The members of the party passed the time in games and contests that made the occasion one of the rarest enjoyment to all of the members of the jolly crowd. At an appropriate hour a dainty luncheon was served, one of the features of which was the fine birthday cake, with its glowing candles. # Elks Carnival to be Feature of Winter Season

### Will Be Staged at the Elks Home on February 26-28, March 1-2—A Real Treat in Store.

**From Monday's Daily—**  
The annual indoor carnival sponsored by the Elks lodge of this city is beginning to take shape, the various committees reporting the fine co-operation of Eastern Cass county promises to make it the best of its kind offered to us in years.  
As the Elks lodge is purely a charitable organization and the funds received from these affairs are used right in our midst; for betterment of our town, donations to needy, and help where help is needed, it should be given the hearty support of everyone.  
A very small percent of money spent with a traveling show or road carnival stays in your town. A carnival of this sort is clean and wholesome, and every dollar of its earnings not only stays here but helps to accomplish the things where only dollars count.  
The young ladies entering the popularity contest, and who will solicit you within the next few days are listed in another column, with the funds for the contest. Each ticket you buy from them gives them 1,000 votes in the contest, the winner to receive \$10 in gold. The ticket you buy for \$1 entitles you to a chance on the Ford Tu-Dor sedan, free admission to each night of the carnival, and a chance on door prizes given away each night.  
The dance committee has arranged the best dance programs possible. There will be dancing each night in the lodge rooms, dancing will start early and if its dancing you like, here is your chance.  
A man or organization with charity as the paramount thought, seldom makes it known just where charity is administered and the Elks are not an exception to the rule. The crying need at the present time is funds for the Legion Building, and a part of the proceeds of this winter carnival will be given to the American Legion to be used for this purpose.

# SNOW HELPS A LOT

**From Tuesday's Daily—**  
The snow fall of Sunday was one of the heaviest of the winter and has had a great good in moistening the soil where the fall wheat had been sown. Its value in helping to make the 1927 crop is without price and while we may grumble, or at least those who travel in cars over the country roads, we must appreciate that this is the manner of nature in preparing this great life producing area of our country with the moisture that will in the coming months aid in the production of crops. The snow moved very rapidly Monday afternoon under the sunshine that is characteristic of Nebraska and helped the soil to gather up the moisture that will bring in great crops in the coming year. The better crops means more to the nation and to us all and so we say "come on snow, do your stuff."  
California may talk of their eternal sunshine—when it does not rain, but they would be out of luck if Nebraska, Iowa, Kansas, the Dakotas and Missouri, not to mention Minnesota, had a crop failure.  
We may not have sunshine always, but we have our share, and are able to produce the food for the rest of the nation and may in time be able to impress Washington with this fact that out west here where the food comes from there should be some recognition given.  
Incidentally if Iowa and Minnesota had a few democrats in their congressional delegations they might make a deeper impression than the "boys" who lap up the sausage and Vermont maple syrup at the White house.

# MARIE MEISINGER IMPROVING

**From Tuesday's Daily—**  
The many friends of Miss Marie Meisinger will be pleased to learn that she is now showing improvement from her recent appendicitis operation that gives the brightest hopes that she will be able to return home in the next three or four days and be able to spend the remainder of her recuperative period here at home. The patient has been constantly on the mend and it was hoped to have her return home yesterday but her return will be delayed a few days.

All local news is in the Journal.

# HOLD VALENTINE PARTY

**From Tuesday's Daily—**  
The Standard Bearers of the First Methodist church entertained last evening at the home of Miss Jean Hays, one of their members at a most delightful valentine party and one that was participated in by a large number of the high school boys who had been invited to be present and participate in the pleasant event.  
The event of St. Valentine's day was carried out in the decorations of the home and each member of the party came with a valentine that was used in the members of the party becoming acquainted and entering thoroughly into the spirit of the happy occasion.  
During the evening games and contests were enjoyed and at which the fortunate members of the party were awarded with prizes for their skill.  
The serving of dainty and delicious refreshments added a most pleasing finale to the jolly gathering of young people.

# Meeting of the Soldiers' Relief Commission

### E. A. Kirkpatrick, Chairman; Thos. Wiles, Secretary, and Jos. A. Capwell, Junior Member.

**From Tuesday's Daily—**  
The Cass County Soldiers Relief commission met yesterday at the court house for the annual meeting of the year 1927 and at which time a change was made in the personnel of the commission by the advent of a veteran of the World war on the commission and to aid the Civil war veterans who comprise the remainder of the membership of this body.  
The board organized with the selection of the officers as follows:  
Chairman—E. A. Kirkpatrick.  
Secretary—Thomas Wiles.  
Junior Member—J. A. Capwell.  
The commission has charge of the looking after the needs of the veterans and their widows, the Civil war veterans being the recipients of the care of the commission when needed.  
In the session of the commission, the journal representative was impressed by the active activity of Mr. Kirkpatrick, the chairman of the organization, and it was with surprise that the reporter learned that he was eighty-two years of age, as he has the appearance and vigor of a man of much younger years. Mr. Kirkpatrick has been a member of the organization for seventy-two years in our great state, and we certainly feel that he is a striking example of a pioneer citizen and one whom all Cass county should be happy to acknowledge as one of the grand old men of the county.  
Mr. Kirkpatrick served in the Union army as a member of that gallant band, the First Nebraska, and fought bravely under the flag of his country until the close of the war. Unlike the veterans of other states, Mr. Kirkpatrick was not taken with the wanderlust that the youth and soldiers of the Civil war felt, and when the war had closed, he returned to Nebraska and has since made his home here. May he serve many years as one of our loved citizens, with the small remnant of the Grand Army, once 2,128,841 number—men army as a sacrificed and to whom we of the present day owe much.

# CELEBRATES BIRTHDAY

The home was very attractively arranged in the decorations of the valentine season that added a colorful touch to the scene.  
In the contest of pinning on valentine hearts the most successful of the party proved to be Edward Hadraba and Florence Sedlak while the consolation prize was awarded to Mary Kvapil and Frank Ashenbrenner, Jr. In the peanut hunt the first prize was awarded to Albert Sedlak and Barbara Zitka and the consolation to Raymond Kalasek and Theresa Sedlak.

# More Chickens Raised Here Add to Our Returns

### Secretary of Chamber of Commerce Asks for Development of This Feature of Community.

**Elihu Root, one of this country's real statesmen, not just a plattina,** made the following statement, which is very appropos considering our foreign relations on this side of the Atlantic: "Nations always differ. They differ in inherited characteristics, predilections, and traditions, and none of them is perfect, but there never is a difference so great but that it cannot be peaceably settled if approached in the right spirit. And there never can be a difference so trifling that it may not be made the reason of war if approached in the wrong spirit."  
When this snow thaws, HOW much will you be willing to give for a graveled hi-way?  
What has become of the old fashioned winters we used to have. This winter here so far has surpassed anything we ever experienced in Arkansas. Don't you know, taking it all around, little old Plattsmouth, and good old Cass county are hard to beat. It is rare that you can find a location like this spot, where rainfall is ample; where hogs, sheep, cattle and goats all thrive; where the dairy game is a success; where apples, berries, cherries, and vegetables beat 'em all anywhere—and right in the time is at hand when some of our big farms will be split up, and acreage given to the profitable business of berries, and other fruits.  
Also the time is at hand when there will be more chickens raised on the farms, and more cream sold, and much of this will come about thru the Plattsmouth Morrow Hatchery and Nolte's Hatchery at Mynard. These two will be an incentive to grow purebred chickens. Our favorite breed is Leghorns, but there is no choice as far as chickens (feathered ones) are concerned, if handled right.  
There is no farm flock of chickens that is not a paying proposition, if proper credits are given. Many in figuring feed costs, and sales never consider it necessary to add to their sales the eggs given over to Mr. and Mrs. Hen, and a steady diet of corn 345 days in the year is not an egg building breakfast, dinner and supper.  
So many farms, tho, you see the poorest, coldest, most insanitary place you can give over to Mr. and Mrs. Hen, and a steady diet of corn 345 days in the year is not an egg building breakfast, dinner and supper.  
Received a bully—fine telegram from Rep. John H. Morhead Saturday advising the bridge bill had passed the senate, we are going to bear down some. O. boy—boost that old bridge program morning, noon and night.

We are hoping this week to see a definite road-graveling program laid out, to work on. Talk roads, to your friends; talk to those that aren't—just keep talking graveled roads. Graveled roads back into our county means better times for the farmer; more tourists; drop your muzzins over the state; and one most important thing is the advertising Cass county will receive over the entire U. S. with good roads.  
If one does not wish to buy prepared mashes for poultry, there are mashes that can be mixed at home that will bring the eggs; wheat screenings, and sour milk are like beefsteak and pie to chickens, and sour milk takes the place of meat scraps—try 'em out—you'll be surprised.  
E. H. Douglas drove us this A. M. in his spanking new car over the much complained of road at the south city limits—it is in splendid shape. Also to the bridge north, it is advisable to take the detour and avoid the bottom road. Much cussing and loss of time may be saved in so doing.  
The revised bill H. R. 25 providing a substitute bill for many measures, as shown in yesterday's Lincoln Star should be carefully read.  
W. G. DAVIS,  
Secretary.

# RETURNS FROM HOSPITAL

**From Tuesday's Daily—**  
Mrs. George Conly, who has been at Omaha for several weeks past has returned home and accompanied by the little son that was born two weeks ago at the Clarkson hospital. # EAGLES BAND REORGANIZED

**From Monday's Daily—**  
The Eagles band of this city has re-organized for the year 1927 and expect to have one of the most successful years in their history, with a large membership and thus will be prepared to take on any playing assignments that may be available in this part of the state during the coming summer.  
The band selected officers by naming W. R. Holly as director; Dr. O. Sandin as manager and Mike Tritsch as the secretary of the band.  
The city has a very large number of musicians who will join in the band work and assure the city having an up-to-the-minute band and one that will be able to afford a great deal of entertainment for the public and make a good advertising feature for the city.  
The Eagles band is to start their practice this week in order to get in readiness for the summer work and Director Holly is planning a series of the popular and standard programs for the ensuing season.

# SUFFERS FROM STROKE

**From Tuesday's Daily—**  
The old time friends in this community of Miss Alma Waterman will regret to learn that she has been suffering from the effects of a slight paralytic stroke for the past few weeks and is still confined to her home, 200 Woodland avenue 3, Ferrisdale, Michigan.  
Miss Waterman is a daughter of John Waterman, pioneer resident of this city and county and has for the past few years made her home in Michigan where her sister, Mrs. Ida Wagner has resided over a considerable period of years.  
That Miss Waterman may soon recover is the sincere wish of the many friends here and a great many of the friends will without doubt send their word of greeting and best wishes to this estimable lady.

# 'Our Bill' Has Title to Senate Seat Given O-K

### Senate Committee Finds Senator Banning and Robbins Not Holding Unadjusted Claims.

**Senate Committee Finds Senator Banning and Robbins Not Holding Unadjusted Claims.**  
The seats of Senator Robbins and Banning are secure in the state senate so far as the protest filed by N. M. Somerville of University Place is concerned. The Judiciary committee of the senate directed a verdict in favor of their two fellow members Monday afternoon. Chairman Cooper was requested by the committee to appoint a committee to draft the verdict or findings of fact and conclusions of law, or whatever the committee proposes to call it.  
The committee decided that the two senators have not at this time any "unadjusted" claims against the state of Nebraska. Persons having claims of that kind shall not have or be entitled to a seat in the legislature, says the constitution.  
Two years ago the legislature appropriated \$174.18 for payment of Senator Robbins' claim and \$156.22 for payment of a claim presented by Senator Banning for services at \$10 a day and expenses performed as members of the road department investigating committee of the 1923 state senate. George Wilkins of Emerson sent but not now a state senator, has a claim for \$4,405.35 of the same nature, but this has nothing to do with the eligibility of the other two senators.  
Because Charles W. Pool, secretary of state in 1925, refused to approve the three claims, no warrants have ever been drawn. State Auditor Marsh had approved the three claims and sent the vouchers to Pool's office for his approval. The three claims are still locked in the little safe in Pool's former office. They are now in the care of Secretary of State Frank Marsh. No one has recently appeared to ask the new secretary of state to approve them or the new state auditor, L. B. Johnson, to approve the vouchers.  
The Judiciary committee finds that no appeal having been taken within twenty days from Mr. Pool's disapproval or refusal to approve them the claims of Senator Robbins and Banning are not "unadjusted," therefore there is no bar in the constitutional provision relating to holders of unadjusted claims in these two cases.  
The committee did not cite another section of the statute, which appears to go further and declare that when a claim in whole or in part is once disapproved by the state auditor or secretary of state it is forever barred from being presented to these two officers or acted upon again by them.

# NEW DODGE AGENCY

The Dodge automobiles will have a new representative in this city, the company for some time having been without representation here, the new agency being at the John E. Frady garage where Mr. Frady, one of the hustling young men of the community will take over the work of handling this popular line of autos.  
The Dodge is one of the leading lines of autos sold in the west and in the hands of Mr. Frady the company will have their cars handled by a live wire representative that will make their cars again a feature in this locality.  
Mr. Frady will have a line of the cars carried at the garage and will be on the job to see that the cars are given a real showing for the residents of this part of Nebraska.
