

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

Mrs. W. O. Gillespie was a visitor in Ashland for the day on last Wednesday where she was guest of friends for the day.

Business called Henry Bornmeier to Ashland for the day on last Wednesday, he driving over to the neighborhood in his car.

Miss Viola Everett was a visitor in Omaha with friends from last Saturday until Monday enjoying the visit very much.

Miss Vivian Hoenshell of Greenwood was a visitor in Murdock for a few days last week and the guest of her sister, Mrs. Elza Winget.

Master Jerry McHugh, Jr., has accepted a position with Louis Bornmeier and is assisting on the farm of the latter east of Murdock.

Little Mary Alice Ault of Plattsmouth was spending last week at the home of Mr. and Mrs. O. E. McDonald who are aunt and uncle of the little Miss.

John H. Buck and the family were visiting for the day last Sunday at the home of the parents of Mr. Buck and where a most pleasant day was spent.

In a seven game which was played between the team of Murdock and that Avoca at the Murdock park, the Murdock team lost to the visitors by a score of 11 to 12.

Art H. Ward was looking after some business matters in Omaha on last Wednesday night having to drive to the big city to secure some repairs which he was needing in the garage repair shop.

Roy Gorthey and the family, accompanied by Mr. Pillsbury, were enjoying the hand concert on last Thursday at Weeping Water, they driving over to the hustling city in the auto of Mr. Gorthey.

O. E. McDonald who has been peering into his spare moments excavation under his home for a basement and a place for a heating plant, has completed the work and is now ready for the remainder of the installation.

Attorney C. A. Rawls was looking after some business matters in Murdock on last Saturday and later going to Elmwood where he makes a day every Saturday and looks after any legal business which may be there for him.

Leonard Schaffer of Lincoln was taking his vacation last week and during a portion of the time was the guest of his brother Charlie Schaffer in Murdock, and later going to Manley where he was visiting his father and sister.

Pretty warm these days for a man to keep hopping to the work and especially inside. However, Herman R. Schmidt it at it every day in an endeavor to get the last of the two dwellings completed which he is adding to the fine residences of Murdock.

Mrs. A. H. Ward accompanied by the children, Miss Aline, and sons Wayland and Russel Neal who for the past two weeks have been visiting at the home of T. M. Ward at Kansas City, after having enjoyed a very pleasant visit for the time returned home last Sunday.

Mrs. Elza Winget was called to Greenwood early last week on account of the illness of her father Mr. Joseph Hoenshell, she remaining for a number of days with her parent Mr. Hoenshell, however, at this time has shown much improvement and is making good progress towards entire recovery.

Messdames J. H. Buck, Albert Timm and Henry Timm, were enjoying an afternoon at the home of Mr. and Mrs. Bernie Grady of near Greenwood on last Tuesday where they were present at a shower in honor of Mrs. George Leaver who was former Miss Elisabeth Leaver and who will depart for her new home at Fargo, North Dakota.

Mrs. Alva Kenworthy who has been visiting for some time at Mound City, Mo., with relatives, returned on last Friday to Murdock where she is visiting with her brother E. W. Thimgan and Matt Thimgan, for a few days, and was met at Lincoln by her brother E. W. Thimgan, visiting for over to Sunday morning with relatives here and departing then for her home at Cheyenne.

Max Wakler who has been living in the residence property of Morgan Shatto, moved early this week to the residence of John Scheel, and Mr. Shatto who has been living over the room occupied until recently in the post office has moved to his house in the south portion of Murdock. This will leave the house on Main street which has been occupied by the post office vacant. This is a good place for business and had good living apartments above, and for one who can use it, it is very convenient.

The matter of water supply is a question which concern all communities, and as there was no water supply system in Murdock for affording water for the business portion of the town, it was conceived by the city council of providing a means of water supply for use of the citizens and when the matter was discussed the Bank of Murdock allowed the digging or drilling of a well on their land near the Bank building, which was done last week by Mr. L. V. Davis of Elmwood who was in town sinking a well for C. I. Long. The well for the city is completed and a good pump installed. The water of excellent quality and almost exhaustless.

New Wheat Offerings
On last Wednesday when we were at Murdock the Weddell elevator has made purchase of two loads of new wheat, which it has received, and some more offering, with the advance of the harvesting season. There will be a good portion of the wheat move

as soon as there is time to get the same threshed and to market. Henry Carson of the Farmers has made purchase of a lot to be delivered in the near future.

Make A Good Showing
Mr. Henry Carson, manager of the Farmer's elevator disposed of a car of binding twine which he had shipped to Murdock to supply the farmers for twine for their harvest. Not alone did Mr. Carson supply the farmers in this vicinity but there were many from other places who came to Murdock to purchase their twine. By the buying of the twine in a car load lot he was able to furnish it at a better price to the farmer.

Met With Mrs. Melvin
The Ladies Aid society of the Murdock church, met on last Thursday with Mrs. Frank Melvin, where they did much effective work in behalf of the church and also enjoyed the social portion of the afternoon as well. Mrs. Melvin proved a delightful luncheon and the ladies all declare Mrs. Melvin a most accomplished entertainer.

Gaye Excellent Program
The program which the Lutheran Trinity church two miles north of Murdock gave last Sunday from the Henry Fields studio, was listened to by people all over the country and also greatly enjoyed. The sermon which was delivered by the minister, the Rev. A. Zuehl was a very able discourse, and could not help but be enjoyed by anyone who were fortunate enough to be listening in. The chorus which was the product of the choir, was very inspiring, and was just like being in the building to those whose radio was working well. It is a good practice to have these programs as many hear them who never darken a church door.

Some one has said, "I attend church in hot weather because God has blessed the Lord's day and hallowed it, making no exceptions for hot air, or stormy days."
I expect the clergyman to be there, I should be very much surprised if he were to stay home on account of the weather.

If his hands fall thru weakness, I shall have great reason to blame myself unless I sustain him by my prayers and presence.
Whatever station I hold in the church my example must influence others. If I stay away, why not others?
Such weather will show me on what foundation my faith is built; it will prove how much I love Christ. True love rarely fails to meet an appointment.

My faith is to be shown by my self-denying Christian life and not by the rise and fall of the thermometer.
No temperature can make us stop. No weather is for us too hot.

ELKS VOTE CHARITY FUND

Miami, Fla., July 11.—America's Elks in session today voted to establish a \$20,000,000 trust fund for use in charitable, educational and benevolent enterprises. It will be known as the Elks national foundation. The plan called for appointment of seven trustees with plenary power to develop and administer the foundation to the accomplishment of its purposes.

The delegation also heard reports from a national memorial headquarters committee and a committee representing the Elks magazine. During the six years, the magazine has been in existence, the report stated the average annual net surplus has amounted to \$192,539.54 for an aggregate of \$1,163,755.04. The acceptance speech of Murray Hulbert, New York lawyer, politician and sportsman, who was elected grand exalted ruler yesterday, opened today's sessions. He reviewed the history of the order and pledged undivided efforts for its administration and development.

FAKE CLAIMS REVEALED

New York, July 11.—An elaborate system of fake accident claims estimated to cost insurance companies \$3,000,000 a year has been described at an investigation into ambulance chasing before Supreme Court Justice Wasservogel.
Thirty lawyers and five physicians were named as members of a ring that employed men and women to take falls over man hole covers and other sidewalk obstructions.
Operation of the ring was described by Daniel Laulich, lawyer's runner who now is serving a prison term for insurance frauds, and Irving Fabre a truck driver, and patient never engaged in accident "hopping."

Democrats Get Organization All Ready to Function

General Headquarters Probably Will Be at New York—Western Office May Be at Denver

New York, July 12.—After a round table discussion of campaign strategy with Governor Smith, members of the democratic national committee left for home tonight, determined to lose no time in getting their state and local organizations in full steam operation.

For more than an hour in his campaign headquarters at the Biltmore, the presidential nominee discussed the outlook with the committee men and women, who yesterday, at his suggestion, made John J. Raskob, financial director of General Motors, their chairman and entrusted to him the management of the campaign.

Raskob, who earlier in the day had conferred with some of the committee members was present until forced to leave to catch a train for his summer home in Maryland, where he plans to spend the week end. In attendance also was Herbert Lehman, the committee's new director of finance, Senator Gerry of Rhode Island who has been placed at the head of the campaign advisory committee, and George R. Van Namee, Smith's pre-convention manager, who is expected to be in charge of eastern campaign operations.

Robinson Not on Hand.
Senator Robinson, the vice presidential nominee, was not on hand as he left for Washington during the night.

Dates for the notification of both the governor and his running mate were not discussed, and it was indicated later that it probably would be some days before they would be fixed.

Committee members reported that the general opinion was that it would be wise to establish regional headquarters in the south, as Senator Robinson has proposed. Representatives from the "solid south" for the most part felt that there was no chance of losing any states in that section.

Predictions were made by committee that general campaign headquarters would be here, rather than in Washington, where the republicans will have their main base, and the suggestion came from several sources that Denver would be a good location for western headquarters.

'Dry' Senator Favors Smith

Senator Dill of Washington Says New Yorker Running As An Executive

Spokane, Wash., July 12.—Announcing his candidacy for re-election, Senator Dill, democrat of Washington, today declared his opposition to the position of Gov. Alfred E. Smith on prohibition, but said he agreed with the party leader's stand on waterpower, farm and labor questions.

Senator Dill said that if re-elected he would do everything in his power to prevent modification of the prohibition law, except to make it more stringent.
"Al Smith is running for president as an executive," Senator Dill said. "As such his business is to enforce the law. He may make recommendations to congress which that body in its wisdom may act upon."

Senator Dill declared that if the New York governor were elected he would sign legislation that would "protect the people from the great power octopus that menaces the economic life of this country as nothing has done since we abolished slavery. He would sign a farm bill that would place the farmers on a basis of equality with other citizens. He would sign a bill to prevent the arbitrary use of court injunction in labor disputes."

JUDGE OPPOSES PROBERS

Chicago, July 12.—An indication that he would establish in his ruling the legality of the special grand jury investigating primary election disorders, was given tonight by Judge Frank Comerford. He is hearing the plea of two men indicated by the special jury that that body is illegal because the regular grand jury was in session when the special jury was inpaneled.

In indicating that he would deny the indicted men's plea, Comerford said his decision would be in favor of the state if there is any doubt in his mind at the close of the argument before him. The hearing will be resumed tomorrow at which time the state will argue that the jury is legal.

"I am strictly opposed to grand juries," declared Judge Comerford. "Today the grand jury is a smoke screen in back of which many a politician crooked state's attorney could use the grand jury as a bludgeon of prosecution. The grand jury was meant originally to be a grand inquisition." The indicted men who sought the hearing are Martin Klass and Maurice Brovinsky, charged with conspiracy and kidnaping during the election.

Herbert Hoover to Visit Omaha Enroute West

Will Be City's Guest Several Hours En Route to Coast—Making No Speeches

With announcement Thursday that Herbert Hoover plans to spend several hours in Omaha next Wednesday morning on his way to his California home, republican party leaders in Omaha and Nebraska are beginning plans for welcoming their candidate.

The reception promises to be informal, since dispatches state that it is Mr. Hoover's wish that there be no celebrations other than the one on his arrival in San Francisco July 20. He will stop several hours in Chicago, where he and Mrs. Hoover will be guests of Vice-President and Mrs. Dawes.

Mr. Hoover's itinerary shows he will spend Monday and Tuesday with President Coolidge, leaving the White house in northern Wisconsin Tuesday night. Traveling on the North Western by way of St. Paul and Minneapolis, the Hoover train will reach Omaha early Wednesday morning, departing about 11 a. m.

A committee to entertain Mr. Hoover was appointed by the state republican committee at Lincoln Thursday afternoon. Harry S. Byrne of Omaha was named chairman of the committee, and 10 other republicans from various sections of the state were chosen.

Mr. Hoover will arrive by North Western train from Minneapolis at 7:30 a. m. and will remain here until 11 o'clock, when he entrains on the Union Pacific for San Francisco.

Mr. Byrne said Wednesday night Mr. Hoover probably will make only an informal talk to those who greet him. The reception will be held either the Fontenelle or the Rome hotel, and if the committee can arrange it, will be open to the public.

The committee will meet Saturday to make definite plans. Other members of the committee are: Robert Smith, Mrs. A. H. Fetters and Mrs. L. M. Lord, Omaha; Richard F. Stout, Lincoln, chairman of the Lancaster county committee; Mrs. H. M. C. Burgess, Lincoln; Miss Fanny de Bow, Colebridge; A. J. Weaver, Falls City, republican candidate for governor; Mrs. M. D. Cameron, national committeewoman, Omaha; Charles A. McCloud, national committeeman, York, and Edgar Fernau, Auburn.

M. L. Donovan, president of the local Hoover-for-President club, said his organization expects to join in any plans made.

Plattsmouth Judge Has Good Public Record

Sary County Agriculturalist Tells of Work of Judge Begley on the Bench in District.
Judge James T. Begley of Plattsmouth, who delivered the main patriotic address at the city celebration at Brown Park in South Omaha on July 4 has established an enviable record as a public speaker. His delivery is unique and original. The best tribute which can be paid to a public speaker was given by a Sary county farmer who heard the Fourth of July oration, who said: "It is a noticeable fact that his audience does not become restless, as many I have seen have become."

Judge Begley is a Sary county product and has many friends in this county. He has held many public offices with distinction, and has an enviable record as a law enforcement officer.
In 1908 as village attorney of Pappillon, he drew, had passed, and enforced an ordinance prohibiting the holding of public dances in any building connected with a saloon. In 1912 as county attorney, he drove the law violators out of Sary county, and for the first time in its history enforced the Patrick law prohibiting the sale of intoxicating liquor within two and one-half miles of a public place. He was offered a bribe of \$250 per month to permit the bootleggers to operate, and immediately prosecuted and convicted the offender.

As district judge he has been called upon many times to construe the liquor act. He was the first district judge to construe the act as permitting evidence of smell to be received instead of the liquors, and also was the first judge to hold that a mortgage lien on an automobile was lost when the auto was confiscated and proved to have been used for the sale of liquor. This case was appealed to the supreme court and at the request of the county attorney he wrote the brief on behalf of the state and also the brief on rehearing. The supreme court sustained the main contention that the legislature had such authority, but by a divided court, held that it had not as clearly stated in the act. The legislature then being in session, at his suggestion the present amendment was placed in the liquor act expressly stating that all such liens are lost when the auto is thus seized. This is the backbone of the liquor act and without it enforcement would be difficult.

In 1923, on petition of the people of Cass county, he called a grand jury to investigate law violations, and when the prosecuting machinery of the county broke down, appointed able prosecutors to represent the state. He gave every man indicted an opportunity for trial within 20 days and had all trials completed within 90 days. When you compare this record with that of the Teapot Dome scandals which occurred in our national capital at about the same time, and where only two trials have been had and nobody convicted up to date, you can appreciate what law enforcement means.

Judge Begley has never paroled a liquor law violator, and has conducted trials promptly and speedily. He has a record of having tried and completed three separate jury trials in one day on several occasions, thus saving thousands of dollars in court costs each year.—Sary County Agriculturalist.

MELLON AND MORGAN SAIL

New York, July 12.—Andrew W. Mellon, secretary of the treasury, and J. P. Morgan, were passengers on the liner Majestic, which sailed early today for Southampton, England.

Mr. Mellon was accompanied by his brother, W. L. Mellon. They will meet the secretary's son, who is aboard with friends, and will remain in Europe two months.

Mr. Morgan was starting for his summer vacation at Cowes, Isle of Wight, for the yachting season. In August he will go to Scotland for the shooting.

COOLIDGE HALTS FISHING

Superior Wis., July 12.—Breaking his custom of only appearing at his office on Tuesdays and Fridays, President Coolidge abandoned fishing on the Bruke river today for the time necessary to motor to Superior to look over his correspondence, and hurry back to Cedar Island lodge.
Mrs. Coolidge, who had never been inside the executive offices, accompanied him to town and sat by the side of the executive desk for the short period the latter stayed in his office.

Real Activities at Metzger Hog Ranch at Cullom

Sixty Car Loads of Cattle and 600 Head of Hogs Shipped Out During that Time.
The Metzger Hog Ranch up near Cullom, looks like a deserted village at this time, as all the fat cattle and hogs have been moved to market. Mr. Paul Smith, who has been in charge of the ranch, and Mr. C. E. Metzger, the owner, were in the city last Saturday, and they tell us that the place has been completely cleaned out during the past two weeks.
Sixty car loads of fat cattle were shipped to Chicago and 600 hogs were also sent in to market, and business around the ranch will be practically closed until some time in January. At this time new grass range stuff will be shipped in from Colorado. Mr. Smith will leave in a few days for Hudson, Colo., where he will engage in range work until the grass fed cattle move east, at which time they will move about 1800 head to the Metzger ranch for winter and spring fattening.

Mr. Smith is employed by one of the largest, if not the largest cattle men in the world today, Mr. Klint Heard, of Denver, who has fed and shipped the past season a total of 5,000 steers and 27,000 sheep, and while the little bunch shipped out of Cass county seems very small to the total number, it will represent about one-quarter of a million dollars, fattened at the Metzger ranch. This is the largest number of cattle ever shipped out of Cass county at one time, too.

Mr. Heard ships these cattle from his Colorado ranges to the Metzger ranch, and Mr. Metzger feeds them for him on contract, and we are informed that he is very well pleased with the outcome of this bunch, as several of the shipments topped the Chicago market, and all brought prices that were very gratifying to him, and we are pleased to know that he will ship an even larger number into Cass county this winter. Mr. Smith will return at that time to manage the ranch.

Antone Auerswald The Manley Blacksmith

Medford, Mass., July 10.—"Aime" came home today.
As her train pulled out of Boston tonight for Chicago, Miss Amelia Earhart, the first woman to fly the Atlantic, was happy in the knowledge that her home city had given her a celebration that outranked any tendered her previously.
She found pride, too, in the knowledge that Wilmer Stultz and Louis Gordon, her companions on the perilous flight, had shared her day of happiness.
