

Alvo Department

Simon Rehmeier received another car of hay which went to supply the needs of the farmers in this community.

Roy Bennett, James Friend and William H. Warner were all looking after some business matters in Lincoln on last Wednesday.

The recent snow has been putting a double duty service on the Alvo road patrol, but Phillip has bucked into the work and kept it in passable condition.

On Tuesday of last week Ray Parsell marketed a number of his hogs at the Omaha market having the stock delivered to market by the John B. Skinner route.

John B. Skinner was a visitor in Omaha on Wednesday of last week, with a load of porkers belonging to Bickard and Wule, notwithstanding the heavy roads for a portion of the way.

Believing that ground feed is the best, L. D. Mullen was in town with the grains in proper proportion on last Wednesday and had the grain turned into the very best of ground feeds at the Coatsman grindery.

Tuesday evening of last week, St. Valentine's day was appropriately celebrated at the Walton Nickel home by a valentine party for the young people, the occasion being most pleasantly enjoyed by all the large crowd of young people present.

To visit their friends and to look after some business as well, called Frank L. Edwards and the good wife and Mr. and Mrs. George Fifer to Lincoln on last Tuesday, they making the trip in their automobile and enjoying the day in the big city as well as looking after some shopping.

L. M. Snavely, in order to have things in ship shape when it comes time to stick the plow into the soil at the beginning of the season's work, shined and delivered his last year's corn crop to the Rehmeier elevator on last Wednesday afternoon. So that is that, and now for something else.

John Woods, who has maintained a truck service of his own for some time, has disposed of his truck and has been having his goods delivered by the Coatsman-Skinner truck service, and is fortunate when the roads are as they have been for some time, and he is thus relieved at all times from the trouble of getting the goods himself.

F. E. Dickerson, the hustling merchant of Alvo was called to Omaha on Wednesday of last week to look after some business in connection with the store which he operates in Alvo, and found the roads anything but good, until he had arrived at the gravel and from there on found excellent roads. People are becoming more and more interested in having better roads when the times come like they have been for the past two weeks. Let us all get after this problem and have the roads so they can be traveled over all the year.

Give Excellent Entertainment

The Nebraska Power company, in an effort to be neighborly, and they really are for they are one of the influences which is making Alvo the real good town in which to live, gave an entertainment to the High school Mrs. Earl Dromer, Edward Drexell and James Friend.

In the New Home Now

On Tuesday of last week, John W. Banning moved into the Snavely property, where he is now nicely located and he and the good wife are liking their new home very much, getting of the household effects from the Coatsman truck did the transfer of the old location to the new.

The Heart of Lincoln

Was the title of a motion picture which was given at the Methodist church for the benefit of the Bible school on last Sunday, and which was surely enjoyed by the large crowd of both young people as well as the parents.

The People in the West

Word has been received from California that C. H. Kirkpatrick and the good wife, who have been there this winter, started for their home on February 14th, but will stop at Chapel Hill for a time and visit with friends and relatives, but will soon be at home again. Mrs. C. R. Jordan, who accompanied them to the coast, had the misfortune to have a severe fall, which fractured her pelvis, and has placed her in a very serious condition. Her many friends here are hoping she will recover and soon be in her usual health.

Political Enmity Caused Charges, Says Mrs. Bishop

Sarpy County Schools Superintendent Takes Stand in Own Defense—Judge to Decide Monday

Sarpy county political gossip and details of a plot to "catch up" the Papillon postmistress were recited Thursday afternoon when the \$25.25 stamp case in which Miss Bishop, superintendent of Sarpy county schools, is charged with malfeasance of office, went to trial.

On the witness stand in her own defense, Miss Bishop averred that the charges against her were the outgrowth of political enmity, and placed the principal blame on Joseph Strawn, county clerk.

"Was there any feeling of ill-will on the part of Mr. Strawn?" inquired Eugene O'Sullivan, attorney for Miss Bishop.

"Well, Mr. Strawn said I had charged that he did abstracting and sold insurance during office hours, and I think he did," replied Miss Bishop.

Grievance Denied

Called to the stand to identify warrants paid by Sarpy county to Miss Bishop for expenses, Mr. Strawn denied having any political grievance against Miss Bishop, asserting his interest in the charges was simply that of a public official.

In presenting evidence against Miss Bishop, County Attorney William P. Nolan endeavored to establish that several receipts for a total of \$25.25 worth of stamps either bore signatures that were not those of the postmistress, or that amounts of the receipts had been changed after they had been signed at the post-office.

At the close of the hearing, Justice of the Peace Stormer took the case under advisement, promising to decide Monday whether or not Miss Bishop shall be held for a trial by jury. The assembly room of the Sarpy county courthouse was well filled when the hearing began.

Mrs. Holtman Talks

Leona Snyder, Papillon postmistress, and Maude Welch, her assistant, both long-time friends of Miss Bishop, were principal witnesses for the state against her.

Miss Bishop admitted that on several occasions she had raised the receipts, she made them out and before having them signed at the post-office, she required more stamps, and consequently raised the receipts to the amount of stamps she had purchased, she said.

Mrs. Alice Holtman and her sister, Mrs. M. T. D. Williams, and Miss Bishop's brother and sister-in-law, Mr. and Mrs. Robert Bishop, all of Omaha, testified that they had seen Miss Bishop make out a "framed" receipt and had accompanied her to the postoffice, where the postmistress signed it.

RUMANIAN PLANS SEA HOP

New York, Feb. 14.—A tandem monoplane in which Lieutenant George Fernie of the Rumanian reserve flying corps hopes to complete a 5,000 mile non-stop flight from New York to Bucharest has been designed for entry in the trans-Atlantic air adventure this summer.

At his work bench in a ramshackled church building at Mariner's harbor, Staten Island, Lieutenant Fernie today described a two-in-one craft, safely thru a trans-oceanic cruise where five other planes have failed.

Fernie, himself reputedly wealthy and the son of a prosperous shipping operator, said he would finance his own flight. He has had five and a half years' experience in designing, building and building airplanes as superintendent of the Deutscher-Lloyd-Flugzeug-Gesellschaft near Berlin, Germany.

EARLY HISTORY

Recent delving into old archives brought to light an interesting document of the time when the Burlington system was young. It is a petition presented in 1858 by 15 residents of Naperville, Downers Grove, Brush Hill (later Fullersburg and now part of Hinsdale) and Lyons, asking the directors of the C. B. & Q. to build a line "from Chicago via Naperville to connect with your road at Aurora." Several years ago the Burlington comprised about 230 miles of track—the original 12 miles built in 1850 from Aurora to Turner Junction, plus lines from Aurora to Galesburg and from Peoria to East Burlington. Since that time the Burlington has been extended to Chicago, a distance of 230 miles of track—the original 12 miles built in 1850 from Aurora to Turner Junction, plus lines from Aurora to Galesburg and from Peoria to East Burlington.

The attendance was very large and a great deal of interest was shown in the fine program that was arranged for the occasion and from the opening until the close of the meeting there was a great deal of interest shown in the proceedings.

The members of the party were most delightfully entertained by several selection given by the piano pupils of Miss Olive Gass that was a most pleasing part of the evening and in which the young people had the opportunity of demonstrating their skill. James and Cecil Comstock gave two piano duet numbers, "Mazurka" and "The Music Box" that were much enjoyed and Frances and Mary Benak also gave very finished piano duets, "Troops on Parade" and "Approach of Spring."

The talk of Mrs. Hayes was full of many interesting facts and proved a splendid contribution to the program of the evening.

After the close of the program there were a number of games played by the members of the party and at the close there was brought before the members of the party a fine birthday cake with the thirty-one candles representing the years of the life of the national organization.
