## AMERICANS IN ROME TO HAVE HEADQUARTERS

Rome, Italy.—A permanent center for American students in Rome has been established. The American University Union has already established centers in London and Paris for students coming from the United States, with a special library.

Italy will set up union headquarters in the beautiful library rooms of the historic Sallvati Palace in Rome. The need for such service here has become as great as in London and Paris. The number of American students is constantly increasing; many are enrolled in the American Academy and many study sculpture, painting and music independently.

Numerous American students from Oxford and Cambridge, among them Rhodes scholars, come to Rome during the Christmas, spring and summer holidays. Since 1920 special summer courses for American students have been arranged at the university of Rome.

H. Nelson Gay, formerly of Boston, and historian of Italian affairs, will have charge of the union, and the advisory committee will comprise Prof. Harry M. Ayres, Columbia University, Dr. Lewis W. Hackett, Rockefeller Institute and Prof. H. T. Lewis, University of Washington.

Though the president's office spokesman remains unidentified, we all know that Secretary Kellogg is Mr. Coolidge's official spokesman.
