The Thrift Habit

Parents are now able to acquire property in the child's own name the very day of his birth or any time thereafter. Our way is adapted to every income. The increasing cash values, together with actual possession of the contract, furnish the incentive to save and to hold the child's interest. Junior and Juvenile Thrift Plans fill an actual need. Saving is a habit. Establish it early.

BIRD ATTACKS MAIL MAN

O'Neill, Neb., April 17.—A fighting Hungarian pheasant threatens to cause abandonment of a United States mail route, No. 1 out of Immanuel, Neb., ten miles southeast of here, unless a conflict between federal regulations and Nebraska laws can be adjusted.

The pheasant cock makes almost daily attacks upon Eugene E. Clark, the rural carrier, when he passes along his route, necessitating detours by the mail carrier to avoid the bird. A federal regulation applying to rural mail routes provides that the route must be kept open and passable on penalty of abandonment. Under the Nebraska law, Hungarian pheasants are protected in all seasons.

The question is: What to do? Mr. Clark said that his friends would take the matter up before the Izaak Walton league national convention in Omaha April 19.

Girls in Beauty Contest

Local Young Woman May Have Opportunity of Participating at Galveston.

Galveston, Tex., April 17.—Who are the two happiest girls in the world?

It might be very hard to decide, so many things entering into that blissful state we call happiness, but high up among the nominations would be Miss Italy and Miss Germany.

These two young ladies, Livia Marra and Hella Hoffman by name, have just been chosen as the first entries for Galveston's famous International Pageant of Puletrude and Bathing Girl Revue which will be held here June 2 to 5 inclusive and life for them has become a round of modists' shops preparing the gorgeous raiment in which they will dazzle hundreds of thousands of people here this summer along with beauties from twelve other foreign countries, half the states in the union and many of the larger cities of this country.

By winning contests of wide scope in their native lands, competing against hundreds of other beauties, the two young ladies will get a free trip to the United States. Fraulin Hoffman, a 17 year old Berlin blonde, coming by Ocean or North German Lloyd steamer direct from Bremen to Galveston and Signorina Livia Marra by steamer from France along with the other foreign beauties who will board the French Line steamship Cuba, especially assigned for this gala voyage, during which bathing beauty entries for Galveston will be picked up at each port of call including Havana.

The two ravishing beauties are now being outfitted by the leading modistes of Berlin and Milan who have set themselves to the task of seeing that Miss Germany and Miss Italy are supplied with raiment in keeping with their exalted state. And with all the rounds of the dressmakers and the excitement of preparing for a trip to the United States, mythical judges who might set out at this moment to find the two happiest girls in the world wouldn't go far wrong in picking them.

Fraulin Hoffman was the first official entry for the third international pageant and Signorina Marra the second.

Plattsmouth's part in this international beauty contest will be played next Monday and Tuesday at the Parnell theatre and you will then have the opportunity to prove to the world the fact that Plattsmouth and vicinity is blessed with lovely girls as beautiful as you can find anywhere. Remember the date, April 23. Because it won't be long now.

TO SETTLE ARMOUR DEBTS

New York, April 16.—Negotiations are virtually complete for the settlement of the debt of the late J. Ogden Armour & Co., thru sale of the Armour "B" stock to Arthur W. Cutten of Chicago, it was learned today. Mr. Cutten is understood to have bid \$6.50 a share for an option, good until May 1, on 600,000 shares. Owing to his absence from the city details were not available.

Final adjudication of the debt is expected shortly and under the adjustment Armour & Co. will receive an estimated \$18,000,000. Settlement has been delayed because of the claim of bondholders of the Sutter Basin corporation of California, whose \$8,000,000 6 per cent bonds were sold upon its organization under Mr. Armour's guarantee of principal, interest and sinking fund. A reorganized company was incorporated in Delaware recently as the Sutter Basin corporation with \$71,235 capital.

At one time Mr. Armour held 70 per cent of Armour & Co. stock and controlled additional shares thru estates or trusts.

Charles Pugsley is Governor of Rotary District

Well Known South Dakota Educator Wins Honor at District Convention at Council Bluffs.

Charles W. Pugsley, president of South Dakota State college at Brookings, and assistant secretary of agriculture, under President Harding, was named governor of the Nineteenth district of Rotary at the closing session of the two-day conference in Council Bluffs Tuesday.

Of the 88 votes cast by delegates from clubs in western Iowa, Nebraska and South Dakota, Mr. Pugsley received 76. Mr. French 12. As the result was announced Mr. French moved the convention's unanimous

election. Governor Pugsley, whose selection will be confirmed by the international convention this summer, succeeded Reuben V. Clark of Kearney, Neb. Mr. and Mrs. Clark were presented with a handsome silver service by the convention.

Final adjournment was hastened Tuesday afternoon by the absence of Harry H. Rogers, San Antonio, past president of Rotary, who was summoned to Washington, Tuesday evening as a witness in the Sinclair hearing. He was to have delivered the final convention address.

Delegates and the audience paid a tribute to the Council Bluffs club and its officers for the splendid manner in which the convention was planned and the entertainment provided.

Sioux Falls, S. D., thus far the only bidder for the 1929 convention, will probably receive that honor when club president and other officers meet later to pick the next convention city.
