Mrs. E. T. Tool and Emil Kuehn and the family were visiting in Lincoln on last Saturday.

Murdock has had a movie show for the entire past week, which was enjoyed by the movie fans.

Merideth Weddell has been assisting W. H. Tool during the rush of business at the lumber yard.

Herb Adamson and wife departed last week for Deshler, where they have engaged in the restaurant business.

Business called A. H. Ward to Lincoln on last Monday, where he went for repairs needed to complete work at the garage.

Miss Jessie Melvin was a visitor in Omaha on last Monday, where she was visiting friends and looking after some business.

Mrs. Jess Landholm and their little daughter were visiting in Omaha for the past week end, they making the trip via the train.

Edward Guehstorf is having his crib repaired and put in good condition. Henry Heineman is doing the work, which insures the best.

John Eppings and the family were visiting in Plattsmouth on last Wednesday, going to see the mother of Mrs. Eppings, who is very sick at this time.

A. H. Ward and the family and Miss Viola Everett were over to Ashland last Sunday seeing sights and took dinner at the Burlington restaurant.

In a ball game which was played at Murdock between Alvo and Murdock, the home team won over the visitors by a score of 19 to 5 for the Alvo team.

William Brockmueller, of Modale, Iowa, was a visitor at the home of J. H. Buck and also attended the Brockmueller-Timm wedding on last Wednesday.

Mr. and Mrs. L. A. Gordon, of Omaha, and Diller Utt and wife, of Havelock were guests at the home of Mr. and Mrs. George Utt in Havelock on last Sunday.

J. W. Hendrix and the family were visiting and looking after some business matters in Lincoln on Wednesday of last week, they driving over in their car.

L. V. Davis, of Elmwood has just completed a good well at the home of Mrs. Henry Timm which is one hundred and ninety feet deep and provides much good water.

Miss Helen Bornemeier, the manager of the Lincoln Telephone company's exchange at Murdock, has been kept to her home for the past week on account of illness.

## Furniture - Undertaking

35 years experience. Most careful service given. Your patronage solicited. Phone No. 65, Elmwood, Nebr.

**Murdock Farmers Grain Co.**

Murdock, Nebraska

Robert Crawford was a visitor at Ashland on last Wednesday, going to bring home with him an aunt, Mrs. Mary Rager, a sister of Mrs. M. J. Crawford, and who is visiting here from the west.

A. J. Tool and family, and H. A. Guthman and family were visiting at the home of W. P. Meyer at Sioux City on Sunday, they driving over in the auto of Mr. Guthman and enjoying the visit very much.

L. Neitzel was over to Omaha one day last week, where he attended a meeting of the Adsell club, and was greatly pleased with the excellent time which was provided. He also visited his daughter and family.

L. Neitzel and family spent last Sunday at Havelock with the Hitchcock family. Dr. McDermid came in during the afternoon in a new Lincoln car and brought Mrs. L. Neitzel and Eleanor to Murdock.

Richard Tool and the man with whom he works at Kingsley, Iowa, were guests at the Henry A. Tool home for the week end last week, they driving over from Kingsley for a visit with the parents of Richard.

Fred Cordes, who had his leg broken some time since, is getting along nicely at this time, and was over to Ashland last week to have an X-ray taken to ascertain the progress in healing, which is satisfactory.

Fred Tonack received a shipment of 89 head of very fine feeding cattle, which he placed on feed at his home near Murdock. Fred is a good cattle feeder and well known how to care for the stock to make them do their best.

Mrs. Julius Reinke has been quite ill at her home in Murdock for the past week, but was reported as being some better the last of the week. Her many friends are hoping that she may soon be enjoying her usual good health again.

On last Tuesday evening Mesdames A. H. Ward and the widows, W. O. Gillespie and G. V. Pickwell, with Miss Viola Everett were out for the evening and enjoyed a very excellent time, having a weiner roast and a social hour with each other.

On account of a wound which Henry Oehelker received in one of his hands, it became affected, and he has been having a serious time with it. He was over to Louisville and had a member lanced, which has relieved the pain very much.

A. H. Ward was called upon to assist in righting an auto which went into the ditch not far from Murdock on account of going over a newly filled in culvert. Considerable damage was done to the car and occupants, who were from Havelock.

W. P. Meyer was a visitor at Murdock on last Saturday, being a guest of his mother, Mrs. August Panska, and at the home of A. J. Tool, Mrs. Meyer's parents. Mrs. Meyer, who had been visiting here, returned to their home at Sioux City with her husband.

John Gray, the cream station man, has departed, and the room which he was occupying was refurnished by W. H. Rush, for occupancy of Dr. Lawrence D. Lee, who will use it as an office, and the rear will be used for residence. Dr. Lee comes well recommended, having been practicing in Omaha for some time.

The friends of Howard Brunkow and bride, Miss Laura Mann, who were married last week, but of which fact we were unable to get the particulars, were given a reception and dance at the Murdock hall one day last week, when all present greatly enjoyed the occasion and made the newly married couple know that they had many friends.

Henry A. Guthmann and the family were visiting at Dawson a week since, where they had the privilege of listening to their very dear friends, the Rev. Father Higgins, pastor of the Catholic church at that place. A most enjoyable visit was had, with Rev. Higgins and mother, who are well pleased with their home there. Mr. and Mrs. Guthmann also visited with Daniel J. Reilly of that place and a friend of Mr. Guthman, and when coming home drove to Sabetha, Kansas, in order to see how it would be to be out of Nebraska.

The pilgrims spent a very delightful Sunday at University Place, in the M. E. church, where a chorus of sixty voices sang and Dr. Fox spoke on "Christian Doctrines," of which there are four outstanding ones to which the church adheres, namely: (1) the doctrine of one God; (2) the doctrine of Atonement thru Jesus Christ; (3) the fatherhood of God, and (4) the brotherhood of man.

These were presented in such way as only Dr. Fox can give credit to. The course a congregation of between 1,200 and 1,500 is a wonderful inspiration for any preacher.

**Ladies Meet with Mrs. Pickwell**  
The Ladies Aid society of the Murdock church met on last Thursday with Mrs. G. V. Pickwell, west of Murdock, where they looked after the business matters which called them together and also enjoyed a very sociable time, their host entertaining them handsomely, and providing a very delightful luncheon at the close of the gathering.

**DR. L. D. LEE**  
Physician and Surgeon  
Announces the opening of Offices at Murdock, Neb., beginning Oct. 24th.

**Four Square Club**  
The special meeting of the Four Square club will be in the auditorium of the school building on Monday, November 7th, at 7:00 p. m. There will be a short program and Mrs. Henry Tool will give the report of the Mothers' camp, which she has been unable to give at our regular meetings for lack of time after our lesson's work is over. It is hoped that each member will come and bring a guest, also that each member of the school board and their wives will be present. Sandwiches and coffee will be served. Those wishing to join the club please give your name to Mrs. Roy Gortney, who is secretary.

The regular meeting will be held on November 14th, at 7 p. m. in the Domestic Science room in the school building.

**PUBLICITY MANAGER.**

**VISITS AT NORFOLK**

Mr. and Mrs. Charles Kupke and daughter, Miss Elsie, of Murdock, returned this morning from an auto trip to the northern part of the state, where they in company with Rev. Theodore Hartman and wife of Louisville made a visit at Norfolk at the hospital there where Rev. J. W. Peters, formerly of Murdock is a patient. They found Rev. Peters doing nicely and on their return they stopped at the Peters home near Wisner, where they visited with Mrs. Peters and the members of the family there. They had a fine trip and the good roads made a speedy journey from Norfolk on back to this city and thence on home to Murdock. While here Mr. Kupke called at the Journal office to renew his subscription.

**Very Pretty Wedding Held in Murdock Home**

Miss Madie Timm United in Marriage to Mr. Ernest Brackmiller of Waverly, on Wednesday.

The home of Mrs. Henry Timm, Jr., of Murdock, was the scene of a very pretty wedding on Wednesday, October 26th, at 5 o'clock, when Miss Madie Timm was united in marriage to Mr. Ernest Brackmiller, of Waverly, Nebr., Rev. Zook officiating, with a double ring ceremony. Miss Elizabeth Leesley, of Greenwood played the strains of Lohengrin's wedding march, during which the bride party entered the parlor. The bride was accompanied by Miss Emily Derkerson, of Lincoln, as matron of honor, while Otto Buck of Murdock was the best man.

The bride was beautifully attired in white silk crepe and carried sweet peas. The groom wore a blue serge suit, while the matron of honor wore a blue silk crepe, also carrying sweet peas. The home was beautifully decorated in red and green, with yellow, white and red flowers. The light was shining from pink candles, which made a very pretty scene. The guests were invited to the dining room, where a supper was enjoyed, which was prepared by the bride's mother.

Cutting of the wedding cake was a fitting climax to the supper. The cake was baked by the groom's sister, Mrs. John Buck, of Murdock. The bride and groom were recipients of many useful and beautiful gifts, which they will take into their new home on a farm at Waverly as remembrances of their many friends.

It was a late hour when the guests went home, wishing Mr. and Mrs. Brackmiller many years of happiness in the future.

**MANY ATTEND GAME**

From Saturday's Daily—  
The great football game between Nebraska and Syracuse at Lincoln today attracted the attention of a large number of the football fans of this locality and cars were early in the start for the capitol city, where the contest was staged at the memorial stadium of the university.

This game is one of the important intersectional games of the season and should be a real battle as the Syracuse team has a great record and their passing and aerial work is considered among the best in the country, while Nebraska is recognized by the football authorities as having one of the top-notch football machines of the 1927 season, having smothered Grinnell by a lopsided score at the stadium two weeks ago today.

## New State Capitol to be Mecca for the Nation's Artists

Paintings in the New Building to Be Ready for Inspection by Thanksgiving Week.

Lincoln, Neb., Oct. 28.—Nebraska's new state capitol will be the Mecca for Western artists during Thanksgiving week, when the first sectional convention of the American Federation of Arts will be held in Lincoln.

For many years the federation has maintained a Western office at the University of Nebraska, and when this year an important step forward was taken in planning western sectional conventions, Lincoln was honored by having the first meeting.

Some of the most important artists and critics in the country, and particularly those of the western territory, will come to Lincoln for the sessions on November 21, 22 and 23.

Nebraska's new capitol, which has gained nation-wide prominence because of its artistic qualities, will be the chief interest of the visiting artists. By Thanksgiving week the paintings in the governor's rooms by Augustus Vincent Tack, will be in place, and Mr. Tack has been invited to talk on the decorative work he did for the new state house.

Indeed, one session of the artists' convention will be held at the capitol, given over entirely to study and discussion of the building. There will be a paper read concerning the original architects' competition, and another on the general art of the capitol.

But there will be other interests for the visitors. Informal luncheons, two banquets, a reception at the Governor's Mansion, and other festivities are planned. In addition to this, some of the most important travelling exhibition of the American Federation will be shown at Morrill hall, the new home of the museum and School of Fine Arts made possible by gifts to the University by the Hon. Charles H. Morrill of Stomberg.

Western art will be emphasized at the convention. The most important exhibit to be shown in Morrill hall is a large display of western artists. An attempt is being made to make a demonstration of the quality of the western output.

"The eastern conventions" have been very notable gatherings, representative of the western office of the Art Federation, and they have made it possible for artists, art patrons, and teachers of art to meet in both formal and informal groups and to stimulate each other to higher activity. It is hoped to make this kind of influence active in the western territory.

**RESOLUTIONS OF CONDOLENCE**

Whereas, in the operation of Divine Providence it has been seen fit to call from the scene of his earthly activity, Brother William Wynn a faithful and earnest member of our order.

There fore, Plattsmouth Aerie No. 365 of the Fraternal Order of Eagles, tenders to the bereaved family his deepest sympathy in the loss of a kind and loving father and brother whose absence will be most keenly felt. The loss of Brother Wynn is one that brings sorrow to the members of the Aerie and who share with the members of the family the regret that his passing occasioned.

Be It Resolved that a copy of these resolutions be spread upon the minutes of the Aerie, a copy given to the family of the deceased brother and published in the press of the city and that the charter of the Aerie be draped in mourning in memory of the deceased brother.

Committed

**MEXICANS ARE DEPORTED**

Houston, Tex., Oct. 28.—The Houston Post-Dispatch tomorrow will quote advice from Mission, Tex., declaring numerous Mexicans, many of whom have lived in the United States for years, are being deported to Mexico by immigration officers. The advice said there were various reports that the Mexicans would be impressed into the army or be sent to colonize waste lands.

"According to a report in this section, members of the border patrol have been requested to ascertain the number of aliens residing along the border," the Post-Dispatch informant says. "This was misconstrued or served to stimulate the activities of the immigration service in ascertaining these facts and they have been, according reports, making wholesale deportations of Mexicans."

Mass meetings have been held at many points, the newspaper will say, to quiet fears among thousands of Mexicans living along the border.

**G. H. BLACK IMPROVING**

From Saturday's Daily—  
The many friends over the city of George H. Black will be very much pleased to learn that Mr. Black is now showing decided improvement in his condition and has so far recovered from his recent sickness that he was able to be down town for a short time and enjoyed the opportunity of again being able to be out and around.

## Memphis Greet Nebraska Champion Boy Dairyman

J. Harlan Peterson, Guest of Creamery Institute at National Dairy Show.

Memphis, Tenn., Oct. 28.—(Special to the Evening Journal)—Memphis, "Down in Dixie" is being given the "once over" this week by J. Harlan Peterson, of Valley, Nebraska's champion dairy calf club member for 1927. Together with state dairy champions from sixteen other states, he is spending the week at the National Dairy Show and Tri-State Fair as the guest of the Blue Valley Creamery Institute.

A big factor in winning the trip to Memphis for young Peterson was the record of his dairy calf club project for this year which is said by the state club leaders to be the neatest and most accurate ever placed on file by a Nebraska dairy calf club member. Back of this record, too, is a splendid piece of work as a dairy calf club member and as a young citizen in his community.

Harlan started in dairy calf club work three years ago with a little white Holstein heifer. At the state fair this year she was the sensation of the show. Last year he started again with another purchased Holstein heifer. He has shown his stock at the county fair every year and at the state fair twice, never winning anything sensational but always in the money. Showing cattle teaches sportsmanship but always in the money. Showing cattle teaches especially is this true when a lad has to be content with seconds, thirds, etc.

Harlan stands in high regard in his community, and in his high school, from which he graduated last spring. Last year he won the American Legion medal as the outstanding high school boy at Valley. He intends to attend the University of Nebraska agricultural college, where he expects to specialize in dairying. Through club work and the help of his father, he is starting a purebred herd on the farm and he wants all the training he can get to make it a success.

**MORE SEED WHEAT TREATED THIS YEAR**

A recent follow-up survey of results of the Burlington Wheat Smut special indicates that the practice of treating seed wheat to stop smut losses has been greatly extended this year.

This train which carried exhibits demonstrating methods of treating seed with copper carbonate dust for prevention of smut was operated by the Burlington and Colorado and Southern railways in Colorado, Nebraska and Kansas, in cooperation with the agricultural colleges of these states and the Omaha Grain Exchange.

F. L. Taylor of Denver, agricultural agent for these railroads, reported compiled information from registration cards which were given out to wheat farmers who visited this train. On these cards \$1.99 per cent of the farmers who reported stated definitely that they would treat their seed to prevent smut this year, while last year only 46.6 per cent of these farmers treated their seed.

Fifty-three and four-tenths per cent reported that they did not treat at all for smut last year, and Mr. Taylor states that 36.8 per cent of those who did not treat reported that they had losses in 1926. All those who reported that they had treated last year stated that practically no smut developed in their fields, furnishing good proof that smut can be eliminated by proper treatment of seed.

"These figures were secured from reports of nearly 2,000 farmers scattered over a very wide area," adds Mr. Taylor, "and, since almost 82 per cent of these wheat grows now appreciate the value of treating seed, we feel that the campaign was very effective. This is further evidence, too, of the progressiveness of these farmers and of the business men in these communities who also cooperated with the Burlington in this campaign to induce farmers to adopt the practice of treating their seed to prevent losses from smut."

**SUPPRESS FOREIGN NEWS**  
Bucharest, Rumania, Oct. 28.—Foreign newspapers containing Prince Carol's interview in which he confirmed having sent letters to Rumanian leaders, were not distributed when they arrived today since an article containing the name of the former crown prince of Rumania is declared contraband.

Despite the flurry that followed upon the arrest of M. Manolescu and the seizure at his home of letters from Prince Carol, complete order and tranquility tonight prevailed throughout Rumania. Princess Helen Carol's abandoned wife, remained in Bucharest with her young son, King Michael.

Queen Marie, Princess Ileana and Prince Nicholas were at Sinaia, where the royal country palace is situated, preparing to celebrate the dowager queen's fifty-first birthday tomorrow.

We are told that every state has a different school system, and what might go in one state will not go in another, even certificates of teachers. One thing stands out clear, that the peoples are not receiving the essential education they pay so much in taxes for. One-half of the taxes now goes to education.

Call No. 6 with your order for job printing.

## Both Claimants to Duvall's Crown Assume Control

Heads Will Be Lopped Off by Political Ax When New Executive Steps on Throne.

Indianapolis, Ind.—With two more or less complete staffs claiming control, the official business of this city nearly 400,000 inhabitants was at a standstill Friday night.

Action in the Marion county supreme court Saturday on an injunction suit is expected to clear the way either for Claude E. Negley or Ira H. Holmes to become mayor.

Meanwhile, John L. Duvall, who announced his formal resignation as mayor Friday, spent his time raking leaves in his yard after the city council had pronounced the office vacant because of Duvall's conviction September 22, for violating the corrupt practices act. The council named Negley its president, as temporary mayor pending selection of a permanent mayor November 8.

**Takes Office, Resigns.**  
When Duvall resigned his wife, Mrs. Maude E. Duvall, claimed the office by virtue of being city controller and next in line. Fifteen minutes after taking oath of office she resigned in favor of Holmes, who had in the meantime been appointed city controller.

Negley got the jump on Holmes Friday by obtaining a temporary order restraining his opponent from attempting the city's business. Holmes countered by sending his wife down to the city hall in the early hours of the morning to hold down the official chair.

When Negley arrived he found Mrs. Holmes in the executive office. Nonpulsed, he stood around until Holmes appeared. Mrs. Holmes then arose. The two claimants each drew up chairs at the executive desk. The doors opened and a crowd gathered to watch the performance.

**Joke Over Affair.**  
Negley and Holmes joked about the whole affair, addressing each other as "mayor" and otherwise feeding the situation funny. To many city employes, however, it was a grim view, for, regardless of which man finally wins a few heads are due to be lopped off by the political ax.

County and City Treasurer Edward A. Ramsey brought cheer to some employes when he announced he would honor salary warrants issued under the Negley "administration."

Wholesale firing and appointments in various city departments was the order of the day for both Negley and Holmes. Each announced the make-up of a board of safety, board of works and other departments.

**Has No Plans.**  
Political observers saw in the background of the whole situation a resumption of the fractional fight for control of the republican party in Marion county between the forces of George V. Coffin and O. D. Dodson.

Leaving behind them all the turmoil of which they were at one time the principals, both Duvall and his wife spent the day quietly. Mrs. Duvall, who has been city controller only a month, expressed delight at getting back to her household duties. Duvall said he had no plans but was

going to rest for a time.—Omaha Bee-News.
