The Boy Scout's Trip to Colorado.
We left Union with our scoutmaster, Mr. Smith, Wednesday, August 11, at 2:00 o'clock p. m. We arrived in Lincoln at 8:45 p. m. Then we went to the state penitentiary where

we were shown through by the chaplain. First, we went to the shirt factory, where most of the prisoners were at work. We were told by the chaplain, that if the convicts finished their work by 4 o'clock p. m. they were allowed one hour freedom until supper. The mess room is a large room with many tables about six feet long, with one row of plates on each side. The tables are plain, but very neat and clean.

We went to the green house where they had many beautiful plants, which were well taken care of.

Next we were taken to school room there were many desks. They have school morning, afternoon and night.

Next we went to the cells. There was a hall made of iron bars with a door at each end. The cells opened off from this hall over the cell door is the names and number of the convict in that cell. Each cell contains two men. The cell is provided with two beds or bunks, one small table, running water and electric lights.

On the floor above the cells are the dentist, doctor, barber and chair rooms.

We were taken into the chair room, where men sentenced to die are electrocuted. The chair is tall and made of heavy oak. There are steel plates along the arms of the chair, and a steel cap to fit the head. Straps are fastened around the neck, stomach, arms, below the knees and at the ankles. There is a row of bulbs in front of the chair to test the current. The chaplain explained that if the current was turned on when the prisoner inhaled it would cause much suffering.

From the penitentiary we went to the asylum and boys reformatory, but were too late to visit. The reformatory was surrounded by a high fence charged with electricity.

From there we went to the home of a friend of the scoutmaster, and put up our tent in their yard. After supper we visited KFAB radio broadcasting station.

In the morning we went up town and then left for Grand Island. We arrived there at 2:30 p. m. We went swimming in the Y. M. C. A. and left at 4 o'clock. We arrived in Kearney at 6:00 o'clock and stayed in a tourist camp 4 miles out of town. There was a beautiful swimming pool at the camp. There was a fountain at one end of the pool. It had electric lights which caused the water to look different colors. That night it rained and got the covers wet. The next morning we packed and traveled to Holdrege, Neb. We dried our covers in the city park, with "Yuma" across the top. The word is made of lights which light at night. Wednesday morning at 8:30 we went through several small towns till we reached Arriba, Colo. Then we drove to Burlington and camped all night in the yard of Mr. Jack Chalfant.

The next morning we drove to Bird City, the former home of Mr. Smith. We arrived at 11 a. m. and remained the rest of the day. We were invited to go with the Bird City Scouts to Crystal Springs to camp. We were ready to go but a storm prevented, so all of us slept in a church. The next morning we started for Crystal Springs at 5 a. m. It took us one hour to reach there. After breakfast we went on a hike and then in swimming for one hour. Mr. Smith came at 12 o'clock and we ate with the scouts. Then Mr. Smith and we went to Alma, Neb., we stayed all night at the fair grounds. The next morning we drove to Hastings and visited the asylum. One of the nurses took us through the place. The buildings are of brick. They have several rooms where the beds are. The beds are made every morning by the patients. They are very neat and clean, and every corner is almost square.

From Hastings we drove to Lincoln we boys went to Capitol beach, then down town to supper. Mr. Smith gave us a ride home. We were able to go and I appreciated it very much.

Entertain in Honor of Sister.
On Friday afternoon the Woman's Auxiliary of Christ Church, Wyoming, with guests from the Baptist and Methodist Missionary organizations of Union, were very delightfully entertained by Mrs. Kendall in honor of her sister, Mrs. Luther Hall, of Snohomish, Washington.

Mrs. Hall being one of the charter members of the auxiliary until she moved to Nebraska City, where she was secretary of the organization of the St. Mary's Episcopal parish.

Three years ago leaving for the west to make her home, where she is an active worker in the thriving little church at Snohomish.

The meeting was opened by the president, Mrs. George Stites, with the usual devotional service. After short business session the program was given which was followed by the closing prayer by Mrs. Garrison of the Baptist Missionary society. During the social hour that followed the hostess, assisted by her daughter, Mrs. Rue Frans, served delicious refreshments. Thirty-two were present to enjoy this hospitality and visiting with our friend who is always a welcome visitor.

Carpenter-Anderson
Word comes from Brule of the wedding of Amos Anderson, a former Union boy, with Miss Chista Carpenter, of Julesburg, Colo., on September 22. The newly wedded pair will make their home at Brule where Mr. Anderson is engaged in the carpenter business. The Journal with the many friends in Union extend to the happy couple best wishes for a long happy and prosperous life.

Methodist Church Notes.
Next Sunday is the first Sunday not only of a new quarter but also a new year. Every member of the school should endeavor to be present. There were 78 present last Sunday, but each class showed some absent ones. Make a special effort to start in anew next Sunday. New scholars and visitors are always welcome.

Rev. Myers will be here next Sunday to begin his year's work with us, succeeding Rev. Rannels, who moved the first of the week.

The Epworth League is doing some good work at present. All young folks interested in the church should make an effort to attend the meeting next Sunday evening. Plans are being made by the young folks for the presenting of a play sometime in the near future.

Attend Bridge Meeting at Union Friday Evening

All Members of the Bridge and Highway Association Are Urged to Attend.

From Wednesday's Daily—
The meeting of the Cass County Bridge and Highway association that will be held at Union on Friday Oct. 8, is one that every member of the association and all those interested in securing a bridge here at Plattsmouth should be present.

The logical place for a crossing to serve the south central sections of Nebraska and Iowa and make a straight route of the Harding highway is at this place and a bridge here will serve to boost and give every part of Cass county a chance to enjoy the benefit of the tourist travel from the east and west and give a greater appreciation of the real worth of this part of the great state of Nebraska as there is no fairer spot than old Cass county and the neighboring counties that adjoin it on all sides. The routing of the highway to a bridge here will also give the traveler a chance to touch the great agricultural and fruit growing counties in Iowa that are our neighbors across the dividing line of the river.

The association, however, is not only boosting for this particular bridge but are also urging the adoption of the program that will place bridges at several places along the river and do away with the long detours that are now necessary in getting to and from the states of Iowa, Nebraska and Missouri.

The good roads movement of the county will also be vastly stimulated by the bridge at Plattsmouth and this is also one of the aims of the association to see that highways are made fit for travel at all seasons of the year and that the travelers from the north, south, east and west can find the proper kinds of roads to get over at all times.

The bridge and roads movement is an important one in this day and age and all the boosters are urged to be in attendance at the Union meeting Friday evening, Oct. 8th, at 7:30.
