

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

Miss Kathleen Neitzel and P. A. Hartung drove to Lincoln to look after some business there.

Harry McDonald was spending a short time at Meadow on last Wednesday, fishing and trying to keep cool.

P. A. Hartung, Jr., of Kansas City, Mo., nephew of Mr. and Mrs. L. Neitzel, is spending his vacation with his grandparents.

Many people from Murdock as well as the community were in attendance at the Bible school convention which was held at Milford during the past week.

Mrs. George Vanderberg, who has been visiting for the past week at the home of her daughter, Mrs. L. B. Gorthey, returned to the farm for a short stay late last week.

Last Sunday Clifford Jones, a nephew of Mr. and Mrs. L. B. Gorthey, who is making his home in Lincoln, was over to Murdock for a short visit with his aunt and uncle.

Messrs and Mesdames L. B. Gorthey and Max Walker, with the ladies, were over to Greenwood on last Thursday evening and enjoyed the picnic which that enterprising town has been putting on.

A new son brought joy to the home of Mr. and Mrs. John Bornemeier last week and all are reported to be doing the best, even John, who it is thought will get over his rejoicing before the frost comes.

Mr. and Mrs. Glen Pickwell, of Chicago, are visiting with the parents of Mr. Pickwell, Mr. and Mrs. G. V. Pickwell and their many other friends in this community, spending a number of days here.

W. F. Schliefert, residing between Murdock and Manley, was over to Plattsmouth on last Monday, called there to look after some business matters, and was visiting with his many friends while there.

Miss Erma Williams, daughter of Mr. and Mrs. Robert Williams, who formerly resided in Murdock, but who for some years has been living at York, has been visiting with her many friends in Murdock and vicinity.

Rev. W. J. Peters and wife, the former pastor of Trinity Lutheran church, drove down from Wisner, Ne-

braska, to attend the Mission Festival. He came in a new Ford, a Christmas present from his congregation.

A. H. Jacobson was over to Lincoln early last week and brought another load of their household goods to Murdock, and will get the rest at an early date, when they will again be supplied with the necessary things to keep house with.

Miss Leola Hennings, of Lincoln, and Miss Mary McHugh were guests for the day at the home of Hulda Schliefert, daughter of Mr. and Mrs. Andrew Schliefert, east of Murdock, where an excellent time was had.

Miss Huda, on the return of her friend, accompanied Miss Hennings home.

W. D. Gillespie is kept very busy with the oil truck in the delivery of the products of the U. S. Oil company, of which he is the manager in Murdock, distributing the famous Phillips "66" gasoline and other products. The day work is being looked after by Messrs Otto Eilchoff and A. J. Bowers.

G. L. Britton and assistant, of Elmwood, just completed the mason and plastering work on the new filling station which A. H. Ward is having erected. The new station will be one of beauty and utility when it shall have been completed, and a great addition to the business interests of the city.

Last Friday and Saturday evenings large numbers of people from Alvo were visiting at Greenwood, attending the picnic which that bustling town has been putting over, and they were amply repaid for the trip, for there was opportunity for much fun and all surely enjoyed the occasion. This is very nice that Murdock goes over to the neighboring town to assist in making their celebration a success.

Red Calves Gone. Estrayed from my farm two miles north and two and a quarter miles west of Murdock, three red spring calves. Get in touch with me. Clifford Richardson, Murdock. 2tw

On Their Vacation. Mr. and Mrs. Henry Amgwert de-

parted early this week for the west, they going in their car to Yellowstone park, where they will enjoy the crisp coolness of the mountain air and rest from the heated season, which has been their portion here. They will be accompanied by another couple, who will be married as they start, and thus the two couples will enjoy their vacation and honeymoon together. Mrs. McHugh will assist in the store during the absence of Mr. Amgwert.

Caught Some Fish. John Eppings, on last Sunday evening, while fishing at Louisville, in one of the lakes there landed a fish which measured 32 inches in length and weighed 16 pounds before it was dressed. John gave it to his niece, Miss Bertha Lancaster, of Murray, and it sufficed for a good meal, when dressed.

Having Good Time on Trip. Henry (Shatts) Carson, manager of the Farmers elevator, who has been hustling for the past two weeks during the stress of the delivery of wheat, has found time to write to his friend, Joe Guthmann, who was at the time at Cody, Wyoming, in reply to a letter he received from Mr. Guthmann telling of the fine time the Guthmanns are having on their trip.

Hears Aunt Dies. Mrs. Louis Bornemeier received word last Sunday of the passing of her aunt, formerly Miss Allie Hall, but who was then Mrs. Wm. Minford, of Lincoln, which demise occurred on last Sunday, the funeral being held on Tuesday at Lincoln, and the remains laid to rest in beautiful Wyuka cemetery. Mrs. Minford was a resident of Cass county for many years and went to reside in Lincoln some years since. She was 69 years of age at the time of her death.

Mrs. Bornemeier's father, George Hall is at this time convalescing following an operation at the hospital at Neligh. Mr. Hall went to the home of his son, Sumner, on account of the illness of the son, and while there was compelled to go to the hospital for an operation.

Enjoy Pleasant Visit Here. Mrs. Charles Stock and three children, who have been visiting here for some time past, as guests of the brothers, E. W. Thimman and Matt Thimman, were given a delightful farewell supper on the lawn at the home of Mr. and Mrs. Matt Thimman on last Wednesday evening, and a most delightful time had before their departure for their home the following day.

Held Great Mission Festival. With ideal weather and the smile of God upon the congregation, the Missionary festival of Lutheran Trinity church was a great success. The pilgrims could not attend the morning service, but were present at the refreshment hour and enjoyed one of the Ladies Aid society's dinners; you have to eat it to pass judgment on it. They sure know how to cook and serve you. The social hour that followed soon passed, and the preaching hour arrived, when a large audience greeted the speaker. His discourse was based on Jeremiah 6: 16.

The speaker pictured the evils of the present world in such a clear and forceful way that it gripped the hearers, who paid the closest attention. He showed that all the remedies and panaceas suggested could not heal a sinful world; the church alone can point the way to that healing stream that flows from Calvary's mountain—that alone can take away the sins of the world—that is the old tried remedy.

We must stop and see and seek for the old paths and the world will come out of its state of restlessness and people will find rest for their souls in God.

The appeal sure found its mark on the large audience. An offering of over \$210 was laid upon the altar, to assist in the coming of the Kingdom of God. The people had a heart to give.

This was a 100 per cent increase over last year. The pastor, Rev. G. A. Zach and his people are happy and rejoice over the successful meeting. "Praise God from Whom All Blessings flow."

—L. Neizel.

Storm Strikes Georgia After Passing Florida. Atlanta, Ga., Aug. 10.—Whimsically changing its course after entering the Gulf of Mexico, the tropical storm which struck the south central Florida mainland three days ago was in southern Georgia tonight blowing back toward the Atlantic ocean.

Gales and drenching rains caused major damage to southern Georgia cities and towns. In Florida, an extensive territory back of Fort Pierce and surrounding the Lake Okeechobee district was inundated, with families marooned.

Estimates of the damage in Florida varied, but the citrus industry was known to have suffered heavily in sections, especially in St. Lucie county, where the Florida citrus exchange estimated a 90 per cent loss in oranges. Around Kissimmee, inland some 50 miles from Ft. Pierce, the grapefruit was lost and orange trees damaged 20 per cent. Other parts in the area reported citrus losses varying from 5 to 25 per cent.

Reports from outlying districts that four or five persons had been killed remained unconfirmed, but nothing has been heard from a flying boat which left Nassau, Bahamas, Wednesday for Bilimini, with two men aboard. Little hope was held for their safety, although aviators said the plane may have sought shelter on some isolated island.

While the flood waters around Lake Okeechobee were receding tonight some threat remained at a power dam near Inglis, Fla., if a change in wind caused the water to pile against the dam, officials said they would be compelled to open flood gates, probably inundating a wide section between that place and the gulf, 19 miles away.

A Palm Beach Red Cross unit today succeeded in reaching 50 marooned persons at Hull Groves, five miles west of Jupiter.

Thomasville, Valdosta, Moultrie and smaller communities were the places affected by the blow last night in Georgia.

Bellevue college observatory in Havana, Cuba, reported that the second tropical disturbance, of considerable intensity, now central southwest of Jamaica, likely would confine itself to the Caribbean sea. The storm was moving west-north-west and it was not believed it would recoil to the northeast.—World-Herald

Its Damage Done, Tropical Disturbance Blows Back to Ocean—Rain in Southern Towns

Inglis, Fla., Aug. 10.—Residents below the dam of the Florida Power corporation here were warned tonight to be prepared to evacuate their homes before what seemed would be an inevitable flood by tomorrow night. More than two hundred families live in the path of the threatened flood. With Laocochee river burdened by steady rains which have fallen for the last 48 hours, pouring huge quantities of flood water into the lake, at least one flood gate will have to be opened some time tomorrow.

W. C. Howell, assistant production manager said, if the dam is to be saved.

Met with Accident. Venice Hawes, son of Mr. and Mrs. Harry Hawes, while riding on a horse with another lad, was thrown from the animal when a dog ran out and barked, with the result that the lad suffered a fracture of one of his legs. A doctor from Louisville was called and the member set, and the lad is now waiting during the hot weather for nature to mend the fracture.

Met with Serious Accident. While Mrs. Wm. Sent, living southeast of Manley, was driving along the road leading north from Weeping Water and was crossing the highway which runs to Murray, at the corner near Herman Rauth's, failure to notice and observe the stop signs resulted in her injury and the damage of her car, which was struck by a truck of the Nebraska Power company. Mrs. Sent had one of her legs fractured and the other one badly bruised. The truck picked her up and took her to a doctor's office where medical and surgical attention was given. Just how serious the injuries were, it was difficult to ascertain, and also the amount of the damage done to the cars. This is quite a dangerous corner and it is with much caution that one should approach it. A number of accidents have occurred at this point.

Frank Glaubitz Very Sick. Frank Glaubitz, of Chappell, arrived in Manley and visited with his uncle, J. C. Rauth, for over the week end and was helped by his brother, William Glaubitz, who with the family also spent Sunday at the Rauth home, and accompanied Frank Glaubitz to Rochester, Minn., where he goes for a clinic at the Mayo Brothers hospital. Frank has been very sick for a number of years and many treatments have been adopted only to prove of no avail. The local physician at Chappell tells the patient he would like for him to get a diagnosis of the celebrated physicians at Rochester and says he may be able to get the desired treatment after his visit to the Mayo hospital. Here's wishing you better health, Frank.

POLICE PUT HALT TO THIS MARATHON DANCE. Crystal Beach, Ontario, Aug. 9.—Ending a grind that had been going more than 200 hours, the provincial government Wednesday stopped a dance marathon in Crystal Beach pavilion.

Four Crystal Beach police officers ordered the promoter to stop the dance under a clause of the provincial criminal code, which regards as nuisances a contest tending to endanger the health of the public or individuals.

Gov. Smith in Tribute to His Departed Aide

New York Governor Gets Sample of Political Enthusiasm Stirring in Illinois.

En route to Albany with Governor Smith, Elkhart, Ind., Aug. 10.—Gov. Alfred E. Smith was on the way back to Albany late today to resume the role of a presidential nominee following a whirlwind trip to Chicago where he attended the funeral of his late friend and political aid, George E. Brennan.

He left Chicago after a three hour stay with a promise to return to deliver one of the most important speeches of his campaign. While there he was the storm center of pushing crowds that only a battalion of police could hold in check. There were few cheers in view of the governor's mission. But nevertheless he got a sample of the enthusiasm that sometimes greets a nominee in the middlewest during a presidential campaign.

Leaders Greet Nominee. And, altho he was disinclined to discuss politics for a day, Smith was told by various democratic leaders who swarmed close to him that he would carry Illinois, a hard task for a democrat.

Floyd E. Thompson, democratic nominee for governor, was one of those who breathed confidence. He impressed on Smith, during a chat just before the Brennan funeral, the importance of Illinois as an agricultural state, and expressed the hope that the presidential nominee would speak in St. Louis as well as Chicago.

Anton J. Cermak, the Illinois democratic senatorial nominee, like Thompson was in the group of party leaders who greeted Smith as his train pulled into the Englewood station and who accompanied him as far as that station on the return trip. Cermak is running for the senate as a "wet."

During his brief stay in Chicago Smith shook hands with a hundred or more of the men identified with the Cook county democratic organization. Most of them, on account of the funeral, wore high silk-hats, and it was probably for this reason that they were able to squeeze by the police lines and get near the governor, when members of the nominee's own party who had come with him from Albany were halted in their tracks.

To Speak At Chicago. From the time he arrived in Chicago until he departed, Smith was the target of photographers. They snapped him detaining, wearing mourning clothes and a high hat which did not make for comfort on a hot day; passing thru the LaSalle street station, moving out thru streets lined with spectators to the home of Mr. Brennan; at the church, and again at the station as he was making ready for his overnight trip to Albany.

Just before his departure he held a brief press conference, receiving in the dining quarters of his private car, Chicago newspaper men as well as the reporters who had accompanied him from Albany. The governor recalled that the last time he had been in Chicago was to attend the eucharistic congress two years ago and gave assurance that he would be back during the campaign.

"You can make up your mind," he told an inquiring Chicago reporter, "that there can't be a presidential campaign with any speech making if there is no speech in Chicago."

Discussing his talk with Thompson, Smith said the party's gubernatorial nominee appeared "very hopeful" regarding Illinois and had reported that every county and precinct in the state was being thoroughly organized for the campaign.

Commenting on the death of Mr. Brennan, one of his stalwart supporters during the recent years, Governor Smith recalled that the last time he had seen the late Illinois democratic leader was in New York a month ago at the time of the reorganization of the party's national committee.—State Journal.

BANK ASSISTANT IS HELD. New York, Aug. 8.—Cornelius Callahan, a twenty-eight year old assistant secretary of Bancitaly corporation, was under arrest tonight in Montreal, accused of the theft of nearly \$500,000 for stock market speculation. He was indicted today by a New York grand jury charged specifically with the theft of \$21,600 from the corporation. Bank officials said, however, the loss would total \$496,65.

Callahan, who is unmarried and lives with his mother in Queensborough, was on a vacation with three friends in Montreal when the loss was discovered. He had been a trusted employe of the bank of six years.

WANT RUSSIA IN ANTI-WAR TREATY. Berlin, Aug. 9.—It behooves all of Russia's neighbors in western Europe to make every effort to bring the Soviet government into the anti-war movement expressed by the Kellogg pact in the opinion of the newspaper Vorwaerts, which represents the social-democratic political front of this republic.

OMAHA IS CHALLENGED. St. Louis, which yesterday voted two million dollars for development of a municipal airport, challenges other cities to provide equally elaborate flying field facilities, according to a telegram received by the Omaha Chamber of Commerce. "Citizens of St. Louis are exemplifying the real spirit of St. Louis," says the telegram from H. M. Bixby, chairman of the board of St. Louis chamber; "Voted two million dollars airport bond issue by overwhelming majority. City will now have municipal airport second to none in the country." Phone us the news.
