On Wednesday of last week, Wayne Landon had the grain threshed at the farm, and Mrs. E. A. Landon was out assisting in the cooking for the threshers.

Messrs. White and Bucknell, with their families, were enjoying a visit with friends and relatives at Emerald on last Sunday, they driving over in their auto for the day.

A. R. Birdsall was a visitor in Lincoln on last Wednesday morning, driving over to the big town in his truck for a load of ice cream and other supplies for the cafe.

Miss Marian Hurlbut and Miss Catherine Coleman were over to Lincoln on last Saturday, where they were visiting with friends as well as looking after some shopping.

Mrs. Dora Leesley is having some substantial improvements made at her home in Greenwood, among which is an oak floor throughout the house. It will be a great improvement.

Louis Lawn and the family from west of Greenwood were over to Emerald last Sunday, where they were visiting with relatives, they driving over with their car for the occasion.

They, however, remained in Greenwood for Bible school and church services before departing.

Leslie Miller, living northeast of Greenwood, has just had a foundation laid for the construction of a barn which he is having built on the place this fall and which will amply care for his needs in that direction. The building materials are being secured at the Searle Chapin Lumber company yards.

J. C. Lohmeyer, with his two threshing outfits, one which he ran and the other which was looked after by Arthur Stewart, have concluded their run of threshing, and with a good deal of satisfaction report the wheat yield very good, although some of it is slightly moist. They completed their work the first of last week.

We do a general business—make trips regularly to Omaha on Monday and Thursday, also to Lincoln Tuesday and Friday. Pick up loads on these trips. Full loads at any time.

**All Had a Mind to Work**  
The much labor in the preparation for the three days' home coming carnival, which was so successfully put over by the patriotic citizens of Greenwood, required that all assist as much as possible, and they did it and without stinting, for all were very enthusiastic in their efforts for the welfare of the city. The people who were minded to work, and they were many, turned out and made a very fine showing with the erection of the platform for the dance pavilion, and all the other work which was required.

**Used Fordson Tractors**  
We have one 1924 and one 1926 Fordson Tractor in excellent condition, which we are offering for sale. See them at the garage.

**Booster Trip a Success**  
The booster trip, which was put on by the committee having same in hand and which was under the direction of Dr. W. H. Meadden and his committee, found the people all over very receptive for the music and public demonstration which they made in order to attract the attention of every one where they visited. Dr. Meadden speaks volumes for the generous hearted and appreciative people of Cresco, who, when the boosters had played a number of musical pieces, came out with cigars and confections showing that they had received a friendly visit from a friendly neighboring town.

**Many Attend Epworth Assembly**  
There was no service at the Methodist church on last Sunday, on account of the Epworth Assembly being in session, and a great many of the members of the church as well as many others going to enjoy the services there.

**HAS LEG BROKEN**  
From Saturday's Daily—William Ferguson, who has for the past few years been engaged largely in the handling of walnut logs in this part of the west, is wearing his left leg in a cast as the result of having the bones of the ankle and lower part of the leg broken last Monday at the logging camp near Dunlap, Iowa. Mr. Ferguson, with other workmen was engaged in moving some of the large and heavy walnut logs, when suddenly one of the logs became loosened and started to roll down an incline and caught Mr. Ferguson before he could get away, the result being that the leg was fractured and the victim of the accident will have to spend some weeks in enforced idleness or at least being unable to do any physical labor.

**SCHOOLS GET SHAKEUP**  
Chicago, Aug. 8.—Chicago's police shakeup of last week was followed tonight by a similar reorganization in the public schools.

William J. Bogan, superintendent of schools, removed and replaced four assistant superintendents, appointed a fifth, created several new positions and transferred forty other school officers. It was the greatest single reorganization in Chicago school history.

In addition to the transfers, Bogan recommended to the board of education the re-establishment of the teachers and the board conference abolished by William McAndrews, his predecessor.

Wallace Caldwell, president of the board, assured the superintendent that the board would give him a free rein.

## Frank Murphy Latest to Bolt the Republicans

Favors Governor Smith Because of Attitude on Farm Relief and Platform

New York, Aug. 7.—Frank W. Murphy of Minnesota, one of the important leaders of the farm interests of the northwest and a delegate to the republican national convention in Kansas City, sent a message to the democratic national committee today in support of Governor Smith's candidacy for president.

Mr. Murphy, who spoke on the floor of the republican convention warning that failure to adopt a farm relief plan would drive the farmer out of the party, condemned Herbert Hoover as unsympathetic and unfriendly toward agriculture and said that the democratic platform and Governor Smith have given a definite pledge to help the suffering farm industry.

Mr. Murphy's action in bolting the republican party is directly in line with the endorsement of Governor Smith by George N. Peek of Illinois also a republican, and chairman of the committee of 22 representing 11 states concerned with the farm issue.

It gave rise to enthusiasm at democratic headquarters, where it was felt that there is an exceptional chance of winning the voters in the farm belt states.

**Murphy Refuses Comment.**  
Wheaton, Minn., Aug. 7.—Frank W. Murphy refused tonight to deny or affirm a report from New York that he has endorsed Governor Smith for president, saying "too much can be read into my statement."

The statement was one he sent today to the democratic national committee in which he repeated his opposition to Herbert Hoover, the republican nominee for president, because of "his unfriendly attitude toward agriculture."—World-Herald

## Straton Statement May Split Church

Chairman of Calvary Trustees Says Many Baptists Approve Al Smith's Record

New York, Aug. 8.—A rift loomed today in the Calvary Baptist church over the proposed debate between its pastor, Dr. Straton, and Governor Smith concerning the record of the democratic candidate for president on moral legislation.

In addition to the public stand opposing the minister, taken by the church trustees' chairman, Supreme Court Justice Black, Walter Soderstrom, one of the leaders of the opposition to Dr. Straton in the congregation, visited national democratic headquarters today. The purpose of his visit could not be learned, but it was considered significant because of Soderstrom's strong opposition on previous occasions to what he termed "our pastor's attempts to inject our church into politics."

**Judge Praises Smith's Record.**  
Atlanta, Ga., Aug. 8.—Justice William Harmon Black of the New York state supreme court, who is visiting his brother, Eugene R. Black, governor of the Atlanta Federal Reserve bank, declared today that he differed politically from Rev. John Roach Straton, pastor of the Calvary Baptist church, New York City, of which Justice Black is chairman of the board of trustees.

Commenting on Dr. Straton's declaration that Governor Smith is the "deadliest foe in America today of the forces of moral progress and true political wisdom," Justice Black characterized the democratic nominee's public life as "easily the most progressive record before the American electorate."

"Dr. Straton's attack on Governor Smith does not represent a great many of the Baptists in the United States," Judge Black said.—World-Herald.

**AID JAIL BREAK**  
Kearney, Aug. 9.—Pleading guilty to charges of aiding and abetting an attempted jail delivery, Mrs. Izora Colter and Charley Behymer were bound over to district court and held under bonds of \$2,500 each.

Evidence upon which they were held indicated that the woman and Behymer, the latter a trusty prisoner, had smuggled a gun, rope, saw and files into cell rooms occupied by Kenneth Goodrich and Jess Colter, the latter being the woman's husband.

Both men are held on auto theft charges, Goodrich having already been sentenced and awaiting transfer to the state penitentiary. They had planned a break on last Friday night, but were frustrated by the tip of a fellow prisoner.

**FOUR BURNED TO DEATH**  
Bakersville, N. C., Aug. 8.—Four of the five children of Mr. and Mrs. Gaither Sparks were burned to death in a fire which destroyed the one room house of the family here. The children ranged in ages from three to twelve.

Mrs. Sparks, awakened by the roar of the flames, escaped with the baby and an eight-year-old son. The latter, however, dashed back into the burning house in an effort to save the other three and was overcome and died with them.
