## Wets Plan Drive in Coming Fight

Moist Wing of Republican Party May Accept Borah Challenge to Make Dry Law an Issue.

New York, Nov. 25.—What is regarded in some quarters as the first step of the wet wing of the republican party to accept the challenge of Senator Borah to make prohibition an issue in the 1928 presidential campaign will be taken Monday night at a dinner at the Union League club, it was learned today.

It was said that republicans who have heard unofficially about the coming conference except its deliberations to develop plans which will include a drive to elect wet republicans to both houses of congress, and the raising of a wet fund.

Col. William H. Stayton, chairman of the association opposed to prohibition, is to address the meeting on ways and means opposing the 1928 campaign of the Anti saloon league which inaugurated in Washington a few days ago a \$5,000,000 drive;

the Women's Christian Temperance Union and the law enforcement committee of one thousand.

Dr. Nicholas Murray Butler, president of Columbia university; James W. Wadsworth, former United States senator from New York; John Phillip Hill, former congressman from Maryland; Senator Walter E. Edge, of New Jersey and Representative-elect James M. Beck of Philadelphia are also expected to speak at the meeting.

When questioned concerning the meeting, Doctor Butler tonight expressed surprise that news of it had become known. He said he had understood that the first meeting of the wet leaders was to be strictly private.

"The forces opposed to prohibition," Doctor Butler said, "have not as yet formulated their 1928 plans. Changes in the gathering on Monday night will help to clarify the situation. Public opinion is moving very rapidly so that more things seem practicable now than seemed practicable three or four months ago."

### GOOD BOOSTER TRIP

From Friday's Daily—

Some twenty Legion members in five cars made a booster trip Wednesday evening to advertise the Legion's annual Harvest Festival that opens tomorrow night. The itinerary of the trip included Louisville, Weeping Water, Nebraska and Union.

Louisville was reached shortly after 7 o'clock and the boys found a large crowd in the up-and-coming cement metropolis, parking space on Main street being at a premium. A few numbers were played by the Legion drum corps while others of the party made the rounds putting out bills and selling car tickets.

Weeping Water was the next stop, where the gang received a royal welcome at the drug store of J. J. Meier and in turn serenaded this gentleman and his customers, also playing on the street while the advertising crew got in its work.

Continuing on to Nebraska, where they arrived at about 9:15, they found the Legion post at that place in session and paid their meeting in the community auditorium a visit. The auditorium at Nebraska is truly a fine building and a wonderful example of what co-operation can do. The Legionnaires from here were interested in being shown through the three-story structure that provides accommodations for public gatherings of all kinds and a meeting hall for the various lodges of the town on the third floor. They were also invited to attend the meeting of Nebraska post December 8th, when the state committee will be present and installation of officers will be held.

From Nebraska it was a short run to Union, but the hour was getting late, so a drum rehearsal was dispensed with, although several of the party tarried there briefly, visiting the two good eating houses the town supports.

All arrived home around 10:30 well pleased with the result of their efforts to stimulate interest in the forthcoming carnival.

To be real polite, we suppose we should turn our head and pretend not to see or hear the exchange between Lord Ceoil and Mr. Churchill in which the facts about the British attitude at the Geneva naval conference of last summer are brought out.

## High School Safe Cracker Offers a Plea of Guilty

George Murray Draws Sentence of From One to Seven Years for His Offense.

From Monday's Daily—

This morning in the district court George Murray, the man caught in the act of trying to force his entrance into the safe in the office of the city superintendent at the high school building on Wednesday night, was arraigned.

The charge preferred against the man by County Attorney W. G. Kieck was that of breaking and entering and when brought before the court the prisoner entered a plea of guilty. Under the law the man was sentenced to a term of from one to seven years in the state penitentiary at Lincoln.

The prisoner when arraigned in court was questioned by Judge Beley as to his past life and stated that he was born in Reading, Pennsylvania, where his father is superintendent of a large woodworking plant, and that the defendant had been roving the country and that he had been arrested at San Francisco five years ago on a charge of petty larceny and also in Omaha for being drunk. Murray stated that he was an inside carpenter and finisher by trade and was forty-three years of age. He had not worked at his trade since early in August when he was employed at Dubuque, Iowa. He had come to this city from Omaha and arrived here about 3 o'clock on Wednesday afternoon and had been kicked off a freight train on the Missouri Pacific here at that time and had gone down the tracks a mile and made a fire where he had remained for several hours waiting for a freight where he might hop a ride as he wished to get down into Texas for the winter. The man stated that he had started down into the main part of the city and seeing the school building decided to try and get in and find a place to sleep, making his way into the building by breaking a catch on one of the windows with a small pry bar that he had purchased in Omaha. He had then gained his entrance into the hall of the building by removing the moulding around the glass of the door and removing the glass. On entering the office of the superintendent he had noticed the safe and as the door seemed loose he decided to try and open it and had gone back to the Missouri Pacific depot where he was able to steal a large bar used by track workers and had then returned to the school building where he tried to force his way into the safe and was engaged in that when he was apprehended by Officers Pickrel and Libbers about 11 o'clock Wednesday night.

After the hearing Murray was remanded to the custody of Sheriff Bert Reed to remain in jail until taken to the penitentiary.

## Officers Called to Louisville on Liquor Case

Find That Ray Burton of This City Has Possession of Liquor at Cement City.

From Friday's Daily—

The heretofore quiet little city of Louisville is growing and is therefore having its trials and tribulations with the law violators in increasing numbers and particularly as the cement work seems to have created a thirst that will not be satisfied with the river water.

On Wednesday afternoon while Sheriff Bert Reed was at Eagle to bring the remainder of the residents of that place here to testify in the Ketchum case, a message was received from Louisville that the prohibition law was being all broken to little pieces in that place and asking the aid of the sheriff, the call was responded to by Deputy Sheriff Rex Young who hurried to the cement city to investigate.

On the arrival of the deputy sheriff it was found that Ray Burton of this city, who has been working at Louisville, was reported to have a quantity of booze in the boarding house where he was staying and where the owner of the house offered a loud protest over the fact. After the investigation the deputy sheriff located the grip with a full pint and the greater part of another in it and which was taken possession of by the deputy and brought on to this city with Mr. Burton.

This afternoon the case will be threshed out in the county court and Mr. Burton will languish in jail until the hearing can be had on the matter. A charge of possession, second offense will be made against Mr. Burton, it was stated at the office of the county attorney this morning.

### FUNERAL OF MRS MESSERSMITH

From Monday's Daily—

Yesterday afternoon at 3:30 the funeral services of the late Mrs. W. D. Messersmith was held from the home on North 6th street and attended by the friends and neighbors of this estimable lady.

The services were conducted by Rev. H. G. McClusky, pastor of the First Presbyterian church and who brought to the sorrowing family and the friends a message of hope and the promise of the uniting of the lives separated here in the hereafter.

Ernest Stenner of Sedalia, Missouri, was here today to look after some matters of business and visit with a few friends.

## Come in and Talk Things Over

—A friendly chat with the officers of this bank will often throw a flood of light upon your business, financial or farming activities—just when it is needed.

—Money matters may never come up for discussion, but our officers see so much of so many lines of endeavor that their knowledge would probably be helpful to you.

### FAVOR DEBENTURE PLAN

Cleveland, O., Nov. 25.—The National Grange closed its annual convention here today after adopting resolutions directed to congress reaffirming its position that the "expert debenture plan is the only sound and workable way to achieve farm relief," favoring an increase in the tariff commission investigation on wool imports, and asking appropriations for an extensive program of fundamental research by the department of agriculture.

The farm relief report, woven about the export debenture designed to give agriculture the same tariff benefits as industry, was drawn up by a special committee headed by Jesse Newsom, master of the Indian Grange.

### FEELING MUCH IMPROVED

From Friday's Daily—

Philip P. Becker, who has been at the Methodist hospital in Omaha for the past two weeks, has so far recovered from the effects of the operation that he has been able to return home to this city and is now at the home of his sister, Mrs. Frank A. Cloldt, while he is convalescing from his illness. Mr. Becker has had a very severe operation and his improvement so far is to be able to return home has been more than pleasing to his family and friends over the city.

### CARD OF THANKS

We wish to express our appreciation of the many words of sympathy given to us at the death of our loved mother and grandmother and for the many beautiful floral remembrances.—Harry Messersmith and Family.

## Little Folks are Very Fine in Their Clever Playlet

"King of Bookland." Presented by the Little Folks Proves Real Entertainment.

From Monday's Daily—

Owing to the crowded condition of the press the article relating to the little play given by a group of helpful citizens of the city schools, made necessary the omission of the names of those taking part.

In the rendition of the play Gertrude Valley was very pleasing and made an ideal Peter Pan. Margaret Taylor was a charming Wendy, and acted the part of the motherly little character very sweetly. Robert Secord acted the part of Captain Hook, and was the real pirate. Madge Garnett, as Queen Titania, was perfectly at ease with her subjects. Cecil Comstock, as Robin Hood, was a replica of the story book character. Maid Marian was very nicely impersonated by Wilma Hart. Alice of Wonderland, gowned in regular story book clothes was splendid in her part. James Comstock as Hansel, and Jeanette Hinz as Gretel were exceedingly generous with their cookies and did their parts well.

Anna Margaret McCarty looked the part of Sleeping Beauty to perfection. Helen Virginia Price was very appropriately gowned as Cinderella. Gret Garnett in the role of Jack of the Bean Stalk, was skilled in turning somersaults, while Vernon Ann, as Don Quixote completely reformed the bad boy and girl in their care of books, the latter parts being represented by Robert Hinz and Winifred Rainey respectively, and were very well taken. David Taylor appeared as Rip Van Winkle and was a good "poor Rip." In addition to the play proper Mother Goose with her favorite children appeared, these little entertainers, Janet Westover, Old Mother Hubbard, Carter Minor, King Cole, Marilyn Wilcox, Little Tom Tucker, Gertrude Taylor, Little Miss Muffet, Eddie McMaken, Little Boy Blue, Bea Ann, Mary Quite Contrary, Henry McMaken, Simple Simon, Norma Hart, Little Bo-Peep, Ruby Hart, Old Mother Hubbard.

All these little people were exceedingly sweet in their singing, and reciting and Marilyn Wilcox deftly and gracefully danced the Charleston, while little Carey Marshall pleased the audience as a typical Tom Thumb.

Anna May Sandin gave a reading in her usual finished manner, and little Rip Van Winkle and a good lumbia sang America, the work of these young people being greatly appreciated by the public library.

## Attend Sister's Funeral at Benson on Friday

Sudden Passing of Mrs. Jacob Armbrust Proves Shock to Relatives at Louisville.

Mr. and Mrs. Chris Gauer were called to Benson Friday to attend the funeral of Mrs. Gauer's sister, Mrs. Jacob Armbrust, who died on Monday, November 14th, 1927, at the home of her son, Charles Armbrust, after a short illness with pneumonia, which ended in an attack of heart trouble.

Mrs. Gauer and wife were accompanied by their children, Mr. and Mrs. John Gauer, Mr. and Mrs. Jeff Salberg, Mr. and Mrs. William A. Heil and Mrs. W. H. Heil. The funeral was held at the Benson Lutheran church, the pastor, Rev. Zeska, officiating. Interment was in the Evergreen cemetery, in the family lot.

Mrs. Armbrust's maiden name was Dora Schroeder. She was a daughter of the late Mr. and Mrs. Otto Schroeder, of Cedar Creek. She was born in Zeleit, Germany, on December 13, 1860, and came to America in the year 1880. She was married in 1884 to Jacob Armbrust, and they spent all their married life on their farm in Douglas county, except in later years, when they located in California, returning to Nebraska in the early summer and remaining until cold weather.

Mr. Armbrust died in California last March. They were highly respected and loved by the community in which they lived so long and the funeral was largely attended by sorrowing relatives and friends. The death of the mother after so short an illness was a sad blow to her family. She was 66 years, 11 months and 1 day old.

She leaves four sons and two daughters. All the children live on farms in Douglas county except one daughter who lives on a farm in Sarpy county. All are prosperous and stand high in the communities in which they live. Mrs. Armbrust also leaves five grandchildren, two sisters and one brother.

Besides Mrs. Gauer, of Louisville, one sister, Mrs. Timm Pahl, lives at Pipestone, Minnesota. The brother, August Schroeder, lives at Fort Calhoun. The pall bearers were three nephews of Mr. Armbrust and three of Mrs. Armbrust's.

Mr. and Mrs. Armbrust had often visited at the Gauer home and Mrs. Armbrust was here about two weeks before her death and was in her usual health. Her sudden death was a great shock to her sister and the relatives in this vicinity, also. The Louisville friends join in extending sympathy to the sorrowing family in their great loss.—Louisville Courier.

## Thanksgiving Day is Very Quiet in City

Largely Devoted to Home Gatherings and Dinners With Football as a Treat for Day.

### CLUB MEET

From Friday's Daily—

Thanksgiving day 1927 has the record of being one of the most pleasant days that has been enjoyed this fall in the eastern part of Nebraska and for which the residents of this locality feel particularly grateful as it added very much to the enjoyment of the day for the young and old alike.

The community Thanksgiving service was held at the auditorium of the First Methodist church on Wednesday evening and with Rev. H. G. McClusky of the First Presbyterian church as the speaker of the evening. The address of the evening was filled with the reminders of the bounty that had been given to the people of this state and community in the past year, the responsibility and the duty that was the part of the people of the community to give expression of the thankfulness and appreciation of the good fortune and blessings that had been their part.

The services were added to by the very beautiful anthem that was given by the members of the Methodist choir.

On Thanksgiving day the special Thanksgiving services were held at the St. Paul's church and which was very largely attended by the members of the church and with a most inspiring sermon by the pastor, Rev. O. G. Wichmann, as well as an appropriate musical program by the choir of the church.

The day generally Thursday, was given over to the material enjoyments of the day in the many fine dinners arranged in the homes over

the city and in the reunions and home gatherings of the families, the fine weather making it possible for many to come from distant points to spend the day here in pleasant associations with relatives and friends.

The Plattsmouth-Nebraska City football game also entertained the rooters of the local team and furnished a fitting close to a fine day with the locals winning the event.

The Merry Workers club held their instructive meeting at the home of Mrs. C. C. Spangler, Thursday, Nov. 17th.

The meeting was opened by a song followed by roll call and minutes of the last meeting. Talk about attendance it was perfect. All fifteen members being present, also nine children and three visitors, who were interested and enrolled as active members. This makes a total enrollment of eighteen.

The project leaders started the lesson on "Hand Trims," which proved to be very new and attractive. The women were very much interested and worked hard to accomplish all that was possible in the short afternoon.

After the lesson was nearly completed the number on the quilt, made by the club was drawn to find who the lucky owner was. No. 91 was drawn, Miss Jorgriousek being the lucky party.

The project leaders will journey to Weeping Water, Thursday, Dec. 8th to the Project Leaders Training meeting to get the plan of work for our next meeting to be held with Mrs. Salesburg, Thursday, Dec. 15.

Mrs. Spangler served delicious refreshments which brought the successful meeting to a close.
