There is No Substitute for Virgin Wool Cloth!

You get 100% Virgin Wool Fabric only, in the new Kirschbaum suits.

There never was a time when the much abused words "all wool" were so generally used!

It is not generally known, but old woolens and wool rags often go back to the woolen mills to be ground up, re-spun and re-woven. It may be real "all-wool," but it lacks the beauty, the long fiber strength, and class of original wool—it's just second hand cloth.

It is worth your while to insist on virgin wool fabrics—Kirschbaum—use no other.
