Prepared Exclusively for The Journal.

## HEADQUARTERS

For the Old Settlers Visiting at the Picnic Here This Week

and for all the supplies which are needed for the Luncheon and Dinner, for we have the Buns, Cheese, Fish, Fresh and Cured Meats. . . . Come, make this your headquarters and enjoy the picnic and the many things which we have for your wants. 2 days—Friday, Saturday.

## RIHN & GREENE

Phone No. 29

Union, Neb.

Clyde Brown spent the week end at Kansas City.

Mrs. Jess Dysart is visiting her daughter, Mrs. Bun Stanley, at Peru this week.

R. C. Ferguson is spending some time with his daughter, Mrs. Ivan Balfour and family and all are attending Chautauqua at Nehawka.

Mrs. Mary Havenridge, of Omaha, was a visitor in Union last Sunday, and was a guest at the home of her parents, Mr. and Mrs. A. L. Becker.

Mrs. J. D. Cross was a visitor in Plattsouth with a number of her friends Monday of this week, as well as looking after some shopping while there.

Ben Anderson was a visitor in Plattsouth during the fore part of the week, where he was a guest of his aunt and uncle, V. T. Arn and family, for a few days.

Mr. and Mrs. Ivan Balfour and daughter, Kathleen, accompanied by R. C. Ferguson and C. C. West, of Dunbar, joined Omaha relatives on a picnic at Carter Lake, Omaha.

The home of Mr. and Mrs. Kenneth Crook, who live south of Union, was made joyous last week when a young son arrived. All concerned are doing nicely and joy reigns supreme.

Rev. Jay, who is well known in this vicinity, delivered an address at the Methodist church on last Sunday evening, which was enjoyed by a large number of the members of the church.

J. D. Cross, employee of the Lincoln Telephone and Telegraph company, was looking after some line work at the exchange at Murray and also getting some outside work lined up at that place.

Henry H. Becker and his crew of threshers have gotten through with the year's run and have the big rig stored in the shed and are now ready for other work. Roy has his rig in the shed, having completed the work on his run a half day in advance of that of the other crew.

Charles Hemphill and the wife, of Nehawka, were visiting in Union for a short time, they coming to see Frank Anderson and family and found they were not at home. They however visited with friends for a portion of the afternoon, before returning to their home at Nehawka.

Henry H. Becker and family, Miss Anna Bauer and Mrs. Harold Nichols and family were out last Sunday afternoon and evening, taking their eats with them and picnicking south of Union, where they enjoyed the hot afternoon under the shade of the trees in the vicinity of Kamp Kill Kare.

Lannie Meade, who is employed with the Pearsley truck line, keeps out and hustling with the business which comes to the boys. He was a visitor in Omaha early last Monday morning with a load of cattle and on the return trip brought a load of merchandise.

## The Very Best

CARE IS GIVEN OUR MEATS

Bought pure, always handled with scrupulous cleanliness; kept fresh and pure in our cooling department, which is electrically equipped. You know you are getting the best, always.

## AMERICAN LEGION DANCE

Plattsouth, Neb.—Saturday Night

Barn Yard Twins Orchestra

NO LUNCH COLD POP, 5c

many interested members of the community.

### Moves Place of Business

W. O. Burbee, the veteran mechanic and automobile repairer, and general hustler in all kinds of work with cars, tractors and other machinery, has rented the upper garage and moved his business into the room and is not only ready to go, but is going and going strong, and when he has completed a piece of work, he assured that it is right and will stand the usage which is to be required of it.

### Looking After Business in Union

Mrs. J. W. Tillman, Mrs. Lena Wendt and two children, Mrs. J. F. Gagey and Miss Hazel Clusey, all of Denver, and W. H. Yonker and sons Andrew and Eli, of Ogallala, were in Union visiting for the past few days and also looking after the settlement of the Eli Eaton estate, they all being heirs and descendants of the late Eli Eaton.

### Will Have Booth at Picnic

The Camp Fire girls, under the sponsorship of their guardian, Mrs. Charles Greene, will conduct a booth at the Old Settlers' picnic Friday and Saturday of this week, where they will have merchandise to sell for the benefit of the Camp and will render every possible service to the visitors at the picnic. Give the girls what patronage you can.

### Merry Mixers Club Notes

By helping their mothers cook for threshers, the members of the Merry Mixers cooking club have been adding a long list of recipes to the goal of five hundred recipes which they had set at their first meeting.

Thursday, August 9, at the home of Dorothy and Louise Foster, the members of the judging team of the club scored light rolls and 4-H club cookies, making their placings in the allotted fifteen minutes and were required to state their reasons in two minutes. The members of this team are Kathryn McCarroll, Helen Watkins and Louise Foster. They will enter a county food judging contest at Eagle on August 21st.

Thirty minutes were required for Dorothy Foster and Helen Fahrlander to demonstrate bread making. Helen Fahrlander gave an individual demonstration of the gluten test. The members planned their list of exhibits for the state fair and will make fourteen entries.

One of the visitors has enjoyed the meetings so much that she has asked the girls to hold their next meeting at her home. At this meeting, which will be held August 23rd, the demonstration and judging teams will practice. This will be their last meeting before their achievement day, on August 30.

### LOUISE FOSTER, News Reporter.

### W. C. T. U. Holds Election

A lawn party was held at the home of Mrs. W. B. Banning on Saturday evening, August 11th, for the members of the W. C. T. U. Election of officers was held at this meeting. Mrs. Cross was elected president; Mrs. W. B. Banning, vice president; Mrs. Ivan Balfour, secretary; Mrs. L. G. Todd, treasurer. Vice presidents from the two churches were Mrs. Jess Dysart of the Baptist and Mrs. Will Porter of the Methodist.

Stories and experiences were an enjoyable feature of entertainment. Discussion of improving next year's meeting was held. A lovely glass basket of flowers was presented to Mrs. Hansel for her faithful work as president for so many years.

Watermelon was served by the hostess, which was greatly enjoyed by all. Union is to be hostess some time in September to the other Unions of the county.

### MRS. IVAN BALFOUR, Secretary.

### FOREST FIRE TAKES TOLL

Spokane, Wash., Aug. 12.—Fire continued to take its toll today in this city and in the woods nearby although some of the blazes that had been giving trouble in recent days were reported as under control. The timber and brush fire east of this city, which had been threatening farm buildings and residences in country communities, was reported this afternoon as under control. It had burned over several thousand acres of timber and grass land and had destroyed a number of farm buildings.

In a fire that damaged the home of J. W. Teats here last night, Rex, their pure bred pointer dog, was burned to death after he had barked the alarm that aroused the neighbors and brought the fire department.

### TAKES TWO CAMERA MEN

New York, Aug. 12.—Out of the hundreds of moving picture cameramen who applied to accompany Commander Richard E. Byrd on his trip to the south pole, two have been selected. It was announced today.

John Rucker, San Francisco news reel photographer, and Willard Vanderveer of New York, who was with Byrd in his north pole expedition, will assist in mapping the polar regions as well as working on a pictorial record of the trip.

## INDUSTRIAL NOTES

Primrose—Primrose State bank increases capitalization from \$13,500 to \$25,000.

Primrose—Small grain threshing in progress here.

Melberta—\$24,929 new schoolhouse will be built here.

Odell—Beatrice Power Company reduces light rates in Odell, Diller Steele City and Ianham.

## Yearly Crime Bill Estimated at 13 Billions

Baumes Board Urges Larger, Better Paid and Trained Police Forces as Remedy

Albany, N. Y.—A great proportion of the money appropriated for control of crime in this country should be used to maintain larger better trained and better paid police forces, according to recommendations contained in a report just made public by the sub-commission on police of the Baumes Crime Commission.

Control of crime is one of the most important problems in the United States and costs the country about \$12,000,000,000 a year, including the expenses of maintaining jails, courts police and the loss involved through stolen goods and all criminal activities, the report says.

### Prisons Could Be Reduced

If a larger share of the appropriations for crime control were expended on improving and increasing the police forces, the report asserts, fewer prisons would be needed, there would be less stolen goods and a smaller number of law infractions generally. "It would be just a shifting of money to get better results," it adds.

The report urges establishment of police training schools under the direction of the State and recommends that members of the police force who seek advancement should be required to attend a school for police which conforms with the standards set by the board of regents. A few police training schools have already been established, it says, and more of a similar nature should be provided.

The report also recommends that the courses of training to start before police officers have arrived at the grades of lieutenant, captain, inspector or equivalent rank. The report recommends that two policemen be provided for every 1000 inhabitants and continues:

"One way to prevent crime is to have better and more policemen made better by education and a proper understanding of their work, and also to have them trained to lead and educate the public to a better understanding of the prevention of crime. The proposition is so simple that an argument is hardly necessary to prove the need for more and better trained police."

### Need of Courtesy Is Shown

The report calls attention to the lack of courtesy in serving him and protecting him and that courtesy is one of the great assets of the police department," it says. Other courses in the training schools would include instruction on how trials are conducted, how to be a witness, the various kinds of crime, traffic rules and how to safeguard evidence.

### PLANE HITS AUTOMOBILE

South Haven, Mich., Aug. 12.—An airplane, dropped down out of the sky today, grazing treetops and crashing into the automobile of Mrs. J. T. Gehert of Benton Harbor, Mich. The pilot, known as Sering, was seriously injured. Mrs. Gehert and a female companion were not injured when the plane crashed on the hood of the car, forcing it into the ditch along United States highway No. 31, one mile from here. The passenger in the plane, William Walther of Chicago was only slightly injured and was treated at the South Haven hospital.

Capt. Jacob Legion Tenny of Chicago, who was driving in the opposite direction of the Gehert car, stated that he saw the plane falling and slowed up, avoiding a crash.

The Tenny car was the only car on that part of the highway at the time of the crash.

**a TANK FULL OF MILES**

When you fill up with 'Phillips 66' GAS

Phillips "66," the different gasoline, at no extra price, is alive with a delightfully alert, smooth, steady pulling POWER, and because of these qualities it contains more miles per gallon.

## Let W. O. Gillespie Fill Your Tank

W. O. Gillespie, local manager for the U. S. Oil Works, who recently acquired the properties of the Farmers Paint and Oil Company in Murdock, including a bulk station which has never been operated, will fill your tank with Phillips "66" at the price of ordinary gasoline.

Mr. Gillespie wouldn't tell you a gasoline is good unless he had tested it thoroughly and found that it really IS good.

You can be safe in taking his recommendation of Phillips "66." Ask Mr. Gillespie to fill your tank. You can get credit if you wish.

## Fair Play, Honest Dealing Our Policy at All Times

The U. S. Oil Works is an established Nebraska firm. It believes in courteous service and fair play always. It has been a good citizen in Omaha and nearby towns for many years.

## Courtesy Always

## HOOVER SPEECH CAUSES MORE LIQUOR ARGUMENT

Palo Alto, Cal., Aug. 12.—Reaction to Herbert Hoover's address of yesterday was concerned chiefly today with the candidate's attitude on prohibition.

Mr. Hoover refused to amplify his utterances on this subject at this time, declaring that he would discuss this and the problem of agriculture at greater length later in the campaign. He will elaborate on some phases of his farm relief program at West Branch, Ia., on Aug. 21. His return journey east begins next Thursday evening.

On prohibition the questions were how much comfort Mr. Hoover had given to the wets in his speech, and whether he had taken away the sharpness of this issue between himself and Governor Al Smith.

That Mr. Hoover is dry but not bone dry, seems to be the answer. His friends—those who have been in close touch with him during the preparation of this address—seem so far as to see the possibility of 2.75 per cent beer in the logical course of the Hoover plan for an investigation into the abuses of the Volstead act.

## A GAS FIRED NATION

In the use of gas we are preeminent. The principal countries of the world use annually a total of one trillion cubic feet of manufactured gas. Last year we alone used half this amount, and consumed as well a tremendous quantity of natural gas. In America we have made unprecedented progress in evolving gas usage in the home and in industry. No other country has come near to equalizing us in the development of this invaluable element. Our great consumption of gas is another good reason why we have set new living and industrial standards of comfort and prosperity that are the wonder of the world.

## FORGER REAPS A HARVEST

New York, Aug. 12.—Disclosure that the Manufacturers' Trust company had been swindled of \$104,000 by a series of forged checks was made today by police, who said that ten days' investigation had failed to reveal the forger's identity. All the forgeries were against the account of one wealthy depositor, Inspector Coughlin said. The forger opened an account at the Chelsea Exchange bank, obtained a copy of the wealthy depositor's signature, then drew checks to the name under which he had opened his account and signed them with the forged name.

He deposited the checks to his own account at the Chelsea Exchange, withdrawing all the money in the account after seven forged checks had been deposited. The forgeries by then had totalled \$104,000.

J. E. Conroy, vice president of the trust company, said neither one of the banks involved had suspected the fraud until the depositor, whose name was not disclosed received the cancelled forged checks. No employee of either bank is suspected of participation in the crime, he said.

## CRASH AT NORTH BEND

North Bend, Neb., Aug. 13.—Four automobile accidents in 24 hours resulted in serious injuries to Mr. and Mrs. H. E. Fredericksen of Fremont, and minor injury to several others.

Their car struck a truck which had stopped on the highway. Mrs. Fredericksen's arm was nearly cut off, and her husband had possibly internal injuries.

The baby, 1 year old, of Wilbur Coleman, was thrown through a windshield but not seriously hurt when cars of Jasper Starner and Bernard Wittenrich hit.

Mrs. Dale Hockleboch suffered a broken rib in another crash.

German Police Puppies for sale.—James Earhart, Murray, Nebr.
