CAROL AWAITING A CALL

Paris, March 19.—Awaiting the call of his people in the manner in which the policy of former Crown Prince Carol of Rumania is described by certain persons who heretofore have been considered his friends. They refuse to enlighten inquiries concerning the prince's whereabouts, although they admit he is in seclusion in Paris—"alone."

One who had acted as Carol's secretary said today: "The intense enthusiasm of Carol's followers and the great demonstration of the peasant party at Bucharest Sunday makes it appear as if Carol retained some of his popularity."

"There will be no bloodshed," he added, "Carol will return to the throne of his fathers legally and constitutionally, or will remain in Paris."

The former crown prince still was in Paris tonight.

Last year Congress passed the McNary-Haugen bill but the President vetoed it, and now a revised McNary bill is presented. Politically and economically it is probably the most important and controversial issue before Congress.

H. A. Chilcott of Union was in the city today for a few hours, looking after some matters of business and visiting with the friends in the county seat and while here was a caller at the Journal office.

Fairview Community Club to Hold Meeting

Officers Prepare Fine Program and N. W. Gaines Is Speaker of the Occasion.

From Wednesday's Daily—
The residents of the vicinity of west of Mynard, Louisville and Cedar Creek, had a fine time afforded them last evening at the Fairview school house, where one of the live and active community clubs of the county holds sway and where last evening another of the fine entertainments was staged for the benefit of the residents of that locality.

The program was arranged by the officers of the club, P. E. Tritsch, president; R. C. Mayfield, first vice-president; Earl Terryberry, second vice-president; and Mrs. Joe Rhodes, secretary and treasurer, and the members of the committee are deserving of a great deal of praise for their arrangement of the instructive and pleasurable evening. In the work the committee had the assistance of L. R. Snipes, county agent, in securing N. W. Gaines of the state extension department as the speaker. The first part of the evening was given over to the musical section of the program and in which a number of the talented residents of the vicinity of Fairview participated. Misses Mildred and Selma Heil were heard in a piano duet, R. C. Mayfield and Mrs. Harold Koot in a well chosen vocal duet and with guitar accompaniment and Mildred Meisinger in a piano number. Henry Heil was also heard in several of the old fiddler numbers, with Philip Hennings seconding for the number.

County Agent L. R. Snipes was introduced and told of the work of the boy and girl clubs over the county and gave many interesting facts and figures as to the scope of the work. Mr. Snipes also introduced Miss Margaret Sjogren, a student of the Fairview school and who won the first prize in the recent county contest, in which honor the community feels a great pride.

Mr. Gaines covered the work of the extension department over the state, the results of the club work in retaining the interest of the boys and girls in the farm and preserving for the communities the best efforts of their young people, rather than allowing them to go elsewhere. The club work as a means of pleasure and training for the adults as well was stressed and the work that created a greater community pride and interest. The visit of Mr. Gaines was of particular interest to the gathering as Mr. Gaines was a teacher in the Louisville schools twenty-five years ago and many in the audience were former pupils.

The last but not the least of the features of the evening was the luncheon arranged and served by the men, the committee being Henry Ragoss and Jess Terryberry and who were assisted by Joe Rhodes and Ray Mayfield. The committee had a fine feed prepared and which was served in a wonderful manner.

The next community meeting will be on Friday, April 13th and will be in charge of the young people.

SECURES DIVORCE DECREE

From Monday's Daily—
Mrs. Arthur J. Jackson was given a decree of divorce Friday from her husband, the undertaker. It was announced that a property settlement has been agreed upon. The decree was granted on grounds of cruelty, by District Judge Day of Omaha.

In a divorce action brought last fall by Mr. Jackson, in which his wife filed counter-suit asking only separate maintenance, Judge Day denied a decree, at that time, to either. He did order, however, the payment of a regular fund as support money for Mrs. Jackson and her grandson.

Mrs. Jackson is 63 and Mrs. Jackson 60. They were married 37 years ago. In the divorce trial Mrs. Jackson named a music teacher as one in whom her husband showed too much interest, but this was denied on the stand when it was said the interest of the teacher, a mutual friend, was to bring the couple together. Both, however, indicated to Judge Day that a reconciliation was impossible.—World-Herald.

ADAMS CHARGES INTRIGUE

Indianapolis, Ind., March 20.—Thomas H. Adams, Vincennes, Ind., publisher and one of ten candidates seeking the reputation for governor of Indiana, today requested United States Senator Arthur Capper of Kansas, to get congress to investigate alleged political intrigue in Indiana which, he said, is of federal concern.

Mr. Adams told Senator Capper that the national congress should investigate charges that the famous black boxes of D. C. Stephenson, former grand dragon of the Ku Klux Klan, "containing contracts he made with two congressmen for political patronage."

SECURE MARRIAGE LICENSE

From Wednesday's Daily—
Marriage license was issued today at the office of County Judge Duxbury to Frederick W. Snyder of South Bend and Miss Elizabeth E. Schukkie of Ashland. The young people will be married at the home of the bride in the western part of Cass county.

A scientist predicts the discovery of into-atomic energy that will permit one to hop to the moon. This will be the first break the pedestrian has had in a long time.

MARINE MEN FIRED UPON

Managua, Nicaragua, March 19.—Marine aviators engaged a large group of Sandinistas northeast of Nueva Segovia today. The rebels fired on the planes and Captain Francis E. Pierce, an observer was wounded in the foot. Michael Wodarczyk, a gunnery sergeant, found a bullet hole in his parachute pack, but he was uninjured. Captain Pierce's wound is not serious. He was brought here by plane.

The engagement took place in the vicinity where yesterday two marine planes were fired on. On that occasion a rifle bullet struck a bomb in one of the planes, but the bomb did not explode. Official statements on today's affair were not obtainable, but it is reported that the aviators dropped several bombs among the rebels and killed a number of them. The size of the rebel forces was not announced but it is believed to have been considerable.

FARM BUREAU NOTES

Copy for this Department furnished by County Agent

Women's Home Economics Clubs.

On the second day of April at 1:30 will be a Big Hitch demonstration on Carl Day's farm 3 miles south and 1/2 mile west of Weeping Water, and on April 3rd at Elbert Wilcox farm south and a little east of Plattsmouth. These demonstration will begin at 1:30. Everyone is invited to attend.

Big Hitch Demonstrations

Don't forget that everyone is urged to help cooperate and make a success of the Farm Bureau Day on Friday, March 30th, beginning at 6:30.

Farm Bureau Day.

The "Time Savers in Clothing Construction" project which has been taken by the women of this county for the last eight months will close next month with the county-wide achievement day which is now being planned.

Everyone is invited to the big meeting, regardless of whether or not they belong to one of the clubs taking the project. The day is to be the "last day of school" celebration. The program will be entirely home talent, the best of the skirts and pieces given in the various clubs achievement days. Mrs. Daisy Smith, county chairman, has charge of it. Mr. L. R. Snipes, Co. Agent, is helping with her arrangements.

Project leaders of the clubs met for their last lesson from Miss Helen Locke of the Agricultural Extension on Thursday, March 15th at Elmwood, and Friday, March 16th at Weeping Water. The lesson is about mending, sewing machine darning and over-hand patching. A good share of it was exchange of experiences with Miss Locke bringing in the ideas from other women in other counties of the state, and local project leaders adding their experiences.

The project has been called time savers in clothing construction. All the lessons have had time saving as their aim. Miss Locke asked the ladies this time what they would like to do now with the time they had been able to save. She asked this same question in other counties also and will have some interesting data as to the wants of the farmers' wives when she has completed the year.—L. R. Snipes, Co. Extension Agent.

HANDLING RAWLEIGH PRODUCTS

I am now the representative of the Rawleigh products in this county, having taken over the business of H. E. Burdick and would appreciate the patronage of my friends over the county and assure them of the best of service and a most reliable line. ROY GREGG.

MERRY WORKERS CLUB ACHIEVEMENT DAY

The Merry Workers club held their Achievement Day entertainment at the Eight Mile Grove school house, Friday evening, March 16th. The program began a little past 8 o'clock with singing, followed by a Monk Sewing meeting, by six women. This was fine and caused much loud laughter, but was not the only good stunt of the evening. The fat women's play couldn't have been better. Special music was given by Miss Marie Meisinger and a duet by Barbara Spangler and Dorothy Yost. A splendid humorous reading was given by Mrs. Edd Ruffner.

The women furnished a very good entertainment that furnished much merriment for the hour. After the program they served free lunch to all, consisting of doughnuts, cookies and coffee. Each lady received many compliments on her part in the entertainment.

The school house was over crowded and no one seemed in a hurry to leave. So we feel the Merry Workers club is still accomplishing things.

ORGANIZE P-T-A

The Eight Mile Grove school has fallen in line with many of the other schools in Cass county and organized a Parent-Teachers association. Miss Alpha Peterson and Miss Minnie Nelson, organizer of the national P. T. A., assisted in organizing. The following officers were elected: President, W. F. Nolte; vice-president, Mrs. Zella Leonard; Secretary, Mrs. Madeline Ruffner; treasurer, C. D. Geary. Chairman of committees as follows: program committee, Mrs. Ralph Anderson; publicity committee, Mrs. Fred Druecker; membership committee, C. W. Leonard; social committee, Mrs. John Vallery.

The next meeting of the association will be on April 13, 1928.

BUFF ORPINGTON EGGS
