THOMPSON STARTS HOME

Manila, Oct. 4.—Carmi A. Thompson, personal representative of President Coolidge, began his voyage homeward today, having completed a survey of Philippine conditions.

The Philippine senate and house adopted a resolution in the form of a memorial to Mr. Thompson expressing the desire of Filipinos for immediate, absolute and complete independence.

A statement by Mr. Thompson expressed his "sincere appreciation of the wholehearted assistance received from Governor General Wood, the legislature, officials, department secretaries and others," during his three-month investigation.

Mrs. Frank Wooster was among those going to Omaha this morning to spend the day in that city with her husband who is at the hospital recovering from the effects of an operation.

George Berger to Visit Scenes of His Youth

Pioneer to Visit Plattsmouth to "Kick" Post of Old Steamboat Landing.

George L. Berger, 75, came to Nebraska in 1857 by steamboat to Plattsmouth, and for that reason he has at least one "big kick" coming.

He is going to make a special trip to Plattsmouth this week to register that kick, as he has done five times since moving to California in 1917. Mr. Berger is going to kick an offensive looking post, somewhat rotted with age, that projects about 18 inches from the ground a short distance southwest of the Burlington depot at Plattsmouth. It was this post to which the boat on which he arrived was tied. The river is now two and a half miles from the post.

"I don't know why I kick it, but it has been a rite with men for years," he said. "This may be the last time because either the post or myself may not last much longer. I kicked a big hunk of it off the last time. I ain't no kid any more, so I'm not going to kick it too hard."

Mr. Berger hopes to outlive the post. As it is, he believes he has survived all his four hundred comrades who served in Nebraska Indian wars under Captain Henry Shafer from 1864 to 1865. He is one of the few surviving companions of Buffalo Bill, with whom he was associated for 19 months in the Indian campaign. He says Buffalo Bill was "a good scout—the best I ever knew."

It was right after the Plum Creek massacre, where Lexington now is, that Mr. Berger met Buffalo Bill. He participated with him in a number of skirmishes in which no one was killed. Buffalo Bill by his knowledge of Indian tactics saved the lives of the troops many times, Mr. Berger believes.

"Buffalo Bill was a funny sight when he dressed up in Indian clothes," the pioneer related. "He looked so much like an Indian that he could go right up and mix with them and talk with them and they believed he was one of them. Then, he was able to come back and tell us what they planned to do."

Mr. Berger left his wife and a daughter, Mrs. Bertha Berger Lee at his home in Orange, Cal., and came to Omaha to observe his birthday anniversary last month with two daughters, Mrs. W. E. Stander and Miss Annie Berger of Orange, who accompanied him, and with Mrs. Flo Zackary, 1505 Park avenue, another daughter, at whose home he is stopping, and a son, W. H. Berger of Grand Island.

He has greatly enjoyed, he says, the renewal of friendships in Nebraska.

"I believe I have more friends in Nebraska than any man living," he asserted. Mr. Berger is a former Cass county farmer.—World-Herald.

DOINGS IN DISTRICT COURT

From Wednesday's Daily—An action was filed today by Attorney J. A. Caswell representing the Conservative Mortgage Co. vs. William Burke, et al., an action seeking settlement of a mortgage.

Petition was also filed in the court by R. C. Hitchman asking the consent of the court to sell the interest of Ruth Beverage in real estate.

RALPH CONNORS IMPROVING

From Wednesday's Daily—

The latest reports from the Lord Lister hospital in Omaha states that Ralph Connors, son of Mr. and Mrs. Walter Connors, formerly of this city, who shot himself on Sunday afternoon, is now showing some improvement and is conscious now for greater part of the time. Ralph is now given a chance for recovery from the effects of the wound altho the attending surgeons held but little hope at first for the young man owing to the fact that the bullet had grazed the heart.

'Worst Stretch' to be Eliminated

Motorists Are Watching Efforts Being Made to Remedy Nebraska's "Meanest Road."

Nebraska City and Otoe county people who travel Omaha-wards are watching with interest the energetic efforts of Cass and Carry counties aided by the State Highway department, to "fix" the road in the Platte valley, between Plattsmouth and the hill which approaches Port Crook.

The attempt is interesting because there is every reason to believe that the sector which has caused so much trouble this year has long held the palm as the "meanest stretch of road" in Nebraska.

Ever since the automobile came into general use the Plattsmouth-Port Crook section of the Omaha highway has been roundly cursed whenever weather conditions were unusual. Other portions of the highway have been bad at times, but they "dry out"—the Platte river bottom, apparently, is "bottomless." The name "bottom" is a misnomer.

This year, probably, has been the worst of all the fifteen years in which motor cars have generally used for transportation in this part of the state, and the condition, of course, has been reflected in the Cass-Surry "mud hole."

The State Department promises a good highway over this morass and that promise is likely to be fulfilled. It remains to be seen, though, whether the improvement will come before the winter season. If it is delayed, more trouble may be expected, especially if there is a freeze and thaw" winter with the usual spring weather.—Nebraska City News-Press.

University Elects Class Presidents

Joe Weir of Superior is Named Head of Senior Class for First Semester of Year.

Joe Weir of Superior was elected president of the senior class at the University of Nebraska for the first semester at an election held Tuesday. He was unopposed and but few scattered votes were cast against him. Fifteen hundred votes were cast in the entire election which was in charge of the student council.

Robert Davenport of Norfolk won the junior class presidency by a three point margin over Donald Campbell, Ramsey Chapman was announced for sophomore president, John Hedge of Lincoln was named as freshman president over five competitors.

Emerson Meade of Ashland was elected a member of the student council from the college of engineering. Richard Vette of Omaha was chosen from the college of business administration. He was unopposed. Thomas Elliott of West Point was elected to represent the college of arts and science. Mildred Sweet of Sargent and Esther Zinneker of David City were named senior women at large.

None hundred and twenty-five votes were cast for the honorary colonel, the winner having a sixty-seven majority. The name of the honorary colonel will be kept secret until the night of the military ball.

ST. PAUL'S DICTUM IS CITED TO BLOCK WOMAN'S ORDINATION

Bridgeton, N. J., Oct. 5.—St. Paul's admonition to "let the women keep silence in the church" was quoted today in an adverse report on the application of Mrs. Elizabeth M. Finn, of Philadelphia, for ordination as a Baptist minister.

The report precipitated a lively discussion, during which Rev. Robert R. Thompson, Bridgeton, expressed the belief that "if St. Paul had been a married man instead of a bachelor, he would not have spoken as he did of women."

Mrs. Finn is the widow of a clergyman. A motion to table the adverse report was carried, and the matter probably will come before the convention again tomorrow.

HOG STEALING CASE

From Wednesday's Daily—The famous hog stealing case from near Cedar Creek will be the steller attraction in county court tomorrow when the preliminary hearing of Josh Hammond and Ray Denham, who are charged with conspiracy and stealing seventy-four hogs, will be brought to trial. The case has attracted a great deal of attention in the vicinity of where the crime is alleged to have taken place and a very large number from that locality is expected to be in attendance.

Chamber of Commerce in Fight for Road Improvement

Secretary Addresses Letter to Road Officials in Regard to Omaha-Plattsmouth Road.

We are handing you for publication copies of letters written to Mr. E. H. Douglas and Mr. R. O. Green, regarding the trail to Omaha, as a matter of information so that the citizens of Plattsmouth may know every effort is being made by the Chamber of Commerce to remedy the disgraceful conditions that have existed on this road to Omaha. This office will also appreciate complaints being brought in with definite specific information, so that further action may be taken and accurate cases brought to the attention of the Federal Hi-way officials.

W. J. DAVIS, Secretary, September 30th, 1926
Mr. E. H. Douglas, County Road Engineer, Cass County, Plattsmouth, Mo.

My dear Mr. Douglas:—We have been literally swamped with complaints today regarding the disgraceful condition of the road to Omaha and especially just north of the track at Oreadpolis. This is giving pain as the "black eye;" our truck men in desperate straits to operate over this road.

Regardless of the other tasks you have in hand, this proposition is without doubt one of the most serious and demands your immediate attention to remedy.

It is the desire of this office as the writer explained to you to co-operate thru your office in matters of complaints, and this will be our policy so long as you take up these complaints, rectify conditions, and show you are in dead-earnest to serve the citizens of Plattsmouth in a serious case of this kind, promptly and thoroughly.

Before handling this further we wish a definite statement from you as to what you are doing about this matter. It remains to be seen, though, whether the improvement will come before the winter season. If it is delayed, more trouble may be expected, especially if there is a freeze and thaw" winter with the usual spring weather.—Nebraska City News-Press.

Chamber of Commerce

By W. S. DAVIS, Executive Secretary, October 2nd, 1926
Mr. R. O. Green, District Engineer Department of Public Works, Plattsmouth, Mo.

My dear Mr. Green:—Believing you are more familiar with the local conditions pertaining to the road from Plattsmouth to Omaha under the jurisdiction of E. H. Douglas, we are writing you in behalf of Plattsmouth and those who come thru this section of the state as tourists.

Wednesday night, September 29th, this road was in disgraceful condition, some cars leaving Omaha at 4 p. m. unable to reach Plattsmouth until 4 a. m. Thursday morning. Furthermore there was no effort made by your Mr. Douglas Wednesday night to relieve the situation or to assist those mired and stranded to get thru. This is a disgrace to the state of Nebraska, considering Mr. Douglas has been working on this proposition for several months.

In going over the road with Mr. Douglas Thursday the 30th, about 10 p. m., we noticed on that date he had done a great deal of work to remedy the conditions of the previous night and at midnight Thursday, the road was passable, for which we wish to give him credit. Also today he is removing the obstructions from the ditches in the road south of the city, and has done some excellent work between Plattsmouth and Nebraska City—for which we want you to know we are thankful.

However as regards the Omaha road, Plattsmouth is insisting that this road be kept open and passable so that this city will be relieved of the hundreds of complaints from motorists reaching us on account of being stuck in the mud on this road, and if Mr. Douglas needs more men, or equipment, or material, we have requested him to call on you for co-operation to keep this road open and free from further complaints. This city has reached the end of its patience in this respect. We wish Mr. Douglas to "make good" and this office will co-operate with you and him to see that proper recognition is given of good work but definite action is urged at once.

Very truly,
PLATTSMOUTH CHAMBER OF COMMERCE,
By W. S. DAVIS, Executive Secretary.

BRIDGE MEETING

The Cass County Bridge and Highway Association will hold a meeting at Union, on Friday, October 8th, at 7:30 p. m., for the purpose of furthering the program of adequate transportation facilities across the Missouri river—a system of bridges to meet the needs of the state. This is a very important meeting and all interested in the project should be present. There is much to be done and your co-operation is desired.
J. A. GARDNER, President.

FOR SALE

Full blood, certified Buff Orpington cockrels, \$2 each, also white rock pullets \$1 each.—Mrs. John Rice, Murray, Neb. s27-3w-aw

Save time and worry at your picnic party by securing a supply of the Dennison picnic goods. Bates Book and Gift Shop has the full line.

FARM BUREAU NOTES

Copy for this Department furnished by County Agent

Won at Sioux City Fair.

George Weyers of Eagle won first on white corn at the interstate fair at Sioux City. This gives him first in Nebraska and adjoining states.

County Fair.

In regard to the premiums presented on collective exhibits, the rules in the fair book were followed completely relative to professional and amateur exhibits. The special premiums were given to the one who won the most points, counting first, second and third prizes. This method was followed in every department by the judges, which was the only fair way it could be done. The fair board wish to take this opportunity to thank everyone who assisted to make the fair a success.

A Floor for the Hen House.

A cheap but ideal floor can be put in a chicken house by filling in about eight inches of cinders, gravel or crushed rock and covering it with two inches of rich cement. The porous material under the cement will break up the soil capillary and tend to keep the floor dry. The filling should be tamped until it forms a solid base for the concrete.

Hollow tile forms a more satisfactory base for the concrete and only a half an inch of cement is needed to cover it. Tile is more expensive than other fillers however, and sometimes much harder to get. It should be laid in a layer of sand so the surface of the tile can be made as smooth as possible before the cement covering is put on.

A slope of four inches in twenty feet from the back to the front of the house will tend to keep the litter evenly distributed over the floor. This slope will practically eliminate the disagreeable task of scratching the litter out from under the dropping boards of the ordinary house. There is no better time of the year to put a floor in the chicken house than just before the pullets are put into their winter quarters.

L. E. SNIPE, Co. Exten. Agent.

When entertaining, use Dennison goods. Bates Book and Gift Shop carries the entire Dennison line and is the only place in this territory where you can buy genuine Dennison materials.

Public Auction

To be Held at Vallery Sale Pavilion Plattsmouth, Nebraska

Saturday Evening, October 9

Commencing at 7:00 O'Clock

- Garden plow and tools
- Other articles too numerous to mention.

Also a Few Cars will be Sold

Call telephone No. 23 if you have anything to sell. Ladies especially invited to this sale.

REX YOUNG, Auctioneer W. H. PULS, Clerk

FREEZE HURT 10% OF CORN

Lincoln, Neb., Oct. 4.—The recent freeze, which was general over Nebraska, affected only about 10 per cent of the state's corn, 90 per cent having matured without damage, declared the state and federal crop department in its September report here today.

Cattle and sheep feeding will be materially reduced, hay and feed supplies being generally short, the report added. Farmers have sufficient feed to winter over stock now on hand.

While fall wheat seeding has been delayed in the southeastern part of the state because of excessive moisture, nearly 62 per cent of the crop has been sown in Nebraska. Plowing for winter wheat was 60 per cent completed in August or earlier.

More corn will be "hogged down" where yields are not sufficiently large to pay for shucking. Reports indicate that 12 per cent of the crop is to be harvested in this way.

SAY BANDITS SLAIN

Mexico City, Oct. 3.—The authorities announce that federal troops have captured and killed the leader of the bandits who on Sunday last attacked a Mexico City automobile party on the highway midway between Mexico City and Pachuca.

The authorities believe that with federal troops patrolling the highways in Mexico City region and the prompt execution of the bandits who murdered Jacob Rosenthal, of Woodmere, Long Island, N. Y., and the leader of last Sunday's gang, travel now will be safe in the country surrounding the capital.

Real School Bargains!
