

# Greenwood Department!

Prepared in the Interest of the People of Greenwood and Surrounding Vicinity

B. E. Grady shelled and delivered corn to the Greenwood elevator during the past week.

C. E. Caffee was called to Lincoln on last Monday to look after business for a short time.

Mesdames George Trunkenholz and Dewey Headley were visiting with friends and as well doing some pre-Christmas shopping.

Mrs. E. A. Landon and sister, Miss Catherine Coleman, were visiting and doing some pre-Christmas shopping in Lincoln on last Friday.

Uncle Charles Anderson, of Greenwood, who has been quite poorly for

some time past, is reported as being slightly improved at this time.

Had weather on last Wednesday was responsible for the postponement of the shooting match which was to have been given by Roy Comstock.

John M. Armstrong, of Lincoln, was a visitor in Greenwood on last Friday and was looking after some business matters as well as visiting with his friends.

Judge W. E. Hand was feeling quite poorly on last Wednesday, but since then he has been able to be out and around meeting his many old friends and associates.

Mrs. J. I. Carpenter was a visitor in Lincoln one day last week, where she was greeting her friends and relatives as well as looking after some Christmas shopping.

A. R. Birdsell was a visitor at the big city of Lincoln late last week, where he went to make purchases for the restaurant which he maintains and serves the people so well.

Robert Grassmuck was especially well pleased when he received a prize on two very fine geese which he had on exhibition at the Tri-County Poultry show which was held at Ashland last week.

Sophus Peterson has found time, notwithstanding the fact that he has been kept very busy, to make two small anvils, emblems of his trade, which he is feeling pretty well satisfied with.

A. W. Hudson has been making

some changes at the store, which will admit the display of his Christmas goods and is making the place look even better than formerly, while it was a very nicely appointed business house before.

During the very bad weather that prevented trade in the lumber yard, Dewey Headley, the manager of the Searle-Chapin Lumber company, of Greenwood, proceeded to take the annual inventory and has gotten it out of the way for the coming year.

Well, we were two days late in our visit at Greenwood last week, on account of the storm, and found many deep drifts, from one of which we had to be assisted by the road men, Jacob Witt and Frank Coleman, who were hustling to get the roads open. Thank you, boys.

John E. Stradley, who has been living in the west portion of Greenwood for some time past, moved last week to the east portion, and this will not compel the children to cross the tracks to attend school, and will also afford better place for the care of the road machines.

## NEW OPPORTUNITY TO ENTER THE AUTOMOBILE BUSINESS

One of the world's largest and oldest automobile manufacturers is establishing dealers to sell a new six-cylinder closed car which will list at

**\$795 f.o.b. factory**

Other models of this same manufacturer range in price up to \$2450. They will all be available to the dealers who handle this new popular priced car.

In communities of small size, however, you need contract only for the best-selling low-priced model.

Practically no capital needed to Start Business

A contract has been worked out to enable dealers to get started representing this new car with hardly any investment.

Asiding scale of commission increases from the base figure if the dealer maintains a demonstrator, handles trade-ins, and maintains a service station.

It is not necessary to do any one of these things at the start, but they may be added one by one as time elapses and profits will thereby be increased.

No such favorable franchise has ever before been offered by any manufacturer

If you believe that you have the ability to sell in your community an automobile that is destined to be the sensation of 1928—a closed car that will offer for \$795 a beautiful exterior, lacquered in the latest fashionable shades, an interior luxuriously upholstered, arm rests, ash receiver, gasoline gauge on the dash, coincidental lock to steering and ignition, steering wheel control of twin-beam headlights, rear vision mirror, automatic windshield cleaner, and similar refinements—proved power to maintain high speed indefinitely—quality construction throughout—if you are able to sell such a car in your community, send in the attached coupon at once.

Room 2615, 310 S. Michigan Ave., Chicago, Ill.

Send further particulars on the franchise for the new \$795 six-cylinder car you are advertising.

most excellent citizen and one who was ever endeavoring to do his part

for the betterment of the community in which he lived. He was a member of the I. O. O. F., of Greenwood, and an excellent worker in that as well as all other things which he endeavored to do. The order officiated in the ceremonies at the funeral and are pleased to do all possible to perpetuate the memories of his fine qualities and good deeds.

Mr. Rouse leaves three uncles, all brothers of his father, they being Messrs. Frank Rouse, William Rouse and Perry Rouse; also the husband of an aunt of his, George Pearson, with whom he lived, and one sister, Mrs. Joseph Kyles.

Two Things You Can Do

There are two fine things you can do these long winter evenings—one is listen to the radio and the other is to read the Journal and keep yourself informed on all Cass county happenings. Remember, the Journal delivered to your home twice a week for no more than you are accustomed to pay for any ordinary weekly newspaper with its patent inside pages and limited news service—\$2 for an entire year. If your name is not on the growing list of Journal readers over the county, better have the same enrolled at once.

### Burglars Enter Home

While George Pearson was at Lincoln during the time that Urban Rouse was at the hospital following the injury which resulted in his death, some one entered the home, they living together, and took a number of articles, among which was a suit of clothes which was last seen in the home belonging to Mr. Rouse.

### Burial Made Saturday
