

### Western Washers Making Hit on the Market

Eastern Branch of Maytag Company Sets a World Record in Merchandising.

The Eastern Branch (headquarters in Philadelphia) of the Maytag company of Newton, Iowa, has set a world's record in merchandising. This branch has just received the largest individual shipment of merchandise ever known. Five solid trainloads, 130 carloads. More than 11,000 Maytag Aluminum washers valued at \$2,000,000.00. This great shipment was routed

over five different railroads in order to insure rapid delivery. These five special trains identified by posters and banners were given clear right of way over the various roads and were met at various points along the route by prominent men and city officials.

It is stated by members of the sales organization of the Eastern Branch that every washer in this mammoth shipment will be disposed of in less than thirty days.

Trainload shipments of Maytag washers have not been uncommon the last few months. Three trainloads have been sent into California. Three trainloads into the Pacific Northwest and a trainload into Western Pennsylvania.

The daily production of Maytag washers at the factory has already reached the astounding figure of 1250. This number will soon be increased by three or four hundred a day upon the completion of addition-

al factory buildings now under construction. Among these buildings is a new aluminum foundry, credited with being one of the largest aluminum factories in the world.

Sales of the Maytag washer have shown a very decided increase, particularly during the last few years. With sales of but \$1,000,000.00 in 1920 the total sales of last year reached the \$35,000,000.00 mark. During the first eight months of the present year an increase of more than 60 per cent has been reached which should bring the total sales for 1926 well above the \$50,000,000.00 mark.

The Maytag company builds but one product—the Maytag Aluminum washer—and was founded more than thirty years ago by F. L. Maytag, the present chairman of the board of directors.

The firm of Bestor & Swatek of this city are the representatives of this line of machines in this city.

### Last Baseball Game of Season Next Sunday

Weather Permitting, Cass County Tournament Will Be Closed in This City.

From Wednesday's Daily—

The last of the series of games between the Plattsmouth, Manley and Greenwood baseball teams will be staged in this city next Sunday if the weather will permit and in which the result of the tournament can be fully determined. This game has been postponed for several Sundays on account of the weather and from the present indications the clearing conditions will permit the battle to be staged at last.

The hard fought games of last Sunday at Manley indicated that all three teams were going their best and with a repetition of this fighting spirit a great deal of interest will be looked forward to in the contest.

A very large number is expected here from Manley for the game as the residents of that locality are real baseball fans and have the true spirit of support for their team in either victory or defeat and will come in to enjoy the battle.

Plattsmouth will clash with Greenwood in the opening game and Manley in the second engagement and both games give every promise of being a real battle.

Earl Jardine and his slugging Greenwood players are not to be left out of the reckoning for the tournament finish and the Plattsmouth team will also be in the battle to cop the bacon.

This will be the curtain for the 1926 season and while it is encroaching on the fall season it will be a real contest that all the fans can enjoy.

### LOCAL NEWS

Dr. Heineman, Dentist, Hotel Main Bldg., Phone 527.

Dr. O. C. Hudson, Osteopathic Physician and Surgeon, Phones 31 - 477.

### Chicken Stealing is More Frequent

Attorney General Says Wave of Chicken and Hog Stealing Keeping Officers Busy.

During the hearing of the pardon board at the state penitentiary Tuesday morning Attorney General Spillman questioned with considerable interest an applicant for clemency who had been convicted of chicken stealing in northern Nebraska. The charge was made that the young man had been the tool of others and had been influenced to commit the crime. W. H. O'Gara, who appeared in behalf of the applicant, said that chicken stealing and like crimes had become so prevalent in Cedar county a few years ago that it was necessary to organize an association for the maintenance of law and order.

The attorney general said that a wave of chicken stealing was passing over Nebraska; that officers in many counties were kept busy trying to trace such crimes and that he would welcome any information from any source that would aid in the enforcement of the law against chicken stealing.

Chicken and hog thefts have caused such heavy losses to Nebraska farmers that special legislation to cover these crimes has been enacted.

In eighteen cases heard by the board Tuesday there were five forgery charges, two charges of hog stealing and two charges of chicken stealing. In recent hearings before the board forgery has had the lead over all other complaints.

The law in relation to hog and chicken stealing is as follows:

"Whoever steals any sow, barrow boar or pig of any value, or receives or buys any sow, barrow, boar, stag or pig that shall have been stolen, knowing the same to have been stolen, with intent by such thief, knowing him to be such, fraud the owner, or conceals any sow, barrow, boar or pig, knowing the same to have been stolen, shall be imprisoned in the penitentiary not more than five nor less than one year and shall pay the costs of prosecution.

"Whoever steals any chickens, ducks, turkeys, geese, pigeons or guineas of any value or receives or buys any chickens, ducks, turkeys, geese, pigeons or guineas, that shall have been stolen, knowing the same to have been stolen, with intent, by such receiving or buying to defraud the owner; or conceals a poultry or pigeon thief, knowing him to be such; or conceals any chickens, ducks, turkeys, geese, pigeons or guineas, knowing the same to have been stolen, shall be imprisoned in the state penitentiary for not less than ten days nor more than six months or in the state penitentiary for not more than three years nor less than one year."

### DRAMA DEPARTMENT OF THE WOMAN'S CLUB

From Wednesday's Daily—  
The drama department of the Plattsmouth Woman's club held a very pleasant meeting on Monday afternoon at the home of Mrs. William Baird, the department chair man and the work of the department was thoroughly organized for the coming season. The department members plan to take up a short course of calisthenics for the development of grace and ease and in addition short courses in articulation and enunciation will also be followed by the members as a part of their study program. A short course in public speaking will be given with reviews and reading of the "Merchant of Venice" and a study of Nebraska will be used in preparation of subjects.

The department members are planning to give several parts of the plays of Shakespeare in the coming winter season that will add interest to their work. The next meeting of the department will be on November 8th at the home of Mrs. William Baird.

### MACCABEE LADIES MEET

From Wednesday's Daily—  
The W. B. A. of the Maccabees met last evening at the home of Mrs. J. H. McMaken in the north portion of the city and with a very pleasing number of the ladies in attendance at the event. The time was spent in the business affairs of the order and at the conclusion very dainty and delicious refreshments were served by hostess that added to the enjoyment of the evening.

The next meeting of the W. B. A. will be held at the home of Mrs. J. G. McMaken on Tuesday evening, November 9th.

### NOTICE

The annual meeting of the Cass County Chapter, American Red Cross, will be held October 15, 1926, at 2:30 p. m. in Murdock, Nebraska, in the W. M. A. Hall.
