SANBORN SERVICE GARAGE

Fred Holke was a visitor in Lincoln last week and was a host while there of his brother, Wm. Holke. Mr. and Mrs. E. C. Calfee and son were visiting in Lincoln last week, while Valette was looking after the store.

Fred Holke was assisting in getting the hogs of Martin Doud to Omaha, where they were marketed last Friday.

Albert Woltzel shipped a car load each of hogs and cattle to the stock market at South Omaha on Tuesday evening of last week.

Walter Lenhart, living east of Greenwood on the Louisville road, has been constructing a garage for the housing of his car.

C. E. Calfee and the family were guests at the home of Mr. and Mrs. E. A. Leesley last Sunday, where all enjoyed the day greatly.

August Schmidt and Richard Viewit who are farming on the Rankin place, delivered the rent corn at the Farmers elevator last Tuesday.

Philip Buskirk was delivering the last year's rent corn from the farm

of Charles Gerbeling to the Peters Elevator company on Tuesday of last week.

Miss Magdalena Gakemeier, of Murdock, was a visitor at the home of her sister, Mrs. Rex Peters, in Greenwood, for a few days during the past week.

Emmitt Cook, of near Elmwood, was a visitor in Greenwood one day last week, and while here purchased a new Whippet Coach from the Jardine Motor company.

John Weidemann, of Lincoln, was a visitor in Greenwood for a short time last week, and was meeting his many friends as well as looking after some business matters.

Two of the young men of Greenwood departed early last week for Kansas, where they are expecting to work in the harvest fields, as it is reported there is much good wheat there.

The Peters Grain company had an itinerant sign painter, who was wanting an opportunity to make a dollar and sixteen and two-thirds cents paint their name in large letters on the elevator.

Nels Anderson, a brother of O. F. Anderson, who but a short time since moved to Greenwood, purchased the property known as the Art Kimberly place a few days ago and has moved into the home.

Farmers, do you see the ad of White and Bucknell in this issue of the paper regarding harvesting supplies, which you will need with the beginning of the harvest which is now near at hand.

A. F. Weibke and son Eugene were visiting in Cook, Sterling and Burr for a few days last week, they driving over to the neighboring towns in their auto. Mr. Weibke and the family formerly resided in that neighborhood and has many friends there.

Mrs. Ray Rouse, who has been at the hospital in Omaha for treatment the past few weeks, has not been doing as well as desired, and Mr. Rouse went over to Omaha one day last week and brought the wife home. Other treatment will be sought for the patient, who is feeling far from well.

O. F. Peters and wife, with their son, Normal, and accompanied by Margarte Vinning, of Denver, a daughter who is visiting at the home, were spending a number of days at the home of another sister, Mrs. Barye Lewis and husband, of Verdun, feeling nicely and the crops looking fine there.

Ernest Trumble, of the Trumble Hardware company, of Eagle, accompanied by the family and Mrs. Warren Trumble and wife of the same place were visiting in Greenwood and calling on Dewey Headley as well as making some purchases at the lumber yards on Wednesday morning of last week.

Mrs. W. A. White, who has been working with the Royal Neighbors of America, at Beatrice, where she was a member for a long time, in company with Mr. White attended the district convention of the order, which was held at Beatrice during the early portion of last week, they driving over in their car.

The P. A. Sanborn Implement company received shipment of a tractor which they ordered for a customer. The Sanborn company has been doing an excellent business and keeping the members of the firm humping all the time to supply the demand which they have created by their square dealing and handling the very best of goods.

Mr. and Mrs. Veari Linch, of Sioux City, Iowa, were visiting in Greenwood with George Bucknell, and also at Alvo with relatives one day last week, while on their way to Burlington, Colorado, where they are going to visit at the home of C. C. Bucknell. Mrs. Linch is a daughter of C. C. Bucknell and wife of Burlington and a sister of George Bucknell of Greenwood.

Married at Gordon. Miss Dorothy Birdsall, who was employed in Lincoln for some time, resigned her position a month since and has been visiting with her grandparents at Gordon, was on last Sunday, June 19th, united in marriage with Mr. E. C. Purdy of Gordon, at the home of a sister of the groom, at Ainsworth. The young people will make their home at Gordon, where Mr. Purdy is engaged in the hardware business. The many friends of the bride, formerly Miss Dorothy Birdsall, with the Journal, are extending congratulations and well wishes to this couple and especially to the bride, whom they have known for so long, and to know is to love and honor. Her friends in this county are hosts and all are wishing for her and her husband, happiness, health and prosperity, which spells success.

Band Organized Here. The Greenwood band, thanks to the untiring efforts of the firm of Mathews and Peterson, the garage men, has become a reality and the boys are entering into the matter of practicing with a spirit which spells success. The business men are behind the move and will see that it goes through successfully. They have an able instructor in Jack Gullick, who is giving ample instruction at frequent intervals. They will in a short time be able to give concerts on the streets. Get behind this move and assist in making it a success.

Received Their Separator. The Mowery Threshing company, which concern expects to have much wheat to thresh this season and in anticipation thereof, some time since ordered a new separator, received the last Tuesday, and unloading the new machine, took it to the home of L. M. Mowery, where they have placed it in tip-top running condition so as to be ready when the first job is ready for threshing. The new separator is sure a dandy and is said to be one of the best made.

Play Excellent Ball. Last Sunday the Greenwood team was matched up against the fast team of Alvo, that had not until then lost a game this season. The playing was fast and furious and the battery with the support of the remainder of the Greenwood team, put up a faultless game. The pitching of Mr. Brackhage was superb and was just the thing to put pep into the remainder of the team to win a hard contested game. Wayne Landon, the catcher amply supported the pitcher and made the game just what the team as a whole was working for. The score showed the game won by the Greenwood team, with 11 runs to their credit, while the Alvo boys had to content themselves with only two.

Install Their New Officers. The Masonic lodge of Greenwood, at their last meeting on Tuesday of last week, installed their newly elected officers following the regular order of business. The ones elected for

Another Test Oil Well to be Sunk in County

Nehawka Residents Secure Promise of Another Try for Oil—Will Drill in Pollard Orchard.

From Saturday's Daily—
About a year ago a number of the progressive men in this community who are of the opinion oil is to be found drilling an oil well and they organized themselves together with the objective in mind of securing another test well near this place and as a result of their efforts another well has been promised and according to information procurable it to be started within the next four months.

At the time these activities were started, R. C. Pollard, E. A. Nutzman, Vincent Straub, B. Wolph and V. P. Sheldon were selected as a committee to secure the leases of the land, make necessary negotiations for the drilling and look after the interests of the people here who had signed leases to their land. During this time steady progress has been made, approximately 20,000 acres of land is under lease, covering a tract of land seven by five miles in extent.

The Nehawka promoters succeeded in interesting Robt. C. Drusdow of Omaha in their proposition who began activities to dispose of the leases to some responsible firm who would drill here. A company in New York was interested and their representative, Robt. Chapman, has been here making a thorough study of conditions and has decided that the company will drill. This fact was not decided however, until a very careful survey had been made by M. C. Trumbull. Mr. Trumbull has the only device in the world which is an instrument which he claims can tell if oil or gas is in the ground, and according to oil promoters, his instrument is very accurate and he has been having unlimited success in locating oil wells. He made readings here last week of the land that is under lease and the results were so encouraging, Mr. Chapman conversed with his company telling of the report of Mr. Trumbull and he was instructed that operations would be started.

A contract has been formulated to the effect that operations will start here not later than four months from now, that a thorough test is to be made. It is planned to have a new outfit sent here direct from the factory for this purpose. It will be one of the best drilling machines made, according to Mr. Chapman.

Likewise the site of the proposed well has been selected and will be drilled in the south apple orchard belonging to Ernest M. Pollard. It will be located near the well there where indications for oil is excellent. This land is located in Southwest Quarter of Section 20, near town and close to the state gravelled highway No. 11.

Those here who have been working for this objective are very enthusiastic over the results so far derived and like anyone else, are glad to know that another test well will be put down. Everything is to be gained and nothing to be lost by the owners and all are anxiously awaiting the arrival of the drilling equipment so that the definite facts may be secured.—Nehawka Enterprise.
