

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

John Amgwert was beautifying the home of Henry Reichmann during the past week, painting and papering the interior.

Jess Landholm and wife were visiting at North Platte a portion of last week, and while there disposed of a new Oldsmobile coupe.

The Rev. Staus was a visitor in Ashland on Monday of last week, where he was looking after some business matters for a short time.

Frank Roscow, who has been carrying the rural route, during the vacation of Lacey McDonald, is through with this work and again back to his other duties.

Homor H. Strader of Plattsmouth was a business visitor in Murdock on last Wednesday and was also visiting with his long time friend, Oscar E. McDonald.

Diller Utt and wife of Collegeview were visiting for over the week end with friends in Murdock, and were guests at the home of Mr. Utt's parents, George Utt and wife.

Charles I. Long has gotten a portion of his wheat planted and the rain came again and he had to desist, but was hoping for fairer weather that he might continue in his seeding.

John E. Scheel has in fifty acres of wheat, all up and looking fine. The foliage covering the ground and making a very fine appearance. John sure knows how to raise wheat.

Baseball at the Murdock schools is creating a good deal of interest while there is also some interest shown in the matter of football, but there has been no organization of a team as yet.

Robert Stock of near Greenwood, was a visitor in Murdock one day last week between rains, he and the wife coming over for a short visit and also to look after some business matters.

Gust Kempke has been painting and papering his home west of Murdock, and otherwise beautifying it and the property is looking much the better for the work which he has been putting on it.

A delegation from the American Red Cross of Wabash, came over to Murdock to ask if a ten per cent contribution of their funds would be sufficient, the county officers of the Red Cross say yes.

Gust Wendt was a visitor in Plattsmouth on Friday of last week.

On Friday of last week Mrs. Nicholson of Manning, Iowa, where she has lived for many years, and who has been visiting here for some time at the home of her niece Mrs. J. Johanson, for the past few weeks, departed for her home after having enjoyed her visit here very much.

Mrs. Johanson, who has been visiting with friends there for a short time, Harry V. McDonald received notice from St. Louis, of a call from the American Red Cross of the United States, and he and Mrs. Henry A. Tool being county officials of the Red Cross sent out to the people of Cass county a call for funds to relieve the needs of the territory devastated by the hurricane that devastated Florida and other places in the south. They are receiving many responses to their appeal in the way of money, and want to say that the need is urgent, and all that can, should respond to the call.

The Boys Had a Time. It was expected that they would for that is just what they went for and it was looked for that they would surely enjoy the trip. Departing from Murdock they stopped at the home of Gale McDonald at Hampton, where they picked up he and Leo McGuire, this making three besides Steve, Lacey, Harry, Henry and Art, and a jolly set of sports that they arrived in Cherry county in fine condition and fished and fished and fished, to their hearts content, as well as shooting a number of ducks, but they strictly obeyed the game laws, not shooting chickens for the boys, and again two game wardens were camping at the same place, and it was easy to obey the law. They then took a trip up the snake river, when Henry Tool said "I did not think there was such wonderful scenery in Nebraska." They river is cut through a canyon, and runs a stream of water about fifty feet wide, the canyon being one hundred feet deep. There was a fall of some twenty feet, which added much to the beauty of the place. Near these falls were protruding some large bones which Art Tool and Steve says that they are the bones of a dinosaur. They caught five hundred and seven fish, had one hundred stolen by some marauders, brought 312 home and eat the balance, which made thirteen each for all but Henry Tool who had seventeen.

One More Band Concert. On account of the very bad weather which prevailed on last Wednesday there was no band concert given, and on the Wednesday night of this week there will be no concert on account of the electric parade which many are desirous of attending, and also there will be a series of meetings in session in Murdock, and many will want to attend the meetings and hear the concert as well, so it has been decided that the next concert will be given on October 6th, when there will be remembered the date and be here to greet the boys who have furnished such excellent concerts and made it a pleasure for all to attend.

Murdock not Slipping. Murdock is one of the very lively little cities of Cass county, and takes much satisfaction in knowing that they are up-to-date and wide awake, and that they are doing all possible to make the town one of the best in which to live. All of the people are trying to make it the very best save

mouth on Tuesday of last week, where he was called to officiate as an appraiser of the land which is being taken for road purposes by the county from C. Lawrence Stull.

Herbert Adams and wife have been visiting for a number of days at the home of Mrs. E. T. Tool, Mrs. Tool being the mother of Mrs. Adaman. The Adamans formerly resided at Millard, where Mr. Adaman was employed.

Herman Detman and wife, with their son, of Imperial, were visiting in Murdock and vicinity as well as the other towns of this portion of the county, enjoying the visit very much and returned to their home in the west last week.

J. E. Hendricks and wife had for their guests, friends from Lincoln, last week-end. Mr. and Mrs. James Ritchie, who had driven down Saturday, and the rain coming they were unable to get away until Sunday on account of the soft roads.

L. Neitzel and wife departed on Sunday for Lincoln where they visited for the day and at Havelock. Mr. Neitzel returned home while Mrs. Neitzel went to Cedar Bluffs, where she will spend the week at the home of her sister, Mrs. John Martin and family.

Mrs. Clara Kroh purchased a Ford sedan of Jess Landholm one day last week and which the family will use for their transportation, but before they are able to visit at their former home, Stella, the roads will have to be better than they have been for some time past.

Mr. A. H. Ward was a visitor in Lincoln on Thursday of this week where he was looking after some business matters connected with the garage here. On Friday afternoon he was visiting the Cass county fair, at Weeping Water, being accompanied by the wife and little ones.

Grandmother Amgwert and son, Henry, and John Amgwert, had for their guests for last Sunday, Mrs. Joseph Rasmussen and son, of Omaha, and Mrs. Charles Letts and three children Kenneth, Margaret and Gerald, of Council Bluffs. All enjoyed a most delightful visit with the relatives here.

On Friday of last week Mrs. Nicholson of Manning, Iowa, where she has lived for many years, and who has been visiting here for some time at the home of her niece Mrs. J. Johanson, for the past few weeks, departed for her home after having enjoyed her visit here very much.

Murdock not Slipping. Murdock is one of the very lively little cities of Cass county, and takes much satisfaction in knowing that they are up-to-date and wide awake, and that they are doing all possible to make the town one of the best in which to live. All of the people are trying to make it the very best save

a very few. But a short time ago a man had business in Murdock and also had some idea of purchasing property and a business here, and when alighting from the car which brought him to the town, was met by a man who told him a tale filled with woe, and said that the town had gone to the bow wows, and that people just in the edge of town were going to other towns to trade. Now did that man know he could find 500 towns in the United States which he can move to and leave the one where he has so many friends and where he has been able to make a living all these years. If you do not like the town you live in get out of it, but if you want to live in a town tell the world how good a town it is to live in. You just tell us the good things about your town and we will tell the world. Murdock is not slipping, she is gaining and here is a good place to live and let all of us make it better.

Filled Soldiers Christmas Bags. One day during the past week the young ladies of Murdock filled twenty-five Christmas bags for the American soldier boys abroad, for the Cass county chapter of the American Red Cross, which are to reach the boys for Christmas. The twenty-five bags were filled at the home of Mr. and Mrs. Henry A. Tool, the work being done by Misses Mary Isabel Tool, Morval Amgwert, Irene McDonald, Katharine Neitzel, Ellen and Margaret Gakemeier, who had for their guests for the evening and assisting in the work, Miss Jerusha Wetherford of Lincoln and Margaret Landholm of North Platte.

Mrs. Frank Buell Entertains. Mrs. Frank Buell entertained the Ladies Aid society of the Elmwood church on Wednesday of last week at which time there were a large number of the members present and a most delightful time was had as well as much work done for the church. There were a number of ladies present from Murdock, among whom were Mesdames Leroy Gortley, Lacey McDonald, Henry A. Tool, Harry Gillespie, A. J. Tool and H. V. McDonald.

AGED VETERAN IN CITY. C. B. Wintersteen of Minneapolis, one of the members of the G. A. R. who have been in attendance at the national encampment at Des Moines, Iowa, is here to enjoy a visit at the home of his cousin, Miss Olive Cass and with the members of the Grand Army and Relief Corps. Mr. Wintersteen is a nephew of the late Dr. William Wintersteen, a pioneer resident of Plattsmouth and who laid out that part of the city known as Wintersteen hill. While here Mr. Wintersteen had the pleasure of addressing the G. A. R. and the W. R. C. at their meeting at the court house this afternoon.

VISIT AT WEEPING WATER. From Saturday's Daily—Yesterday Mr. and Mrs. Ervin Craig and Miss Mary Wynn, accompanied by Mr. and Mrs. William L. Heinrich, motored over to Weeping Water where they enjoyed the county fair and also had the pleasure of a visit there with Rev. A. V. Hunter of Hastings, former pastor of the Plattsmouth Methodist church, who happened to be there on a visit with his parents at that place. The visit was one of the greatest pleasure and the Plattsmouth people enjoyed the fair to the limit.

STORM DAMAGE GROWING. Columbus, O., Sept. 24.—The toll of storm damage in Ohio during the past week continued to mount today as swollen streams inundated fields of standing crops. The Walondong, Tuscarawaw and Muskingum rivers overflowed their banks in the vicinity of Coshocton, flooding highways. A general rise was reported in all Ohio streams. Rising water had not driven inhabitants from their river bottom homes tonight, but crops in various sections were reported damaged. A boy playing in a storm swollen stream in Cleveland was drowned in the flood waters. In a heavy rain-storm at Cleveland twenty automobiles were demolished and several workmen narrowly escaped injury when a garage wall collapsed. In Columbiana county a two-year-old boy died from injuries received when he was buried with his mother in debris of their demolished home.

The Columbiana county damage was placed at \$100,000 and yesterday's tornado in Sandusky and Erie counties at \$125,000.

START RECONSTRUCTION. From Saturday's Daily—A message has been received here from Mrs. Roy J. Fuller, formerly Miss Bernese Newell of this city, in which the announcement is made of the safety of the family in the great Florida storm of last Sunday. Mrs. Fuller states that their home is again made habitable after suffering a great deal of damage from the hurricane. The Fuller family live a few miles from Fort Lauderdale and where there were a number of lives lost. She states that the food supply is adequate and that already the work of reconstruction has been started toward making the city where they live once more Florida. The family feels fortunate that they escaped injury in the big storm.

NOT JOHN PETTY. The relatives here of John Petty have failed to receive any confirmation of the report that Mr. Petty had been a victim of the Florida hurricane, altho they have made every effort to locate the man or ascertain the truth of the report of his death. That there has been nothing definite heard of the death of Mr. Petty leads to the belief that there was a mistake in the first reports of the death of Mr. Petty.

None of the relatives here or in Omaha have received any report confirming the first announcement of death.

From Saturday's Daily—One of the largest sweet potatoes that has been produced in the 1926 crop was brought to the Journal office today as a representative of the crop of the sweet tubers that has been raised at the farm home of Mrs. Catherine Perry near this city. Mrs. Perry, who is one of the old time residents of this section of the county, had a row of the sweet potatoes planted at her farm and had the pleasure of looking after them and with the most gratifying results. The tuber that was brought into the Journal office weighs four pounds and is one of the finest specimens that we have had the opportunity of seeing in a great many years.

ENJOYS VISIT HERE. From Friday's Daily—Yesterday Mrs. Ernest Horn of Omaha was here for a few hours visiting with her uncle, C. L. Herger, who has been in very poor health for some time past but who is now showing some improvement and seems to be in better shape than he has been for several weeks and which has greatly encouraged the members of the family.

Mrs. Horn returned yesterday afternoon and took with her a fine basket of the beautiful foliage plants that have made the Herger home one of the attractive spots in the south portion of the city.

MANLEY NEWS ITEMS

Fred Fallschman, who has been feeling quite ill for some time is now feeling some better.

Edward Kelly was a visitor looking after some matters of business in Plattsmouth last Saturday evening.

John Stander was looking after some business matters in Omaha on Monday of last week, driving over in his car.

Theo Harms was called to Omaha to look after some business matters on last Monday, making the trip in his car.

Arnold Harms, who is employed in Omaha, was a visitor at home over the week end and enjoyed the visit with the folks very much.

Antone Hayden, formerly living here, but who has been making his home in Kansas for some time, was in this neighborhood looking for a farm to rent one day last week.

Miss Alice Harms, who is employed in Lincoln, was a visitor at home over Sunday, being accompanied by her friend, Miss Smith, and the two young ladies enjoyed their visit here very much.

Many of the farmers in this vicinity are making sure of the matter and are selecting their seed corn and finding a very good quality, which insures a good stand of this cereal the coming spring.

Henry Peters, of Talmage, father of Mrs. Theo Harms, still remains quite ill, though he is some better and is showing improvement. He is hoping to be able to enjoy his former health in a short time.

Arnold Schlieffert has his wheat sown and now it can rain if it wants to, but he is desirous of having the weather clear up so the remainder of the farmers can get theirs in, and also so the world will look brighter after the long gloomy spell.

"Shorby" Shephardson, who is a rustler, has the wheat sown on the Ray Wiles place near Herman Rauth's and the grain is up and covering the ground nicely with the rainy weather serving to give it an excellent start before the coming of winter.

Jim Etherage was a visitor in Lincoln last Monday, being called there to look after some business matters in connection with his garage business here and while there entered into a contract to sell radios for a firm there. He made an excellent selection in the machine which he will sell, it being the "Ferguson" radio, and one of the best coming sales on the market with a range that extends all over America and even across the sea in favorable weather. Withal it is noted for its clearness and volume. Mr. Etherage has one in the garage for demonstration and says it is very selective. His ad announcing the sale of these machines is found elsewhere in this issue.

FIRE IN ELMWOOD LAST SUNDAY

On last Sunday morning the people of Elmwood were aroused from peaceful slumber by the furious ringing of the fire bell, and were soon hastening to ascertain where the fire might be. It was soon discovered that the large barn on the L. B. Cunningham place in the center of town was on fire and had gained considerable headway. The fire boys turned on the water but it was so far gone that none of the building was saved. The origin of the fire is not known but the supposition is that the building was struck by lightning. It was fortunate that it was raining and things were rather damp as the wind was blowing and other buildings close by would have ignited and a rather serious fire might have developed. The building was slightly covered by insurance so will not be a total loss to Mr. Cunningham.—Elmwood Leader-Echo.

DRIVING FROM CALIFORNIA

From Friday's Daily—Eugene Lister, former well known Plattsmouth young man, who has been making his home on the west coast for the past four years, is driving back to the east in company with Mrs. Lister for a visit with the relatives and friends, word from the young people state, Mrs. Lister formerly resided in Indiana and they will go to that state for a brief stay and on their journey back to the west will stop at Plattsmouth for a visit with Mr. and Mrs. Elmer Eumel, the latter a sister of Mr. Lister, as well as the many old time friends.

Poor Oil Makes JUNK

Poor oil doesn't give a motor even a Gambler's Chance. It does one of two things, causes costly repairs, or sends a motor to an early grave!

Our Pure Pennsylvania Oil gives at least 1,000 miles of Super - Lubrication without draining and without an Oil Rectifier. . . . One reason experts call it "The Highest Grade Oil in the World."

Fill up your crankcase today, maintain the oil level, but do not drain for 1,000 of the smoothest miles you have ever driven. We don't mean maybe!
