It is told of Mr. Johnson that he has the most beautiful place for the employees on the Missouri Pacific with flowers and a well cared for lawn, and as well a home composed of a box car which is well finished inside and makes a small but very unique home. He is well pleased with the pretty little home.

Stewart Roughly has established a pace for rapid trading of cars. He had to begin with, a Ford Sedan, and made an exchange for a Hudson coach, and on the same day disposed of the coach and secured a Hudson Sedan which he retained and was well satisfied with. See Some Fine Country. Charles D. St. John, the Nehawka miller, was a visitor in the southern portion of the state on last Friday and Saturday, making the trip in his car, he having some business matters to look after in that section, and found the country looking fine with about the same conditions prevailing there regarding crop prospects both in wheat and coarser grain. But little corn was up, and the farmers were very busy planting and getting along nicely with their work. While near Lawrence City, Mr. St. John visited with the former resident, Charles Schwab and wife, as well as their son, Mr. Schwab was sick for the most of last winter, and during the spring he was not able to work much. A Sure Enough Ball Game. Last Sunday at the Nehawka ball park was held a ball game which was indeed nifty between the local team and the Pisk Red Tops of Lincoln, the latter having a great reputation for playing ball. Nehawka Gets Improvements. The village of Nehawka is well satisfied with the progressive spirit that has been shown by its citizens, in the matter of road and street improvement. With a determination which wins, an opportunity was given for those who were public minded to make an offering for the caring for the expense of giving the road leading from "O" street from Mrs. Whitman's place to Nehawka and also the streets of the village a coat of gravel, and the response which came was surely pleasing and bespoke the patriotic feeling of the people for the town of their choice, for the amount was fully subscribed and the work of putting the City of Nehawka on the good roads map was begun on Monday of this week. Immediately after the matter was assured the grades were completed on the road from "O" street to Nehawka and plaid in good condition for the reception of gravel, and the spreading of the gravel on Monday noon in the town was marked by the moving of the car of the writer, who had left it parked at the exact point where the work was later begun. Nehawka is to be congratulated for the fortuitous outcome of the move for the improvements.

Enjoy Shooting Match. Some of the good shots, and Nehawka has many with creditable records, went to the shooting tourney which was held in Fremont this week, and entered the contest. Wunderlich, Arthur Hill, Clyde Sitzer and John Hanson, and all of them are good at shooting.

The condition of Mr. Snyder warranted his being taken to Lincoln for treatment, which it is hoped will result in the restoration of this gentleman to something like his normal state of health.

Since writing the above word has been received of the passing of Mr. Snyder at the hospital at Lincoln. A more complete account of his life, many years of which were spent in Nehawka and vicinity will be given in next week's issue.

Will Enjoy Trip Across the Water

August Schmidt and Wife, of Louisville Now Enroute to Land of Birth—To Stay 3 Months

Mr. and Mrs. August Schmidt left Omaha the first of the week, expecting to sail from New York on Wednesday, May 23, for Germany, to visit their old home and relatives. They sailed on the steamer, George Washington and will land at Bremen, and will go on from there to Hamburg and other points.

Mr. Schmidt came to America when he was in the years old. Mr. Schmidt came in the year 1906 and they were married in 1907, at Millard. For a number of years they have owned and operated a farm east of Louisville, which they sold about a year ago to the firm that has been buying up the farm land, as a part of the holdings of the presumed cement factory.

Mr. Schmidt sold at a good profit and before investing in another place, they decided to take a trip back to the old country to revisit the scenes of their childhood. They expect to be gone about three months. They have not given up the farm yet and are leaving a cousin, Carl Christianson to conduct it for them during their absence.

The Courier will visit them as regularly as it is possible, considering that they will be on the move a good share of the time, but they are desirous of keeping in touch with the events that are taking place here. They have practiced industry and economy and have well earned this splendid trip and they are taking with them the best wishes of their many friends and neighbors for a safe and happy journey and many pleasant experiences in visiting the old home.—Louisville Courier.

ENJOYS BIRTHDAY PARTY

A very pleasant surprise birthday party was given Sunday in honor of Mrs. Georgia Creamer at her pleasant country home south of this city when a group of the relatives and friends gathered to spend the day. The event was one that all of the members of the party will remember pleasantly. The time was spent in visiting and at the noon hour a delicious dinner was served, the members of the party having come with baskets of good things, and the feast was all that the most discriminating could ask. The afternoon was devoted to the renewal of the old times and as the day wore on refreshments of ice cream and cake were served that added to the pleasure of the members of the party. As the home-going hour arrived the expression was made that they hoped for many more such pleasant occasions.

Those who attended the occasion were: Mr. and Mrs. Charles Creamer, Mr. and Mrs. J. D. Shrader and Sacramento, California, Mr. and Mrs. Homer Shrader and family, Mr. and Mrs. Charles Wolf, Mr. and Mrs. Alex Rhoden and family, Mrs. Ben Gerlach of North Bend, Nebraska, Mont Shrader, Al Bartlett, Frank R. Flood Waters Higher than the Gulf Level

Wall Nearly 20 Miles Wide Is Rushing Way Toward Coast— Wider to the North

New Orleans, La., May 23.—A wall of flood water almost 20 miles wide tonight was beginning to reach the upper extremity of Grand lake in its movement to the Gulf of Mexico. Grand lake is situated at the mouth of the Atchafalaya river, splitting Iberia parish and with but a narrow neck of land separating it from the Gulf of Mexico.

Behind it stretched a lake two hundred miles long from the south-central parishes along the gulf to the upper tier along the Arkansas line. Its width varied from 15 to 50 miles as it poured funnel-like from the Texas basin in northeastern Louisiana into the western Atchafalaya river basin.

The New Orleans weather bureau estimated that the flood surface along the line between Boggs and Melville as it poured funnel-like from the Texas basin in northeastern Louisiana into the western Atchafalaya river basin.

The flood waters are approximately one hundred miles west of New Orleans on the west side of the Atchafalaya river, and the Bayou des Glaises breaks, through which they are rushing, are about 170 miles northwest of New Orleans.

Immediately behind the advancing waters scores of residents of the lower Atchafalaya were being rescued from house tops in boats. Scores of persons, unable to remain in their homes, were living on levees where they had found safety after the first rush of the waters.
