them another push downward.

The loss of a double header a week ago at Papillion by the locals eliminated them from the second place race and left the league leadership to be fought out by Bellevue and Papillion.

BIBLE SCHOOL LESSON

Sunday, September 26th.

By M. S. Briggs

Early Leaders of Israel
Subject, Slavery in Egypt.

Succoth, Egypt, April 16, 1599, B. C.

El Banni Kalma, Abyssinia, Africa.

Dear Cousin—I promised to write to you about the Israelites, well we sure have lots of them, and they are getting to be more all the time. They are good workers and we sure make them work. I feel sometimes that it is pretty hard, but then you know they are slaves. And again if we did not make them work hard they might want to run the government. They keep telling about them being entitled to the Land of Canaan. They are fanciful but make good workers, but will not adopt our religion. More at another time.

Your cousin,
MENI ALKOMA.

Goshen, Egypt, October 23, 1578, B. C.

Bel Na Akum, Memphis Egypt.

Dear Nephew—You remember our son Moses, whom the king of Egypt was trying to kill, along with other of our nation's children. Well he hid him for a while and then wife made a little boat and put the baby in it and put it in the river Nile where the king's daughter went to swim, she found the boy and fell in love with him, and sent it to us to care for and called it her own. After Moses was old enough she took him to the king's palace and will give him an education.

This seems good for while we do not like to have him away it is better than to have them kill him. I will write you more about how he is getting along later.

Your affectionate uncle,
AMRAM.

Jan. 4, 1499, B. C.
Sakora, Midian.

Kem Reed Benni, Anko, Midian.

Dear Benni—Our pastures have been very scarce, but do you know I have a most excellent herdman, I fear we are going to lose him. He is a dandy, for he knows where every spear of grass grows and every pool of water. Well, he married our daughter, Zappora, and they are getting along nicely. He is a good shepherd. Something happened and I fear we are going to lose him. He tells of seeing a bush afire in the forest and after burning a long time it did not burn up, and when he went close to it he heard a voice coming out of it, and telling him to go to Egypt and take all the Israelites out and bring them over to this country. How he will ever find something for them to eat is more than I know, for I understand there is more than two million of them. However he is going to try to do what he can. He says the Great Jehovah will help him and I suppose he will. Come down and spend some time with us, we have not had the pleasure of a visit from you for some time.

Your friend,
JETHRO.

Memphis, Egypt, August 7, 1499, B. C.

Nak Kabei Adihu, Demacia, Syria.

My Dear Friend—Strange things are happening in this country, for one Moses, who killed an Egyptian some forty years ago and fled to Midian has come back and says by the command of his God, and demanded that four king let all the Israelites go. And this the king does not want to do for they are the creation of most all the wealth of this land.

This Moses has a long rod, and he holds it up and waves it and awful things come to pass. Why, you would not believe all the things which he did. He turned all our water into blood, and it made everyone sick, then he made frogs come into the land, and filled the houses, the beds, and every part of the house with them then they died and the land stank something awful, then he turned the just into lice, and do you know when the frogs rotted they come and covered the land, and we surely wanted to die. Then all the animals got a very loathsome disease, and many of them died, but oh how they did stink. Then he caused an awful storm of hail, killing men and animals and destroying the crops. I tell you this was something fierce. When that was gone he brought locusts which eat up everything else. This was followed by a darkness and we could not see a thing for many days. These were awful times and the king promised to let

belonging to the Omaha Presbytery comes from Utah.

In addition to the forty or fifty representatives of congregations from the four Presbyteries there will also be several members of boards of the church mostly from Pittsburg, Pa., including Dr. R. A. Hutchison, D. D., secretary of the board of home-mission who is also Moderator of the general assembly. Rev. John A. Henderson, D. D., financial agent of Xemia Seminary at St. Louis, Rev. Thomas McMichael, D. D., president of Monmouth College, Rev. J. A. Thompson, D. D., president of Tarkio College, Rev. R. T. Campbell, D. D., president of Sterling College, Rev. F. A. High, of the Anti-Saloon League, and Rev. C. S. Valder, of Omaha, will all have places on the program. Mr. and Mrs. H. B. Gephardt, an industrial teacher from Sudan, Africa, will speak on Tuesday night following the sermon by the retiring Moderator, Rev. N. J. Calhoun, D. D., of Loveland, Colo.

Other speakers on the program are: Rev. H. Brush of Minden, Rev. R. R. Bryan, D. D., of Omaha, Mr. Robert Smith of Omaha, Rev. J. T. Ross, D. D., of Colorado Springs, Colo., Rev. R. A. Pollock, D. D., of Denver, Colo., Rev. J. Clyde Mahaffey of Omaha and Rev. John H. White, D. D., Pittsburg, Pa. Dr. White is the secretary of the Missionary and efficiency committee of the United Presbyterian church of North America. Rev. W. R. Gray of Summerfield, Kansas is the clerk of Synod.

The entertainment of Nebraska Synod will be quite an undertaking for the plucky little church of Murray. The Rev. W. F. Graham has been pastor of this church for the past four years.

Entertained Her Friends.

Mrs. Myra McDonald at her home northeast of Murray entertained her friends on last Friday, and had a large number of out of town guests as well as the friends residing in this vicinity.

Mrs. McDonald gave all a most delightful afternoon, and they voted this excellent lady a most finished entertainer.

Those present were: Mrs. McDonald's aunts, Mrs. Cutler and Mrs. E. R. Tishue, Mrs. B. W. Livingston and daughter, Grace, Mrs. John Valery and Mrs. Helen Richardson, Mrs. Susan Cutler of Modale Iowa, and Mrs. R. A. Tishue of Seward, Nebraska, having been visiting at the home of Mrs. Myra McDonald and other relatives.

After dinner they all went to the home of Sam Gilmore to congratulate Mr. Wm. Gilmore on his 58th birthday, and found him feeling fine and that they met James Gilmore and wife of Ulysses, Neb., who came to celebrate his father's birthday. It was a pleasant reunion.

the people go, but always took it back.

Now this man Moses told the king that he would bring one more cure and that the first born of all Egypt would die, even the king's son and all animals. You know that all the Israelites killed some animal or bird and sprinkled the blood on their door, and stayed in the house during the night, and none of their children died, but one in every home of the Egyptians died. Then when the king's son died, he said to the Israelites, get out of the land. When they were gone he got his armies and followed them, then the Red Sea opened and they went over to the other side. When the king and our armies tried to follow, the sea came back and drowned them. They are gone and I am glad of it, but it seems awful strange. Goodbye for this time.

Land of Midian,
Land of Egypt.

Little did you think I would write you when our people left that night, but we have had some experiences since then. I want to thank you for all your kindnesses, and for the caring for my mother, Moses, when he was a baby. Say that was some sight when we were led through the sea, by the pillar of cloud. We have been fed by a certain manna which we gather every morning and quails come into the camp and are so tame we can catch them. The people have been pretty badly discouraged but God is caring for them all right. It takes some time to get any form of government, but then it is getting better. Again I thank you for your kindnesses.

Your friend,
MIRIAM.

Near Mount Sinai,
January 12—

Kalmani Seldoric, Land of Egypt.

I am writing you to tell how the Israelites are getting along. Many of the people wanted to return to Egypt but they could not. For a long time Moses has been up in the mountain, and while he was away, a number of the people got together and had Aaron consent to make a god. They made one of the jewelry which they brought from Egypt and in the shape of a calf, like your gods, and were having a great celebration when Moses came down from the mountain bringing ten commandments from the Eternal God. When Moses saw what was being done he was sore, and threw the stone down, which had the writing on and broke it. He had three thousand of the people who were the leaders killed. The idolatry was stamped out and the people worshipped God since. A Tabernacle was builded, in which Moses met with the Great Jehovah, and gave us laws.

Moses went back to the mountain and returned with another table on which the commandments were written. We are traveling east now, and are going to the land where we first started nearly two years ago.

We have had many experiences and have learned that when we obey the laws of God we prosper and when we do not we have much trouble.

Your former friend,
CALEB.

KLAN OBJECTS TO SHOWS ON SUNDAY IN LINCOLN
