Hoover Would Keep Up Same High Standards

Election of Candidate to Mean Continuation of Good Business, Is Kellogg Claim.

Washington, Oct. 30.—Secretary Kellogg tonight declared that Herbert Hoover, the republican presidential candidate, could "be depended upon to carry forward the work which has been so successfully performed by President Coolidge."

Speaking from broadcasting station WMAL, the secretary of state opened his address with the statement that the issues in the campaign were largely economic and declared that "parties must be principally judged by the result of legislation and of administration and with the country prosperous and happy as it is, I ask whether there is any reason at this time for a change?"

"I believe that the country in general has the utmost confidence in the upright, integrity and the high purpose of President Coolidge," he continued. "We have nominated as his successor a man of the same high purpose, a man of courage and vision who has been closely connected with the counsels of the administration and has admirably conducted a great and growing department, which as much as any department, if not more, has to do with the industrial and economic well being of the country."

"Mr. Hoover knows the country from east to west and north to south and realizes the special needs of the various sections, and in addition to the very unusual grasp of domestic problems, and has a remarkable knowledge of our foreign commerce which plays such an important part in our national prosperity."

HELP IN ROAD WORK

Some of the people in the south part of Plattsburgh precinct decided it would be a great improvement if certain hills were cut down and the dirt thus secured used to heighten the grades in the low places. Discovering that there was not enough money available for such extended improvement in one location, they offered to donate their time and teams for the hauling of the dirt if the county would furnish the grader. The commissioner, Mr. Chas. Spangler, readily consented and work was started. An account of the work donated on the Venner hill east of Mynard was published recently. Next the hill just east of Myron Willes farm was cut. The following men donated:

- | | |
|-------------------|--------|
| Albert Wetenkamp | 4 days |
| Myron Willes | 3 days |
| Arthur Wetenkamp | 3 days |
| William Wetenkamp | 2 days |
| Royal Smith | 1 day |
| Renel Sack | 1 day |
| Henry Melsinger | 1 day |
| Chas. E. Barnard | 1 day |
- Farmers on the Rock Bluffs road decided to use the same system on some of their hills and the work donated on this road follows:
- | | |
|-----------------|------------|
| Ray Willes | 2 days |
| Jim Liepert | 2 days |
| Philip Liepert | 2 days |
| Jack Stamp | 1 1/2 days |
| Arthur Sullivan | 1 1/2 days |
| Earl Smith | 1 day |
| Sam Gilmore | 1 day |
| Taylor Cuthrell | 1/2 day |
- This donation amounted to fifty days of work and is quite a saving for the road funds of the precinct. It will help not only the people who travel these roads, but the whole precinct will benefit because the amount thus saved can be applied to the permanent work in other parts of the precinct.

Mynard Club Has Fine Meeting on Friday

Large Crowd and Splendid Program Featured in Regular Monthly Community Gathering.

A general good time prevailed at the community club meeting at Mynard, Friday night, when the members and friends assembled for an evening of enjoyment, such as these meetings have afforded. There were decorations in accord with Halloween.

The business meeting was opened with the singing, "The Star Spangled Banner," and "Nebraska, My Native Land," led by Mrs. Sherman Cole. As the next meeting is to be devoted to election of officers, and plans discussed for the following year, it was decided that it would be for members and their families, only. A short talk on the Red Cross work was given by Mrs. C. C. Barnard, who touched on the need of Red Cross organizations, and recalled several instances in which these workers relieved sufferers in tornado and flood districts. She also urged that every one who came to the meeting to this most needful cause.

TRAIN DELAYED BY WRECK

From Tuesday's Daily— This morning east bound train No. 6 over the Burlington was delayed for some time, due to the fact that the train had run into an auto north of Bellevue, the car having been left standing on the track apparently by the owners and was practically demolished, while the pilot of the locomotive was damaged to some extent by the collision.

It was reported here that the car had belonged to some celebrators who had evidently lost their way and driven down from the hill road onto the bottom and left the car parked on the track where it was struck by the train. After the accident the train crew was delayed while the report of the accident was made. The reports received here state that the car was unoccupied at the time of the accident and the parties owning the car later made their appearance at the scene of the accident, but there was little left of the car to claim.

SUFFERS RELAPSE

From Wednesday's Daily— Frank R. Gohelman, who was injured in an auto accident on Sunday, October 21st north of Nebraska City, is confined to his home for the past few days as the result of a relapse that was caused by an infection developing from one of the wounds sustained in the accident. Mr. Gohelman was able to be up and around and looking after his business for a few days but for the past two days has been confined to his home and is feeling quite poorly.

PHILATHEA CLASS ENTERTAINS

From Wednesday's Daily—

Last evening ghostly figures were noticed flitting around the building of the First Methodist church, silently directing those who came to the building in the interior where even greater mysteries and horrors awaited them. The occasion was the Halloween party given by the members of the Philathea class for the members of the Young Men's Bible class of the church.

In the church more ghostly figures received the trembling members of the Y. M. B. C. and conducted them on the journey through the ghostly graveyard as well as the devil's kitchen and after a journey filled with thrills the guests of the evening arrived at the church parlors where a fine time was awaiting them. The decoration of the parlors was in dull grey and black and made a very fitting background for the Halloween festivities that followed in rapid succession, the ladies in charge of the party having planned a very clever program of games and stunts that made the evening one of the rarest enjoyment to all of the jolly party.

During the evening the games and musical numbers added to the interest of the evening and Rev. Mitchell, who was present offered his real treat in his demonstration of magic in which he furnished some very clever entertainment.

At a suitable hour the refreshments served were in keeping with the Halloween season and brought to the close the witching hours of pleasure and happiness.

ROTARIANS VISIT OMAHA

From Wednesday's Daily—

In the program of the International Rotary to enjoy inter-city and inter-community meetings during the course of the year, the Omaha Rotary club has extended an invitation to the clubs at Council Bluffs, Glenwood, Plattsburgh and Fremont to join the Omaha club at their meeting in that city today.

Each club has been asked to supply a speaker that will give a short presentation of the advantages of their respective localities and of the Plattsburgh club, Searl S. Davis, past president, responded for the local viewpoint. Mr. Davis gave a very fine outline of the advantages of this city which is so situated as to give all of the pleasantness and family atmosphere of the small town and has the advantage of being located near a great city. The great value of the farming territory tributary to this city, the splendid work of the Cass county farm bureau and the winnings of the Cass county clubs at the state and international fairs, was pointed out, also that the farming community had raised the sum of \$17,000 for the new creamery. The city improvements and advantages were also pointed out by the speaker.

DELPHIAN CLASS MEETS

The members of the local Delphian chapter held a very interesting meeting on Monday evening at the home of Mrs. C. C. Wescott with Mrs. R. B. Hayes as the leader of the meeting.

The ladies have as their study for the winter, that of history and the period and subject covered at the meeting was that from 1000 to 1400 A. D. "The Assets of the Renaissance." The nations covered in the study period were Italy, France, Spain, the German empire and England.

This fascinating period of history study was much enjoyed and the ladies derived a great deal of pleasure as well as benefit in the study of this part of the history of the world.

Smith Turns Big Guns on G. O. P. Allies

Makes Firey Denunciation of Anti-Saloon League and Klan; Crowd Roars Cheers

Baltimore, October 29.—In a scathing scornful denunciation, Governor Smith tonight bluntly accused the Republican party of accepting the Ku Klux Klan and the Anti-Saloon league as allies in the fight to defeat him for the presidency.

The Democratic standard-bearer cast aside all restraint, and threw all the fire and force at his command into his bitter arraignment of the Republican party for this alleged alliance. His Oklahoma City speech was mild in comparison.

The dramatic address, which also dealt with foreign policies, prohibition, water power, the tariff and reorganization of the federal government, brought a crowd of 20,000 in the Fifth regiment armory, where Woodrow Wilson was nominated in 1912, to its feet with a roar of applause that was almost terrifying.

As evidence linking the Ku Klux Klan with the Republican party, the governor cited:

1. A notice of a public meeting in New Jersey under the auspices of the Ku Klux Klan, in conjunction with the Republican national committee.
2. Published reports that the chairman of the Republican state committee of Virginia, who is one of the owners of the Fellowship Forum, the official organ of the Klan, accompanied Herbert Hoover on his trip to Elizabethton, Tenn.

Referring to the blazing cross alongside the railroad tracks where the Smith special train passed through Indiana recently as "a defiance of the Klan to my presence in the state" the governor exclaimed:

"What hollow mackery! Nothing could be so far removed from the thoughts, the aspirations, and the ideals of America."

Charged With Scorn. Then, his voice vibrant with scorn, came his ringing renunciation: "I would rather go down to ignominious defeat than to be raised

to the greatest position in the gift of the people by any influence that may be exerted by any organization with such perverted ideas of Americanism.

"While I think of them as a small group of misled, if not ignorant people, nevertheless this campaign brings home to the electors—and in my opinion, they cannot disregard it—that the Klan is one of the forces behind the Republican party."

"That I have had, during all my public career as governor, their open enmity and hostility, there can be no question. That they are supporting the Republican party in this campaign there can be no question.—Omaha Bee-News.
