Announce Engagement of Well Known Couple

Miss Louise Wiggenhorn of Ashland Will Be Married to Edwin A. Fricke in Late June.

From Tuesday's Daily—
Messdames W. E. and Carl Harnsberger of Ashland entertained at a very charming announcement party at the Carl Harnsberger home on Friday in honor of Miss Louise Wiggenhorn, whose engagement to Mr. Edwin A. Fricke of Plattsmouth was announced at the event.

The occasion was in the nature of a bridge luncheon and attended by a large group of the friends of the bride-to-be from Ashland and Lincoln. Miss Dora Fricke of Plattsmouth was a guest of the afternoon. The marriage of Miss Wiggenhorn and Mr. Fricke was announced for the latter part of June at Ashland.

The bride-to-be is a daughter of Mr. and Mrs. H. A. Wiggenhorn, old residents of Ashland and numbered among the leaders in the social life of that city. Miss Wiggenhorn has been very prominent in the social circles of her home city as well as in Lincoln and Omaha. She is a graduate of Wellesly.

Mr. Fricke is one of the most popular young business men of this city and is the youngest son of F. G. Fricke and is associated in the drug store here of F. G. Fricke & Co. He is a graduate of Nebraska university and former captain of infantry in the world war, serving with the 31st division in France and as a staff officer.

FARM BUREAU NOTES

Copy for this Department furnished by County Agent

Women's Home Economics Clubs
Under the leadership of the county chairman, Miss Rosette Gerard of Weeping Water, and Mrs. John Fischer of Alvo, the 19 clubs have finished their 3 lessons of the project, "Beautifying the Home." There were 283 women enrolled in these clubs. 274 completed the work, or 93 1/2 per cent. Enough praise cannot be given the county chairmen, the delegates and the members of these clubs for finishing so great a number of those enrolled. This project began in September and finished in May. At their last meeting these clubs discussed the Fair and the part that they expect to assist in. It takes organizations of this kind to make a successful fair.

Girls Clothing Club.
Mrs. Paul Bornemeier has a second year clothing club, and Mrs. Harriet Oberkier a first year club, and Miss Ruby Rhoden is assisting her. Both clubs are in, or near Elmwood.
Give Currant Worms Lead Arsenate.
The currant worm which may now be stripping the leaves off the bushes can be controlled by dusting or spraying the bushes with lead arsenate, the same mixture being used as for spraying fruit trees. If dust is used it may be mixed with gypsum in three parts or air slacked lime at the rate of one part of dust to ten parts of plaster or lime. If spray is used, it may be made in small quantities by mixing three tablespoonfuls of lead arsenate with each gallon of soft water needed, and in larger quantities by mixing 1 lb. poison than hellbore to use early in water. Lead arsenate is a better poison than hellbore to use early in the season, but hellbore is probably safer after the currants are formed.

SOCIAL CIRCLE MEETING
From Monday's Daily—
The Social Circle of the Lewiston neighborhood east of Murray held a very delightful meeting on Friday at the home of Mr. and Mrs. Tony Kimm and with a very large number of the members in attendance.
The club, which is one of the most active in the east section of the county is planning to take up community singing and at this meeting Mrs. E. H. Wescott of Plattsmouth was present and assisted the members in outlining the programs and the character of the songs to be studied and used in the songs that will be featured in the future.
The Golden Rod club of Mynard has asked the Social Circle club to send a representative to their meeting to give an outline of the very successful work of the Social Circle club and Mrs. Fred Hanni was named as the representative of the Lewiston club to visit the Mynard club and talk over the club work.
At the conclusion of the evening refreshments were served by the hostess. The next meeting will be with Mrs. Charles Wolfe.

CARD OF THANKS
It is with the deepest gratitude and appreciation of the many acts of kindness and sympathy shown us we desire to express to our many friends the thanks that we feel so deeply. Especially do we wish to thank the Masonic lodge and the Security Benefit association for their assistance in our bereavement. Also to all those who sent the beautiful flowers and shared our sorrow.—Mrs. Frank W. Elliott and Family, the Brothers and Sisters.
We operate the only Radio Real Estate Exchange in the country and our success proves that it is the way to sell real estate and business ventures.—F. J. Fitch, Radio Real Estate Exchange, Elmwood, Nebr. m2-2w-sw

Former Plattsmouth Lady Heads Missouri P.E.O.

Mrs. James W. Newell of St. Louis Named as Head of the Ladies Fraternity.

From Tuesday's Daily—
The many Plattsmouth friends of Mrs. James W. Newell of St. Louis formerly Miss Hallie Atwood of this city, will be interested in learning of the fact that Mrs. Newell has been selected to head the Missouri P. E. O. society, composed of several thousand members.

Mrs. Newell during her residence here was very active in the Women's club activities and has retained her interest in the club and society since locating at St. Louis and her work in the P. E. O. circles has led to her recognition as the state president. Mrs. Newell is wife of J. W. Newell, son of the late Judge W. H. Newell of this city and brother of Mrs. Frank Shopp, and who is now vice-president of the Wabash railroad with headquarters at St. Louis.

TAKE UP NEW JOB

From Tuesday's Daily—
The trucks and force of men of the Modern Construction company that has been engaged in the gravelling of the K. of T. highway from this city to the Platte river, have completed their work and left for Palmyra where they will have the task of gravelling the Nebraska City-Lincoln highway through that section of Otoe county. The workmen here have had the job on the highway between the city and Murray, as replacement of the gravel that has been on that highway for the past year.
The McMaken company are also engaged in brick work on the new substitution of the Nebraska Gas & Electric Co., and today were busy in getting the brick to the scene of the building operations and getting ready for the masons to start on the actual brick laying which will cover about a week.

ROYAL NEIGHBORS MEET

From Tuesday's Daily—
Last evening the Royal Neighbors of America held a very fine session at their lodge rooms in the M. W. A. building and which was attended by a very large number of the members. Mrs. Trumbull of Omaha, state deputy of the order was present and gave a very inspiring address and urged a greater interest in the order and a drive for additional members and in which she is assisting the local officers.
A class of several members was taken into the lodge last evening and much interest shown in the prospects for the future development of the local lodge.

AGED COUPLE ARE MARRIED

From Tuesday's Daily—
This morning County Judge A. H. Duxbury issued marriage license to Robert F. Rain and Mrs. Rosina Dechler, both of Council Bluffs and both past seventy years of age.
The parties after securing the license hastened to the St. Luke's rectory and securing the services of Rev. Middleton they were united in the bonds of wedlock in the church, the ceremony being witnessed by Mrs. Middleton and Mrs. J. S. Livingston.

Missouri River Starts Rampage in the Dakotas

River May Show Very Strong Rise But Little Danger Feared in This Part of River.

Chamberlain, S. D., May 10.—For the first time in three years the Missouri river has carried away 16 vents in the trestle work of the Milwaukee river bridge here. The break is on the east side of the river and the railway company is using trucks and automobiles to transfer passengers and baggage across the bridge, further down the river, thus completing connections between Chamberlain and Oaconda.

The Missouri has risen rapidly in the last two days, and early this morning the gauge showed a height of 13 feet, 10 feet above normal. At 9 o'clock another six inches had been added. The river is filled with driftwood and logs, and it was this debris piling against the trestles that broke the bridge.
Two feet of snow at the head waters of the Missouri, followed by exceptionally heavy rains in tributary districts are responsible for the sudden rise. Flats all along the river are under water, and at Pierre last night residents in the lowlands were forced to abandon their homes.

Reports Monday night of flood conditions in northwestern Nebraska, southwestern South Dakota, and other parts, following twisters, high winds, rain and snow in Nebraska and elsewhere, were succeeded next morning by reports of clearing weather and rising temperatures in the west and northwest.
Scottsbluff reported two days of severe storm in the North Platte valley, with normal weather today. The country clubhouse at Scottsbluff was blown over. Fruits and flowers and beets were reported damaged by freezing weather.

The report prediction for Nebraska as a whole is generally fair with rising temperatures Wednesday.

Weather Clearing.
Clearing weather in the Black Hills region, northwestern Nebraska and in Wyoming, where torrential rains and snow sent streams out of their banks, was reported today to Northwestern railroad headquarters in Omaha.

Rail communication between Pierre, on the Missouri river in central South Dakota, and Rapid City in the western part of that state, was cut off Tuesday. Bridges and rails were expected to be repaired by Wednesday. The Bad river between the two cities was reported out of its banks at many points, flooding the lowlands.
Conditions were reported much improved between Chadron, Neb., and Casper, Wyo., where weather was clearing and bridges that had been washed out were reported repaired. Interrupted train service was resumed, according to the report.

STATE TREASURY RECEIPT FOR FIRST 10 DAYS IN MAY \$300,000

Receipts of the state treasury during the first ten days of May aggregated over \$300,000, owing principally to remittances from county treasurers of real estate taxes collected by them during the previous month. On Monday, the mail brought in \$127,000, and \$85,000 more was received Tuesday. Last Saturday's revenue amounted to \$84,000.
About two-thirds of the money now coming in belongs to the general fund, which has almost \$3,000,000 of registered warrants outstanding against it, besides being indebted to other state funds almost \$2,000,000.

Treasurer Stebbin has paid off a million dollars of the older series of registered warrants, issued prior to January 1, under the call of May 5. There remains \$113,000 more of that batch to be retired. His offices force remain for the cash remittances, cancelling registered warrants after payment, registering other warrants as they are issued, and handling the other business of the department.
Lancaster and Douglas counties have not yet made their cash turn-overs to the state for this month. Their combined payments to the treasury covering April collections will probably exceed \$200,000. Otoe county has made the largest remittance to date—about \$27,000, of which \$25,000 was for the general fund.

WILL UNDERGO OPERATION

From Monday's Daily—
Mrs. Jonathan Hatt of this city was taken to the hospital at Omaha on Saturday by her doctor, who will be found necessary to have her right leg amputated as the result of a long affliction that has covered some eighteen years and which has in the past few months grown worse and made necessary the removal of the leg in the hope of saving the patient from further suffering and the spread of the infection that has bothered her for these past years.

ASKS FOR DIVORCE

From Tuesday's Daily—
An action was filed in the district court today by D. O. Dwyer, attorney for the plaintiff in the case of Edna Stratton vs. Ross Stratton. In her petition the plaintiff asks for a decree of divorce and it states that the parties were married at Bathgate, North Dakota, October 16, 1922, and in the year 1923 moved to Plattsmouth where they have since resided. The plaintiff charges that the defendant has deserted her and failed to contribute to her support and is at the present time a non-resident of the state.

Legion Auxiliary Soliciting Clothing for the Refugees

Clothing Can Be Left at Commerce Rooms Friday and Saturday Afternoons.

As the need of the sufferers in the flood ravaged districts of the south increase, an appeal has gone out from the Red Cross for donations of clothing that can be used among the needy in the stricken districts.

The American Legion Auxiliary of this city has taken over the work of soliciting clothing for the flood sufferers and the chamber of commerce rooms will be open on Friday and Saturday afternoons for the reception of clothing for men, women or children. All clothing donated should be clean and laundried as the flood sufferers are not in position to mending or laundry work in the large refugee camps of the river districts.

Practical clothing is most needed and anything that is serviceable and still in condition to be worn can be accepted as sent to the needy who are gravely in need of this relief. Those who have clothing that they can donate are urged to do so and to have this brought or sent to the chamber of commerce rooms on Friday or Saturday afternoon in order that they can be dispatched as soon as possible to the stricken areas of the south.

The Plattsmouth people are urged to do all that they can to aid in the relief work of their fellow countrymen of the Mississippi valley as the refugee camps from Kentucky to New Orleans are filled with thousands of homeless people of all ages who are in need of clothing.

GASOLINE GOES DOWN

From Tuesday's Daily—
The cost of motoring will be cheaper from now on in this city as the price of gasoline at all of the filling stations of the city dropped two cents on the retail price and is now being sold at 18 1/2 cents a gallon of the Plattsmouth stations. Kerosene followed the drop of gas with one cent drop in price.
The price will make quite a difference to the users of large amounts of gas and will add to the joy of the motorists who patronize the local stations.

U. S. SELLS OUT IN THE PHILIPPINES

Manila, May 10.—The government is going out of business in the Philippine islands, and its holdings in commercial enterprises, involving \$50,000,000 will be sold to the highest responsible bidders.

This was announced by Governor General Wood to the Associated Press today, as he outlined a new policy which he has adopted as the head of all government controlled properties and business. The new policy is occasioned by the recent ruling of the insular Supreme Court which held in effect that the governor general had full power over government controlled institutions.

Almost at the same time, General Wood handed control of the Manila Railroad Co. over to Filipinos by giving the natives a majority on the board of directors.

Government holdings will be disposed of as quickly as possible by public sales.

The radio finds the buyers and gets results.—F. J. Fitch, Radio Real Estate Exchange, Elmwood, Nebr. m2-2w-sw country.

A NATION OF ROAD BUILDERS

Less than ten years ago it would have been impossible to figure on driving an automobile more than about six or eight months of the year in the rural districts of most of our states. A "touring" car making an extended trip, would carry ropes, chains and a shovel to use in cases of emergency, which were quite frequent.

Today automobiles may be driven from coast to coast and north and south with little inconvenience. Another ten years will see paved roads to every important point. No nation ever attempted such a road building program as we are now carrying out, as an established feature of state and national development.

Not only are we building and hard-surfacing new roads, but are widening and straightening thousands of miles of old roads. Our annual bill for building and maintaining highways is approximately one billion dollars. It is necessary to keep close watch to see that this money is properly expended on scientifically built highways and permanent and practical bridge construction. Thousands of miles of feeder roads into the main highways must be improved with a waterproof wearing surface.

The telephone, the automobile, our good highways and our transportation system make possible instant and continuous communication and association between all sections of our

Farmers Mutual Insurance COMPANY

of Cass County, Nebraska

was organized by Cass County Farmers in 1894.

During the Company's existence our members have saved money on insurance premiums, and we have paid our losses promptly.

If you are looking for good insurance at a reasonable rate we invite you to become a member of our Cass county Institution.

For full particulars write

J. P. FALTER, Secretary Plattsmouth, Nebraska

W. C. T. U. INSTITUTE

From Wednesday's Daily—
The county institute of the W. C. T. U. was held on Monday at Weeping Water and attended by a very large representation from all sections of the county, each Union being well represented at the session that took up the greater part of the day and was filled with the greatest of interest to all of those in attendance.

The institute was presided over by Mrs. Fred H. Gorder, county president and who was assisted in the conduct of the institute by the Weeping Water ladies.

The principal speaker of the institute was Mrs. Roberts of Omaha, state treasurer, who gave a very interesting talk on the work of the society in the state and the need of the greater activity of the various branches over the state. The ladies also conducted the ceremony of christening the children in the work of the society by the

placing of the white ribbon of the order on the little folks.

Discussion was also had of the books and pictures in the homes in the interest of the elevation of the standards of thinking and living. At the noon hour dinner was served the visitors at the parlors of the First Congregational church and which was a most delightful affair and very pleasantly arranged. Those who attended from this city were Mrs. J. E. Wiles, Mrs. S. A. Wiles, Mrs. R. B. Hayes and Miss Elizabeth Spangler.

CARD OF THANKS

We wish to express our appreciation of the many acts of kindness and sympathy shown us in our bereavement at the death of our baby child and grandchild. We wish to thank all of the friends and the Eagles lodge especially for their assistance.—Mr. and Mrs. Walter Goucheour, Mr. and Mrs. Glen Morse.
