Valley Wins a Hard Fought Game Sunday

Score of 6 to 5 In Gruelling Battle of the Huskies on the Valley Gridiron.

on Monday's Daily—

The Plattsmouth town football team journeyed up to Valley Sunday and in a gruelling battle with the fast and aggressive team of that place dropped the contest by the score of 6 to 5.

The game was hotly fought throughout and the Valley team scored their tally in the first quarter of the game when the Plattsmouth warriors fumbled on the Valley twenty-five yard line, and the ball was recovered by the foe and carried in a series of end runs to within scoring distance of the Plattsmouth goal where a pass over the line was good for the six points but the try for the extra point failed to be good. Throughout the game the contest was threatening for both sides and the long end runs of George Sedlacek and Frank Krejci gained much ground for the Plattsmouth team but in the critical stages when within the scoring distance of the Valley goal the locals were unable to put the ball over.

Both teams suffered from the gruelling plays and Frank Koubek of the local team suffered a broken nose while all of the team was more or less damaged.

FARM BUREAU NOTES

Copy for this Department furnished by County Agent

No Mishaps with Big Hitches.

Not a single mishap or runaway occurred even the bronchos, unbroken colts, balky horses, and chronic kickers were included in the 471 different horses used in the 44 big hitch demonstrations held in 27 Nebraska counties during the last year. The perfect record was recently summarized by O. O. Waggoner, of the agricultural extension service who had charge of the demonstrations. Attendance averaged in farm power some farmers drove 40 to 60 miles to see the demonstration, others came out of curiosity, but all of them left the meeting knowing that big hitches work.

From four to 14 horses were hitched at the different places. Small teams were hitched tandem fashion to bring the advantages of this hitch. Teams of more than six horses were hitched to show the possibilities of handling large units of power with a pair of lines. Many farmers are now using eight and nine hitches on three bottom plows and tandem disks.

Offer Farm Operators Course.

Keen interest is being shown in a new course to open a month for farm men who want practical training at the agricultural college. It is called the Farm Operators course, and is intended for young men who are about to start or are already farming. The first term starts Nov. 26 and lasts eight weeks. A second term follows immediately and a second year course will be given in 1929-30. The courses will cover all important farm problems of live stock and crop production and management, marketing, and farm management. Every course will be practical. Regular fac-

ulty will be used. The new course is said to be the best opportunity before a young man on the farm who wants some good training this winter. It will start after most of the fall work is done and close before spring work begins next spring.

Watson will get a free trip to the International Livestock Show at Chicago.

State Cornhusking Contest.

The Nebraska State Contest will be held on the farm of John McCarthy, three miles south of Union and seven miles north of Nebraska City, on Saturday November 10. This is on Highway No. 75. If you have never attended a State contest, it would be well for you to attend this one.

Community Club Meeting.

The Community Club of Mynard met for their monthly meeting, Friday evening October.

Musical numbers and Holloweer dialogues comprised the program. Miss Clara Sutter, Editor of the Poultry department for the Farmer-Wife, gave a very interesting talk. This was a rare treat and was greatly enjoyed by all.

LAYING HENS ARE FEWER

The number of hens and pullets of laying age on farms in the United States is 5 per cent below that on hand a year ago, but 3 per cent above the number on Oct. 1, 1926, according to information received by the state and federal division of agriculture statistics. The number of eggs laid to that date this year is about 3 per cent less than the number laid last year, according to reports from over 20,000 farms.

The greatest reduction in size of flocks is 9 per cent in the south central states, and in the north central region, to which Nebraska belongs, it is only 2 per cent. The decrease in egg production is closely in accord with the reduction in flocks except in the western states where a slight increase in eggs laid is indicated. October reports, in accord with those of July 1 show 10 per cent fewer chicks of this year's hatching on farms than last year.

LAW and EVIDENCE!

Are the Real Facts which should Guide in Determining Decision in All Court Cases

I am bound by no oath of church, clique or party that would in any way prevent me from rendering a just and impartial verdict in all cases. I believe in a square deal for all and the enforcement of ALL laws. I was admitted an Attorney June 24, 1895. Reasons Why—

The Women and Men of Nebraska Should Vote for Governor Alfred E. Smith for President on Nov. 6, 1928.

I. Humane and Sensible.

ALFRED E. SMITH has done more to promote human welfare and social justice in New York than any other man in public life throughout the history of the state. His record of accomplishment in behalf of the sick, the poor and those with physical or mental disabilities and his success in improving the living conditions of the people as a whole mark him as unique among our statesmen for his contribution to social progress. To the service of those who are out of step in the march of life he has brought a warm and sympathetic understanding, aided by keen intelligence, practical common sense and a passion for facts.

II. For Economic Justice To Farmers.

GOVERNOR SMITH recognizes the fact that no family or group of families can be truly happy when they can not enjoy the same privileges of life as their neighbors and cannot give their children the same opportunities in life that their neighbor's children have. HE KNOWS FROM THE STATISTICS COMPILED BY THE UNITED STATES DEPARTMENT OF AGRICULTURE THAT IN 1916 THE FAMILIES OF THIS COUNTRY RECEIVED 20 PER CENT OF THE TOTAL INCOME OF ALL THE FAMILIES OF THE NATION, AND THAT IN 1927 THE FARMERS' SHARE WAS ONLY 7 1/2 PER CENT OF THE TOTAL INCOME. ALTHOUGH THE FARMERS REPRESENTED ONE-THIRD OF THE TOTAL POPULATION. Governor Smith has pledged himself to correct that injustice and to place the farmers among the happy families of the nation by urging and signing—not discouraging and vetoing—the legislation which is capable of bringing economic justice and equality to agriculture. He has promised to sign the bill to be prepared by the representatives of agriculture. He has never broken a promise made the people. Remember that the representatives of the forty-nine farm organizations in the United States have unanimously endorsed and are supporting Governor Smith.

III. For Public Education.

ALFRED E. SMITH is a true friend of public schools. In 1925, in the state of New York, he procured \$9,000,000.00 additional appropriations for rural schools. During his eight years in office, he has procured an increase of many millions of dollars of appropriations for public education. He has placed the country schools of the state on substantially the same basis as the city schools.

IV. Opposed To The Saloon -- Favors Honest Enforcement.

GOVERNOR SMITH has raised a fine family of children. It is therefore not surprising that he said: "When I stated that the saloon is and ought to be a defunct institution in this country, I meant it. I mean it today. I will never advocate nor approve any law which, directly or indirectly, permits the return of the saloon. I shall to the very limit execute the pledge of our platform to make an honest endeavor to enforce the Eighteenth Amendment and all laws enacted pursuant thereto. THE CORRUPTION IN ENFORCEMENT ACTIVITIES I WILL RUTHLESSLY STAMP OUT. Such conditions can not and will not exist under any administration presided over by me."

V. Progressive.

GOVERNOR SMITH has made statements on all issues that are clear and not open to double construction. He has the support of the progressives of the country. Senator Norris has endorsed his position on the important questions of agriculture and power. His candor and directness have brought him the support of all forward-looking voters of this country, irrespective of past political affiliations.

VI. Humble Origin -- A Great Leader.

ALFRED E. SMITH was born in humble surroundings. He has never lost touch with or failed in sympathy for the poor. His record as Governor of New York for four terms, his public activity as a member of the legislature of New York, his addresses in the pending campaign and his state papers, prove that he is a great leader. Very recently Charles E. Hughes, the former Governor of New York and former Justice of the Supreme Court of the United States and a republican, in speaking of Governor Smith, said: "He is an expert in government. The title he holds is the proudest title that any American can hold, because it is a title to the esteem and affection of his fellow citizens."

A ballot cast for Alfred E. Smith for President is a vote for an honest, capable, humane, far-seeing man. Go to the polls and let honest argument—not prejudice—rule your decision.

A Sacred Public Trust

"A sacred public trust" aptly defines the duties of your County Judge

WHEN you answer "the summons of death," the disposition of all your property comes under the jurisdiction of the County Judge. It is he you must trust to guard and protect the interests and welfare of your loved ones. You have a personal interest in the election of a County Judge who has had actual legal training and experience in the practice of probate law, who is incorruptible, fearless, and yet whose "heart beats in human sympathy," and who will extend every kindness, courtesy and thoughtful consideration to your dependent family when they appear in the County Court to settle your estate, and who will protect their property interests according to law.

Upon this basis, I respectfully and earnestly ask for your vote at the coming election.

A. H. DUXBURY

County Judge Cass County

CANDIDATE FOR RE-ELECTION—ELECTION NOV. 6, 1928.
(Now serving First Term)

RICHARD L. METCALFE

Nebraska's Choice for U. S. Senator

"He is an ideal champion for the toiling masses in this state and nation because he is one of them. It has been easy for him to express their view of life because that has been his outlook. When he pleads the cause of the man who tills the soil, it is in behalf of a cause to which he has devoted his splendid talents for many years."

—Lincoln Star Editorial
He will be not only a Senator from Nebraska, but a Senator FOR Nebraska.

ELECT

ELMER J. BURKETT,

Republican Candidate for Congress

Don't tie Hoover's hands with a Democratic Congressman. Put a man in Congress who will work as well as "vote." Mr. Burkett has served the District six years in House of Representatives and six years in the United States Senate and always with honor and success. He introduced the original Mothers' Day resolution, was the author of the Postal Savings Bank bill and wrote the Locomotive Boiler Inspection law. He gave every farmer Rural Free Delivery, obtained \$250,000.00 to drain the Indian lands in Richardson county and \$250,000.00 to protect the farmers against the ravages of the Missouri river in other counties, and passed much other educational and agricultural legislation. His election means that the First District will vote "aye" on all progressive and constructive legislation.
