Cars Have Bad Smash at Union Corner Saturday

Mrs. John Patterson of Nebraska City Injured When Car Demolished in Accident.

A very serious auto accident occurred Saturday evening a mile east of Union on the King of Trails highway where this road starts west into the town of Union, the turn having been the scene of many accidents in the past.

Mr. and Mrs. Patterson were driving to their home at Nebraska City and passing south on the highway, taking the road straight south instead of turning at the Union corner while at the same time the car of Earl Albin was coming east from the west of the encounter altho the Buick was quite badly damaged.

Mrs. Patterson suffered a small injury to her arm, the full extent of which had not been determined when the patient was hurried into the hospital at Nebraska City. Mrs. Patterson was suffering from an injured hip and apparently suffering a great deal when she was taken on into Nebraska City by friends for treatment.

Mr. Albin it is reported was not injured severely altho he was quite badly shaken up as was the other members of the auto party.

A GOOD MAN CALLED AWAY

For some time past Gilbert W. Cheney who has made his home near Union for a number of years, and has ever been a booster for the community in which he lived, being equally anxious to see the two towns of Union and Nebraska prosper and has spent much work and considerable money to make these towns the better for him having lived near them, was taken sick with an attack like appendicitis, and which has been giving this gentleman much trouble, so much so that on last Saturday morning he drove to Nebraska City where he entered a hospital there and underwent an operation for the benefit of his health. He did not seem to rally following the operation, continuing very low after the ordeal, and sinking with the time, until it was thought that there was no hope of his recovery. He however survived until about one o'clock on Monday afternoon when he quietly passed away. At the operation it was found that he had a number of cancers which had been sapping his vitality.

Mr. Cheney had lived at the home just across the Weeping Water, for a number of years and had been engaged in farming. Mr. Cheney was a member of the Modern Woodman and the Masonic order, and leaves to mourn his departure the wife with two daughters, Misses Harriet and Madge, and one son, Thomas, as well as an aged mother who resides in Kansas. At this time it is not known as to the arrangements for the funeral.

The family and the sorrowing mother have the sympathy of their host of friends in which the Journal joins in extending sympathy.

You've heard whispers here are the FACTS

RED CROWN Ethyl Gasoline will NOT burn or warp properly set valves or cause scored cylinders in any make or type of motor to any greater extent than ordinary gasoline. It will NOT harm a motor in any part or in any way.

It is simply quick-firing, clean-burning, Red Crown Gasoline with Ethyl Brand of Anti-Knock Compound added.

The Ethyl simply regulates the combustion of Red Crown Gasoline so that the expanded gases maintain a steady, powerful push on the piston the full length of the power stroke.

This eliminates the "knock" sometimes caused by the detonation and uneven burning of ordinary gasoline when there is carbon in the cylinders or when a sudden heavy load is thrown on the motor—in climbing hills or pulling through "heavy going" or picking up speed in slow traffic.

Red Crown Ethyl Gasoline was developed and is endorsed by General Motors Research Laboratories. It stands to reason they would not recommend a fuel that could injure any car they manufacture.

We recommend Red Crown Ethyl Gasoline because it gives better performance under all operating conditions. Be sure you get the genuine—sold only where you see the RED CROWN Ethyl Gasoline sign on the silver pump.

For "knockless" operation avoid dilution. Wait until your gasoline supply is low before filling with Red Crown Ethyl Gasoline—then use Red Crown Ethyl Gasoline exclusively.

W. C. T. U. MEETS

From Wednesday's Daily—

The W. C. T. U. held a very pleasant meeting on Monday afternoon at home of Mrs. William Baird, this being in the nature of a flower mission of the society. The home was radiant with the beautiful blooms of the early summer, the roses, peonies, iris and other of the beautiful flowers being found in profusion throughout the rooms.

Mrs. John F. Gorder was the leader of the meeting and gave a very interesting story of the life of Miss Jennie Cassidy, the originator of the flower mission in the W. C. T. U.

Miss Treva Edgerton gave two very enjoyable piano numbers while Miss Bernice Arn offered a pianologue with Miss Marjorie Arn at the piano, that added to the enjoyment of this part of the program.

There was a very large attendance and at the meeting close the beautiful flowers were distributed to be taken to the bedsides of the sick ones of the society who will be cheered by their beauty.

Mrs. Baird served very dainty and delicious refreshments at the conclusion of the afternoon that made the completion of an ideal event.

ENJOY FINE SERVICES

From Monday's Daily— Yesterday was dedication Sunday at the Eight Mile Grove Lutheran church and was a day filled with a series of impressive services that fittingly served to dedicate this house of worship. One of the speakers of the day was the Rev. Dr. Voskamp and wife, who have but recently returned from their missionary work in China where they have been carrying the message of the Master to the residents of that nation. Rev. Weicke, superintendent of the home missions society was also on the program of the day and gave a strong address on the work of the society in the church. There were three complete services held and the attendance was as large as any that has ever assembled in the church.

When entertaining, use Dennison goods. Bates Book and Gift Shop carries the entire Dennison line and materials.

AUTO AND FREIGHT CAR COLLIDE LAST EVENING

From Monday's Daily—

Hollis Banning and Stacy Niday, of Union, accompanied by a young friend of Lincoln, were returning home from Omaha last night, when

their car was driven into the hard side of a freight car, or the freight car hit them with the hard side of it, we did not learn which. At any rate, their auto was pretty badly damaged, but the occupants escaped unhurt.
