MOVING TO WINNER

From Wednesday's Daily—
J. W. Poynter, formerly principal of the high school here and who has been elected as the superintendent of the schools at Winner, South Dakota, departed today with his family for the new home. The household goods of the family are being taken to Winner by truck and the family

will drive also by auto to the new home and reach there in time to get comfortably settled by the time that the school work will start. The home on West Main street formerly occupied by the Poynter family will be occupied in the future by Mr. and Mrs. John Palack.

Advertise your wants in the Journal Want Ad Dept., for results.

Woodmen Win and Athletics Lose in Baseball Bill

Local Lodge Team Defeats Louisville and Athletics Bow to Janda Funeral Home Team.

From Monday's Daily—
Yesterday afternoon the baseball fans who journeyed to the local ball park had the opportunity of enjoying a bargain day baseball treat in the two games that were staged by the local teams, the Modern Woodmen taking on the Louisville second team while the Athletics were opposed by the Janda Funeral Home team, of Omaha.

In the opener, the Woodmen had little trouble in winning from the Louisville aggregation and the score at the close was 12 to 9 for the fraters, but the score should have been 12 to 5 but for the wildness of Briggs, who was used in the last innings by the Woodmen and who walked in several scores. Clark, who did the hurrying for the local team at the outset of the game was able to have good control, but with a sore arm, he wished to be relieved. J. Newton and Fleischman were the battery for the Louisville team.

The nightcap of the twin bill was one in which the Janda Funeral Home team did many things to the locals and won by the score of 13 to 7. Alex Schlische was the opening pitcher for Plattsmouth, while in the last inning, Joe Krejci did the hurrying. The honorees of the game were handed to Joe Krejci, who drove one of the longest and hardest hits that the old ball park has witnessed and which came at the right time with the bases loaded, the ball sailing some forty feet over the second baseman's head and passed over the center field fence at a good height.

Junior Tennis Tournery Goes in to Semi-Finals

Last Rounds of the Battle Are Being Played on the Court at the Forest Park.

From Tuesday's Daily—
The junior tennis tournament which has been in progress at the courts at the tourist park on Washington avenue is now in the semi-final stage.

The contests have brought out some fast players and many interesting matches have been staged in the last rounds as well as the opening games and in which the victors have had some real work to attain their supremacy and standing in the finals.

The second round games were all played by last night. Ed Wescott retaining Robert Wurl by the score of 6-2, 4-2, while Joe Buttery put Eugene Bushnell out of the race in their meeting 6-0, 6-4. Ralph Mason was winner over George Sayles in a good battle buy the score of 6-4, 6-4.

The hardest battle of the second round games was that of George Rebel and George Swales, in which Rebel was the winner 6-3, 7-9, 10-8, both players battling hard for the coveted victory.

The pairings for the semi-finals as announced are Wescott vs. Buttery and Mason vs. Rebel, with the two victors battling for the final title in the tournament.

IS A REAL KNIGHT

From Wednesday's Daily—
Those who noticed Herman Thomas, the genial agent of the Missouri Pacific railroad yesterday, remarked on the fact that Herman seemed to be walking very carefully and was not in his usual peppy condition. There is a reason, as has developed, as Herman is now a Knight of Ak-Sar-Ben and was duly initiated at the annual show in Omaha on Monday evening. Mr. Thomas was one of those selected for the workout by the wrecking crew of Samson and given "the works" at the show being staged in the "black bottom" and other methods of torture that the Ak-Sar-Ben has devised.

WINS AD WRITING PRIZE

From Wednesday's Daily—
Raphael Janda, one of the talented young men of the city and a graduate of the class of 1927 of the local high school, has just been awarded a \$50 prize in the Zain ad writing contest that has been conducted by the World-Herald. Mr. Janda has been engaged with the H. M. Soennichsen Co. here and is also the clerk at the office of the chamber of commerce and his success in the contest is very pleasing to announce as he is one of the promising young men of the community.

RETURNS HOME

From Tuesday's Daily—
Mrs. Robert Walling, who was operated on two weeks ago at the Methodist hospital in Omaha has so far recovered from the effects of the operation that she was able last evening to return home and is now recuperating at the home in the Cornado. The quick recovery and the splendid manner that Mrs. Walling came through her operation has been most pleasing to the host of friends here and who are delighted to learn that she is again back home.

Roy Stewart, wife and little son departed this morning for Omaha where Mr. Stewart will enter the Lord Lister hospital to undergo an operation there in the next few days.

Notice, Poultry Raisers!

Cass County Boy to Appear in Vaudeville

Lucian LaRue Goes East to Join Gus Edwards Company for Fall Work on Stage.

Lucian LaRue, young son of Mr. and Mrs. D. C. LaRue, who was born at Union, not such a great number of years ago, is having his exceptional talent as an actor and singer recognized and while he is still in his early boyhood the doors of the American stage are opening to him.

Lucian has been heard in this city several times, appearing here at the American Legion entertainments and also is known to thousands for his fine programs given over the radio from stations in this part of the west. Recently Mrs. D. C. LaRue, mother of Lucian, with the young man and Mr. and Mrs. Wayne Garrett of Omaha visited Chicago and the work of Lucian attracted the attention of several of the dramatic agencies and managers there and which has culminated in Lucian being selected as a member of the Gus Edwards production, his "School Days" being one of the big features of the Orpheum and other eastern vaudeville circuits.

Mr. Edwards after hearing Lucian sing stated that he was one of the best he had heard for his age of fifteen years, and was delighted to have the opportunity of making him a part of his company. Lucian has gone on to New York City to join the company and prepare for the fall and winter tour over the vaudeville circuits.

With the completion of the Omaha Orpheum in September the friends and admirers of the young singer will probably have the opportunity of hearing him as the Edward, "School Days" have long been a headliner on the Orpheum circuit.

A HAPPY EVENT

From Wednesday's Daily—
This morning there arrived at the home of Mr. and Mrs. William O. Ketelson, a fine young American youth, who on his arrival tipped the scales at 11 pounds and is one of the very finest baby boys in the land. The mother and the little son are both doing nicely and the advent of the little one has brought joy untold to the father as well as the grandparents and various aunts and uncles of the little man. The many friends over the city will join in their congratulations to the happy parents and the well wishes for the little son. Mrs. Ketelson was formerly Miss Minnie Klinger and is the city clerk of Plattsmouth.

SUFFERS LOSS OF CAR

From Monday's Daily—
Saturday afternoon while Mr. and Mrs. George F. Dovey were at Omaha they were made the victim of an auto thief and who made away with the Ford coupe belonging to Waldemar Soennichsen of this city and which Mr. and Mrs. Dovey had driven to Omaha. They had been away from the car only a short time and the thief had worked fast in getting away with the machine. So far there has been no trace of the missing car.

Father Alleges Son Mistreated in Iowa Institute

State Probe of Glenwood Home Ordered After Parent's Make Their Charge

Glenwood, Ia., July 26.—A state investigation of conditions at the home for feeble-minded children here will start tomorrow morning following charges made by an Iowa man that his 7-year-old child was mistreated at the institution.

Fred Bryant, former commander of the American Legion post at Burlington, today made the charges in a complaint to Attorney General John Fletcher.

Bryant's complaint said that on visiting his son Richard at the institution July 9 he found the boy in a weakened physical condition and his limbs covered with bruises. The child was placed in the Glenwood Home June 13.

Bryant removed his son from the home, and he is now in a hospital at Burlington undergoing treatment, it was said.

Hearing Planned at Once.

G. Norman Clark and State Senator A. M. McCall, members of the state board of control, and Assistant Attorney Gerald O. Biss will arrive here at midnight from Des Moines to conduct the investigation. Bryant and his wife and a physician from Burlington are expected to arrive here early Wednesday morning.

Dr. George Morrige, 71, who has been with the institution as assistant superintendent and superintendent 38 years, the past 24 as superintendent, in a statement to The World-Herald tonight said:

"I welcome the investigation. It is the first complaint ever made against the conduct of the institution in the 38 years I have been here. The boy was not mistreated here.

Was Inmate Three Weeks.

"He was brought here June 13 by his father and his mother's parents. I gathered from their conduct the grandparents and mother were rather opposed to placing him here but the father desired it. The boy was a helpless mental case, and without any physical control of himself. He had to be cared for like a baby.

"The institution, which has 1,650 inmates, was badly overcrowded, but I made room for this child because of his condition and the great charge that must have been on his parents.

"It is true that he was bruised. He sometimes fell and bumped into things trying to get about. But he was similarly bruised when he was brought here. He was given every attention, and there never was a night an attendant was not in sight of him. Much of the time an attendant had to be detailed to care for him individually because of his condition.

Strict Watch Kept.

"The attendants are very careful, and know they will be dismissed instantly if there ever is any sign of being mistreated. The children are segregated by sexes, with attendants of their own sex in charge of each division.

"The only regret I have that the charges were made is that other parents of children here may fear they are being mistreated, which is not the case.

"My explanation of the charges is that the father's family regretted placing the child here, and the father made this excuse to take him back home.

"On July 9 I met the father and grandparents on their way here in a car as I was going to Omaha. I told them I would be back in a short time, and for them to wait, but when I returned here they had taken the child away."

FARM BUREAU NOTES
Copied for this Department furnished by County Agent

Smut Costs \$0.08 per Bushel.
Wheat now being received at the elevator will show as high as 5% smut. This wheat received at a dock in market price of six cents under No. 1 wheat. A lot of wheat in Cass county is going as No. 1. It is rather hard to say how much the yield was cut on account of this smut, but would likely be from one to five bushel per acre. As it only costs about 5 cents per bushel to treat this wheat, why not treat it with copper carbonate dust which requires but little labor, and you do not have to dry it. It is already to sow. If you wish to see the wheat treated for smut, call at the Switzer elevator.

Farm Bureau Loses a Friend.
When R. A. Nutzman passed to his reward we lost a fine and steadfast friend. He was always willing to cooperate and give a helping hand in the progress of agriculture.

Keep Good Eggs Good.
The following suggestions for improving the quality of market eggs are being sent out this month to all of the University Record Flock co-operator of Nebraska.

1. Provide clean nests. The egg shell is porous and absorbs filth and mold which pass thru and flavor or spoil the egg.
2. Provide one nest for every five hens. Crowded nests result in broken eggs and dirty nests.
3. Gather eggs at least twice daily. This hot weather and a few setting hens will cause eggs to start developing into chickens in a very short time.
4. Store eggs in a clean, cool, moist place free from mustiness and odor of kerosene and onions.

A man asked us the other day if \$20 Bill was a WORK SUIT. That depends on what you mean by a WORK SUIT. . . . You can work in a \$20 Bill suit if you want to, and you can work in a \$50 suit too, but \$20 Bill is just as much a dress suit as a \$50 suit. . . . An all-wool, strictly first class suit fit for any occasion is \$20 Bill. Come in and meet him!

One Price
And No Monkey Business

MAY HOLD PICNIC

From Tuesday's Daily—
Plans are being urged by several of the members of the American Legion to hold in the course of the next few weeks a combined Legion and Legion Auxiliary picnic which can be located at some spot where the members of the two units can enjoy the day in the cool and pleasant shade and if possible "some place beside the singing brook" as Fred Lugsch says, will be selected as the site for the picnic and where the children can enjoy wading without danger, where this feature can be made most appealing. The picnic is still in the making, but if decided on there are a number of events that will be held without a doubt, one being that of Gettysburgh's last address by W. R. Holly while Jim Doyle and Ed Fullerton have agreed to give several magicians acts with Joe Capwell, Bob Reed, Otto Lutz and C. L. Pitman appearing in a quartet number of two. In the event of the picnic being held, the ladies will also arrange a part of the program and which will add to the pleasures of the occasion. Those who have pastures or sites that might be used as a picnic ground should get in touch with W. R. Holly or Commander Soennichsen so that the big event can be held before too late in the summer.
