From Wednesday's Daily—
Miss Elizabeth McVey, teacher of home economics in the local high school, was taken ill yesterday suffering from appendicitis and her condition was such that it was found necessary to take her to Omaha last evening to be placed in the hospital and where she will probably have to undergo an operation.

During the enforced layoff of Miss McVey the board of education has secured the services of Mrs. J. V. Simons, wife of the principal of the high school, to fill the position of the ailing teacher. Mrs. Simons has had several years experience in this department of the school work and was formerly teacher in the Stanton, Nebraska, schools.

The many friends of Miss McVey over the city are very sorry to learn of her illness and trust that she may have a speedy recovery and soon be able to resume her usual activities.

REVIVES THE OLD CHARGE

Minneapolis, Minn. Oct. 15.—Senator T. H. Caraway of Arkansas charged in a democratic campaign speech here tonight that Herbert Hoover, as wartime food administrator, kept the price of farm products down to "the minimum fixed by the government," instead of "permitting prices to rise with demand."

Replying to a recent speech here by Senator W. E. Borah of Idaho, in support of the republican presidential candidate, the Arkansas senator charged Mr. Borah, "like a trained steer of the stockyards," sought to "lead the farmer back into the slaughter pen of the republican party."

Referring to Hoover's support of the Great Lakes-St. Lawrence water ways project, Senator Caraway said the United States had been negotiating with Canada for twenty years without progress and predicted "every farmer now living will be bankrupt and dead before Hoover could accomplish this project."

SENATOR HOWELL ILL

From Wednesday's Daily—
The speaking date here of Senator R. B. Howell, republican candidate for re-election, set for Friday evening has been cancelled, word received here by the republican county central committee states. Mr. Howell has been confined to the hospital in Omaha for some time with an infection of one of the lower limbs, but had apparently recovered and was to start out on his final weeks of campaigning, but on the advice of the physicians the tour has been abandoned as the long and wearing trip has proven serious to the recovery of the senator. Senator Howell has been unable to reach this part of the state in his campaign and his illness has the effect of causing a letting down of his campaign which will have to be conducted largely from his headquarters and without the personal services of the senator on the stump.

JUDGE WEBER VERY POORLY
