40 HARVARD PROFESSORS COME OUT FOR SMITH

Cambridge, Mass., Oct. 16.—More than 40 Harvard professors, including Prof. Charles T. Copeland, Boylston professor emeritus of rhetoric and oratory, and Dean David L. Edsall of the medical school, issued a joint statement tonight through the democratic state committee supporting the candidacy of Governor Smith for the presidency.

The professors said in part: "Some of us favor prohibition and some oppose it. We think that differences of opinion on this question should not be allowed to overshadow other important matters, such as the establishment of friendly relations with other countries, including Latin-America; the protection of national water power; and the relief of agricultural depression, as to which Governor Smith's desire for action contrasts sharply with the eight years' inactivity of the administration to which his opponent belonged.

"The best hope for a return to the liberalism of Roosevelt and Wilson lies in the election of Governor Smith."

SPANISH LEASE ZEPPELIN

Lakehurst, N. J., Oct. 15.—Spanish interests have leased the Graf Zeppelin for a period of two years with an option to buy it at the end of that period. Col. Emilio Herrera, of the Royal Spanish navigation department and a party on the Zeppelin's trans-Atlantic flight, said tonight.

Fix Brothers International corporation Saturday night issued a statement that the Colon Trans-Aerica company of Spain had purchased the Graf Zeppelin for about \$1,200,000. Officials of the Zeppelin company in Friedrichshafen, declaring that while they were not averse to selling it or letting it at some future time, they at present, intended exploiting its commercial possibilities themselves.

At the start of the trans-Atlantic voyage, Colonel Herrera said he was making the trip at the request of King Alfonso of Spain.

The Prince of Wales wore two hats while playing golf the other day, a soft felt for walking down the fairways and a stiff-brimmed chapeau for making shots. Wonder if he puts on his admiral's uniform when he comes to water holes?
