SECURES A VERDICT

From Monday's Daily—
In the district court Saturday afternoon the jury selected to try the case of Fred H. Rutherford vs. C. L. Stull, an action for damages arising from the alleged destruction of a part of the corn crop of the plaintiff by cattle belonging to the defendant, Stull, found for the plaintiff in the sum of \$100 and costs. In the trial of the case in the county court a verdict was found for Mr. Rutherford and which has been followed by a similar verdict in the district court.

UNDERGOES OPERATION

From Monday's Daily—
This morning J. L. McKinney and daughter-in-law, Mrs. James Jones departed for Omaha where they will visit with Mrs. Marshall, daughter of Mr. and Mrs. McKinney at the University hospital. Mrs. Marshall is to be operated on today at the hospital as she has been in very poor health for some time and this is the fourth operation that she has been compelled to undergo.

Omaha Man is Killed in Auto Accident Sunday

Lester E. Klopp Has Neck Broken When Car Overturned Near Wyoming.

From Monday's Daily—
Lester E. Klopp, aged 29, and part owner of the Klopp Printing Co., of Omaha, was instantly killed Sunday morning shortly after 6 o'clock when the car in which he was riding was overturned at the corner near the Wyoming church in Otoe county, eighteen miles south of this city.

The car was badly damaged, the top being broken, the windshield smashed and one fender practically demolished as well as one wheel being damaged to a great extent. The colored driver stated here that he has driven the car a greater part of the way from Omaha but out of Union one of the other occupants of the car had insisted on driving, he had warned the man of the nearness of the turn in the road and as they came to the corner the brakes had been slapped on and the car overturned. The colored man was uncertain as to the number of times the car had been overturned.

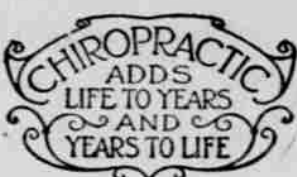

Klopp, with Craig Velle and Robert Buckingham, also of Omaha, were on their way to visit Velle's grandparents in Kansas City. The car was Velle's, an eight-cylinder coupe with a rumble seat for two. It had been driven by Klopp's chauffeur, Buckingham was riding inside with him and Klopp and Velle were outside in the rumble seat.

Klopp and Velle were thrown out, Klopp lighting on his head. Dr. C. G. Zimmer of Nebraska City, who was summoned, found that Klopp died instantly, his neck having been broken. The other occupants of the car were shaken and bruised, but otherwise uninjured.

Return in Ambulance

Dr. Zimmer called an ambulance from Nebraska City and Buckingham and Velle rode back to Omaha in the ambulance which conveyed the body there. Velle's car was driven back to Omaha by Klopp's chauffeur.

They left Omaha Sunday morning intending to spend the day in Kansas City and return home Sunday night. Both Velle and Buckingham are under a physician's care at Buckingham's apartment in the Blackstone.

DR. JOE J. STIBAL
Telephone No. 3

hotel in Omaha, suffering from the shock of Klopp's death. Klopp's wife, formerly Miss Mary Gifford, left last Tuesday for Phoenix, Ariz., with her two children, Lester, 21 months, and Gifford, four months. Mrs. Klopp has been in ill health and went to Arizona on the advice of her physician. She was accompanied by her mother and father, Dr. and Mrs. Harold Gifford. Dr. Gifford was notified over long distance telephone Sunday of the accident. Plans of Mrs. Klopp were not known at a late hour Sunday night, but it is expected that she will return at once to Omaha.

Father in California

Klopp's father, A. T. Klopp, is now in California and his son, Arthur, was attempting to see him by telephone Sunday. He expected to reach his father some time Sunday night and funeral arrangements will be made later.

Other survivors are a brother, Walter, and a sister, Mildred. Walter Klopp, with his wife and Mrs. Frank Selby, were themselves in Kansas City Saturday, having gone there to witness a performance of "The Miracle." They returned here last Sunday, unaware that they were driving over the road on which the younger brother had met death.

Miss Mildred Klopp is now in school in Boston and was reached by Arthur over long distance Sunday morning. She left Sunday for Omaha.

Frank Lanning Files Big Damage Suit in Otoe Co.

Eagle Man Asks Damages of Eleven Thousand Two Hundred Dollars as Result of Crash.

Frank Lanning, Eagle, has brought suit in the district court of Otoe county against Frederick W. Brehm, Syracuse, asking damages in the sum of \$11,200 as the result of an automobile accident one mile south of Eagle, November 29, 1925. In this accident Mrs. Brehm was so seriously injured that she died shortly afterwards in a Lincoln hospital.

Lanning in his petition alleges that he was driving his car north on the highway in a careful and prudent manner and that his car was in good working order at the time of the accident; that at the intersection a mile south of Eagle a car driven by the defendant from the west, on a road under construction and on which a detour sign had been posted directing traffic not to proceed on the county road, struck his car. Plaintiff alleges defendant was driving his car in a careless manner when he crashed into his car with great force and violence, tearing away a fender and running board and breaking left front wheel and causing plaintiff's car to swerve from its course and run against a post and tree situated at the northeast corner of the intersection.

Plaintiff further alleges that he was temporarily and permanently injured, disabled, bruised and scratched as a result of said collision caused by the carelessness of the defendant; that plaintiff's vision has been impaired and that he has paid out money for medical care and services.

He places the damages to himself at \$10,000 and to the automobile at \$1,200.

P. W. Brehm, the defendant, is a well known pioneer of Otoe county residing three miles west of Syracuse and Frank Lanning is a resident of Eagle where he was for years connected with a bank and operated a garage.

Home Industries Should Have the Fullest Support

Secretary of Chamber of Commerce Urges Support of Industries that Make the City.

Yesterday, at the invitation of one of the good Elks of this city, attended the Memorial services at their club rooms—it was most impressive and the musical program an inspiration.

Judge Begley in his splendid address stated: "Life is that which we make it, and we only get from it what we put into it." Also, "The only memory worth leaving to mankind is the memory of service to mankind."

Couldn't help but feel how aptly these two remarks fitted into our civic problems. It is fine to forget for a few moments, the way we can make the most money, and to ponder in what way may we make this activity of greater service to our fellow-men, neighbors and citizens struggling along beside us, and thus ultimately redound to the good of our city and our homes.

A rough estimate of bread purchases by our merchants thru Omaha shows this item alone in dollars is enough to support and maintain the Chamber of Commerce activities very year.

Some folks have said we stress the bakery proposition too much. However, as far as the bakeries are concerned, this is strictly an impersonal proposition and applies in a definite way to every business at home. It is not any one business but the principle of the thing that counts, for unless we can realize our responsibilities in this specific instance, and rally to the support of these two home industries, then there is little hope for the future of Plattsmouth. Co-operation that does not co-operate is stagnation and decay.

At last night's services at the Evangelical church the good Reverend Wichmann devoted the entire talk to the importance of co-operation in our civic affairs. He gave a splendid talk and honored the writer with a request to make a few remarks regarding the responsibility of the churches in the civic affairs of the community. This is the first instance of which we know where a minister of this city has grasped the importance of co-operation of the religious life in the civic affairs of the city in this way and especially as pertains to the Chamber of Commerce.

This office was opened on the strength of subscriptions given and accepted in good faith for its support. These quarterly subscriptions are some of them past due and it will be appreciated if the men of vision who volunteered to run a Chamber of Commerce in Plattsmouth to function 365 days in the year, will kindly let us have in good faith what was offered in good faith.

It is impossible to never make a mistake in this proposition, or to keep from seeming to offend some. We do endeavor to keep ever in mind one great principle in everything and that is the ultimate good of this city and our farming community.

One firm that had subscribed \$50 per year, supposedly in good faith, September first, withdrew its subscription because of our bread propaganda, claiming we were injuring the business of that concern, or if not injuring it, at least endeavoring to do so. In this case, the view-point has been strictly a personal one, the good and future of this city entirely overlooked by that subscriber. Plattsmouth will never grow or progress with such selfish ideas as that.

Unconsciously, unless we keep alert, we become indifferent to the fine qualities of the place we call "home" and do not appreciate the many improvements and growth about us, as well as the opportunities that exist on every hand.

Bargain Wednesday

WITH THE CHRISTMAS FLAVOR, DECEMBER 15

You are going to buy about so many presents! Why not take advantage of these special low prices and be done with the worry?

THESE ARE ALL CHRISTMAS HEADLINERS!

FOR MEN
